6. **Consider Approval for Notice of Sale or Transfer** – Chino Basin Watermaster will purchase 16.394 acre-feet of water from Aqua Capital Management. The transfer will be made from Aqua Capital Management's Local Storage Account. Date of Application: March 26, 2012

7. **Consider Approval for Notice of Sale or Transfer** – Chino Basin Watermaster will purchase 16.394 acre-feet of water from Auto Club Speedway. The transfer will be made from Auto Club Speedway's Local Storage Account. Date of Application: March 26, 2012

#### Motion by Kinsey, second by Moorrees, and by unanimous vote Moved to approve Consent Calendar Items A through C, as presented

#### II. BUSINESS ITEMS

#### A. WATERMASTER BUDGET

Mr. Jeske stated at the Pool meetings there was a presentation given and the budget was approved unanimously by all three Pools. Mr. Jeske stated there were questions and comments prior to the meetings at the budget workshop and those were addressed. Mr. Jeske offered comment on the proposed assessment number being higher than last year. Mr. Jeske noted there is a worksheet on the back table that better explains some of the questions raised at the Pool meetings. Mr. Jeske stated Watermaster is going to follow the new Reserve Policy from now on as established by the Board and Advisory Committee to return all excess reserves. Mr. Jeske asked if the committee members wanted to see the presentation again. Chair Pierson stated no presentation is needed to be seen again and he asked for a motion.

Motion by Zvirbulis, second by Crosley, and by unanimous vote Moved to approve the Watermaster 2012/2013 Budget, as presented

#### B. CHINO BASIN WATERMASTER RECHARGE MASTER PLAN UPDATE FILING

Mr. Jeske introduced this item and noted there is an established Recharge Master Planning Update Steering Committee which is meeting directly after this meeting today. Mr. Jeske stated a full presentation was given by Mr. Mark Wildermuth at all three Pool meetings; however, he was unable to make the meeting today. Mr. Jeske stated the Pools approved this item with one small language change and that change has been incorporated into the filing to go to the court which is presented in your meeting package. There was no further comments or questions.

Motion by Harder, second by Moorrees, and by unanimous vote

Moved to approve staff recommendations for the Watermaster Recharge Master Plan Update filing, as presented

#### C. WATERMASTER BUDGET TRANSFERS AND BUDGET AMENDMENTS

Mr. Jeske introduced this item in detail. Mr. Jeske stated this item was approved unanimously by all three Pools. Mr. Jeske offered comment on the special projects and items outlined in the budget transfers and budget amendments. Mr. Kinsey stated Watermaster has two assessment categories, generally it is Watermaster administration and OBMP assessments, and he inquired if revenues and expenditures flow freely between those two categories. Mr. Joswiak stated the administrative is only used for only administrative and the OBMP is only used for OBMP; however, within our processes and our procedures staff can move them within the categories. Mr. Joswiak offered some examples to show how that could work, and he noted moving those funds does require it going through the Watermaster process for approval. Mr. Kinsey offered further comment on this matter and on the Metropolitan Water District's revenue.

Motion by Kinsey, second by Zvirbulis, and by unanimous vote

#### Moved to approve Budget Transfer form T-12-05-01 and Budget Amendment form A-12-05-01 as presented

#### III. <u>REPORTS/UPDATES</u>

#### A. LEGAL REPORT

1. Day Creek and San Sevaine Recharge Permit Time Extensions

Counsel Herrema stated this item is for an extension of time for the San Sevaine Project. Counsel Herrema stated Watermaster holds three separate diversion permits for putting the water to beneficial use. Counsel Herrema stated the San Sevaine permit expired in 2010 and, prior to the expiration, an extension for time was filed to make that permit application to beneficial use requirement coterminous with the other permits. Counsel Herrema stated he was in Sacramento a few weeks ago on other business and he met with the State Board staff to discuss the classification of those facilities, and they are going to issue another draft extension with some clarifications on the way the facilities are labeled. Counsel Herrema stated all the other terms are consistent with what is currently in the permit with the exception for the time for full beneficial use would be extended through 2057, which is the deadline under the most recent permit obtained by Watermaster in 2008. Counsel Herrema stated it appears all issues have been resolved and should have the extension granted by the time this committee meets next month.

3. Paragraph 31 Motion

Counsel Herrema stated this item is for the Paragraph 31 Motion and appeal. Counsel Herrema stated it was reported last month that the Watermaster Board conceptually approved a settlement at their March meeting. Counsel Herrema stated he believes that as of yesterday the chair of the Appropriative Pool has signed that settlement agreement and the chairman of the Board, Mr. Kuhn, will be signing it today.

#### **B. ENGINEERING REPORT**

1. HCMP Monitoring Report

Mr. Malone stated this is an annual report that has been filed with the Regional Water Quality Control Board (RWQCB), and it is required of Inland Empire Utilities Agency (IEUA) and Watermaster to annually file this report on the state of hydraulic control. Mr. Malone stated there was not anything really new in this report compared to prior years and the desalter well field has achieved hydraulic control on the east side of the well field; however, on the west side it has not and the new Chino Creek Well Field is going in to attempt to achieve hydraulic control there. Mr. Malone stated that report was filed last month with the RWQCB. Mr. Malone stated we have also negotiated with the RWQCB a less frequent reporting period; this report will be filed once every five years instead of every year which will result in significant cost savings to Watermaster and IEUA.

#### 2. <u>Groundwater Model Calibration Update</u>

Mr. Malone stated Mr. Wildermuth and his modeling team are recalibrating the model right now and Mr. Wildermuth expects to be back to the Pool meetings, Advisory Committee, and Watermaster Board to provide an update on model calibration in July, and the planning runs will follow after that.

#### 3. Extensometer Progress

Mr. Malone stated we submitted a memo to Mr. Jeske which is on the back table for your review. Mr. Malone stated the bore hold has been drilled and the two monitoring wells for the extensioneters have been installed and right now they are in the process of being developed, and by the end of June the extensioneter will be up and running prior to any pumping at the Chino Creek Desalter Well Field.

#### D. CEO REPORT

Mr. Jeske stated the recruitment is underway and the new brochure is available on the back table.

#### D. INLAND EMPIRE UTILITIES AGENCY

- 1. <u>MWD Update Oral</u> No Comment was made.
- 2. <u>State and Federal Legislative Reports</u> No comment was made.
- 3. <u>Community Outreach/Public Relations</u> No comment was made.
- 4. <u>IEUA Monthly Water Newsletter</u> No comment was made
- E. OTHER METROPOLITAN MEMBER AGENCY REPORTS No comment was made.

#### IV. INFORMATION

1. <u>Cash Disbursements for April 2012</u> No comment was made.

### V. COMMITTEE MEMBER COMMENTS

Mr. Harder introduced the new General Manger for Jurupa Community Services District, Mr. Todd Corbin. Chair Pierson welcomed Mr. Corbin to the Watermaster family.

#### VI. OTHER BUSINESS

No comment was made.

No confidential session was called

#### VII. CONFIDENTIAL SESSION - POSSIBLE ACTION

Pursuant to the Advisory Committee Rules & Regulations, a Confidential Session may be held during the Watermaster Pool meeting for the purpose of discussion and possible action.

#### STAFF REPORT

DATE: June 21, 2012

TO: Advisory Committee Members

SUBJECT: Cash Disbursement Report – Financial Report B1

#### SUMMARY

Issue - Record of cash disbursements for the month of April 2012.

**Recommendation** – Staff recommends the Cash Disbursements for April 2012 be received and filed as presented.

Fiscal Impact – Funds disbursed were included in the FY 2011-2012 Watermaster Budget.

#### BACKGROUND

A monthly cash disbursement report is provided to keep all members apprised of Watermaster expenditures.

#### DISCUSSION

Total cash disbursements during the month of April 2012 were \$691,774.13. The most significant expenditures during the month were to Wildermuth Environmental, Inc. in the amount of \$192,507.66 (check number 15996 dated April 24, 2012); Inland Empire Utilities Agency in the amount of \$180,656.82 (check number 15950 dated April 5, 2012); and Horvitz & Levy, LLP. in the amount of \$66,158.78 (check number 16003 dated April 25, 2012).

Actions:

#### STAFF REPORT

DATE: June 21, 2012

TO: Advisory Committee Members

SUBJECT: VISA Check Detail Report – Financial Report B2

#### SUMMARY

Issue - Record of VISA credit card payment disbursed for the month of April 2012.

**Recommendation** – Staff recommends the VISA Check Detail Report for April 2012 be received and filed as presented.

Fiscal Impact - Funds disbursed were included in the FY 2011-2012 Watermaster Budget.

#### BACKGROUND

A monthly VISA Check Detail report is provided to keep all members apprised of Watermaster expenditures charged against the CEO and/or CFO's Bank of America VISA card.

#### DISCUSSION

Total cash disbursement during the month of April 2012 was \$406.55. The monthly charges for April 2012 were for routine and customary expenditures and properly documented with receipts.

#### Actions:

June 14, 2012 Appropriative Pool – Approved unanimously June 14, 2012 Non-Agricultural Pool – Moved to receive and file, without approval June 14, 2012 Agricultural Pool – Approved unanimously June 21, 2012 Advisory Committee – June 28, 2012 Watermaster Board – THIS PAGE HAS INTENTIONALLY BEEN LEFT BLANK FOR PAGINATION

#### STAFF REPORT

DATE: June 21, 2012

TO: Advisory Committee Members

SUBJECT: Combining Schedule of Revenue, Expenses and Changes in Working Capital for the Period July 1, 2011 through April 30, 2012 - Financial Report B3

#### SUMMARY

**Issue** – Record of Revenue, Expenses and Changes in Working Capital for the Period July 1, 2011 through April 30, 2012.

**Recommendation** – Staff recommends the Combining Schedule of Revenue, Expenses and Changes in Working Capital for the Period July 1, 2011 through April 30, 2012 be received and filed as presented.

Fiscal Impact – Funds disbursed were included in the FY 2011-2012 Watermaster Budget.

#### BACKGROUND

A Combining Schedule of Revenue, Expenses and Changes in Working Capital for the period July 1, 2011 through April 30, 2012 is provided to keep all members apprised of the FY 2011/2012 cumulative Watermaster revenues, expenditures and changes in working capital for the period listed.

#### DISCUSSION

The Combining Schedule of Revenue, Expenses and Changes in Working Capital have been created from various financial reports and statements created from QuickBooks Enterprise Solutions 9.0, the Watermaster accounting system. The Combining Schedule provided balances to the supporting documentation in the Watermaster accounting system as presented.

#### Actions:

#### STAFF REPORT

DATE: June 21, 2012

TO: Advisory Committee Members

SUBJECT: Treasurer's Report of Financial Affairs for the Period April 1, 2012 through April 30, 2012 - Financial Report B4

#### SUMMARY

**Issue** – Record of increases or decreases in the cash position, assets and liabilities of Watermaster for the Period of April 1, 2012 through April 30, 2012.

**Recommendation** – Staff recommends the Treasurer's Report of Financial Affairs for the Period April 1, 2012 through April 30, 2012 be received and filed as presented.

Fiscal Impact – Funds disbursed were included in the FY 2011-2012 Watermaster Budget.

#### BACKGROUND

A Treasurer's Report of Financial Affairs for the Period April 1, 2012 through April 30, 2012 is provided to keep all members apprised of the total cash in banks (Bank of America, LAIF, and CalTRUST) and on hand at the Watermaster office (petty cash) at the end of the period stated. The Treasurer's Report details the change (increase or decrease) in the overall cash position of Watermaster, as well as the changes (increase or decrease) to the assets and liabilities section of the balance sheet. The report also provides a detailed listing of all deposits and/or withdrawals in the California State Treasurer's Local Agency Investment Fund (LAIF) and/or CaITRUST, the most current effective yield as of the last quarter, and the ending balance in LAIF as of the reporting date.

#### DISCUSSION

The Treasurer's Report of Financial Affairs has been created from various financial reports and statements created from QuickBooks Enterprise Solutions 9.0, the Watermaster accounting system. The Treasurer's Report provided, balances to the supporting documentation in the Watermaster accounting system, as well as the supporting bank statements.

#### Actions:

#### STAFF REPORT

DATE: June 21, 2012

TO: Advisory Committee Members

SUBJECT: Budget vs. Actual Report for the Period July 1, 2011 through April 30, 2012 -Financial Report - B5

#### SUMMARY

**Issue** – Record of revenues and expenses of Watermaster for the Period of July 1, 2011 through April 30, 2012.

**Recommendation** – Staff recommends the Budget vs. Actual Report for the Period July 1, 2011 through April 30, 2012 be received and filed as presented.

Fiscal Impact – Funds disbursed were included in the FY 2011-2012 Watermaster Budget.

#### BACKGROUND:

A Budget vs. Actual Report for the period July 1, 2011 through April 30, 2012 is provided to keep all members apprised of the total revenues and expenses for the current fiscal year. The expense section is categorized into four distinct sections. Those sections are: General and Administrative Expenses; Optimal Basin Management Program Expenses; Project Expenses; and Other Income/Expenses.

#### **DISCUSSION:**

The Budget vs. Actual report has been created from QuickBooks Enterprise Solutions 9.0, the Watermaster accounting system. The Budget vs. Actual report provided, balances to the supporting documentation in the Watermaster accounting system, as well as the supporting bank statements.

There were no Budget Amendments or Budget Transfers presented or proposed during the month of April. However, Budget Transfers totaling \$149,045 and a Budget Amendment of \$51,197 are scheduled for presentation and approval for the month of May to adjust several of the budget categories for variances between actual and budget.

Year-To-Date (YTD) for the ten months ending April 30, 2012, all but ten categories were at or below the projected budget. Overall, the (YTD) Actual Expenses were \$308,594 or 4.8% below the (YTD) Budgeted Expenses of \$6,450,320. The categories above budget were the Watermaster Legal Services (6070's) of \$12,786; Watermaster Board Expenses (6300's) of \$27,094; Non-Ag Pool Administration Expenses

#### Budget vs. Actual Report for April 30, 2012 Page 2 of 7

(8500's) of \$5,947; Optimum Basin Management Plan Expenses (6900's) of \$65,825; In-Line Meter Installation Expenses (7102's) of \$13,294; Groundwater Level Monitoring Expenses (7104's) of \$12,847; Comprehensive Recharge Program Expenses (7200's) of \$75,351; Water Supply/Desalter (7300's) of \$1,373; Cooperative Efforts/Salt Management (7500's) of \$18,248; and Storage Management (7600's) of \$2,073.

The chart listed below summarized the Year-To-Date (YTD) Actual Watermaster salary costs compared to the Year-To-Date (YTD) Budget. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. As of April 30, 2012, the total (YTD) Watermaster salary expenses are \$70,098 or 5.5% above the (YTD) budgeted amount of \$1,275,050. The following details are provided:

#### **OBMP Engineering Services and Legal Costs:**

Several individual line items within the 6900 (Optimum Basin Mgmt Program) are above the Year-To-Date (YTD) budget. These are the 6901 (WM Staff Salaries) of \$37,744 and the 6906.1 (OBMP Watermaster Model Update) of \$12,904. These overages totaling \$50,648 are a direct result of increased activities and allocating the budget in equal 1/12 portions throughout the fiscal year. The Year-To-Date (YTD) expenses in these categories are running ahead of budget and should level off as the fiscal year progresses. A budget transfer request is scheduled to adjust this category in the next month.

