STAFF REPORT

DATE: July 10, 2014
TO: Pool Committee Members
SUBJECT: Treasurer's Report of Financial Affairs for the Period May 1, 2014 through May 31, 2014 - Financial Report B4 (May 31, 2014)

SUMMARY

Issue: Record of increases or decreases in the cash position, assets and liabilities of Watermaster for the Period of May 1, 2014 through May 31, 2014.

Recommendation: Receive and file Treasurer's Report of Financial Affairs for the Period May 1, 2014 through May 31, 2014 as presented.

Financial Impact: Funds disbursed were included in the FY 2013/14 "Amended" Watermaster Budget.

Future Consideration

Appropriative Pool: July 10, 2014; Receive and File
Non-Agricultural Pool: July 10, 2014; Receive and File

ACTIONS:

July 10, 2014 – Appropriative Pool –
July 10, 2014 – Non-Agricultural Pool –
July 10, 2014 – Agricultural Pool –
July 17, 2014 – Advisory Committee –
July 24, 2014 – Watermaster Board –

BACKGROUND

A Treasurer's Report of Financial Affairs for the Period May 1, 2014 through May 31, 2014 is provided to keep all members apprised of the total cash in banks (Bank of America, LAIF, and CalTRUST) and on hand at the Watermaster office (petty cash) at the end of the period stated. The Treasurer's Report details the change (increase or decrease) in the overall cash position of Watermaster, as well as the changes (increase or decrease) to the assets and liabilities section of the balance sheet. The report also provides a detailed listing of all deposits and/or withdrawals in the California State Treasurer's Local Agency Investment Fund (LAIF) and/or CalTRUST, the most current effective yield as of the last quarter, and the ending balance in LAIF as of the reporting date.

DISCUSSION

The Treasurer's Report of Financial Affairs has been created from various financial reports and statements created from QuickBooks Enterprise Solutions 13.0, the Watermaster accounting system. The Treasurer's Report provided, balances to the supporting documentation in the Watermaster accounting system, as well as the supporting bank statements.

STAFF REPORT

DATE: July 10, 2014
TO: Pool Committee Members
SUBJECT: Budget vs. Actual Report for the Period July 1, 2013 through May 31, 2014 -
Financial Report B5 (May 31, 2014)

SUMMARY

Issue: Record of revenues and expenses of Watermaster for the Period of July 1, 2013 through May 31, 2014.

Recommendation: Receive and file Budget vs. Actual Report for the Period July 1, 2013 through May 31, 2014 as presented.

Financial Impact: Funds disbursed were included in the FY 2013/14 "Amended" Watermaster Budget.

Future Consideration

Appropriative Pool: July 10, 2014; Receive and File
Non-Agricultural Pool: July 10, 2014; Receive and File
Agricultural Pool: July 10, 2014; Receive and File
Advisory Committee: July 17, 2014; Receive and File
Watermaster Board: July 24, 2014; Receive and File (Normal Course of Business)

ACTIONS:

July 10, 2014 – Appropriative Pool –
July 10, 2014 – Non-Agricultural Pool –
July 10, 2014 – Agricultural Pool –
July 17, 2014 – Advisory Committee –
July 24, 2014 – Watermaster Board –

BACKGROUND

A Budget vs. Actual Report for the period July 1, 2013 through May 31, 2014 is provided to keep all members apprised of the total revenues and expenses for the current fiscal year. The expense section is categorized into four distinct sections. Those sections are: General and Administrative Expenses; Optimum Basin Management Program Expenses; Project Expenses; and Other Income/Expenses.

DISCUSSION

The Budget vs. Actual report has been created from QuickBooks Enterprise Solutions 13.0, the Watermaster accounting system. The Budget vs. Actual report provided, balances to the supporting documentation in the Watermaster accounting system, as well as the supporting bank statements.

The first Budget Amendment was approved during the October 2013 meetings as a result of increased costs related to the Wineville Proof of Concept Project. The Watermaster Board approved Budget Amendment Form (A-13-10-01) on October 24, 2013. Budget Amendment Form (A-13-10-01) in the amount of \$62,150 increased the Amended FY 2013/14 budget from \$7,531,466 to \$7,593,616. Budget Amendment Form (A-13-10-01) was recorded to the accounting records for the accounting period ending November 30, 2013, and is included in this financial report. The amount of \$62,150 was included in account (7209.2) Wineville Basin.

The second Budget Amendment was approved during the February 2014 meetings as a result of increased labor cost related to a Personnel Matter and unbudgeted Brownstein Hyatt Farber Schreck legal costs. The Watermaster Board approved Budget Amendment Form (A-13-12-01) on February 27, 2014. Budget Amendment Form (A-13-12-01) in the amount of \$210,000 increased the FY 2013/14 Amended budget from \$7,593,616 to \$7,803,616. Budget Amendment Form (A-13-12-01) was recorded to the accounting records for the accounting period ending February 28, 2014, and is included in this financial report. The amount of \$60,000 was included in the budget under account (6015) Miscellaneous Payments, \$75,000 was included in the budget under account (6073) BHFS Legal - Personnel Matters, and \$75,000 was included in the budget under account (6907.42) Safe Yield Recalculation.

A Budget Transfer Form was approved during the March 2014 meetings as a result of increased engineering labor cost and other expenses related to the Safe Yield recalculation efforts. The Watermaster Board approved Budget Transfer Form (T-14-03-01) on March 27, 2014. The Budget Transfer Form (T-14-03-01) was a zero based document and only adjusted the budget amounts between the OBMP Engineering Services accounts. The Budget Transfer Form (T-14-03-01) re-allocated the Engineering Services budget by \$95,000 but did not change the "Amended" Budget amount from \$7,803,616. Budget Transfer Form (T-14-03-01) was recorded to the accounting records for the accounting period ending February 28, 2014, and is included in this financial report.

Year-To-Date (YTD) for the eleven months ending May 31, 2014, all but six categories were at or below the projected budget. Overall, the (YTD) Actual Expenses were \$2,081,325 or 27.9% below the (YTD) Budgeted Expenses of \$7,448,494. The six categories above budget were the Watermaster Administrative Salary/Benefits Costs (6010's) over budget by the amount of \$131,253; Insurance expenses (6080's) over budget by the amount of \$8,094; Conferences and Seminars expenses (6190's) over budget by the amount of \$1,237; Watermaster Board expenses (6300's) over budget by \$18,409; Appropriative Pool expenses (8300's) over budget by \$3,567; and OBMP expenses (6900's) over budget by \$19,571. Please note that the Watermaster Administrative Salary/Benefits Costs (6010's) are not the grand total of all Watermaster salary costs. The category (6010's) captures the portion of the total Watermaster Salary/Benefits Costs allocated to specific Administrative tasks. The consolidated Watermaster Salaries expenses are discussed in greater detail within their specific sections.

The Insurance budget was developed by Watermaster staff with the assumption of maintaining the existing levels of business insurance coverage as the previous fiscal years. There was no intent to add any new coverage(s). However, it was decided that Watermaster should apply and purchase Directors

and Officers Liability Insurance, which had not been part of the Watermaster insurance policies in the past. The application for coverage was submitted by our insurance broker to approximately ten to fifteen insurance carriers in June 2013 and Watermaster was accepted and approved for coverage. The cost of the D&O coverage was approximately \$7,500 which included the annual broker fee. For the June 2014 closing, a Budget Transfer Form will be submitted to adjust this budget category shortfall.

