

**Table 2**  
**Stakeholder Input on Goals and Activities for the 2020 OBMP Update**

Stakeholder Input by Basin Management Issue		Alignment with 2000 OBMP Goal(s)*
<b>Reductions in Chino Basin Safe Yield</b>		
1	Design storage and recovery programs that augment safe yield, improve water quality and enhance recharge	1, 2, 3
2	Optimize management of groundwater storage to enhance/protect safe yield	1, 3
3	Increase safe yield [by 10,000 af by 2030]	1
4	Capture and store all permitted water [by 2040]	1, 2
<b>Chino Basin Water Quality Degradation</b>		
5	Develop a water quality management plan [to address current and future water quality issues] to ensure ability to produce high-quality groundwater [by 2022]. (high quality = readily useable)	2
6	Develop strategic compliance solutions that achieve multiple benefits in managing water quality (OBMP Update, Built in)	2, 3
<b>Reduced Imported Water Availability and Cost</b>		
7	Increase wet-water supplies to meet parties' demands without the need of imported water from Metropolitan	1, 3
8	Optimize [efficient] use of all water supplies sources, with ability to move water across basins/amongst stakeholders	1, 3
9	Enhance ability to capture and store water when it is available [enough to satisfy imported water demands for 3 years (100 - 200k af)]	1, 2
<b>Reduced Recycled Water Availability and Increased Cost</b>		
10	Put 100% of IEUA recycled water to beneficial use in the Chino Basin [x% by 2025; x% by 2030]	1
11	Utilize available non-IEUA sources of recycled water for beneficial use in the Chino Basin [8,000 afy by 2025]	1
<b>Inability to Pump Groundwater with Existing Infrastructure</b>		
12	Leverage existing local infrastructure for the benefit of the region	3
13	Ensure sufficient, reliable water supplies (local, regional, imported) to meet future water demands, without MPI	1, 3
<b>Increased Cost of Groundwater Use</b>		
14	Develop an equitable distribution of costs/benefits of the OBMP and include in the OBMP Update agreements	4
15	Develop a plan to obtain supplemental financial resources to support the implementation of the OBMP Update	4
16	Develop regional partnerships to implement the OBMP Update and reduce costs -- (The "O" in OBMP); include in the OBMP update agreement	3, 4
<b>Other</b>		
17	Approve OBMP update with full support from all stakeholders and elected officials by June 2020	

\*The 2000 OBMP Goals are:

- (1) - Enhance basin water supplies
- (2) - Protect and enhance water quality
- (3) - Enhance management of the basin
- (4) - Equitably finance the OBMP