Within the category 6900 (Optimum Basin Mgmt Program) are the remaining Brownstein Hyatt Farber Schreck (BHFS) Watermaster's legal expenses. Within the legal expense category, some individual line item activities were above the budget \$92,963 while some other line item activities were below the budget \$47,696. Above the budget line items were the Peace II CEQA of \$3,020; the Desalter Negotiations of \$16,004; the Paragraph 31 Motion of \$61,334; the Santa Ana River Habitat of \$7,969; and the Recharge

Budget vs. Actual Report for April 30, 2012 Page 4 of 7

Master Plan of \$4,636. The individual legal projects/activities that were below budget for the Year-To-Date (YTD) period were the South Archibald Plume (formerly the OIA Plume) of \$13,879; the Chino Airport Plume of \$11,037; the Santa Ana River Water Rights Application of \$11,322; and the Regional Water Quality Control Board of \$11,458. For the ten months ended April 30, 2012, the overall cumulative (YTD) budget was \$206,298 and the actual (BHFS) legal expenses totaled \$251,564 which resulted in an Over budget variance of \$45,266 or 21.9%.

The chart listed below summarizes the Optimum Basin Management Program (OBMP) expenses as of April 30, 2012 compared to the Year-To-Date (YTD) budget. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. Overall, the Optimum Basin Management Program (OBMP) category was \$999,171 compared to a (YTD) budget of \$933,346 for an Over budget of \$65,825 or 7.0% as of April 30, 2012.

The OBMP Implementation Projects (accounts 7100's – 7700's) were (Under) budget as of April 30, 2012 except for several categories. Those categories over budget (YTD) were In-Line Meter Installation (7102's) over budget by the amount of \$13,294; Groundwater Level Monitoring (7104's) over budget by the amount of \$12,847; Comprehensive Recharge Program (7200's) over budget by the amount of

P36

\$75,351; Water Supply/Desalter (7300's) over budget by the amount of \$1,373; Cooperative Efforts/Salt Management (7500's) over budget by the amount of \$18,248; and Storage Management (7600's) over budget by the amount of \$2,073.

The In-Line Meter Installation category was over budget due to the increased number of meters being installed than was originally budgeted in the Watermaster FY 2011/2012 budget. The Groundwater Level Monitoring category and the Comprehensive Recharge Program categories were over budget due to timing differences between actual expenses and budgeted expenses. The Cooperative Efforts/Salt Management variance is a result of the additional labor efforts regarding the South Archibald Plume monitoring and testing, resulting in a larger unanticipated labor cost. A Budget Transfer Form is planned for approval in the following month to adjust the budget categories for variances between actual and budget.

Category 7107 (Ground Level Monitoring) contains the annual budget costs of \$424,002 for the installation of a vertical extensioneter in the Chino Creek Well Field area, located at the Chino Airport. The initial payment of \$295,200 to the Chino Basin Desalter Authority was issued in March 2012. This budget category also includes the \$30,000 quarterly InSar Imagery costs which are tracking at budget levels.

Also within the Ground Level Monitoring category (7107) is account 7107.61 which captures the costs for the Chino Hills ASR project. This account is budgeted at \$134,000 for the 2011/2012 fiscal year. Currently, as of April 30, 2012 the account is below budget by \$84,000. At the close of the current fiscal year, any unused amounts of the \$134,000 within category 7107.61 will be carried over into the next fiscal year.

The Recharge Improvement Debt Payment (Category 7690) is another category which the budget and expense fluctuate due to the timing of expense receipts. Watermaster received a credit from IEUA in the amount of \$296,265 during the month of January. This credit is the direct result of the refinancing efforts by IEUA and a true-up of the budgeted costs vs. actual payments on the debt servicing to IEUA. A majority of the excess funds of \$272,829 from this category has been appropriated by the Board. The amount of \$162,236 has been appropriated for use for the upcoming 3-year Turner Basin Improvements, which are estimated in the range of \$270K+. An amount of \$30,900 has been appropriated for the Hickory Basin improvement. The remaining balance of \$79,693 has not yet been appropriated. At the end of the current fiscal year, if the amount of \$79,693 has not been appropriated or allocated to a specific project, the amount will be carried over into the next fiscal year for use on Recharge Improvement Projects only.

The chart listed below summarized the Year-To-Date (YTD) Actual Wildermuth Environmental, Inc., (WEI) and other Engineering costs compared to the Year-To-Date (YTD) Budget. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. As of April 30, 2012, the total (YTD) Engineering expenses are \$235,875 or 10.1% below the (YTD) budget amount of \$2,333,898. The following details are provided:

#### Other Income and Expense:

In August 2011, Watermaster received two payments from the Metropolitan Water District. Metropolitan entered into agreements with Watermaster and other member agencies and partners for dry-year groundwater storage. Pursuant to Section VI of these agreements, Metropolitan committed to pay an annual administrative fee to one of the partners on each of the agreements for the 25-year term of the each agreement a) beginning on July 1<sup>st</sup> after the initial storage of water in each program, and b) with the set fee dollar amount escalating annually by the lesser of 2.5% or CPI. Watermaster received \$145,568.70 for the FY 2009/2010 payment (due July 1, 2010) and \$149,207.92 for the FY 2010/2011 payment (due July 1, 2011). The total amount received of \$294,776.62 was recorded to account 4040 (Cooperative Agreements).

A portion of the \$294,776.62 (the amount of \$243,580) has now been included in the FY 2011/2012. An amount of \$91,580 is being used to offset the additional extensometer costs, \$120,000 is being used to offset other salary costs, and \$32,000 is being used to fund the CEO Recruitment costs (\$91,580 + \$120,000 + \$32,000 = \$243,580). The balance of un-appropriated revenue of \$51,196.62 (\$294,776.62 - \$243,580.00 = \$51,196.62) will be appropriated in the month of May. The request for appropriation of these funds will be submitted and completed next month with a Budget Amendment Form.

With the exceptions previously noted, there were no other unusual or significant transactions or events during the month of April 2012. Looking ahead, the month of May should provide similar financial results. As stated earlier, Budget Transfers totaling \$149,045 and a Budget Amendment of \$51,197 are scheduled for presentation and approval for the month of May to adjust several of the budget categories for variances between actual and budget.

### **APPLICATION(S)**

#### **RECEIVED FOR**

### WATER TRANSACTIONS – ACTIVITIES

Date of Notice:

May 3, 2012

This notice is to advise interested persons that the attached application(s) will come before the Watermaster Board on or after 30 days from the date of this notice.

#### **NOTICE OF APPLICATION(S) RECEIVED**

Date of Application: March 26, 2012 Date of this notice: May 3, 2012

Please take notice that the following Application has been received by Watermaster:

• Notice of Sale or Transfer – Chino Basin Watermaster will purchase 169.944 acre-feet of water from the City of Ontario. The transfer will be made from the City of Ontario's Excess Carryover Account.

This *Application* will first be considered by each of the respective pool committees on the following dates:

| Appropriative Pool:    | May 10, 2012 |
|------------------------|--------------|
| Non-Agricultural Pool: | May 10, 2012 |
| Agricultural Pool:     | May 10, 2012 |

This *Application* will be scheduled for consideration by the Advisory Committee *no* earlier than thirty days from the date of this notice and a minimum of twenty-one calendar days after the last pool committee reviews it.

After consideration by the Advisory Committee, the *Application* will be considered by the Board.

Unless the *Application is* amended, parties to the Judgment may file *Contests* to the *Application* with Watermaster *within seven calendar days* of when the last pool committee considers it. Any *Contest* must be in writing and state the basis of the *Contest*.

Watermaster address:

Chino Basin Watermaster 9641 San Bernardino Road Rancho Cucamonga, CA 91730 Tel: (909) 484-3888 Fax: (909) 484-3890

### NOTICE OF TRANSFER OF WATER

Notification Dated: May 3, 2012

A party to the Judgment has submitted a proposed transfer of water for Watermaster approval. Unless contrary evidence is presented to Watermaster that overcomes the rebuttable presumption provided in Section 5.3(b)(iii) of the Peace Agreement, Watermaster must find that there is "no material physical injury" and approve the transfer. Watermaster staff is not aware of any evidence to suggest that this transfer would cause material physical injury and hereby provides this notice to advise interested persons that this transfer will come before the Watermaster Board on or after 30 days from the date of this notice. The attached staff report will be included in the meeting package at the time the transfer begins the Watermaster process (comes before Watermaster). THIS PAGE HAS INTENTIONALLY BEEN LEFT BLANK FOR PAGINATION

9641 San Bernardino Road, Rancho Cucamonga, Ca 91730 Tel: (909) 484.3888 Fax: (909) 484-3890 www.cbwm.org

#### DATE: May 3, 2012

#### TO: Watermaster Interested Parties

#### SUBJECT: Summary and Analysis of Application for Water Transaction

#### Summary --

There does not appear to be a potential material physical injury to a party or to the basin from the proposed transaction as presented.

#### lssue –

 Notice of Sale or Transfer – Chino Basin Watermaster will purchase 169.944 acre-feet of water from the City of Ontario. The transfer will be made from the City of Ontario's Excess Carryover Account.

#### Recommendation -

- 1. Continue monitoring as planned in the Optimum Basin Management Program.
- 2. Use all new or revised information when analyzing the hydrologic balance and report to Watermaster if a potential for material physical injury is discovered, and
- 3. Approve the transaction as presented.

#### Fiscal Impact -

- [X] None
- [ ] Reduces assessments under the 85/15 rule
- [ ] Reduce desalter replenishment costs

#### Background

The Court approved the Peace Agreement, the Implementation Plan and the goals and objectives identified in the OBMP Phase I Report on July 13, 2000, and ordered Watermaster to proceed in a manner consistent with the Peace Agreement. Under the Peace Agreement, Watermaster approval is required for applications to store, recapture, recharge or transfer water, as well as for applications for credits or reimbursements and storage and recovery programs.

Where there is no material physical injury, Watermaster must approve the transaction. Where the request for Watermaster approval is submitted by a party to the Judgment, there is a rebuttable presumption that most of the transactions do not result in Material Physical Injury to a party to the Judgment or the Basin (Storage and Recovery Programs do not have this presumption).

The following application for the water transaction is attached with the notice of application.

 Notice of Sale or Transfer – Chino Basin Watermaster will purchase 169.944 acre-feet of water from the City of Ontario. The transfer will be made from the City of Ontario's Excess Carryover Account.

Notice of the water transaction identified above was mailed on May 3, 2012 along with the materials submitted by the requestors.

#### DISCUSSION

Water transactions occur each year and are included as production by the respective entity (if produced) in any relevant analyses conducted by Wildermuth Environmental pursuant to the Peace Agreement and the Rules & Regulations. There is no indication additional analysis regarding this transaction is necessary at this time. As part of the OBMP Implementation Plan, continued measurement of water levels and the installation of extensometers are planned. Based on no real change in the available data, we cannot conclude that the proposed water transaction will cause material physical injury to a party or to the Basin.

The Chino Basin Watermaster has a total Appropriative Pool replenishment obligation of 1,189.608 acrefeet. Due to the fact that MWD does not expect to have water available at the replenishment rate this fiscal year, Watermaster wishes to use the option to purchase water from Appropriators to fulfill the replenishment obligation. Watermaster is taking advantage of the City of Ontario's offer to sell 169.944 acre-feet of water to Watermaster. The transfer will be made from the City of Ontario's Excess Carryover Account.

9641 San Bernardino Road, Rancho Cucamonga, Ca 91730 Tel: 909.484.3888 Fax: 909.484.3890 www.cbwm.org

CHINO BASIN WATERMASTER

#### CITY OF ONTARIO'S ACCEPTANCE OF WATERMASTER'S WATER TRANSFER TERMS

Chino Basin Watermaster will purchase <u>169.944 acre-feet</u> of water from the City of Ontario. Watermaster will purchase the water at \$560.00 per acre-foot, which is the 2012 MWD Tier 1 rate (not including IEUA and OCWD fees). The transfer will be made from the City of Ontario's Excess Carryover account.

If these terms are acceptable to the City of Ontario, please sign below and return to Watermaster at your earliest convenience.

#### SAID TRANSFER SHALL BE CONDITIONED UPON:

- (1) Transferee shall exercise said right on behalf of Transferor under the terms of the Judgment, the Peace Agreement, the Peace II Agreement; and the Management Zone 1 Subsidence Management Plan for the period described above. The first water produced in any year shall be that produced pursuant to carry-over rights defined in the Judgment. After production of its carry-over rights, if any, the next (or first if no carry-over rights) water produced by Transferee from the Chino Basin shall be that produced hereunder.
- (2) Transferee shall put all waters utilized pursuant to said Transfer to reasonable beneficial use.
- (3) Transferee shall pay all Watermaster assessments on account of the water production hereby Transferred.
- (4) Any Transferee not already a party must Intervene and become a party to the Judgment.

#### **RECEIVED FOR**

### WATER TRANSACTIONS – ACTIVITIES

Date of Notice:

May 3, 2012

This notice is to advise interested persons that the attached application(s) will come before the Watermaster Board on or after 30 days from the date of this notice.

#### NOTICE OF APPLICATION(S) RECEIVED

Date of Application: March 26, 2012 Date of this notice: May 3, 2012

Please take notice that the following Application has been received by Watermaster:

• Notice of Sale or Transfer – Chino Basin Watermaster will purchase 169.944 acre-feet of water from the Cucamonga Valley Water District. The transfer will be made from Cucamonga Valley Water District's under-production in Fiscal Year 2011-12, then any additional from storage.

This *Application* will first be considered by each of the respective pool committees on the following dates:

| Appropriative Pool:    | May 10, 2012 |
|------------------------|--------------|
| Non-Agricultural Pool: | May 10, 2012 |
| Agricultural Pool:     | May 10, 2012 |

This *Application* will be scheduled for consideration by the Advisory Committee *no earlier than thirty days from the date of this notice and a minimum of twenty-one calendar days* after the last pool committee reviews it.

After consideration by the Advisory Committee, the *Application* will be considered by the Board.

Unless the *Application is* amended, parties to the Judgment may file *Contests* to the *Application* with Watermaster *within seven calendar days* of when the last pool committee considers it. Any *Contest* must be in writing and state the basis of the *Contest*.