The Conferences and Seminars budget was developed by Watermaster staff with the assumption of specific staff attending authorized conferences, seminars and training functions. The fiscal year budget was approved at \$14,000 and consolidated expenses are over that amount by \$1,237 or 8.8%. The additional costs can be attributed to the training and study related costs for two Watermaster administrative employees to take the certification testing for the International Association of Administrative Professionals (IAAP). During the month of June, Watermaster was notified by IAAP that both Watermaster employees successfully passed their certifications. It is anticipated that for the June 2014 closing, a Budget Transfer Form will be submitted to adjust this budget category.

On February 24, 2014, a Watermaster Board briefing was held at the Chino Basin Water Conservation District office. The purpose of the briefing was to give the Board, Alternates, and Pool Chairs a solid understanding of the framework for their decisions. The topics included the Watermaster legal framework overview, Board role, staff functions, major achievements, current topics, and future considerations. Prior to the Watermaster Board briefing, the monthly Board expenses were tracking just slightly below the budget with regards to the Brownstein Hyatt Farber Schreck legal costs. On April 8, 2014, a Special Watermaster Board meeting was called to discuss the Safe Yield Recalculation status report to the Court. This Special Board meeting was not scheduled or assumed as part of the FY 2013/14 budget for legal services. The budgeted Watermaster staff hours allocated towards the Watermaster Board function had been running under budget Y-T-D. However, as a direct result of the unbudgeted additional Brownstein Hyatt Farber Schreck labor hours/costs related to the preparation and presentation of the Board briefing, and the status report to the Court for the Safe Yield Recalculation, this category is now over budget by \$18,409 or 13.3% as of May 31, 2014. It is anticipated that for the June 2014 closing, a Budget Transfer Form will be submitted to adjust this budget category shortfall.

As a direct result of additional consulting services expenses related to the Safe Yield Recalculation efforts, the Appropriative Pool Administrative expense section (8300's) is over budget by \$3,567 or 2.9%. It is anticipated that for the June 2014 closing, a Budget Transfer Form will be submitted to adjust this budget category.

As of May 31, 2014, the OBMP expense section (6900's) is over budget by \$19,571 or 1.8% as a direct result of continuing unbudgeted legal expenses for the Safe Yield Recalculation process. The OBMP expenses are discussed in greater detail within their specific section listed on pages 7 through 8.

SALARIES EXPENSE

Watermaster utilizes an in-house database time and attendance system to allocate staff's actual hours worked and also allocates the hours to a specific project or activity. Watermaster staff time could be charged to Administrative, OBMP, or Implementation Project categories. Recently, some Watermaster staff spent more time on administrative related tasks and less time on specific OBMP or project related areas. The additional administrative tasks are reflected in account 6011 (WM Staff Salaries), which is over budget by \$100,225 or 20.5%. When the FY 2013/14 budget was developed, basic assumptions were used in allocating how staff's time would be spent and on which projects or activities. The staffing dollars were then allocated into those specific areas and budgeted on a 1/12 monthly budget. When actual staffing activities vary from the budgeted assumptions, a positive or negative variance can be created. This is what is currently occurring within the Administrative Salary/Benefit costs category.

As of May 31, 2014, the total (YTD) Watermaster salary expenses are \$15,226 or 1.1% below the (YTD) budgeted amount of \$1,342,452. The budget was developed with a staffing level of nine Full-Time Equivalents (FTE's). As of May 31, 2014, the actual staffing level was nine Full-Time Equivalents

(FTE's). For the months of July 2013 through November 2013, the vacant Executive Assistant position was being filled by a temporary employee from an Employment Agency. Those temporary employee costs are included as part of the Salaries expenses listed below in account (6017.1) Temp Services-Executive Assistant. With regards to the Executive Assistant position, the position was filled by Anna Truong who started officially as a Watermaster employee on Wednesday, December 4, 2013. Bianca Ruiz was on a 12-week maternity/FMLA leave effective February 10, 2014 and her position had been temporarily filled using an employment agency. The temporary employee costs are included as part of the Salaries expenses listed below in account (6017.2) Temp Services-Office Specialist Services. Bianca returned to work from FMLA leave on Monday, May 5, 2014.

The table summarizes the Year-To-Date (YTD) Actual Watermaster salary costs compared to the Year-To-Date (YTD) Budget as of May 31, 2014. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The following details are provided:

BROWNSTEIN HYATT FARBER SCHRECK EXPENSES

As of May 31, 2014, the total (YTD) BHFS legal expenses are \$96,692 or 11.4% above the (YTD) budgeted amount of \$851,287. No one category or expense line item was the direct result of the budget

average. Some of the specific legal categories were under budget for the month, while other categories were over the budget.

The Watermaster Legal Services budget was developed jointly by the Watermaster staff and Brownstein Hyatt Farber Schreck staff with specific assumptions regarding the tasks and legal activities that would occur during FY 2013/14. The total budget was developed by multiplying the number of hours that would be required to complete the specific tasks by the hourly rate. Unfortunately, three specific activities were never included as part of the budget when initially developed and approved, and while another activity was anticipated and budgeted for, it was not budgeted at the level of legal support required. These activities were Personnel Matters (6073), CCG Motion (6078.12), Safe Yield Recalculation (6907.42), and RMPU-City of Fontana Motion (6907.43). Budget Amendment Form A-13-12-01 in the amount of \$150,000 was approved by the Watermaster Board on February 27, 2014. This Budget Amendment allocated \$75,000 to account (6073) Personnel Matters and \$75,000 to account (6907.42) Safe Yield Recalculation.

CCG Motion, Safe Yield Recalculation and RMPU-City of Fontana Motion: As new legal activities are established, an account code is developed and assigned to capture the costs. To date, there have been three new accounts created. As of May 31, 2014 the CCG Motion (6078.12) has cumulative year-to-date costs of \$75,127; Safe Yield Recalculation (6907.42) has cumulative year-to-date costs of \$181,514; and RMPU-City of Fontana Motion (6907.43) has cumulative year-to-date costs of \$164,211. Please note these costs were not anticipated or expected when the FY 2013/14 legal services budget was developed and approved. The amount of \$75,000 from Budget Amendment Form (A-13-12-01) was allocated to account (6907.42) Safe Yield Recalculation as of February 28, 2014.

Personnel Matters: As reported during the current monthly meetings, Watermaster's legal counsel filed an appeal with CalPERS regarding CalPERS original determination (from February 2013) which rejected the base salary of the former CEO, Desi Alvarez, with regards to his retirement pension benefit. There have been several filings of appeal and we are awaiting CalPERS determination. On December 9, 2013 CalPERS notified the attorneys of record that the CalPERS Legal Office received the case on November 22, 2013 and we would be notified when the case has been assigned to an attorney who will represent CalPERS regarding the appeal. On February 27, 2014 the case was assigned to Wesley E. Kennedy, Senior Staff Attorney for CalPERS. Aside from the Alvarez appeal and a separate issue, a former employee's attorney had recently informed Watermaster of a potential wrongful termination suit against Watermaster. As of May 31, 2014 both activities totaled \$88,061 and these activities were not part of the original fiscal year budget amount of \$757,490. As reported during the Watermaster Board meeting of December 19, 2013 after the closed session, the wrongful termination matter has been settled through mediation in December, 2013. These two separate legal activity expenses are recorded under Personnel Matters (6073). The amount of \$75,000 from Budget Amendment Form (A-13-12-01) was allocated to account (6073) BHFS Legal-Personnel Matters as of February 28, 2014.