### NOTICE OF TRANSFER OF WATER

Notification Dated: May 3, 2012

A party to the Judgment has submitted a proposed transfer of water for Watermaster approval. Unless contrary evidence is presented to Watermaster that overcomes the rebuttable presumption provided in Section 5.3(b)(iii) of the Peace Agreement, Watermaster must find that there is "no material physical injury" and approve the transfer. Watermaster staff is not aware of any evidence to suggest that this transfer would cause material physical injury and hereby provides this notice to advise interested persons that this transfer will come before the Watermaster Board on or after 30 days from the date of this notice. The attached staff report will be included in the meeting package at the time the transfer begins the Watermaster process (comes before Watermaster). THIS PAGE HAS INTENTIONALLY BEEN LEFT BLANK FOR PAGINATION

9641 San Bernardino Road, Rancho Cucamonga, Ca 91730 Tel: (909) 484.3888 Fax: (909) 484-3890 www.cbwm.org

#### DATE: May 3, 2012

#### TO: Watermaster Interested Parties

#### SUBJECT: Summary and Analysis of Application for Water Transaction

#### Summary -

There does not appear to be a potential material physical injury to a party or to the basin from the proposed transaction as presented.

#### lssue –

 Notice of Sale or Transfer – Chino Basin Watermaster will purchase 169.944 acre-feet of water from the Cucamonga Valley Water District. The transfer will be made from the Cucamonga Valley Water District's under-production in Fiscal Year 2011-12, then any additional from storage.

#### Recommendation –

- 1. Continue monitoring as planned in the Optimum Basin Management Program.
- 2. Use all new or revised information when analyzing the hydrologic balance and report to Watermaster if a potential for material physical injury is discovered, and
- 3. Approve the transaction as presented.

#### Fiscal Impact -

- [X] None
- [ ] Reduces assessments under the 85/15 rule
- [ ] Reduce desalter replenishment costs

#### Background

The Court approved the Peace Agreement, the Implementation Plan and the goals and objectives identified in the OBMP Phase I Report on July 13, 2000, and ordered Watermaster to proceed in a manner consistent with the Peace Agreement. Under the Peace Agreement, Watermaster approval is required for applications to store, recapture, recharge or transfer water, as well as for applications for credits or reimbursements and storage and recovery programs.

Where there is no material physical injury, Watermaster must approve the transaction. Where the request for Watermaster approval is submitted by a party to the Judgment, there is a rebuttable presumption that most of the transactions do not result in Material Physical Injury to a party to the Judgment or the Basin (Storage and Recovery Programs do not have this presumption).

The following application for the water transaction is attached with the notice of application.

 Notice of Sale or Transfer – Chino Basin Watermaster will purchase 169.944 acre-feet of water from the Cucamonga Valley Water District. The transfer will be made from Cucamonga Valley Water District's under-production in Fiscal Year 2011-12, then any additional from storage

Notice of the water transaction identified above was mailed on May 3, 2012 along with the materials submitted by the requestors.

#### DISCUSSION

Water transactions occur each year and are included as production by the respective entity (if produced) in any relevant analyses conducted by Wildermuth Environmental pursuant to the Peace Agreement and the Rules & Regulations. There is no indication additional analysis regarding this transaction is necessary at this time. As part of the OBMP Implementation Plan, continued measurement of water levels and the installation of extensometers are planned. Based on no real change in the available data, we cannot conclude that the proposed water transaction will cause material physical injury to a party or to the Basin.

The Chino Basin Watermaster has a total Appropriative Pool replenishment obligation of 1,189.608 acrefeet. Due to the fact that MWD does not expect to have water available at the replenishment rate this fiscal year, Watermaster wishes to use the option to purchase water from Appropriators to fulfill the replenishment obligation. Watermaster is taking advantage of the Cucamonga Valley Water District's offer to sell 169.944 acre-feet of water to Watermaster. The transfer will be made from the Cucamonga Valley Water District's under-production in Fiscal Year 2011-12, then any additional from storage.

9641 San Bernardino Road, Rancho Cucamonga, Ca 91730 Tel: 909.484.3888 Fax: 909.484.3890 www.cbwm.org

March 26, 2012

#### CUCAMONGA VALLEY WATER DISTRICT'S ACCEPTANCE OF WATERMASTER'S WATER TRANSFER TERMS

Chino Basin Watermaster will purchase <u>169.944 acre-feet</u> of water from Cucamonga Valley Water District. Watermaster will purchase the water at \$560.00 per acre-foot, which is the 2012 MWD Tier 1 rate (not including IEUA and OCWD fees). The transfer will be made first from Cucamonga Valley Water District's under-production in Fiscal Year 2011-12, then any additional from storage.

If these terms are acceptable to Cucamonga Valley Water District, please sign below and return to Watermaster at your earliest convenience.

### CHINO BASIN WATERMASTER

9641 San Bernardino Road, Rancho Cucamonga, Ca 91730 Tel: (909) 484.3888 Fax: (909) 484-3890 www.cbwm.org

DATE: May 3, 2012

#### TO: Watermaster Interested Parties

#### SUBJECT: Summary and Analysis of Application for Water Transaction

#### Summary -

There does not appear to be a potential material physical injury to a party or to the basin from the proposed transaction as presented.

#### Issue -

 Notice of Sale or Transfer – Chino Basin Watermaster will purchase 16.394 acre-feet of water from Ontario City Non-Ag. The transfer will be made from Ontario City Non-Ag's Local Storage Account.

#### Recommendation -

- 1. Continue monitoring as planned in the Optimum Basin Management Program.
- 2. Use all new or revised information when analyzing the hydrologic balance and report to Watermaster if a potential for material physical injury is discovered, and
- 3. Approve the transaction as presented.

#### Fiscal Impact -

- [X] None
- [ ] Reduces assessments under the 85/15 rule
- [ ] Reduce desalter replenishment costs

#### Background

The Court approved the Peace Agreement, the Implementation Plan and the goals and objectives identified in the OBMP Phase I Report on July 13, 2000, and ordered Watermaster to proceed in a manner consistent with the Peace Agreement. Under the Peace Agreement, Watermaster approval is required for applications to store, recapture, recharge or transfer water, as well as for applications for credits or reimbursements and storage and recovery programs.

Where there is no material physical injury, Watermaster must approve the transaction. Where the request for Watermaster approval is submitted by a party to the Judgment, there is a rebuttable presumption that most of the transactions do not result in Material Physical Injury to a party to the Judgment or the Basin (Storage and Recovery Programs do not have this presumption).

The following application for the water transaction is attached with the notice of application.

 Notice of Sale or Transfer – Chino Basin Watermaster will purchase 16.394 acre-feet of water from Ontario City Non-Ag. The transfer will be made from Ontario City Non-Ag's Local Storage Account.

Notice of the water transaction identified above was mailed on May 3, 2012 along with the materials submitted by the requestors.

#### DISCUSSION

Water transactions occur each year and are included as production by the respective entity (if produced) in any relevant analyses conducted by Wildermuth Environmental pursuant to the Peace Agreement and the Rules & Regulations. There is no indication additional analysis regarding this transaction is necessary at this time. As part of the OBMP Implementation Plan, continued measurement of water levels and the installation of extensioneters are planned. Based on no real change in the available data, we cannot conclude that the proposed water transaction will cause material physical injury to a party or to the Basin.

The Chino Basin Watermaster has a total Non-Agricultural Pool replenishment obligation of 49.183 acrefeet. Due to the fact that MWD does not expect to have water available at the replenishment rate this fiscal year, Watermaster wishes to use the option to purchase water from Non-Agricultural Pool Parties to fulfill the replenishment obligation. Watermaster is taking advantage of Ontario City Non-Ag's offer to sell 16.394 acre-feet of water to Watermaster. The transfer will be made from Ontario City Non-Ag's Local Storage Account.

#### PURPOSE OF TRANSFER:

- Pump when other sources of supply are curtailed
- Pump to meet current or future demand over and above production right
- Pump as necessary to stabilize future assessment amounts
- Other, explain To partially fulfill Watermaster's replenishment obligation

#### WATER IS TO BE TRANSFERRED FROM:

Annual Production Right (Appropriative Pool) or Operating Safe Yield (Non-Agricultural Pool)

- 🕅 Storage
- Annual Production Right / Operating Safe Yield first, then any additional from Storage
- Other, explain

#### WATER IS TO BE TRANSFERRED TO:

- Annual Production Right / Operating Safe Yield (common)
- □ Storage (rare)
- Other, explain Watermaster's replenishment obligation

#### Consolidated Forms 3, 4 & 5 cont.

#### SAID TRANSFER SHALL BE CONDITIONED UPON:

- (1) Transferee shall exercise said right on behalf of Transferor under the terms of the Judgment, the Peace Agreement, the Peace II Agreement; and the Management Zone 1 Subsidence Management Plan for the period described above. The first water produced in any year shall be that produced pursuant to carry-over rights defined in the Judgment. After production of its carry-over rights, if any, the next (or first if no carry-over rights) water produced by Transferee from the Chino Basin shall be that produced hereunder.
- (2) Transferee shall put all waters utilized pursuant to said Transfer to reasonable beneficial use.
- (3) Transferee shall pay all Watermaster assessments on account of the water production hereby Transferred.
- (4) Any Transferee not already a party must Intervene and become a party to the Judgment.

#### Overview:

The month of May was full of action in the Legislature and at California's regulatory agencies. The Legislature not only worked to meet the deadline for all fiscal bills to pass out of appropriations committees, but also reacted to the Governor's May Revise of the 2012-2013 budget.

The California Public Utilities Commission acted on several significant matters, including the Feed-in-Tariff, a revision of the calculation of the Net Energy Metering cap, the Electric Program Investment Charge program and guidance for 2013-2014 energy efficiency funding.

The State Water Resources Control Board heard and discussed a proposal that would require all wastewater agencies to charge customers on a volumetric rate, rather than a fixed rate. Also, the Governor appointed two new members to the State Water Board filling vacant seats.

### Inland Empire Utilities Agency

### Status Report – May 2012

#### California Public Utilities Commission Proceedings

Feed-in-Tariff

The California Public Utilities Commission (CPUC) approved the new pricing mechanism for the Feed-in-Tariff program. The significant changes to the program resulted from IEUA's successful co-sponsorship of SB 32 (Negrete-McLeod) which passed in 2009. The Dolphin Group has been very active in the proceeding at the CPUC over the past year. The new pricing mechanism will be referred to as the Renewable Market Adjusting Tariff or Re-MAT and was approved by the Commission on May 24. The RE-MAT program establishes a starting price based on the weighted average contract of highest contract executed by each investor owned utility (IOU) under the Renewable Auction Mechanism (RAM) auction held in November 2011. The RAM is another renewable energy procurement program established by the CPUC for larger distributed generation energy projects up to 20 megawatts. The starting price, \$0.08923 per kWh, applies to three product types, peaking as-available (solar), non-peaking as available (wind) and baseload (biogas, geothermal, small hydro) that can adjust every two months up or down based on program participation in each category.

Through written comments and meetings with Commissioners, the Dolphin Group explained that biogas will have a very hard time competing in the RE-MAT program because the program fails to reflect legislative directive that the price, "reflect all current and anticipated environmental compliance costs, including, but not limited to mitigation of emissions of greenhouse gases and air pollution offsets associated with the operation of new generating facilities in the local air pollution control or air quality management district where the electric generation facility is located." Encouraging comments were made by commissioners at their May 10 meeting recognizing the benefits of methane destruction by biogas projects and the environmental compliance costs associated with projects being located specifically in the South Coast AQMD. However, when the final decision was released, less than 24 hours before the commission meeting where it was adopted, there was no amendment that would reflect these concerns in the RE-MAT price in the baseload category. The decision did leave an opportunity open for future amendment to the program to add an environmental compliance adder.

The Dolphin Group will continue to work with the Commission to produce the information necessary to justify amendments to the program, so that biogas projects can more equitably participate in the program. Additionally, the Dolphin Group will be working directly with IEUA to document environmental compliance costs of biogas digesters in SCAQMD with the goal of submitting a proposal to the CPUC in the next several months.

#### Net Energy Metering (NEM)

The NEM program has a program cap that limits the availability of electric utility NEM programs to eligible customer-generators in the utility service territory on a first-come-first-served basis until the total rated generating capacity exceeds five percent of the utility's "aggregate customer peak demand." Recently, the Commission clarified that "aggregate customer peak demand" means the aggregation, or sum, of individual customer's peak demands. This clarification changes the way the IOUs calculate towards the five-percent cap and will allow for a significant amount of eligibility to be left in the NEM program. Initial estimates suggest that the changes recently adopted by the CPUC allow for 2.8 gigawatts of additional net-metered power under the NEM cap. Without the change in how the cap is calculated the NEM program was in jeopardy of being closed to new energy projects.

Additionally, the Commission directed an updated NEM cost-effectiveness study and an issuance of new rules by the end of 2014. Should the new rules not become effective by the end of 2014, the NEM program will be suspended for new customers until new rules are issued.

The issue of "virtual" or "aggregate" net metering remains up for debate, both at the Commission and in the Legislature. The Dolphin Group is pushing for electricity fed into the grid at one facility to count towards the load at other meters on the same or adjacent property as the energy producing project. Aggregation will enable far more efficient use of net metered energy.

#### Electric Program Investment Charge

With the sunset of the Public Goods Charge program on January 1, 2012, the Governor asked the Commission to establish a program to continue the charge that appears on IOU ratepayer bills every month. Since January 1, the charge has continued to be levied on IOU ratepayer bills, and held in accounts until the commission could create a new program to expend the money. Recently, the Commission approved a \$162 million EPIC program focused on renewable energy and allocated funds into specific categories. The program will be administered 80% by the California Energy Commission (CEC) and 20% will be administered by the IOUs. The table below shows the allocation of funds into the following categories:

| Funding Element   | CEC     | Utilities | CPUC  | Total   |
|---|---------|-----------|-------|---------|
| Applied Research: supports investment in applied<br>science and technology that provides public benefits but<br>for which there is no current clear business case for<br>deployment of private capital.                                 | \$55.0  |           |       | \$55.0  |
| <b>Technology Demonstration and Deployment</b><br>(20% for bioenergy projects): supports assisting<br>technology development through the "valley of death"<br>and toward commercialization.   | \$45.0  | \$30.0    |       | \$75.0  |
| Market Facilitation: involves activities to address non-<br>price barriers to adoption of clean technologies, such as<br>regulatory barriers and lack of information, as well as<br>supporting market research and tracking of results. | \$15.0  |           |       | \$15.0  |
| Program Administration (CEC)  | \$12.8  | \$3.3     |       | \$16.2  |
| Program Oversight (CPUC)  |         |           | \$0.8 | \$0.8   |
| Total   | \$127.8 | \$33.3    | \$0.8 | \$162.0 |

### Annual EPIC Funding Collections and Allocation

Wastewater and agricultural parties participated in the proceeding and urged the Commission to include specific funding for biogas. The efforts paid off with \$15 million being earmarked annually for bioenergy projects in the Technology Demonstration and Deployment (TD&D) category. However the CPUC failed to provide funding for the "Market Support" category which is critical to ensuring projects get built in California. The Dolphin Group will now work with the CEC to secure additional market support funding for projects and on implementing the TD&D bioenergy funding.

#### Energy Efficiency

The California Public Utilities Commission (CPUC) approved a 453 page decision that fundamentally alters the state's approach to energy-efficiency programs. The new decision provides much needed guidance on specific programs, such as deeper retrofits, expanded on-bill financing, third-party implementation of programs and statewide marketing rather then relying on years of "bridge" funding that have been plagued by diminishing returns on existing programs and quarreling between utilities and ratepayer advocates.

Utility efficiency plans must now align with the state's Energy Efficiency Long-Term Strategic Plan which emphasizes market transformation and high-impact savings. Additionally, the decision creates a pilot efficiency program with local governments, recognizing that local governments have unique insight into energy-use patterns of small businesses and neighborhoods and are in a position to administer efficiency programs at the local level.

Utilities are directed to hire an expert financing contractor to help implement on-bill financing programs as well as propose a comprehensive statewide campaign budget using the "Energy Upgrade California" brand name to target demand-side reductions and generalized energy education.

#### Volumetric Sewer Pricing

At the May 15 State Water Resources Control Board (SWRCB) meeting, the Natural Resources Defense Council (NRDC) gave a presentation urging the implementation of a proposal that would require wastewater agencies to convert to volumetric wastewater billing by January 2017 or 2018 if more time is needed. NRDC states that California could save nearly 300,000 acre-feet of water per year in the long-term if all wastewater agencies implemented the strategy.

Specifically, NRDC proposes that SWRCB implement three policy changes:

- New loan conditions for implementing the Clean Water State Revolving Find for construction of wastewater treatment plants.
- New standard terms for new, renewed or amended NPDES permits for POTWs.
- New provisions in state waste discharge requirements for sanitary sewer systems.

The California Association of Sanitation Agencies (CASA) highlighted the practical, legal and constitutional constraints on local wastewater agencies' ability to implement volume-based pricing.

Despite the concerns raised by CASA, SWRCB members were intrigued by the idea and would like significant stakeholder discussions to occur before the August meeting.

#### State Water Resources Control Board Appointees

Governor Brown released the names of his appointees, who require Senate confirmation, to fill the two vacancies on the State Water Resources Control Board (SWRCB). Felicia Marcus, a Democrat, has been nominated for the attorney seat and is well known in the water community as she currently serves as a member of the Delta Stewardship Council (DSC). Prior to her appointment to the DSC, Marcus served as the western director for the Natural Resources Defense Council and also served as the EPA Region IX administrator under the Clinton Administration.

Steven Moore has been nominated to the engineer seat. Moore has been a civil and sanitary engineer at Nute Engineering and has been a member of the San Francisco Regional Water Board since 2008. Prior to his move to the private sector, he served as staff to the San Francisco regional board.

Both appointees have been praised by a diverse body of agencies and groups, leading many to believe they will be confirmed without much controversy. Additionally, the Governor has decided to leave Charlie Hoppin as the chair of the board even though he is a Schwarzenegger appointee.

#### May Revise

The Governor released the "May Revise", a revision of the budget he originally submitted in January which includes actual, not just projected, revenues received from state income taxes in April. In January, the budget shortfall was estimated to be \$9.2 billion. The May Revise estimates that the gap has increased to \$15.7 billion. The new proposed budget lists an additional \$4.1 billion (on top of the \$4.2 billion in the January version of the budget) in spending reductions, for a total of \$8.3 billion. The main areas hit with expenditure reductions are health and human services, education, redevelopment, state mandates, judiciary, employee compensation and other areas. The May Revise assumes the passage of the Governor's tax initiative in November. The ballot measure would temporarily increase the personal income tax on the state's wealthiest taxpayers for seven years and increase the sales tax by one-quarter percent for four years. If the Governor's tax proposal fails in November, the budget proposes significant "trigger cuts" to K-12 education, developmental services, forestry and fire protection, flood control, fish and game, justice and other areas.

The Legislature has been working in budget sub committees to work out specific issues of the budget and has a constitutional mandate to pass a budget, by a majority vote, by June 15. Final action on the budget will begin in earnest after the June 5 California Primary Election.

#### Legislation

The Legislature spent most of May working toward the "House of Origin" deadline, June 1. Bills worked through the policy and appropriation committees process and the Senate and Assembly spent the final week in May voting on hundreds of bills in their respective houses.

Additionally, budget sub-committees have been meeting to work on the specifics of the 2012-2013 budget now that he Governor has released the May Revise. There have not been any significant issues in the budget for water and wastewater agencies to date, nor public agencies in general. Democrats are balking at many of the Governor's proposed cuts, particularly to health and welfare programs and bay be looking for alternative funding sources to backfill revenue. Concern could also come if the Governor's tax proposal does not pass in November and additional cuts are necessary.

Below is the status of the bills that IEUA has taken positions on as well as those that are being closely watched.

AB 1750 (Solorio D) Rainwater Capture Act of 2012.

> Introduced: 2/17/2012 Last Amend: 4/30/2012 Status: 5/17/2012-Referred to Coms. on N.R. & W. and RLS.

#### Location: 5/17/2012-S. N.R. & W.

Calendar: 6/12/2012 9:30 a.m. - Room 112 SENATE NATURAL RESOURCES AND WATER, PAVLEY, Chair

**Summary:** Under current law, the State Water Resources Control Board (state board) and the California regional water quality control boards prescribe waste discharge requirements for the discharge of stormwater in accordance with the national pollutant discharge elimination system (NPDES) permit program and the Porter-Cologne Water Quality Control Act. Current law authorizes a city, county, or special district to develop, jointly or individually, stormwater resource plans that meet certain standards. This bill would enact the Rainwater Capture Act of 2012, which would authorize residential, commercial, and governmental landowners to install, maintain, and operate rain barrel systems, as defined, and rainwater capture systems, as defined, for specified purposes, provided that the systems comply with specified requirements. The bill would require a local agency to provide notification to the operator of a public water system, as defined, if the local agency chooses to adopt a permitting program for rainwater capture systems and approves a permit for a rainwater capture system connected to the public water system. This bill contains other related provisions and other current laws.

#### <u>AB</u> 2000 (<u>Huber</u> D) Sacramento-San Joaquin Delta.

Introduced: 2/23/2012

Last Amend: 4/16/2012

Status: 4/27/2012-Failed Deadline pursuant to Rule 61(b)(5). (Last location was A. W., P. & W. on 4/24/2012)

Location: 4/27/2012-A. DEAD

**Summary:** Current law requires various state agencies to administer <u>programs</u> relating to water supply, water quality, and flood management in the Sacramento-San Joaquin Delta. The Johnston-Baker-Andal-Boatwright Delta Protection Act of 1992 (Delta Protection Act) creates the Delta Protection Commission and requires the commission to prepare and adopt a comprehensive long-term resource management plan for specified lands within the Sacramento-San Joaquin Delta (Delta). Current law, the Sacramento-San Joaquin Delta Reform Act of 2009, established the Delta Stewardship Council as an independent agency of the state and required the council to consist of 7 members appointed in a specified manner. This bill would reduce the Governor's appointments to the council to 2 members, and instead provide that the Vice-Chairperson of the commission and a member of the commission chosen by a majority vote of the provisions and other current laws.

# <u>AB</u> (<u>Berryhill, Bill</u> R) Bay Delta Conservation Plan: Delta Plan project: costs and <u>2421</u> benefits.

Introduced: 2/24/2012

Last Amend: 4/12/2012

Status: 5/25/2012-Failed Deadline pursuant to Rule 61(b)(8). (Last location was A.

#### APPR. SUSPENSE FILE on 5/9/2012)

#### Location: 5/25/2012-A. DEAD

Summary: Current law requires various state agencies to administer programs relating to water supply, water quality, and flood management in the Sacramento-San Joaquin Delta. The Sacramento-San Joaquin Delta <u>Reform</u> Act of 2009 establishes the Delta Stewardship Council, which is required to develop, adopt, and commence implementation of a comprehensive management plan for the Delta (Delta Plan) by January 1, 2012. The act authorizes the incorporation of the Bay Delta Conservation Plan into the Delta Plan if certain requirements are met. The bill would require an independent 3rd party, chosen as prescribed, to conduct an analysis of the costs and benefits, as specified, for any project being submitted by the Ba y Delta Conservation Plan to the Delta Plan and to submit this to the Legislature, as prescribed. This bill would prohibit the funding for these provisions from exceeding \$1,000,000 .

# <u>AB</u> (<u>Berryhill, Bill</u> R) Sacramento-San Joaquin Delta: Western Delta Intakes Concept: <u>2422</u> feasibility study.

#### Introduced: 2/24/2012

#### Last Amend: 3/29/2012

Status: 5/25/2012-Failed Deadline pursuant to Rule 61(b)(8). (Last location was A. APPR. SUSPENSE FILE on 5/9/2012)

#### Location: 5/25/2012-A. DEAD

**Summary:** Under current law, the Department of Water Resources operates the State Water Resources Development System that includes dams, reservoirs, and other infrastructure. This bill would require the department to undertake an expedited evaluation and feasability study of the Western Delta Intakes Concept, as defined, and to consult with the Department of Fish and Game, as specified. This bill would require the department to prepare and submit to the Legislature, on or before January 1, 2014, a prescribed report about the feasability study. This bill contains other related provisions and other current laws.

### **<u>SB</u>** (<u>Emmerson</u> R) Metal theft: damages.

Introduced: 2/6/2012

Last Amend: 5/8/2012

Status: 5/25/2012-Referred to Com. on JUD.

Location: 5/25/2012-A. JUD.

Summary: Current law governs the business of buying, selling, and dealing in secondhand and used machinery and all ferrous and nonferrous scrap metals and alloys, also known as "junk." Current law further requires junk dealers and recyclers to keep and maintain a written record of all sales and purchases made in the course of their business, including the name and address of each person to whom junk is sold or disposed of. This bill would prohibit any junk dealer or recycler from possessing a fire hydrant, fire department connection, manhole cover or lid or any part of that cover or lid, or backflow device or connection to that device without a written certification on the letterhead of the

agency or utility that owns or previously owned the material certifying that the entity has sold or is offering the material for sale and that the person possessing and identified in the certificate is authorized to negotiate the sale of the material. The bill would make junk dealers and recyclers civilly liable for actual damages and also for exemplary damages of 3 times the agency's or utility's actual damages, including the value of the material, repair and replacement costs, and labor costs, unless the court determines that extenuating circumstances do not justify awarding exemplary damages.

### $\frac{SB}{1122}$ (<u>Rubio</u> D) Energy: renewable biomass and biogas projects.

Introduced: 2/17/2012

Last Amend: 5/29/2012

Status: 5/30/2012-In Assembly. Read first time. Held at Desk.

Location: 5/30/2012-A. DESK

Summary: Under current law, the Public Utilities Commission has regulatory authority over public utilities. Current law, adopted prior to the enactment of the California Renewables Portfolio Standard Program, provides that until the commission completes an electric generation procurement methodology that values the environmental and diversity costs and benefits associated with various generation technologies, the commission shall direct that a specific portion of future electrical generating capacity needed for California be reserved or set aside for renewable resources. This bill would require the commission to adopt a methodology , by June 1, 2014, that accounts for the benefits to ratepayers and the environment from reducing air pollution and global warming emissions by generating electricity from specified sources of biogas and biomass .

### $\frac{\text{SB}}{1387} \quad (\underline{\text{Emmerson}} R) \quad \text{Metal theft.}$

Introduced: 2/24/2012

Last Amend: 4/19/2012

Status: 5/25/2012-Referred to Coms. on B., P. & C.P. and PUB. S.

Location: 5/25/2012-A. B., P. & C.P.

**Summary:** Current law governs the business of buying, selling, and dealing in secondhand and used machinery and all ferrous and nonferrous scrap metals and alloys, also known as "junk." Current law requires junk dealers and recyclers to keep a written record of all sales and purchases made in the course of their business, including the name and address of each person to whom junk is sold or disposed of, and to preserve the written record for at least 2 years after making the final entry of any purchase or sale of junk. Current law provides that the failure to keep a written record as required is punishable as a misdemeanor. This bill would prohibit any junk dealer or recycler from possessing a fire hydrant, fire department connection, including, but not limited to, bronze or brass fittings or parts, a manhole cover or lid, or any part of that cover or lid, or a backflow device and connections to that device without a written certification on the letterhead of the agency or utility that owns or previously owned the material and that the

entity has sold or is offering the material for sale, and that the person possessing the certificate and identified in the certificate is authorized to negotiate the sale of the material. By imposing this prohibition, the violation of which would be a misdemeanor pursuant to other provisions of current law, this bill would impose a state-mandated local program. This bill contains other related provisions and other current laws.

#### Bills to watch:

## AB 340 (Furutani D) Public employees' retirement.

#### Introduced: 2/10/2011

Last Amend: 9/7/2011

Status: 10/13/2011-Assembly Members Allen, Furutani, and Silva appointed to Conference Committee.

Location: 10/13/2011-A. CONFERENCE COMMITTEE

#### Calendar:

6/4/2012 #14 ASSEMBLY IN CONFERENCE 6/4/2012 #13 SENATE IN CONFERENCE (ASSEMBLY BILLS)

**Summary:** The State Teachers' Retirement System, the Public Employees' Retirement System, the Judges' Retirement System, and the Judges Retirement System II provide pension benefits based in part upon credited service. Under current law, counties and districts, as defined, may provide <u>retirement benefits</u> to their employees pursuant to the County Employees Retirement Law of 1937. This bill would declare the intent of the Legislature to convene a conference committee to craft responsible, comprehensive legislation to reform state and local pension systems in a manner that reflects both the legitimate needs of public employees and the fiscal circumstances of state and local governments.

#### <u>AB</u> (Eng D) Environment: Safe Drinking Water, Water Quality and Supply, Flood 467 Control, River and Coastal Protection Bond Act of 2006.

#### Introduced: 2/15/2011

Last Amend: 5/31/2012

Status: 5/31/2012-From committee chair, with author's amendments: Amend, and re-refer to committee. Read second time, amended, and re-referred to Com. on E.Q.

#### Location: 5/31/2012-S. E.Q.

Calendar: 6/18/2012 1:30 p.m. - Room 112 SENATE ENVIRONMENTAL QUALITY, SIMITIAN, Chairman

**Summary:** The Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006, an initiative statute approved by the voters at the November 7, 2006, statewide general election, makes approximately \$5.4 billion in bond funds available for safe drinking water, water quality and supply, flood control, natural resource protection, and park improvements. The bond act makes \$60,000,000 available to the State Department of Public Health for the purpose of loans and grants for projects to prevent or reduce contamination of groundwater that serves as a source of drinking water and requires the department to require repayment for costs that are subsequently recovered from parties responsible for the contamination. Current law requires the State Department of Public Health, in collaboration with the Department of Toxic Substances Control and the State Water Resources Control Board, to develop and adopt regulations governing the repayment of costs that are subsequently recovered from parties responsible for the contamination of groundwater. Current law creates the State Water Pollution Cleanup and Abatement Account in the State Water Quality Control Fund and continuously appropriates the money in that fund to the State Water Resources Control Board for specified purposes with regard to the Porter-Cologne Water Quality Control Act. This bill would require the department to adopt the implementing regulations as emergency regulations, pursuant to a specified procedure, and would require the emergency regulations to remain in effect for 180 days after the effective date of those emergency regulations, by which time the department would be required to adopt regulations. This bill contains other related provisions.