The anticipated activity for this category was the General Manager's annual evaluation, along with the development of the General Manager's employment contract. All of the ongoing employment related costs for the General Manager was budgeted at \$7,000. The cost to date for the employment contract was \$6,084 and the cost for the General Manager's annual evaluation was \$7,799. The total activity for this category was \$13,883.

Overall, the Watermaster Administrative Legal Services expense (6070's), as of May 31, 2014, was \$12,625 or 4.3% below the budgeted amount of \$293,204.

As approved during the June 2013 meetings, the Pools, Advisory Committee and the Board meeting for the month of July 2013 were not held. However, there were several other special and confidential meetings held during the month of July for the Appropriative Pool, Agricultural Pool and Board. As a result, the related meeting expenses from (BHFS) within the accounts (6275, 6375, 8375, 8475 and 8575) were lower than budgeted. Overall, this category of legal expenses as of May 31, 2014 was \$13,606 or 6.8% below the budgeted amount of \$200,420.

The OBMP legal expenses were above the budget for the month. As mentioned above, there were two new accounts added to the OBMP section. The accounts were the Safe Yield Recalculation (6907.42) and the RMPU-City of Fontana Motion (6907.43). Only the Safe Yield Recalculation has budget dollars allocated in the amount of \$75,000 as a result of Budget Amendment Form (A-13-12-01). The Recharge Master Plan legal expenses were \$53,538 or 134.9% above the budget of \$39,700. As of May 31, 2014 the category of OBMP legal expenses was \$122,923 or 34.4% above the budgeted amount of \$357,663.

The table listed below summarizes the Brownstein Hyatt Farber Schreck (BHFS) expenses as of May 31, 2014 compared to the Year-To-Date (YTD) budget. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The following details are provided:

Note 1: The types of legal activities that have been charged against the "Miscellaneous" legal category account 6078 are as follows: (1) Correspondence and discussions with Watermaster staff regarding current issues/topics; (2) Correspondence with Watermaster staff regarding special projects (assessment package, annual report, audit report, business plan, etc.); (3) Brownstein's status review of ongoing Watermaster projects and issues; (4) Brownstein's update of the outstanding issues list; (5) Coordination of ongoing Watermaster projects; (6) Review of draft documents; (7) CCG/CSI/ACM Lawsuit; (8) Court approval of substitution rate for Exhibit "G"; and (9) Miscellaneous legal research on current and pending issues.

Note 2: As discussed at the Non-Ag Pool meeting of March 13, 2014, costs of \$12,563 related to the CCG/CSI/ACM Lawsuit and Court approval of substitution rate for Exhibit "G" were reclassified from account 8575 (BHFS Legal-Non-Ag Pool) to 6078 (BHFS Legal-Miscellaneous). The unbudgeted activities for the Non-Ag Pool were the TAMCO intervention and the City of Chino intervention. There were also legal activities related to Rules and Regulations, and quorum. These unbudgeted activities explain why the Non-Ag category is over budget.

OBMP ENGINEERING SERVICES AND LEGAL COSTS

For May 31, 2014, the accounts 6901-6903 (Optimum Basin Mgmt Program) section was below the Year-To-Date (YTD) budget by \$61,536 or 29.9%. Watermaster utilizes an in-house database time and attendance system to allocate staff's actual hours worked and also allocates the hours to a specific project or activity. Watermaster staff time could be charged to Administrative, OBMP, or Implementation Project categories. Recently, Watermaster staff spent less time on specific OBMP related areas and more time on administrative related tasks. As a result, Watermaster staff allocated less actual time to the OBMP project as budgeted, which resulted in an under budget variance of \$62,996 or 32.3%. The remaining expense was the Santa Ana Watershed Project Authority (SAWPA) FY 2013/14 Basin Monitoring Program Task Force Contribution which was budgeted at \$11,000 but actual expenses were \$12,460, an over budget by \$1,460 or 13.3%.

For May 31, 2014, the accounts 6906 (Optimum Basin Mgmt Program Engineering Services) section was below the Year-To-Date (YTD) budget by \$34,281 or 6.4%. The Engineering Services were \$15,719 or 3.2% above the budgeted expenses of \$488,186. The Budget Transfer Form (T-14-03-01) re-allocated the Engineering Services budget by \$95,000 and increased the account 6906.1 (OBMP-Watermaster Model Update) from \$101,000 to \$196,000. Please be advised that the Budget Transfer Form only re-allocated a portion of the existing engineering budget, it did not change the "Amended" Budget amount. Also within the 6906 category is the amount of \$50,000 budgeted for the updating of the Sunding Reports, which has not been authorized by the Appropriative Pool. While the amount of \$50,000 was included as part of the FY 2013/14 budget, the \$50,000 was never part of the Assessment invoicing issued in November, 2013. If the update of the Sunding Report was to be authorized by the Appropriative Pool, the amount of \$50,000 would need to be funded by a special assessment invoice issued to the Appropriators.

Within the category 6907 (Optimum Basin Mgmt Program Legal Fees) are the remaining Brownstein Hyatt Farber Schreck (BHFS) Watermaster's legal expenses. Within the legal expense category, some individual line item activities were above the budget by \$324,263 while some other line item activities were below the budget by \$201,340. Above the budget line items were the Recharge Master Plan of \$53,538; the Safe Yield Recalculation of \$106,514; and the RMPU-City of Fontana Motion of \$164,211. The individual legal projects/activities that were below budget for the Year-To-Date (YTD) period were the Archibald South Plume of \$26,102; the Chino Airport Plume of \$44,823; the Desalter/Hydraulic Control of \$21,228; the Santa Ana River Water Rights of \$24,413; the Santa Ana River Habitat of \$19,940; the Regional Water Quality Control Board of \$11,716; Storage Agreements of \$12,945; the Prado Basin Habitat Sustainability of \$17,142; and the WM Unanticipated of \$23,031. The amount of \$75,000 from Budget Amendment Form (A-13-12-01) was allocated to account (6907.42) Safe Yield Recalculation as of February 28, 2014. For the eleven months ended May 31, 2014, the overall cumulative (YTD) budget was \$357,663 and the actual (BHFS) legal expenses totaled \$480,586 which resulted in an over budget variance of \$122,923 or 34.4%.

The OBMP Other Expenses (6909's) were below the budget for the month. These expenses are typically conference calls, meeting expenses, supplies, annual inspection fees, and other miscellaneous type expenses. As of May 31, 2014 this category of expenses was \$7,536 or 67.6% below the budgeted amount of \$11,144.