#### (Eng D) Liability: flood control and water conservation facilities. 1558

#### **Introduced:** 1/26/2012

<u>AB</u>

Status: 4/19/2012-Referred to Com. on JUD.

Location: 4/19/2012-S. JUD.

Summary: Current law, until January 1, 2013, provides that neither a public agency that operates flood control and water conservation facilities nor its employees shall be liable for injuries caused by the condition or use of unlined flood control channels or adjacent groundwater recharge spreading grounds under prescribed conditions, except as specified, and specifies that nothing in that provision exonerates a public agency or public employee subject to that provision from liability for injury proximately caused by a dangerous condition of public property under specified circumstances. This bill would extend the operation of those provisions indefinitely.

#### AB (V. Manuel Pérez D) Water service: mobilehome parks. 1830

#### Introduced: 2/22/2012

Last Amend: 5/25/2012

Status: 5/31/2012-In Senate. Read first time. To Com. on RLS. for assignment.

Location: 5/31/2012-S. RLS.

Summary: Current law authorizes the Public Utilities Commission to regulate public utilities, including water corporations. Under current law, a mobilehome park that provides water service only to its tenants from water supplies and facilities that it owns, not otherwise dedicated to public service, is not a water corporation, but that mobilehome park is subject to the jurisdiction of the commission to the extent that, if a tenant complains about the water rates charged or service provided by the mobilehome park, the commission is authorized to determine whether the rates charged are just and reasonable and whether the service provided is adequate. Current law authorizes the commission to afford rate relief or to order the mobilehome park to improve its water supply, facilities, and services on those terms that it finds just and reasonable, or both. This bill would

authorize the commission, if it finds, after investigation, that the mobilehome park has charged an unjust or unreasonable rate in violation of current law, to order the mobilehome park to reimburse the complainant and any other current and former tenants affected by the rate, calculated as prescribed, if no discrimination will result from the reimbursement. The bill would specify that current or former tenants constituting a prescribed threshold of the current population of the mobilehome park may complain. The bill would require a mobilehome park to provide written notice to each of the mobilehome park's tenants to inform those tenants of their right to file a complaint with the commission about the water rates charged or the service provided by the mobilehome park, as prescribed. Because a violation of an order or decision of the commission is a crime, this bill would impose a state-mandated local program creating a new crime. This bill contains other related provisions and other current laws.

## $\frac{AB}{1900}$ (Gatto D) Renewable energy resources: biomethane.

#### Introduced: 2/22/2012

Last Amend: 5/25/2012

Status: 5/31/2012-Read third time. Passed. Ordered to the Senate.

Location: 5/31/2012-S. SENATE

Summary: Current law requires the Public Utilities Commission (PUC) to specify the maximum amount of vinyl chloride that may be found in landfill gas. Current law prohibits a gas producer from knowingly selling, supplying, or transporting to a gas corporation, and a gas corporation from knowingly purchasing, landfill gas containing vinyl chloride in a concentration exceeding the maximum amount determined by the PUC. Current law requires a person who produces, sells, supplies, or releases landfill gas for sale offsite to a gas corporation to sample and test, bimonthly, the gas at the point of distribution for chemicals known to the state to cause cancer or reproductive toxicity. This bill would require the PUC to identify all constituents that may be found in landfill gas that is to be injected into a common carrier pipeline and that could adversely impact the health and safety of the public, and to specify the maximum amount of those constituents that may be found in that landfill gas. This bill would require the PUC to develop reasonable and prudent testing protocols for gas collected from a solid waste landfill that is to be injected into a common carrier pipeline to determine if the gas contains any of the identified constituents at levels that exceed the standards set by the PUC. This bill would prohibit a gas producer from knowingly selling, supplying, transporting, or purchasing gas collected from a hazardous waste landfill. This bill contains other related provisions and other current laws.

#### <u>AB</u> 2056 (<u>Chesbro</u> D) Drinking water: point-of-use treatments.

#### Introduced: 2/23/2012

#### Last Amend: 4/26/2012

Status: 5/31/2012-In Senate. Read first time. To Com. on RLS. for assignment. Location: 5/31/2012-S. RLS.

Summary: Current law, the California Safe Drinking Water Act, provides for the operation of public water systems, and requires a person to submit an application to the State Department of Public Health and receive a permit to operate a public water system. Current law prohibits the department from issuing a permit to a public water system or amending a valid current permit to allow the use of point-of-use treatment unless the department determines, after conducting a public hearing, that there is no substantial community opposition to the installation of point-of-use treatment devices. Current law provides that the issuance of a permit under this provision shall be limited to not more than 3 years or until funding for centralized treatment is available, whichever occurs first . This bill would require the department to allow public water systems serving 20 or less residential connections to continue the use of point-of-use treatment beyond the 3 year maximum. This bill would authorize the applicant to use available census tract data to demonstrate median household income if the department requires a demonstration of economic feasibility for public water systems serving 20 or less residential connections.

# <u>AB</u> (<u>Blumenfield</u> D) Building standards: solar distributed generation technology on 2135 residential and commercial property.

Introduced: 2/23/2012

Last Amend: 4/18/2012

Status: 5/24/2012-Referred to Coms. on T. & H. and G.O.

Location: 5/24/2012-S. T. & H.

**Summary:** The California Building Standards Law provides for the adoption of building standards by state agencies by requiring all state agencies that adopt or propose adoption of any building standard to submit the building standard to the California Building Standards Commission for approval and adoption. In the absence of a designated state agency, the commission is required to adopt specific building standards, as prescribed. Current law requires the commission to publish, or cause to be published, editions of the code in its entirety once every 3 years. The commission is authorized to act through a procedure for emergency standards, as defined, upon a finding of an emergency. This bill would require the commission, the Department of Housing and Community Development, and the State Fire Marshal to cooperate in developing a model ordinance and guidelines to assist local agencies to develop building standards and permitting processes for solar distributed generation technology on residential and commercial property and post the model ordinance and guidelines on their respective Internet Web sites.

#### <u>AB</u> 2196 (<u>Chesbro</u> D) Renewable energy resources.

#### Introduced: 2/23/2012

Last Amend: 5/15/2012

Status: 5/25/2012-In Senate. Read first time. To Com. on RLS. for assignment.

Location: 5/25/2012-S. RLS.

**Summary:** Under current law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations, as defined, while local publicly

owned electric utilities, as defined, are under the direction of their governing board. The current California Renewables Portfolio Standard Program (RPS program) requires a retail seller of electricity, as defined, and local publicly owned electric utilities to purchase specified minimum quantities of electricity products from eligible renewable energy resources, as defined, for specified compliance periods. The specified minimum quantities of electricity in California. This bill would amend the RER program's definition of a renewable electrical generation facility to provide that if the RPS program eligibility of a facility is based on the use of landfill gas, digester gas, or another renewable fuel delivered to the facility through a common carrier pipeline, the transaction for the procurement of that fuel , including the source of the fuel and delivery method, shall meet certain conditions, as specified. This bill contains other related provisions and other current laws.

### AB 2208 (Perea D) Drinking water.

Introduced: 2/23/2012

Last Amend: 4/16/2012

Status: 5/24/2012-Referred to Com. on E.Q.

Location: 5/24/2012-S. E.Q.

Calendar: 6/18/2012 1:30 p.m. - Room 112 SENATE ENVIRONMENTAL QUALITY, SIMITIAN, Chairman

Summary: Current law, the California Safe Drinking Water Act, requires the State Department of Public Health to administer provisions relating to the regulation of drinking water to protect public health. Current law, the Safe Drinking Water State Revolving Fund Law of 1997, establishes the Safe Drinking Water State Revolving Fund, which is continuously appropriated to the department for the provision of grants and revolving fund loans for the design and construction of projects for public water systems that will enable suppliers to meet safe drinking water standards. Current law prohibits the department from approving applications for this funding unless the department determines the proposed study or project meets specified criteria. This bill would state the intent of the Legislature to require the department to consider regional solutions when awarding grant money to provide clean water to underserved communities. This bill would authorize the department to combine proposed studies and projects from multiple applicants to enable these applicants to meet safe drinking water standards in a cost-effective manner. This bill would require the department to give priority to those proposed studies or projects that consolidate services, especially in unincorporated communities, as specified.

### AB (Gatto D) Recycled water: car washes.

#### Introduced: 2/24/2012

Status: 4/19/2012-Referred to Com. on N.R. & W. Location: 4/19/2012-S. N.R. & W.

**Summary:** Current law requires the State Water Resources Control Board to take appropriate actions to prevent waste or the unreasonable use of water. Under current law, the board makes determinations with regard to the availability of recycled water. This bill would require an in-bay car wash, as defined, or a conveyor car wash, as defined, permitted and constructed after January 1, 2014, to either install, use, and maintain a water recycling system, as defined, that recycles and reuses at least 60% of the wash and rinse water, or to enter into a contract to use recycled water provided by a retail water supplier to wash and rinse vehicles.

#### AB 2238 (Perea D) Public water systems: drinking water.

#### Introduced: 2/24/2012

Last Amend: 5/25/2012

Status: 5/31/2012-Read third time. Passed. Ordered to the Senate.

Location: 5/31/2012-S. SENATE

Summary: Current law requires the State Department of Public Health to administer programs to fund improvements and expansion of small community water systems using specified priorities. Current law requires the department to encourage the consolidation of small community water systems that serve disadvantaged communities if consolidation will help the affected agencies and the state meet specified goals. Current law allows funding of studies regarding the feasibility of consolidating 2 or more community water systems, at least one of which is a small community water system that serves a disadvantaged community. Current law requires the department to give funding priority to projects involving physical restructuring of 2 or more community water systems into a single, consolidated system when it is shown that the consolidation would further specified goals. This bill would require the department to promote the consolidation of small community water systems that serve disadvantaged communities, as specified, and would require the studies performed prior to a construction project to include the feasibility of consolidating public water systems, unless the department makes a determination that consolidation is not feasible. This bill, if the local agency formation commission (LAFCO) conducted a study or service review of the consolidation within the previous 5 calendar years and found that consolidation was feasible, would require the department to consider the LAFCO's findings during the department's assessment of feasibility. This bill would also require the department to give priority to funding projects involving consolidation of 2 or more community water systems when the consolidation would further specified goals. This bill contains other related provisions and other current laws.

#### <u>AB</u> 2390 (<u>Chesbro</u> D) Electricity: biomass: incentive programs.

Introduced: 2/24/2012

Last Amend: 5/1/2012

Status: 5/31/2012-Read third time. Passed. Ordered to the Senate. Location: 5/31/2012-S. SENATE

Summary: Current law authorizes the Public Utilities Commission (PUC), in consultation with the State Energy Resources Conservation and Development Commission (Energy Commission), to authorize electrical corporations to collect moneys for the self-generation incentive program (SGIP) at 2008 calendar year levels through December 31, 2014. Current law requires the PUC to require electrical corporations to administer the SGIP, until January 1, 2016. Current law limits eligibility for SGIP incentives to distributed energy resources that the PUC, in consultation with the State Air Resources Board, determines will achieve reductions in emissions of greenhouse gases pursuant to the California Global Warming Solutions Act of 2006. This bill would state legislative findings and declarations regarding the use of waste products from forest thinning and fire prevention activities to generate electricity at biomass facilities. The bill would require the Energy Commission, in consultation with the Department of Forestry and Fire Protection, to establish an incentive program to compensate producers and collectors of biomass material associated with forest fuel reduction and fire prevention activities that are delivered to eligible biomass facilities, as defined, for use as a fuel source.

#### <u>AB</u> 2398 (<u>Hueso</u> D) Water recycling.

Introduced: 2/24/2012

Last Amend: 5/21/2012

Status: 5/29/2012-In Senate. Read first time. To Com. on RLS. for assignment.

Location: 5/29/2012-S. RLS.

Summary: Current law establishes the State Water Resources Control Board (state board) and the California regional water quality control boards (regional boards) as the principal state agencies with authority over matters relating to water quality. Current law requires the State Department of Public Health (department) to adopt uniform water recycling criteria for indirect potable water reuse for groundwater recharge, as defined, by December 31, 2013. Current law requires the department to develop and adopt uniform water recycling criteria for surface water augmentation, as defined, by December 31, 2016, if a specified expert panel convened by the department finds that the criteria would adequately protect public health. Current law requires the department to investigate the feasibility of developing uniform water recycling criteria for direct potable reuse, as defined, and to provide a final report on that investigation to the Legislature by December 31, 2016. Current law requires the department, in consultation with the state board, to report to the Legislature from 2011 to 2016, inclusive, as part of the annual budget process, on the progress towards developing and adopting the water recycling criteria for surface water augmentation and its investigation of the feasibility of developing water recycling criteria for direct potable reuse. Current law requires the state board to enter into an agreement with the department to assist in implementing the water recycling criteria provisions. This bill would enact the Water Recycling Act of 2012 to revise and consolidate those and other provisions relating to recycled water, and make other conforming changes to current law. The act would establish a statewide goal to recycle a total of 1.5 million acre-feet of water per year by 2020 and 2.5 million acre-feet of water per year by 2030. The act would require the state board and regional boards, the

department, the Public Utilities Commission, the Department of Water Resources, and other state agencies to exercise the authority and discretion granted to them by the Legislature to encourage the use of recycled water and meet the goals of the act. The act would require the department, on or before December 31, 2013, to adopt drinking water criteria for groundwater recharge projects utilizing recycled water. The bill would require the department, on or before December 31, 2016, to develop and adopt drinking water criteria for the use of advanced treated purified water for raw water augmentation projects not subject to the drinking water criteria for groundwater recharge projects utilizing recycled water. The act would subject those criteria to review by an expert panel convened and administered by the department to advise the department on public health issues and scientific and technical matters. The act would prescribe the types and contents of permits for recycled water to be issued by the state board or a regional board, as appropriate. Because certain reports submitted as part of the permit application process would be submitted under penalty of perjury, this bill would impose a statemandated local program by creating a new crime. The act would establish the Water Recycling Research Fund and require that certain civil penalties be deposited into the fund, to be expended by the state board, upon appropriation by the Legislature, to conduct or fund research necessary to support the continued and safe use of recycled water in the state. This bill contains other related provisions and other current laws.

### AB (Allen D) Energy efficiency.

Introduced: 2/24/2012

Last Amend: 5/2/2012

Status: 5/29/2012-In Senate. Read first time. To Com. on RLS. for assignment.

Location: 5/29/2012-S. RLS.

**Summary:** Current law requires the State Energy Resources Conservation and Development Commission to implement various programs to provide financial assistance to specified entities for energy efficiency improvements. This bill would require the commission, in collaboration with specified entities, and in consultation with other stakeholders, including investor-owned utilities, to review emerging technology financing models used in other states to finance energy efficiency technology deployments and services that maximize private sector investment in California. The bill would also authorize the commission to establish and consult with an investment advisory group consisting of private and public investors.

# <u>AB</u> (Williams D) Vessels: registration fee: Quagga and Zebra Mussel Infestation 2443 Prevention Program.

Introduced: 2/24/2012

Last Amend: 5/3/2012

Status: 5/31/2012-In Senate. Read first time. To Com. on RLS. for assignment.

Location: 5/31/2012-S. RLS.

Summary: Current law establishes various programs administered by, among other agencies, the Department of Fish and Game and the State Lands Commission, to prevent

aquatic invasive species introduction and manage the spread and impacts of aquatic invasive species in state waters. Current law prohibits, except as authorized by the Department of Fish and Game, a person from possessing, importing, shipping, or transporting in the state, or from placing, planting, or causing to be placed or planted in any water within the state, dreissenid mussels, which are regulated by the department as an invasive species. This bill would impose an additional fee in an amount not to exceed \$10, as determined by the department, on a vessel required to pay that registration fee. The bill would require the department, in determining the fee, to consult with a technical advisory group, which would be established by the department. The bill would require funds from the fee to be used to implement and administer a dreissenid mussel monitoring, inspection, and eradication program, as prescribed. The bill would require the department to adopt an emergency regulation to prescribe procedures for the collection and use of the fee. This bill contains other current laws.

#### AB 2529 (Wieckowski D) Safe Drinking Water: Revolving Fund.

Introduced: 2/24/2012

Last Amend: 5/1/2012

Status: 5/31/2012-In Senate. Read first time. To Com. on RLS. for assignment. Location: 5/31/2012-S. RLS.

Summary: Current law, the California Safe Drinking Water Act, requires the State Department of Public Health to administer provisions relating to the regulation of drinking water to protect public health. The department's duties include, but are not limited to, conducting research, studies, and demonstration programs relating to the provision of a dependable, safe supply of drinking water, enforcing the federal Safe Drinking Water Act, adopting and enforcing regulations, and conducting studies and investigations to assess the quality of water in domestic water supplies. This bill would authorize the department to adopt interim regulations for purposes of implementing provisions relating to the Safe Drinking Water State Revolving Fund. The bill would require an applicant for funding to demonstrate that it has the technical, managerial, and financial capacity to operate and maintain its water system for at least 20 years, as specified. The bill would authorize an applicant, subject to specified conditions, to receive up to the full cost of a project in the form of a loan. The bill would require that contracts entered into between the department and an applicant include certain additional information, and authorize the contracts to include certain additional information. This bill contains other related provisions and other current laws.

#### AB 2567 (Carter D) Sewer collection agency: schedule of fees.

**Introduced:** 2/24/2012

Last Amend: 3/26/2012

Status: 5/31/2012-Referred to Com. on GOV, & F.

Location: 5/31/2012-S. G. & F.

Summary: Articles XIII C and XIII D of the California Constitution generally require

that assessments, fees, and charges be submitted to property owners for approval or rejection after the provision of written notice and the holding of a public hearing. Current law, the Proposition 218 Omnibus Implementation Act, prescribes specific procedures and parameters for local jurisdictions to comply with Articles XIII C and XIII D of the California Constitution. Current law establishes notice, protest, and hearing procedures for the levying of new or increased fees and charges by local government agencies pursuant to Articles XIII C and XIII D of the California Constitution, Current law authorizes an agency that provides water, sewer, or refuse collection service to adopt a schedule of fees or charges authorizing automatic adjustments that pass through increases in wholesale charges for water or adjustments for inflation, if that agency complies with specified procedures. This bill would additionally authorize an agency that provides wastewater collection service to adopt a schedule of fees or charges, as specified. This bill would also authorize an agency that provides water, wastewater, sewer, or refuse collection service to adopt a schedule of fees or charges authorizing automatic adjustments that pass through increases in wastewater treatment, if that agency complies with specified procedures.

#### <u>AB</u> 2595 (<u>Hall</u> D) Desalination.

#### Introduced: 2/24/2012

Last Amend: 5/1/2012

Status: 5/31/2012-Read third time. Passed. Ordered to the Senate.

Location: 5/31/2012-S. SENATE

Summary: The Cobey-Porter Saline Water Conversion Law authorizes the Department of Water Resources, either independently or in cooperation with public or private entities to conduct a program of investigation, study, and evaluation in the field of saline water conversion, to provide assistance to persons or entities seeking to construct desalination facilities, and after submission of a written report and upon appropriation from the Legislature, to finance, construct, and operate saline water conversion facilities. Current law required the department, not later than July 1, 2004, to report to the Legislature on potential opportunities and impediments for using seawater and brackish water desalination, and to examine what role, if any, the state should play in furthering the use of desalination technology, Current law also required the department to convene a Water Desalination Task Force, comprised of representatives from listed agencies and interest groups, to advise the department in carrying out these duties and in making recommendations to the Legislature. This bill would require the council to report to the Legislature, by December 31, 2014, on opportunities for streamlining the current statewide permitting processes for seawater desalination facilities, including an evaluation of impediments to desalination projects relative to the current permitting process and to recommend potential administrative and legislative actions for improving the permitting process while maintaining current regulatory protections. The bill would require the council to convene the Seawater Desalination Permit Improvement Task Force to review the current permitting processes required by all state regulatory agencies for the planning, design, construction, monitoring, and operation of seawater desalination facilities, to identify opportunities for improving the permitting process, and to advise the council in making the report. This bill contains other related provisions and other current laws.

#### (Wolk D) Delta levee maintenance. 200

#### Introduced: 2/8/2011

<u>SB</u>

Last Amend: 1/24/2012

Status: 4/12/2012-Referred to Com. on W., P. & W.

Location: 4/12/2012-A. W.,P. & W.

Summary: Current law establishes a delta levee maintenance program pursuant to which a local agency may request reimbursement for costs incurred in connection with the maintenance or improvement of project or nonproject levees in the Sacramento-San Joaquin Delta. Current law declares legislative intent to reimburse eligible local agencies under this program, until July 1, 2013, in an amount not to exceed 75% of those costs that are incurred in excess of \$1,000 per mile of levee, and on and after that date, in an amount not to exceed 50% of those described costs. This bill, instead, would declare legislative intent to reimburse up to 75% of those described costs until July 1, 2014, and on and after that date, to reimburse up to 50% of those described costs. This bill contains other related provisions and other current laws.

#### <u>SB</u> (Rubio D) Sacramento-San Joaquin Delta: Delta Plan: conveyance facility. 250

#### Introduced: 2/10/2011

Last Amend: 8/29/2011

Status: 5/10/2012-From committee: Be re-referred to Com. on W., P. & W. (Ayes 11. Noes 0.) (May 10). Re-referred to Com. on W., P. & W.

Location: 5/10/2012-A. W., P. & W.

Summary: Current law imposes requirements on the Department of Water Resources in connection with the preparation of a Bay Delta Conservation Plan (BDCP). This bill would require that the department's development of certain Delta conveyance facilities be completed on or before February 15, 2013, and would require that the construction of those facilities be completed by December 31, 2025. This bill contains other current laws.

(Wolk D) Electricity: net energy metering. 489

Introduced: 2/17/2011

#### Last Amend: 7/12/2011

Status: 10/8/2011-Chaptered by the Secretary of State, Chapter Number 593, Statutes of 2011

#### Location: 10/8/2011-S. CHAPTERED

Summary: Current law, relative to private energy producers, requires every electric utility, as defined, to make available to an eligible customer-generator, as defined, a standard contract or tariff for net energy metering on a first-come-first-served basis until the time that the total rated generating capacity used by eligible customer-generators

exceeds 5% of the electric utility's aggregate customer peak demand. The current definition of an eligible customer-generator requires that the generating facility use a solar or wind turbine, or a hybrid system of both. This bill would revise the definition of an eligible customer-generator to instead require that the generating facility utilize a renewable source listed in the definition of a renewable electricity generation facility that is used for purposes of the Renewable Energy Resources Program administered by the State Energy Resources Conservation and Development Commission. The bill would provide that a small hydroelectric generation facility is not an eligible renewable electrical generation facility if it will cause an adverse impact on instream beneficial uses or cause a change in the volume or timing of streamflow. This bill contains other related provisions and other current laws.

#### <u>SB</u> (Wright D) State Water Resources Control Board and California regional water <u>965</u> quality control boards: ex parte communications.

Introduced: 1/11/2012

Last Amend: 5/2/2012

Status: 5/30/2012-In Assembly. Read first time. Held at Desk.

Location: 5/30/2012-A. DESK

Summary: Under current law, the State Water Resources Control Board (state board) and the California regional water quality control boards (regional boards) implement the Federal Water Pollution Control Act and the Porter-Cologne Water Quality Control Act by prescribing waste discharge requirements for discharges to the waters of the state, as specified. Current law authorizes the state board and regional boards to hold hearings necessary for carrying out their duties, as specified. This bill would provide that the ex parte communications provisions of the Administrative Procedure Act do not apply to specified proceedings of the state board or a regional board. The bill would, instead, define an exparte communication as an oral or written communication with one or more board members regarding those specified state or regional board proceedings. The bill would permit oral exparte communications at any time by any board member if the board member involved in the communication notifies, and provides for the participation of, all parties, as specified. The bill would permit written ex parte communications by any party provided that the interested person, as defined, who makes the communications provides copies of the communication to all parties, as specified. The bill would require that if an individual ex parte comm unication meeting or call is granted to any interested party, all other parties shall also be granted individual ex parte meetings of a substantially equal period of time with the board member. This bill contains other related provisions and other current laws.

#### <u>SB</u> <u>1065</u> (<u>Kehoe</u> D) State claims.

#### Introduced: 2/13/2012

#### Last Amend: 5/29/2012

Status: 5/29/2012-From committee with author's amendments. Read second time and amended. Re-referred to Com. on APPR.

Location: 5/29/2012-S. APPR.

Calendar: 6/4/2012 1:30 p.m. - John L. Burton Hearing Room (4203) SENATE APPROPRIATIONS, KEHOE, Chair

**Summary:** Current law requires the California Victim Compensation and Government Claims Board to report to the Legislature when a sufficient appropriation is not available for the payment of a claim against the state allowed by the board. This bill would appropriate \$167,329.15 from the General Fund to the Executive Officer of the California Victim Compensation and Government Claims Board to pay claims accepted by the board. The bill would require the Controller, upon the request of the board, in a form prescribed by the Controller, to transfer surcharges and fees from the specified Budget Act item of appropriation identified in the bill to Item 1870-001-0001 of Section 2.00 of the Budget Act of 2012. This bill contains other related provisions.

#### SB 1128 (Padilla D) Energy: alternative energy financing.

Introduced: 2/21/2012

Last Amend: 5/29/2012

Status: 5/30/2012-In Assembly. Read first time. Held at Desk.

Location: 5/30/2012-A. DESK

Summary: Current law authorizes the California Alternative Energy and Advanced Transportation Financing Authority, until January 1, 2021, to provide financial assistance in the form of a sales and use tax exclusion for a project to promote California-based manufacturing, California-based jobs, the reduction of greenhouse gases, or the reduction in air and water pollution or energy consumption. Current law requires the authority, upon granting sales and use tax exemption for projects that exceeds \$100,000,000 for a given year, to provide the Legislature with a 20-day notice prior to granting additional sales and use tax exclusion. This bill would additionally authorize the authority, until July 1, 2016, to grant the above financial assistance to projects that promote the utilization of advanced manufacturing, as defined. The bill would require the authority, until July 1, 2016, to study the efficacy and cost benefit of the sales and use tax exemption for advanced manufacturing projects. The bill would require the authority, before January 1, 2017, to submit to the Legislature a report on the study. The bill would require the authority, before January 1, 2015, to submit to the Legislature an interim report on the efficacy of granting the sales and use tax exemption for a projects, and recommendations on changes that would increase the efficacy in creating jobs and whether the exemption should be expanded or narrowed. The bill would require the authority, until July 1, 2016, to work with the Legislative Analyst's Office to determine the most efficient and cost effective way for the state to create jobs in advanced manufacturing. The bill would require the authority, until January 1, 2021, to work with the University of California or the California State University to perform a peer review of the net benefits test used to evaluate applicants applying for the sales and use tax exemption, as specified. The bill would instead prohibit the authority from granting, on an annual basis, a sales and use tax exclusion for a project exceeding \$100,000,000.

**<u>SB</u>** (Blakeslee R) State Water Resources Control Board.

#### Introduced: 2/23/2012

Last Amend: 5/22/2012

Status: 5/25/2012-In Assembly. Read first time. Held at Desk.

#### Location: 5/25/2012-A. DESK

**Summary:** Under current law, the Porter-Cologne Water Quality Control Act, the State Water Resources Control Board (state board) and the 9 California regional water quality control boards are the principal state agencies with responsibility for the coordination and control of water quality in the state. The act requires the state board to formulate and adopt state policies for water quality control, and requires the regional boards to adopt regional water quality control plans in compliance with the state policies. This bill would add the adoption of general permit application requirements for stormwater discharges by the state board and would add a conditional waiver of waste discharge requirements from irrigated lands adopted by a regional water quality control board to the definition of rule for the purposes of the above provisions, and would require these provisions to apply only when fees are available to cover the state board's or a regional board's costs of complying with these provisions. This bill would also deem the state board or a regional board to have complied with the above provisions if a scientific peer review has been done on the scientific basis or scientific portion of an adopted rule. This bill contains other current laws.

#### <u>SB</u> 1332 (<u>Negrete McLeod</u> D) Renewable energy resources: electric utilities.

#### Introduced: 2/23/2012

Last Amend: 4/26/2012

Status: 5/25/2012-In Assembly. Read first time. Held at Desk.

#### Location: 5/25/2012-A. DESK

Summary: Current law requires a local publicly owned electric utility that sells electricity at retail to 75,000 or more customers to adopt and implement a tariff for electricity purchased from an electric generation facility meeting certain size, deliverability, and interconnection requirements and to consider certain factors. Current law requires the local publicly owned electric utility to make the tariff available to owners and operators of an electric generation facility within the service territory of the utility, upon request, on a first-come-first-served basis, until the utility meets its proportionate share of a statewide cap of 750 megawatts cumulative rated generation capacity served under the feed-in tariffs adopted pursuant to the above-described requirements, Current law provides that the electricity purchased from an electric generation facility counts toward meeting the local publicly owned electric utility's renewables portfolio standard annual procurement targets. This bill would move this requirement to that portion of the Public Utilities Code concerning the California Renewables Portfolio Standard Program and would require that the tariff be adopted by March 1, 2013. The bill would make other technical and nonsubstantive changes. This bill contains other related provisions and other current laws.

## $\frac{SB}{1364}$ (Huff R) Water corporations.

Introduced: 2/24/2012

Last Amend: 5/25/2012

Status: 5/30/2012-In Assembly. Read first time. Held at Desk.