Overall, the Optimum Basin Management Program (OBMP) category was \$1,132,338 compared to a (YTD) budget of \$1,112,768 for an over budget of \$19,570 or 1.8% as of May 31, 2014.

The table listed below summarizes the Optimum Basin Management Program (OBMP) expenses as of May 31, 2014 compared to the Year-To-Date (YTD) budget. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The following details are provided:

OBMP IMPLEMENTATION PROJECTS COSTS

As of May 31, 2014, the total (YTD) Engineering Services expenses are \$436,421 or 24.1% below the (YTD) budget amount of \$1,812,437. The OBMP Implementation Projects (accounts 7100's – 7700's) were all (Under) budget as of May 31, 2014. A Budget Transfer Form was approved during the March 2014 meetings as a result of increased engineering labor cost and other expenses related to the Safe Yield recalculation efforts. The Watermaster Board approved Budget Transfer Form (T-14-03-01) on March 27, 2014. The Budget Transfer Form (T-14-03-01) was a zero based document and only adjusted the budget amounts between the OBMP Engineering Services accounts of 6906.1, 7104.3, 7303, 7502 and 7602. The Budget Transfer Form (T-14-03-01) re-allocated the Engineering Services budget by \$95,000 but did not change the "Amended" Budget amount.

The approved original Engineering Services budget of \$1,825,362 was increased by \$107,406 to the final amended amount of \$1,932,768 for FY 2013/14 as provided in the Task Order. The amount of \$107,406 is comprised of \$19,508 from account (7107.2) and \$87,898 from account (7108.7), both amounts from FY 2012/13 which have been "Carried Over" into the current FY 2013/14 budget. The breakdown of the total Task Order amount of \$1,932,768 includes direct labor costs for Wildermuth Environmental, Inc. (69%) along with other direct charges such as equipment rental, laboratory fees, travel costs, reproduction costs, and outside professional services (31%).

While the year-to-date actual expenses as of May 31, 2014 are currently under budget, there are no immediate plans to rearrange or adjust the overall Engineering Services budget to reflect any anticipated savings until the June 30th closing. The latest Wildermuth Environmental, Inc. projection for the Engineering Services budget anticipates an expected overall savings for the fiscal year of \$189,601, with the budget at \$1,743,166. A Task Order Amendment was received and Budget Transfer Form (T-14-03-01) has been recorded as of March 31, 2014.

The table listed below summarized the Year-To-Date (YTD) Actual Wildermuth Environmental, Inc., (WEI) and other Engineering costs compared to the Year-To-Date (YTD) Budget as of May 31, 2014. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The following details are provided:

* Wildermuth and Subcontractor Engineering Budget of \$1,825,362 plus Carryover Funds from FY 2012/13 of \$107,406 = \$1,932,768
Carryover Funds FY 2012/13 = \$19,508 (7107.2) and \$87,898 (7108.7) = \$107,406

PRADO BASIN HABITAT SUSTAINABILITY PROGRAM

The Prado Basin Habitat Sustainability Program came about as a result of the Peace II Agreement SEIR mitigation measure 4.4-3 and was adopted by IEUA's Board in October, 2010. The purpose of the mitigation measure is to ensure that the Prado Basin riparian habitat will not be impacted by Hydraulic Control. The basic program tasks are to convene a committee that will develop this adaptive management plan, to install necessary monitoring wells, to complete vegetation and aerial surveys, and to implement photo station monitoring. In terms of the financial aspects of this program, there is a cost sharing agreement, which was approved by the Watermaster Board in September, 2012 for a total budget of \$440,000. The cost sharing agreement between IEUA and Watermaster was increased from \$220,000 to \$300,000 effective August 22, 2013 with the approval of the Board. This is a 50/50 cost sharing agreement between Watermaster and IEUA with a not to exceed amount of \$300,000 for each party. Included in that cost is hiring a consultant to develop the adaptive management plan, WEI performing the project management tasks related to the monitoring well installation, hiring a contractor to construct and install up to seventeen monitoring wells at nine separate sites, and United States Bureau of Reclamation performing vegetation monitoring every three years. Grants have been applied for to offset the cost of this program; however, the Grants were not approved.

The process of invoicing IEUA for their 50% portion of the (WEI) invoices will be completed by Watermaster staff at the end of every quarter. The information listed below is provided for the period of May 1, 2012 through May 31, 2014:

	Wildermuth Environmental, Inc.	50% Billing "TO" IEUA	50% Billing "FROM" IEUA	Costs For Watermaster	Watermaster Staff "Hours"	Watermaster Staff "Costs"

OTHER INCOME AND EXPENSE

There were no other significant items to report within the category of Other Income and Expenses for the month ending May 31, 2014.

"CARRY OVER" FUNDING

The Watermaster Board approved the Operating Cash Reserve Policy 4.17 on March 22, 2012. Section 4.17.6 of the policy (Carry-over Expenses) provides Watermaster staff the authority to carryover unfinished capital projects or related expenses from one fiscal year to the next. These expenses would be included as an amendment to the current year's budget. However, because these unfinished capital projects or related expenses had been previously funded from the Assessment process, they would be excluded from the upcoming Assessment process. If these expenses were not excluded, they would be funded for multiple times over. The current policy does not address a minimum or maximum dollar amount or how long the "Carry Over" expenses can be maintained.

Once the FY 2012/13 period as of June 30, 2013 was closed, the amount of unfinished capital projects and related engineering costs were calculated and the "Carry Over" funding amount was added to the current FY 2013/14 budget. The Total "Carry Over" funding amount of \$806,730 was posted to the accounts as of July 31, 2013. The total amount of \$806,730 consisted of \$529,924 "Carried Over" from the FY 2012/13 expense funding and \$276,806 "Carried Over" from FY 2011/12 expense funding. The remaining amount of \$104,977 from FY 2011/12 for the Chino Hills ASR Project has been combined with

the remaining funding amount of \$122,518 from FY 2012/13 for the Chino Hills ASR Project for a total amount of \$227,495 in account 7107.62 ($\$104,977 + \$122,518 = \$227,495$).

Unspent funds from the Engineering Services budget from FY 2012/13 in account 7107.2 and 7108.7 ($\$19,508$ and $\$87,898$ respectively) were "Carried Over" into the current FY 2013/14 budget. These funds were from the Ground Level Monitoring (7107.2) and the Prado Basin Hydraulic Control (7108.7). The Recharge Proof of Concept amount of \$300,000 from FY 2012/13 (account 7209) was "Carried Over" into the budget for FY 2013/14. An amount of \$150,000 has been coded to account (7209.1) for the Jurupa Pumping Station and the remaining amount of \$150,000 has been coded to account (7209.2) for the Wineville Basin Proof of Concept.

Watermaster carried over \$171,829 ($\$61,236 + \$30,900 + \$58,193 + \$21,500 = \$171,829$) from FY 2011/12 into the Recharge Improvements Project categories. The amount of \$272,829 was the original total amount from FY 2011/12 less the amount of \$101,000 spent in FY 2012/13 leaving the balance of \$171,829 to carry over into the FY 2013/14 ($\$272,829 - \$101,000 = \$171,829$). The amount of \$61,236 has been appropriated for use for the ongoing Turner Basin Improvements (7690.2); \$30,900 has been appropriated for the Hickory Basin improvement project (7690.3); \$58,193 has been appropriated for the CB20 Turnout improvement project (7690.5); and the remaining amount of \$21,500 has been appropriated for Other Recharge Improvement Projects (7690.9).

As invoices are received from the vendors and booked against these items listed above, the "Carried Over" balance will be reduced throughout the current fiscal year. At June 30, 2014, any remaining balances of the FY 2011/12 and FY 2012/13 expenses (if any), along with any new FY 2013/14 expenses, will then be "Carried Over" into the FY 2014/15 budget.

As of May 31, 2014, the total (YTD) amount remaining of the "Carried Over" funding is \$654,652 ($\$806,730 - \$152,078 = \$654,652$). The following details are provided:

"Carried Over" Expenses At June 30, 2013

AUDIT FIELD WORK

FY 2012/13:

Auditors from the audit firm of Charles Z. Fedak & Company were previously onsite at the Watermaster offices during the months of May 2013 and August 2013 to conduct scheduled field work for the FY 2012/13 financial audit. Final field work was completed and the audit firm developed the Annual Financial and Audit Reports in early November 2013. The presentation of the "Draft" Annual Financial and Audit Reports to the Board by the Senior Manager of Charles Z. Fedak & Company was presented on

November 21, 2013. The "Final" Annual Financial and Audit Reports for FY 2012/13 were posted to the Watermaster website on December 10, 2013.

FY 2013/14:

Auditors from the audit firm of Charles Z. Fedak & Company were onsite at the Watermaster offices on May 12, 2014 to conduct scheduled field work for the FY 2013/14 financial audit. Final field work is tentatively scheduled during the month of August, 2014. As in past years, the presentation of the "Draft" Annual Financial and Audit Reports to the Board by the Senior Manager of Charles Z. Fedak & Company is planned for the Board meeting on November 20, 2014. The "Final" Annual Financial and Audit Reports for FY 2013/14 are planned to be posted to the Watermaster website in December 2014.

ASSESSMENT INVOICING

The Watermaster Board approved the FY 2013/14 Assessment Package at the November 21, 2013 meeting. Watermaster staff also created and emailed the Assessment invoices on Thursday, November 21, 2013. The Assessment invoices were due 30 days from invoice date, so payment should have been received by Watermaster on or before Monday, December 23, 2013, prior to the Holiday office closure. At the time of this report being written, all payments totaling \$10,913,282.83 have been received and posted.

This year's Assessment invoicing included the standard Assessment amounts per the Assessment Package, along with any Special Assessments and the "Excess Cash Reserve" refund credits. The Appropriative Pool had a Special Assessment of \$75,000 as approved during the budgeting process. The \$75,000 was allocated to the Appropriative Pool members based upon prorated actual production numbers from 2012/13. The Non-Agricultural Pool had a Special Assessment of \$60,000 as approved during a Confidential Session on September 12, 2013. The \$60,000 was allocated to the Non-Agricultural Pool members based upon prorated actual production numbers from 2012/13. The Excess Cash Reserves refunds were \$9,493 to the Appropriative Pool members and \$2,491 to the Non-Agricultural Pool members. The refunds were applied as credits on the Assessment invoices and allocated based upon last year's percentage of assessments paid.

This year's Assessment invoicing included the billing for the Pomona Credit for the current year, as well as the prior year's activity which was not billed for. If you recall, last year's payment to the City of Pomona in the amount of \$53,030.93 was paid in the month of July 1713 as approved by the Board on March 31, 2013. The City of Pomona received a credit on their Assessment invoice in the amount of \$53,030.93 for this year.

Also included on the Assessment invoices was the 5th and final "True-Up" billing of the Appropriative Pool members for the Non-Agricultural Pool Stored Water Purchase. Per the terms of the Paragraph 31 Settlement Agreement dated April 18, 2012, the 5th and final annual payment totaling \$3,873,238.87 was due to the Non-Agricultural Pool members for the Stored Water Purchase on or before January 15, 2014. The actual check date of the 5th and final payments was January 6, 2014.

FY 2013/14 EXHIBIT "G" NON-AGRICULTURAL POOL SALE OF WATER

Pursuant to Exhibit "G" of the Restated Judgment, members of the Overlying (Non-Agricultural) Pool may annually transfer water to members of the Appropriative Pool through a Watermaster clearinghouse process. Watermaster purchases water from the Overlying (Non-Agricultural) Pool members, which Watermaster then transfers to the members of the Appropriative Pool based on the prescribed process. Members of the Appropriative Pool purchasing water through the process must complete their payments to Watermaster by June 30 of the fiscal year. Watermaster has determined that California Speedway and Aqua Capital Management are in compliance with Restated Judgment, Exhibit "G" ¶9(g), authorizing 2013-2014 Exhibit "G" Physical Solution Transfers.

The invoices to the seven Appropriators who purchased Exhibit "G" water from the Non-Agricultural Pool were issued on April 2, 2014 totaling \$2,483,329.82. As of May 31, 2014, three of the seven payments have been received totaling \$783,337.14 leaving a balance remaining of \$1,699,992.68 due on or before June 30, 2014. Once Watermaster has received all of the payments from the Appropriators and those payments have cleared the bank, Watermaster will issue payment to California Speedway in the amount of \$486,260.00 (1,000.000 AF x \$486.26 = \$486,260.00) and Aqua Capital Management in the amount of \$1,997,069.82 (4,107.000 AF x \$486.26 = \$1,997,069.82).

UPDATE: As of June 30, 2014 all payments totaling \$2,483,329.82 have been received by the Appropriators and the payments to the two Non-Agricultural Pool members have been issued.

CHINO BASIN WATERMASTER

I. CONSENT CALENDAR

C. WATER TRANSACTIONS

CHINO BASIN WATERMASTER

NOTICE

OF

APPLICATION(S)

RECEIVED FOR

WATER TRANSACTIONS – ACTIVITIES

Date of Notice:

July 3, 2014

This notice is to advise interested persons that the attached application(s) will come before the Watermaster Board on or after 30 days from the date of this notice.

ANOTICE OF APPLICATION(S) RECEIVED

Date of Application: **April 7, 2014**

Date of this notice: **July 3, 2014**

Please take notice that the following Application has been received by Watermaster:

- Notice of Sale or Transfer – The permanent transfer of 82.858 acre-feet share of Safe Yield from Ameron International Corporation (“Ameron”) to TAMCO, a California Corporation (“TAMCO”). Additionally, all carryover and water in storage as of July 1, 2013 is to be transferred to TAMCO.

This *Application* will first be considered by each of the respective pool committees on the following dates:

Appropriative Pool: July 10, 2014

Non-Agricultural Pool: July 10, 2014

Agricultural Pool: July 10, 2014

This *Application* will be scheduled for consideration by the Advisory Committee *no earlier than thirty days from the date of this notice and a minimum of twenty-one calendar days* after the last pool committee reviews it.

After consideration by the Advisory Committee, the *Application* will be considered by the Board.

Unless the *Application* is amended, parties to the Judgment may file *Contests* to the *Application* with Watermaster *within seven calendar days* of when the last pool committee considers it. Any *Contest* must be in writing and state the basis of the *Contest*.