Location: 5/30/2012-A. DESK

**Summary:** Under current law, the Public Utilities Commission (PUC) has regulatory authority over public utilities, including electrical corporations, gas corporations, telephone corporations, and water corporations, as defined. The Public Utilities Act authorizes the PUC, each commissioner, and each officer and person employed by the PUC at any time to inspect the accounts, books, papers, and documents of any public utility. This authorization applies to inspections of the accounts, books, papers, and documents of any business that is a subsidiary or affiliate of, or a corporation that holds a controlling interest in, an electrical, gas, or telephone corporation. This bill would additionally authorize the inspection of the accounts, books, papers, and documents of any business that is a subsidiary or affiliate of, or a corporation that holds controlling interest in, a water corporation that has 2,000 or more service connections. This bill contains other related provisions and other current laws.

#### <u>SB</u> (<u>Pavley</u> D) California Infrastructure and Economic Development Bank: clean 1484 energy technology.

Introduced: 2/24/2012

Last Amend: 4/9/2012

Status: 5/14/2012-In Assembly. Read first time. Held at Desk.

Location: 5/14/2012-A. DESK

**Summary:** The Bergeson-Peace Infrastructure and Economic Development Bank Act establishes in the Business, Transportation and Housing Agency the California Infrastructure and Economic Development Bank for the purpose of funding specified types of infrastructure development projects. This bill would instead establish the California Infrastructure and Economic Development Bank within the Governor's Office of Business and Economic Development.

#### <u>SB</u> 1495

#### (Wolk D) Sacramento-San Joaquin Delta Reform Act of 2009.

Introduced: 2/24/2012

Last Amend: 4/16/2012

Status: 5/10/2012-Referred to Com. on W., P. & W.

Location: 5/10/2012-A. W.,P. & W.

Summary: The Sacramento-San Joaquin Delta Reform Act of 2009 establishes the Delta Stewardship Council, which is required to develop, adopt, and commence implementation of a comprehensive management plan for the Delta by January 1, 2012. The act requires a state or local public agency that proposes to undertake a covered action to prepare a written certification, as prescribed, as to whether the covered action is consistent with the Delta Plan. The act defines "covered action" to mean a plan, program, or project that meets specified conditions. This bill would exclude from the definition of "covered action" specified leases approved by specified special districts, and routine

dredging activities necessary for maintenance of certain facilities operated by special districts .

#### <u>SB</u> (<u>Padilla</u> D) California Global Warming Solutions Act of 2006: water industry <u>1535</u> study.

Introduced: 2/24/2012

Last Amend: 4/25/2012

Status: 5/14/2012-Action From E.Q.: Remains in E.Q..

Location: 5/15/2012-S. E.Q.

Summary: (1) Current law, the California Global Warming Solutions Act of 2006, designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020, and to adopt rules and regulations in an open public process to achieve the maximum, technologically feasible, and costeffective greenhouse gas emissions reductions. Current law authorizes the state board to include market-based compliance mechanisms, as defined, to comply with the regulations. Current law prohibits conferring any authority on the state board to alter any programs admin istered by other state agencies for the reduction of greenhouse gas emissions. This bill would additionally prohibit any authority being conferred on the state board to impose any regulatory obligations on publicly owned water utilities for purposes of greenhouse gas emissions related to electricity imported for the publicly owned water utility's own use for the sole purpose of obtaining, transporting, and distributing water to its service area from an out-of-state water source unless the state board allocates to publicly owned water utilities allowances, credits, or other forms of price mitigation received by publicly owned electric utilities. This bill contains other related provisions.

### $\frac{55}{1537}$ (Kehoe D) Energy: rates: net energy metering.

#### Introduced: 2/24/2012

Last Amend: 5/1/2012

Status: 5/30/2012-In Assembly. Read first time. Held at Desk.

Location: 5/30/2012-A. DESK

**Summary:** Under current law, the Public Utilities Commission has regulatory authority over public utilities, including electrical corporations, as defined, while local publicly owned electric utilities, as defined, are under the direction of their governing board. Current law, relative to private energy producers, requires every electric utility, as defined, to develop a standard contract or tariff providing for net energy metering, as defined, and to make this contract or tariff available to eligible customer generators, as defined, upon request for generation by a renewable electrical generation facility, as defined. An electric utility, upon request, is required to make the contract or tariff for net energy metering available to eligible customer-generators on a first-come-first-served basis until the time that the total rated generating capacity used by eligible customergenerators exceeds 5% of the electric utility's aggregate customer peak demand. With one exception, current law requires that each net energy metering contract or tariff be identical with respect to rate structure, all retail rate components, and any monthly charges, to the contract or tariff to which the same customer would be assigned if the customer did not use a renewable electrical generation facility, except that eligible customer-generators shall not be assessed standby charges on the electrical generating capacity or the kilowatthour production of a renewable electrical generation facility. This bill would prohibit the commission from adopting any new demand charge, standby charge, customer charge, minimum monthly charge, interconnection charge, or other fixed charge that applies only to customers receiving electric service pursuant to a net energy metering contract or tariff.

## $\frac{SCA}{18} (\underline{Huff} R) Public employees' retirement.$

#### Introduced: 2/22/2012

Status: 3/1/2012-Referred to Coms. on P.E. & R. and E. & C.A.

#### Location: 3/1/2012-S. P.E. & R.

**Summary:** Current law establishes various public agency retirement systems, including the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS), the Judges' Retirement System II, and various county retirement systems pursuant to the County Employees Retirement Law of 1937, among others, and these systems provide defined pension benefits to public employees based on age, service credit, and amount of final compensation. The California Constitution permits a city or county to adopt a charter for purposes of its governance that supersedes general laws of the state in regard to specified subjects, including compensation of city or county employees. The California Constitution also establishes the University of California as a public trust with full powers of organization and government, subject only to specified limitations. Charter cities and the University of California may establish pension plans under their respective independent constitutional authority. These pension systems are funded by employee and employer contributions and investment returns. Current law provides that public employee pension benefits are a form of deferred compensation, the right to which vests in the employee on contractual principles and is protected from impairment by the California Constitution and the United States Constitution. This measure would require each public retirement system, as defined in statute, to provide one or more hybrid pension plans meeting the requirements of this measure to each public employer that provides its employees a defined benefit pension plan administered by the public retirement system. The measure would require that a hybrid pension plan consist of a defined benefit component and a defined contribution or alternative plan design component, as specified. The measure would require, among other things, that a hybrid pension plan be designed with a goal of providing annually during retirement, based on a full career in public service, as defined, replacement income of 75% of a public employee's final compensation. The measure would require the Director of Finance, on or before January 1, 2013, to establish initial criteria and requirements for one or more hybrid pension plans, as specified. The measure would require, on and after July 1, 2013, each public retirement system to administer, and make available to each public employer that provides a defined benefit pension plan, one or more hybrid pension plans, except as specified, for public employees hired in each member classification in

the public retirement system. This bill contains other current laws.

## Agricultural Resources

635 Maryland Avenue, N.E. Washington, D.C. 20002-5811 (202) 546-5115 (202) 546-4472-fax agresources@erols.com

May 31, 2012

### **Legislative Report**

#### TO: Thomas Love General Manager, Inland Empire Utility Agency

FR: David M. Weiman Agricultural Resources LEGISLATIVE REPRESENTATIVE, IEUA

#### SU: Legislative Report, May 2012

This is a different kind of monthly report. I thought it would be useful to "look down the road" and help the Board and Staff begin to focus on an emerging set of developments that have the potential to literally redefine the fundamental elements of Government in our society, particularly at the Federal level.

Lame Duck 2012 – Seven Weeks That Could Change the Federal Government I am anticipating that between November 7 (day after the election) and December 31, 2012, the Congress will enact sweeping legislation that will change – alter – the size, scale and purpose of the Federal Government. Consider:

- As a practical matter, Congress will only be in session in June, July and September before adjourning for the national elections – approximately 30-40 legislative days. Congress will likely adjourn by late September or early October for the Fall election. That's it.
- Today, deep in "election mode, the Congress is gridlocked on almost every issue, every appointment and almost every major bill.

- A lame duck session is all but a certainty.
- The legislative agenda in the lame duck will be overwhelming.
- The implications are staggering it is possible that (a) the federal establishment could be restructured; and (b) there could be some \$3-6 Trillion in decisions made.

#### What's on the Table?

- The Obama-Congress (GOP) Budget Agreement collapsed, and set in motion a sequestration plan to be invoked by the end of calendar 2012. In recent days, Defense Secretary Panetta called it a "meat ax" approach, fearing a half-trillion dollar cut in military spending could cripple the DOD beginning in FY 2013. DOD and supporters in Congress are clamoring to repeal the budget deal and the pending triggered cuts.
- Overall, major issues in play include:
  - -- Sequestration (multi-trillion in implications)
  - -- Debt Ceiling (look for another threat of brinkmanship and possible Government shutdown).
  - -- Bush Tax cuts (to extend, extinguish or modify?)
  - -- Tax Code Overhaul (huge issue not understood potential to touch every citizen and every community for IEUA, think "muni bonds")
  - --- Expiring tax credits (some \$600 Billion)
  - Appropriations for the fiscal year beginning October 1.
  - -- Entitlement reform(s) applicable to Social Security, Medicare
  - -- Defense bill (presently veto bait fate unknown if vetoed, then likely pushed further down the year and perhaps into lame duck)
  - -- Highway bill
  - -- Water Resources (Corps) bill
  - -- Health Care reforms and modifications
  - -- Farm bill (multi-year bill is pending)
  - -- Half dozen other issues (at least)
- A large chunk of these issues will be affirmed, altered, amended, restructured all in a seven week period November 7 to December 31. And, for some programs they could just "die."

All of the above will begin to occur 24 hours after the polls close, votes are counted, victory and concession speeches are made. And, to state the obvious – with regard to the election and its aftermath – nothing is certain and everything is in play – the presidency, the control of the Senate and control of the House. And, based on what is known today, the election results are largely irrelevant insofar as the need to address this smorgasbord of major issues.

-2-

#### What's it Mean?

- The unknowns, right now, are controlling especially five+ months to November 7. No one can tell your Board or anyone else what's going to happen. But, there's a strong likelihood that defense spending will be protected, and the pressure for cuts, reductions or even eliminations in domestic spending (also known as, "non-defense discretionary spending") will be sky-high. For instance, on the spending side of the federal ledger, federal funding for infrastructure funding will be at some level of risk. On the tax side of the ledger, tax deductions for municipal bonds, similarly, could be reconsidered (rumors and rumblings already suggest it).
- Example The Bureau of Reclamation has sustained almost a 25% budget cut over the last three+ years from almost \$1.2 billion annually down to \$900 million. The BuRec's construction account is a fraction of what it was a decade ago (and continues to drop). The question emerges not will IEUA receive another grant, but will the grant program exist after January and what will happen to the Bureau grant program? What will happen to expectations, capacity and commitments for Bay Delta? Will the Bureau itself survive?
- The ripple effect factor is simply not known at this time, but remains very real. One thing is clear non-defense federal funding could be in store for significant cuts.

#### The Foreign Policy Wild Card(s)

- There are no fewer than four major foreign affair issues any one of which has the potential to upset the political applecart.
  - <u>Situation in Syria (Former UN Chief, Koffi Annan</u> is not making progress).
  - -- <u>Situation in Iran</u> (potential for nuke weapons and various demands for a preemptive strike to prevent weapons becoming operational)
  - -- <u>Situation in North Korea (politically unstable internally and regionally)</u>
  - -- <u>Situation in Greece</u> (Spain, Ireland too negative implications banking system, EU, and possibility that a bankruptcy could harm or undermine US banks)
- If any one of these (or other) situations gets "out-of-control," the worldwide implications are "off-the-charts."

#### What Can/Should IEUA Do?

- The Seven-Weeks of November-December will all but certainly occur. Big issues will be considered and in some fashion, acted upon (in some way). Will Congress duck or find new ways to duck them? It is not known and cannot be known at this time.
- Programmatically and institutionally what should IEUA do? What can you do? How can IEUA contribute?

-3-

#### Recommendations:

- -- Position IEUA to create its own constructive seat at the table.
- -- Reach out Board and Senior Staff to both Senators and your House Members (all including pending retirees)
- -- Do it beginning now (don't wait)
- -- Arrange to meet with each (not staff member).
- -- Have meetings in June, July and August
- -- Tell them we understand what will happen (Seven Weeks in Lame Duck)
- = IEUA wants to help (insert member Calvert, Napolitano, Baca, etc.).
- -- Seek to open a clear line of communication between that Member and IEUA
- -- Offer your expertise as a resource to that Member
- -- Position IEUA to help "design" whatever is unfolding (establishing funding priorities, modifying politcy, etc.)

#### For instance:

If EPA programs are to be restructured, be positioned to offer assistance.

If Corps (or more likely BuRec) are to sustain reorganizing or downsizing, be positioned to offer assistance, guidance, and direction. Example, the Title XVI program helps communities and non-federal dollars and, at the same time, buffers the water crisis (giving the state another 10 years to resolve bigger issues) – figure out how to message and cultivate congressional champions to protect it. Protect programs that stretch existing supplies and use time to resolve larger California water issues. Rep. Calvert, on House Approps and Rep. Napolitano on Resources both could be enormously helpful and important on this particular issue.

IEUA, to be helpful, IEUA needs to be in open communication with both at the right time).

Use next several months to position IEUA to be that "constructive partner."

- Meet with each in district. Same message IEUA sees what's unfolding IEUA wants to help. Based on our programmatic experiences (and established history of excellence), IEUA has something to offer).
- Establish a special relationship and then fasten your seat belts, and cancel trips between November 7 and December 31.

#### Epilogue.

- I can't tell you what will happen later this year. I simply don't know (no one else does either).
- Some combination of the events outlined above will all but certainly occur. Big bang or

-4-

whimper? Don't know. Be prepared. Be positioned. There is no downside or cost (in dollars or good will) for becoming involved.

The recommendations presented here are designed to (a) educate the Board and Senior Staff; (b) present a set of action items all of which can be achieved "in district;" and (c) position IEUA to continue to serve as a leader in the service area, community and among its water colleagues.

**Comprehensive Government Relations** 

#### MEMORANDUM

#### To: Tom Love and Martha Davis, IEUA

From: Letitia White and Heather Hennessey

Date: May 31, 2012

#### Re: May Monthly Legislative Update

May was a very busy month on Capitol Hill, with legislators making more progress on appropriations bills for FY 2013 than they have typically made up to this point in past years. We will update the Appropriations Memorandum that we provided to you last week as the process moves forward. Please refer to it if you have any specific questions about funding items, and we will be happy to answer any questions that you have.

#### Status of IEUA's Congressional Authorization

Early in the month of May, IEUA received the fantastic news that our pending grant applications with the Bureau of Reclamation were successful. Given that success, now is a good time to review the status of the current Title XVI authorization for the Chino Desalters and evaluate our progress.

The Lower Chino Dairy Area Desalination Demonstration and Reclamation Project was authorized for a federal funding amount of \$26 million in the Omnibus Lands bill which was signed into law on March 30, 2009. The authorization included a ten year sunset provision, which means that the authorization will expire on March 30, 2019.