Watermaster address:

Chino Basin Watermaster
9641 San Bernardino Road
Rancho Cucamonga, CA 91730

Tel: (909) 484-3888
Fax: (909) 484-3890

CHINO BASIN WATERMASTER

NOTICE OF TRANSFER OF WATER

Notification Dated: July 3, 2014

A party to the Judgment has submitted a proposed transfer of water for Watermaster approval. Unless contrary evidence is presented to Watermaster that overcomes the rebuttable presumption provided in Section 5.3(b)(iii) of the Peace Agreement, Watermaster must find that there is "no material physical injury" and approve the transfer. Watermaster staff is not aware of any evidence to suggest that this transfer would cause material physical injury and hereby provides this notice to advise interested persons that this transfer will come before the Watermaster Board on or after 30 days from the date of this notice. The attached staff report will be included in the meeting package at the time the transfer begins the Watermaster process (comes before Watermaster).

PETER KAVOUNAS, P.E.
General Manager

DATE: July 3, 2014
TO: Watermaster Interested Parties
SUBJECT: Summary and Analysis of Application for Water Transaction

Summary –

There does not appear to be a potential material physical injury to a party or to the Basin from the proposed transaction as presented.

Issue –

Notice of Sale or Transfer – The permanent transfer of 82.858 acre-feet share of Safe Yield from Ameron International Corporation (“Ameron”) to TAMCO, a California Corporation (“TAMCO”). Additionally, all carryover and water in storage as of July 1, 2013 is to be transferred to TAMCO.

Recommendation –

1. Continue monitoring as planned in the Optimum Basin Management Program.
2. Use all new or revised information when analyzing the hydrologic balance and report to Watermaster if a potential for material physical injury is discovered, and
3. Approve the transaction as presented.

Fiscal Impact –

- None
- May reduce assessments under the 85/15 rule
- Reduce desalter replenishment costs

Background

The Court approved the Peace Agreement, the Implementation Plan and the goals and objectives identified in the OBMP Phase I Report on July 13, 2000, and ordered Watermaster to proceed in a manner consistent with the Peace Agreement. Under the Peace Agreement, Watermaster approval is required for applications to store, recapture, recharge or transfer water, as well as for applications for credits or reimbursements and storage and recovery programs.

Where there is no material physical injury, Watermaster must approve the transaction. Where the request for Watermaster approval is submitted by a party to the Judgment, there is a rebuttable presumption that most of the transactions do not result in Material Physical Injury to a party to the Judgment or the Basin (Storage and Recovery Programs do not have this presumption).

The following application for water transaction is attached with the notice of application.

- Notice of Sale or Transfer – The permanent transfer of 82.858 acre-feet share of Safe Yield from Ameron International Corporation (“Ameron”) to TAMCO, a California Corporation (“TAMCO”). Additionally, all carryover and water in storage as of July 1, 2013 is to be transferred to TAMCO.

Notice of the water transaction identified above was mailed on July 3, 2014 along with the materials submitted by the requestors.

DISCUSSION

Under Exhibit G, paragraph 6, of the Judgment: “Rights herein decreed are appurtenant to that land and are only assignable with the land for overlying use thereon; provided however, . . . (b) the members of the Pool shall have the right to Transfer or lease their quantified production rights within the Pool or to Watermaster in conformance with the procedures described in the Peace Agreement between the Parties therein, dated June 29, 2000 for the term of the Peace Agreement.” The Peace Agreement and Peace II Agreement thus modified the strict appurtenancy requirement to allow Transfers of the water rights under certain conditions.

Ameron International Corporation (Ameron) is an original Party to the Judgment, and originally held 97.858 acre-feet of Safe Yield in the Overlying (Non-Agricultural) Pool. Ameron recently sold a portion (i.e., 30.7 acres) of its real property to TAMCO, a California Corporation (TAMCO), and, in September 2013, a permanent transfer was approved by Watermaster for 15.000 acre-feet of Ameron’s adjudicated Safe Yield rights to TAMCO for use on the TAMCO property. (At the time of the transfer, TAMCO Intervened into the Non-Agricultural Pool.) After that transfer, Ameron’s remaining adjudicated Safe Yield right was 82.858 acre-feet.

Ameron and TAMCO have submitted the Consolidated Water Transfer Forms 3, 4 and 5, which indicate that Ameron would now like to permanently transfer the remaining 82.858 acre-feet of its adjudicated Safe Yield rights to TAMCO, and in addition, all carryover and water in storage as of July 1, 2013. Prior to these purchases, Ameron leased property to TAMCO for its operation of a steel production facility. The lease allowed TAMCO to utilize some of Ameron’s produced water that was accounted for in Ameron’s water rights. TAMCO is expected to continue its operation in a similar manner after this purchase utilizing the water rights transferred from Ameron. The transfer from Ameron to TAMCO does not involve any change of use or additional groundwater extractions not provided for under the Judgment. As a result, the transfer will not result in any “material physical injury” to any party.

Water transactions occur each year and are included as production by the respective entity (if produced) in any relevant analyses conducted by Wildermuth Environmental pursuant to the Peace Agreement and the Rules & Regulations. There is no indication additional analysis regarding this transaction is necessary at this time. As part of the OBMP Implementation Plan, continued measurement of water levels and the installation of extensometers are planned. Based on no real change in the available data, we cannot conclude that the proposed water transaction will cause material physical injury to a party or to the Basin.

Re: Remaining Transfer of Ameron Inc. Chino Basin Water Rights

Dear Peter and Bradley:

In 2013, TAMCO, a California Corporation ("TAMCO") purchased 30.7 acres of property from Ameron International Corporation (fka "Ameron Inc." or "Ameron") at which time 15 acre-feet of Ameron's share of Safe Yield was transferred to TAMCO. Ameron has agreed to transfer its remaining 82.858 acre-feet share of Safe Yield to TAMCO. Additionally, the remainder of Ameron's water in storage, an estimated 264.274 acre-feet at this time, is also to be transferred to TAMCO. Under the Chino Basin Judgment, the transfer, of course, is subject to the approvals of the Chino Basin Watermaster ("Watermaster").

Please find attached the executed consolidated Form 3, 4, and 5 (Application to Transfer Annual Production Right or Safe Yield). The transfer from Ameron to TAMCO does not involve any change of use or additional groundwater extractions not provided for under the Judgment. As a result, the transfer will not result in any "material physical injury" to any party.

Thank you for your assistance. Please feel free to contact Jeff Dambrun at (909) 899-0660 Ext. 5291 if you any questions or need further information regarding the transfer.

Re: Remaining Transfer of Ameron Inc. Chino Basin Water Rights

Dear Peter and Bradley:

In 2013, Ameron International Corporation (fka "Ameron Inc." or "Ameron") sold 30.7 acres of property to TAMCO, a California corporation ("TAMCO") at which time a 15 acre-feet of Ameron's share of Safe Yield was permanently transferred to TAMCO. Ameron agrees to permanently transfer its remaining 82.858 acre share of Safe Yield to TAMCO. In addition, Ameron also agrees to permanently transfer all of its carryover and water in storage as of July 1, 2013. Of course, under the Chino Basin Judgment, the transfer is subject to the approval of the Chino Basin Watermaster ("Watermaster").

TAMCO will assume responsibility for paying all fees associated with these water rights. I have executed a Consolidated Form 3, 4 and 5 ("Application to Transfer Annual Water Rights or Safe Yield"). The transfer from Ameron to TAMCO does not involve any change of use or additional groundwater extraction not provided for under the Judgment. The transfer will not result in any "material physical injury" to any party.

Thank you for your assistance. If you have any questions or need further information, please feel free to contact me at (602) 252-7111, Ext 119.

Have any other transfers been approved by Watermaster between these parties covering the same fiscal year? Yes No

PURPOSE OF TRANSFER:

- Pump when other sources of supply are curtailed
- Pump to meet current or future demand over and above production right
- Pump as necessary to stabilize future assessment amounts
- Other, explain Permanent Transfer of Non-Agriculture Pool Water Rights in Association with Purchase of Industrial (Non-Agricultural) Land.

WATER IS TO BE TRANSFERRED FROM:

- Annual Production Right (Appropriative Pool) or Operating Safe Yield (Non-Agricultural Pool)
- Storage
- Annual Production Right / Operating Safe Yield first, then any additional from Storage
- Other, explain _____

WATER IS TO BE TRANSFERRED TO:

- Annual Production Right / Operating Safe Yield (common)
- Storage (rare)
- Other, explain _____

Consolidated Forms 3, 4 & 5 cont.

IS THE 85/15 RULE EXPECTED TO APPLY? (If yes, all answers below must be "yes.") Yes No
Is the Buyer an 85/15 Party? Yes No
Is the purpose of the transfer to meet a current demand over and above production right? Yes No
Is the water being placed into the Buyer's Annual Account? Yes No

IF WATER IS TO BE TRANSFERRED FROM STORAGE:

<u>Varies</u>	<u>As needed</u>
Projected Rate of Recapture	Projected Duration of Recapture

METHOD OF RECAPTURE (e.g. pumping, exchange, etc.):

Pumping

PLACE OF USE OF WATER TO BE RECAPTURED:

TAMCO's property via TAMCO's Existing well

LOCATION OF RECAPTURE FACILITIES (IF DIFFERENT FROM REGULAR PRODUCTION FACILITIES):

N/A.

WATER QUALITY AND WATER LEVELS

Are the Parties aware of any water quality issues that exist in the area? Yes No

If yes, please explain:

What are the existing water levels in the areas that are likely to be affected?

MATERIAL PHYSICAL INJURY

Are any of the recapture wells located within Management Zone 1? Yes No

Is the Applicant aware of any potential Material Physical Injury to a party to the Judgment or the Basin that may be caused by the action covered by the application? Yes No

If yes, what are the proposed mitigation measures, if any, that might reasonably be imposed to ensure that the action does not result in Material Physical Injury to a party to the Judgment or the Basin?

SAID TRANSFER SHALL BE CONDITIONED UPON:

- (1) Transferee shall exercise said right on behalf of Transferor under the terms of the Judgment, the Peace Agreement, the Peace II Agreement, and the Management Zone 1 Subsidence Management Plan for the period described above. The first water produced in any year shall be that produced pursuant to carry-over rights defined in the Judgment. After production of its carry-over rights, if any, the next (or first if no carry-over rights) water produced by Transferee from the Chino Basin shall be that produced hereunder.
- (2) Transferee shall put all waters utilized pursuant to said Transfer to reasonable beneficial use.
- (3) Transferee shall pay all Watermaster assessments on account of the water production hereby Transferred.
- (4) Any Transferee not already a party must Intervene and become a party to the Judgment.

NOTICE

OF

APPLICATION(S)

RECEIVED FOR

WATER TRANSACTIONS – ACTIVITIES

Date of Notice:

July 3, 2014

This notice is to advise interested persons that the attached application(s) will come before the Watermaster Board on or after 30 days from the date of this notice.

NOTICE OF APPLICATION(S) RECEIVED

Date of Application: **June 4, 2014**

Date of this notice: **July 3, 2014**

Please take notice that the following Application has been received by Watermaster:

- Notice of Sale or Transfer – The purchase of 5,500.000 acre-feet of water from the City of Ontario by Fontana Water Company. This purchase is made from the City of Ontario’s storage account.

This *Application* will first be considered by each of the respective pool committees on the following dates:

Appropriative Pool: July 10, 2014

Non-Agricultural Pool: July 10, 2014

Agricultural Pool: July 10, 2014

This *Application* will be scheduled for consideration by the Advisory Committee *no earlier than thirty days from the date of this notice and a minimum of twenty-one calendar days* after the last pool committee reviews it.

After consideration by the Advisory Committee, the *Application* will be considered by the Board.

Unless the *Application* is amended, parties to the Judgment may file *Contests* to the *Application* with Watermaster *within seven calendar days* of when the last pool committee considers it. Any *Contest* must be in writing and state the basis of the *Contest*.

CHINO BASIN WATERMASTER

NOTICE OF TRANSFER OF WATER

Notification Dated: July 3, 2014

A party to the Judgment has submitted a proposed transfer of water for Watermaster approval. Unless contrary evidence is presented to Watermaster that overcomes the rebuttable presumption provided in Section 5.3(b)(iii) of the Peace Agreement, Watermaster must find that there is "no material physical injury" and approve the transfer. Watermaster staff is not aware of any evidence to suggest that this transfer would cause material physical injury and hereby provides this notice to advise interested persons that this transfer will come before the Watermaster Board on or after 30 days from the date of this notice. The attached staff report will be included in the meeting package at the time the transfer begins the Watermaster process (comes before Watermaster).

PETER KAVOUNAS, P.E.
General Manager

DATE: July 3, 2014
TO: Watermaster Interested Parties
SUBJECT: Summary and Analysis of Application for Water Transaction

Summary –

There does not appear to be a potential material physical injury to a party or to the Basin from the proposed transaction as presented.

Issue –

- Notice of Sale or Transfer – The purchase of 5,500,000 acre-feet of water from the City of Ontario by Fontana Water Company. This purchase is made from the City of Ontario's storage account.

Recommendation –

1. Continue monitoring as planned in the Optimum Basin Management Program.
2. Use all new or revised information when analyzing the hydrologic balance and report to Watermaster if a potential for material physical injury is discovered, and
3. Approve the transaction as presented.

Fiscal Impact –

- None
 May reduce assessments under the 85/15 rule
 Reduce desalter replenishment costs

Background

The Court approved the Peace Agreement, the Implementation Plan and the goals and objectives identified in the OBMP Phase I Report on July 13, 2000, and ordered Watermaster to proceed in a manner consistent with the Peace Agreement. Under the Peace Agreement, Watermaster approval is required for applications to store, recapture, recharge or transfer water, as well as for applications for credits or reimbursements and storage and recovery programs.

Where there is no material physical injury, Watermaster must approve the transaction. Where the request for Watermaster approval is submitted by a party to the Judgment, there is a rebuttable presumption that most of the transactions do not result in Material Physical Injury to a party to the Judgment or the Basin (Storage and Recovery Programs do not have this presumption).