So far, the project has received \$5.8 million of its funding under the authorization. That means that the project partners have roughly six more federal fiscal years in which to draw down the remaining funds to reach the total of \$26 million. It is important that IEUA and the other project partners remain focused on future grant applications and other sources of funding to realize the full benefit of the authorization before it expires. This effort will likely include several additional years of applying for grants and seeking Hill support for the applications. IFS suggests that we remain focused on that effort and continually update our Congressional delegation as the project progresses.

#### House Sets Agenda for the Summer Months

Late last week, Majority Leader Eric Cantor (R-VA) sent a memo to his colleagues in the House outlining an ambitious legislative agenda to be accomplished during June and July. Most of the month of June will be devoted to moving appropriations bills through the floor under an open rule process. The open rules allow for any and all amendments to be debated, sometimes causing the debates to stretch for entire legislative weeks. It is likely that Military Construction and Veterans Affairs, Energy and Water, Homeland Security and Legislative Branch Appropriations will all see floor time and final passage over the next few weeks. All four of those bills are largely non-

511 C Street, NE • Washington, DC 20002 • 202-347-5990 • Fax 202-347-5941

### Innovative Federal Strategies LLC

controversial and won bipartisan support last year. The House will also focus legislative time in June on job creation, especially in the energy sector. Leadership expects that a series of bills will pass the House Energy and Commerce Committee during June and be ready for floor time in July. Also, there will be legislation moving through the Natural Resources Committee which is designed to reduce bureaucratic delays on transferring federal lands.

During July, the House will take up a wide variety of measures aimed at helping small businesses and reducing government red-tape. It will also consider Post Office reform legislation, which the Senate passed earlier this spring. Finally, House Republicans plan to bring up bills that will avoid the looming "fiscal cliffs" and reform the tax code. The Cantor memo does not discuss consideration of any additional appropriations bills during July, which might mean that the bills accomplished during June will be the last ones that the House considers before the end of the fiscal year.

The Senate has not given any indication of where it intends to focus during the summer months. It is also very interesting to note that Majority Leader Cantor's memo does not mention the reservation of any floor time in June to debate the Transportation Authorization Conference Report. That situation is discussed below in more detail.

#### **One Month Until Transportation Reauthorization Deadline**

Transportation programs will expire on June 30<sup>th</sup> unless Congress can pass a reauthorization bill or another extension of current law. While the current "vibe" coming from the ongoing conference committee is very positive, there are still several controversial and expensive issues facing the bill. The calendar is also a factor. With the House in recess during the week of June 11<sup>th</sup>, there will be only three full weeks available for Members to work on the bill and for House and Senate floor time to be scheduled.

Moreover, there is a widespread recognition that the bill's passage, if that happens, will be only a short reprieve for transportation stakeholders. The bill currently being negotiated is only an 18-month reauthorization. If it passes by June 30<sup>th</sup>, it will expire at the end of 2013, leaving Congress in a position to undertake another bill almost immediately. Under normal circumstances, transportation programs are reauthorized for five years at a time, giving Congress plenty of breathing room to allow for bruises incurred during the negotiations to heal before the next fight begins.

Even more problematic is the other widespread recognition that the debate currently taking place ignores the "elephant in the room" — that our system for transportation infrastructure funding is no longer sustainable. The reason that the bill being negotiated right now only lasts until the end of 2013 is because that is when the Highway Trust Fund is predicted to run out of money. Increases to the gas tax are always highly controversial, and that solution would most likely be only temporary because economic trends indicate that the Highway Trust Fund is not going to be adequate for the nation's future needs. The next Transportation Authorization will need to find a new way to fund transportation projects, whether that is an increase to gas tax rates or shifting the projects from the Trust Fund to the general fund. Those decisions will be especially difficult given that the need to replace and expand infrastructure grows and becomes more expensive with each passing year.

#### **RECOMMENDATION**

This is an informational item for the Board of Directors to receive and file.

#### BACKGROUND

June 2012

- June 5, Upland High School GIES Dedication, 1:30 p.m.
- June 14, Water is Life Poster Contest Recognition, St. George Parish School (Ontario), 7:00 p.m.
- June 16, IEGF Sale Event, Ontario, Home Depot
- June 21, Project Watershed Education Workshop, IEUA Event Room, 9:00 a.m. to 3:00 p.m.
- June 22, Project Watershed Education Workshop, IEUA Event Room, 9:00 a.m. to 3:00 p.m.
- June 28, Summer Program-Raptor Encounters, Chino Creek Park
- June 30, IEGF Sale Event, South Upland, Home Depot

#### July 2012

- July 12, Summer Program-Nocturnal Animals, Chino Creek Park
- July 26, Summer Program-Star Party, Chino Creek Park

August 2012

• August 9, Summer Program-Watershed Movie, Chino Creek Park

Public Outreach and Communications June 20, 2012 Page 2

#### Outreach/Educational Inland Valley Daily Bulletin Newspaper Campaign

On May 18, 2012, a full page ad on IEUA's northwest recycled water dedication thanking Congressman Lewis and Congressman Dreier appeared in the Daily Bulletin. Staff has also submitted a Letter to the Editor from President Catlin and Vice President Camacho also thanking Congressman Lewis and Congressman Dreier. As soon as it appears in the paper, staff will distribute.

The monthly tips on ways to help conserve water continue to appear in our local newspapers each month.

#### Water Conservation Outreach

Regional Conservation Outreach Campaign

- Ongoing monthly ¼-page ads in the Inland Valley Daily Bulletin, Champion Newspaper, Fontana Herald News.
- Ongoing water wise gardening classes.

#### Educational Updates

- MWD's 10<sup>th</sup> Annual Solar Cup boat competition took place at Lake Skinner on May 18-20, 2012. IEUA and CVWD sponsored Los Osos High school located in Rancho Cucamonga. The team qualified for all rounds and placed seventh in sprint races out of 39 participating teams. Overall, Los Osos placed 22<sup>nd</sup> out of 39 teams. The team was recognized at the CVWD Board Meeting on May 22, 2012, where they received certificates from both CVWD and IEUA.
- Recognition presentations have been scheduled to award those students that placed in the "Water is Life" Student Art Poster Contest. There were three grade categories: kindergarten thru 5<sup>th</sup> grade; 6<sup>th</sup> grade thru 8<sup>th</sup> grade; 9<sup>th</sup> grade thru 12<sup>th</sup> grade. Winners received a gift card to Barnes and Noble book store. Their posters will be entered into MWD's regional poster contest. All participating teachers received a gift card to CM School Supply Store. Winners were from Chino, Upland, Ontario and Fontana schools.
- New schools for 2012-2013 have been announced: Edison Academy in Ontario, Etiwanda Intermediate in Rancho Cucamonga, Sultana Elementary in Ontario, and Vina Danks Middle in Ontario. Two of these schools will be our first middle school only gardens.

#### PRIOR BOARD ACTION

None.

#### **IMPACT ON BUDGET**

The above-mentioned activities are budgeted in the FY 20011/12 Administrative Service Fund, Public Information Services budget.

G;\Board-Rec\2012\12144 Public Outreach Communication Status 6-20-12,docx

# IEUA MONTHLY WATER NEWSLETTER

JUNE 2012 (REPORTING MAY 2012 DATA)

### **Highlights**

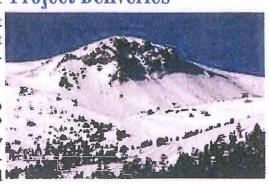

Wet April Boosts State Water Project Deliveries - DWR estimates it will be able to deliver 65% of requested State Water Project water this year. (Page 1)

DWR Celebrates 50 Years of Moving Water - DWR has been moving water through the State Water Project for 50 years. (Page 1)

## Department of Water Resources—State Water Project Deliveries

On May 23, the Department of Water Resources (DWR) estimated it will be able to deliver 65% of requested State Water Project (SWP) water this year. This is up from the 60% delivery estimate—or allocation—announced on April 16.

Originally, DWR projected in November that it would be able to supply 60% of the slightly more than 4 million acre-feet of SWP water requested, but a dry December, January and February dropped that figure to 50%. A wet March and above-average reservoir storage boosted the allocation back up to 60% in April, and increased to 65% thanks to April's wetter-than-usual weather.

## **Department of Water Resources**—50 Year Celebration

- On May 10, 1962, top water leaders joined then Governor Pat Brown as he lifted a plank to start the flow of water into the State Water Project's South Bay Aqueduct. A half-century later, with Pat Brown's son Governor Jerry Brown serving in office, we celebrate 50 years of moving California's water through the State Water Project.
- For five decades, the State Water Project has moved water for urban, agricultural and industrial uses, in addition to providing flood control, water quality improvements, fish and wildlife protection, enhancement of the natural environment, recreation, and power generation
- DWR Director Mark Cowin repeated the words said 50 years ago by then DWR Director William Warne about the first delivery of project water through the South Bay Aqueduct into Alameda County: "Through the canals and reservoirs of the State Water Project will flow water, the liquid lifeline." "He was right," Cowin said. "California's history, landscape and economy have been shaped by water, aided by thousands of dedicated men and women who have worked on the State Water Project, the Central Valley Project, and countless other local water systems that serve our communities, farms and families."

## **IEUA Water Supply Programs**

#### **Imported Water Deliveries**

In May 2012, IEUA and its member agencies purchased 5,618 AF of Tier I water (making the calendar year total approximately 34 %of the annual Tier I limit of 59,792 AF).

#### Dry Year Yield (DYY) Program

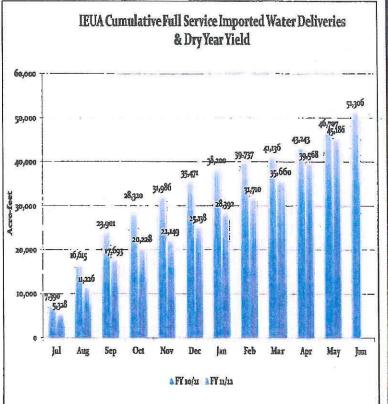

- The Dry Year Yield (DYY) Program is a conjunctive use program that provides additional dry year water supply reliability to the IEUA service area. This is a 20-year program (beginning in 2003) that will store imported water in wet years and extract groundwater during dry years. The storage account has a cap of 100,000 AF. The local DYY participants have already completed one full cycle (of storage and extraction).
- Over the past year, IEUA, TVMWD and Watermaster have meeting with MWD and reviewing their proposed revisions to the program. The proposal will be presented to the DYY participants in the month of April with the hopes of completing any revisions in time to begin storing MWD surplus water in the storage account.

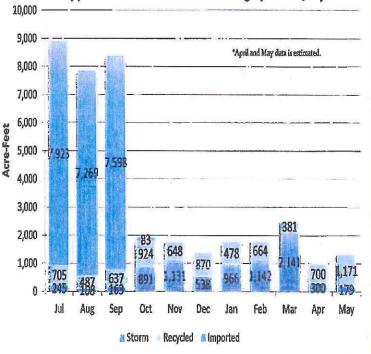

#### Chino Desalter Authority (CDA)

For the month of May, the two desalters produced 2,114 AF of water (of which 1,247 AF was delivered to IEUA retail agencies). The contracted entitlement is 24,600 AFY (but actual production is 25,000 to 26,000 AFY) and is scheduled for expansion to produce approximately 40,000 AFY by 2014, with the implementation of CDA Phase III.

#### Groundwater Recharge Program

Through May of Fiscal Year 2011/12, approximately 39,000 AF of storm, recycled and imported water has been recharged in the Chino Basin.

Edible landscaping in the Inland Empire: a guide to closate appropriate plants that produce tood

And in the Assessment of

#### Edible Landscaping in the Inland Empire A book listing and describing fruits, nuts, herbs, and veg-

etables that are climate appropriate in for the IEUA service area was completed and will be printed soon. It describes approximately 50 plants that reduce water consumption and provide a food source. Some of these plants have historical relevance to the area that was discussed in the booklet.

#### **Garden In Every School**

The Garden in Every School program chose four schools for the FY 2012/13 school year to receive gardens. This year we will be doing our first two middle-school-only gardens. The four selected schools are Edison Academy in Ontario, Sultana Elementary in Ontario, Vina Danks Middle School in Ontario, and Etiwanda Intermediate School in Rancho Cucamonga.

#### IEUA Recognizes Winners for the 2012 "Water is Life" Student Art Poster Contest

The Inland Empire Utilities Agency (IEUA) recently announced the winners of its annual 2012 "Water is Life" art poster contest. The contest was open to students in grades K-12 within IEUA's service area. The objective was for the students to be able to create an artistic poster manifesting wise water usage and water issues. IEUA received over 150 student entries from schools within the service area.

The student's entries were judged on originality, water message, portrayal of wise water use and the use of bold, bright colors. The entries were categorized by grade levels: kindergarten through fifth grade, sixth grade through eighth grade, and ninth grade through twelfth grade. The top three winners in each category received a certificate along with a gift card to a local book store. Each teacher with a winning entry received a gift card

2012 Poster Contest 1st Place Winner in 9th-12th Giade Category Jose Orosquieta from Don Lugo High School in the city of Chino

to a local school supply store. In addition, the winning entries were sent to the Metropolitan Water District of Southern California (MWD) to be entered into their regional art contest. The winners of MWD's contest will be announced in the fall and will be recognized at a special event in early December

"It is important for students within our community to understand water issues and be able to identify how to use water wisely. This art contest enables students to use their creativity while sending a message relaying the importance of water," said IEUA Board President Terry Catlin

#### Student Winners.

Kindergarten - Fifth Grade Category: 1st Place - Shelby Wu (Litel Elementary School, Chino Hills, 4th Grade), 2nd Place - Andres Jose Cardenas (St. George Parish School, Ontario, 2nd Grade), 3rd Place - Marina Takara (Heward Cattle Elementary School, Chino, 3rd Grade)

Sixth - Eighth Grade Category 1st Place - Juan Parada (Upland Junior High, Upland, 8th Grade); 2nd Place - Janice Parde (Fontana Middle School, Fontana, 8th Grade); 3rd Place - Darek Pham (Fontana Middle School, Fontana, 8th Grade) Grade)

Ninth - Twelfth Grade Cotegory 1st Place - Jose Orosquieta (Don Lugo High School, Chino, 12th Grade), 2nd Place - Greg Leon (Don Lugo High School, Chino, 9th Grade), 3rd Place - Jonathan Caballero (Don Lugo High School, Chino, 9th Grade)

#### Earth Day Celebration a Huge Success

IEUA co-hosted, along with the City of Chino and the Santa Ana Watershed Association, an Earth Day Celebration at the Chino Creek Wetlands and Educational Park on April 19, 2012. The Earth Day Celebration was open to schools that had scheduled field trips between 9:00 am and 2:00 pm. Over 1,200 students, teachers and parents attended the event from 9 different schools within the IEUA service area. All students received pre-event packets that contained t-shirts, backpacks, educational materials and other greenrelated giveaways. The Earth Day Celebration was also open to the public between 3:00 pm and 6:00 pm. A total of 1,000 community members participated in celebrating Earth Day at the Chino Creek Park.