The following application for water transaction is attached with the notice of application.

Notice of Sale or Transfer –

- Notice of Sale or Transfer – The purchase of 5,500,000 acre-feet of water from the City of Ontario by Fontana Water Company. This purchase is made from the City of Ontario's storage account.

Notice of the water transaction identified above was mailed on July 3, 2014 along with the materials submitted by the requestors.

DISCUSSION

Water transactions occur each year and are included as production by the respective entity (if produced) in any relevant analyses conducted by Wildermuth Environmental pursuant to the Peace Agreement and the Rules & Regulations. There is no indication additional analysis regarding this transaction is necessary at this time. As part of the OBMP Implementation Plan, continued measurement of water levels and the installation of extensometers are planned. Based on no real change in the available data, we cannot conclude that the proposed water transaction will cause material physical injury to a party or to the Basin.

Have any other transfers been approved by Watermaster between these parties covering the same fiscal year?

Yes No

PURPOSE OF TRANSFER:

- Pump when other sources of supply are curtailed
- Pump to meet current or future demand over and above production right
- Pump as necessary to stabilize future assessment amounts
- Other, explain _____

WATER IS TO BE TRANSFERRED FROM:

- Annual Production Right (Appropriative Pool) or Operating Safe Yield (Non-Agricultural Pool)
- Storage
- Annual Production Right / Operating Safe Yield first, then any additional from Storage
- Other, explain _____

WATER IS TO BE TRANSFERRED TO:

- Annual Production Right / Operating Safe Yield (common)
- Storage (rare)
- Other, explain _____

IS THE 85/15 RULE EXPECTED TO APPLY? (If yes, all answers below must be "yes.") Yes No

Is the Buyer an 85/15 Party? Yes No

Is the purpose of the transfer to meet a current demand over and above production right? Yes No

Is the water being placed into the Buyer's Annual Account? Yes No

IF WATER IS TO BE TRANSFERRED FROM STORAGE:

Projected Rate of Recapture

Projected Duration of Recapture

METHOD OF RECAPTURE (s.g. pumping, exchange, etc.):

Pumping DA 7/2/14

PLACE OF USE OF WATER TO BE RECAPTURED:

Margarita Well DA 7/2/14

LOCATION OF RECAPTURE FACILITIES (IF DIFFERENT FROM REGULAR PRODUCTION FACILITIES):

WATER QUALITY AND WATER LEVELS

Are the Parties aware of any water quality issues that exist in the area? Yes No

If yes, please explain:

What are the existing water levels in the areas that are likely to be affected?

None to our knowledge

MATERIAL PHYSICAL INJURY

Are any of the recapture wells located within Management Zone 1? Yes No

Is the Applicant aware of any potential Material Physical Injury to a party to the Judgment or the Basin that may be caused by the action covered by the application? Yes No

If yes, what are the proposed mitigation measures, if any, that might reasonably be imposed to ensure that the action does not result in Material Physical Injury to a party to the Judgment or the Basin?

SAID TRANSFER SHALL BE CONDITIONED UPON:

- (1) Transferee shall exercise said right on behalf of Transferor under the terms of the Judgment, the Peace Agreement, the Peace II Agreement, and the Management Zone 1 Subsidence Management Plan for the period described above. The first water produced in any year shall be that produced pursuant to carry-over rights defined in the Judgment. After production of its carry-over rights, if any, the next (or first if no carry-over rights) water produced by Transferee from the Chino Basin shall be that produced hereunder.
- (2) Transferee shall put all waters utilized pursuant to said Transfer to reasonable beneficial use.
- (3) Transferee shall pay all Watermaster assessments on account of the water production hereby Transferred.
- (4) Any Transferee not already a party must Intervene and become a party to the Judgment.

CHINO BASIN WATERMASTER

NOTICE

OF

APPLICATION(S)

RECEIVED FOR

WATER TRANSACTIONS – ACTIVITIES

Date of Notice:

July 3, 2014

This notice is to advise interested persons that the attached application(s) will come before the Watermaster Board on or after 30 days from the date of this notice.

NOTICE OF APPLICATION(S) RECEIVED

Date of Application: **June 11, 2014**

Date of this notice: **July 3, 2014**

Please take notice that the following Application has been received by Watermaster:

- Notice of Sale or Transfer – The purchase of 15.000 acre-feet of water from the City of Upland by Golden State Water Company. This purchase is made from the City of Upland’s storage account.

This *Application* will first be considered by each of the respective pool committees on the following dates:

Appropriative Pool:	July 10, 2014
Non-Agricultural Pool:	July 10, 2014
Agricultural Pool:	July 10, 2014

This *Application* will be scheduled for consideration by the Advisory Committee *no earlier than thirty days from the date of this notice and a minimum of twenty-one calendar days* after the last pool committee reviews it.

After consideration by the Advisory Committee, the *Application* will be considered by the Board.

Unless the *Application* is amended, parties to the Judgment may file *Contests* to the *Application* with Watermaster *within seven calendar days* of when the last pool committee considers it. Any *Contest* must be in writing and state the basis of the *Contest*.

Watermaster address:

Fax: (909) 484-3890

CHINO BASIN WATERMASTER

NOTICE OF TRANSFER OF WATER

Notification Dated: July 3, 2014

A party to the Judgment has submitted a proposed transfer of water for Watermaster approval. Unless contrary evidence is presented to Watermaster that overcomes the rebuttable presumption provided in Section 5.3(b)(iii) of the Peace Agreement, Watermaster must find that there is "no material physical injury" and approve the transfer. Watermaster staff is not aware of any evidence to suggest that this transfer would cause material physical injury and hereby provides this notice to advise interested persons that this transfer will come before the Watermaster Board on or after 30 days from the date of this notice. The attached staff report will be included in the meeting package at the time the transfer begins the Watermaster process (comes before Watermaster).

PETER KAVOUNAS, P.E.
General Manager

DATE: July 3, 2014
TO: Watermaster Interested Parties
SUBJECT: Summary and Analysis of Application for Water Transaction

Summary –

There does not appear to be a potential material physical injury to a party or to the Basin from the proposed transaction as presented.

Issue –

- Notice of Sale or Transfer – The purchase of 15,000 acre-feet of water from the City of Upland by Golden State Water Company. This purchase is made from the City of Upland's storage account.

Recommendation –

1. Continue monitoring as planned in the Optimum Basin Management Program.
2. Use all new or revised information when analyzing the hydrologic balance and report to Watermaster if a potential for material physical injury is discovered, and
3. Approve the transaction as presented.

Fiscal Impact –

- None
 May reduce assessments under the 85/15 rule
 Reduce desalter replenishment costs

Background

The Court approved the Peace Agreement, the Implementation Plan and the goals and objectives identified in the OBMP Phase I Report on July 13, 2000, and ordered Watermaster to proceed in a manner consistent with the Peace Agreement. Under the Peace Agreement, Watermaster approval is required for applications to store, recapture, recharge or transfer water, as well as for applications for credits or reimbursements and storage and recovery programs.

Where there is no material physical injury, Watermaster must approve the transaction. Where the request for Watermaster approval is submitted by a party to the Judgment, there is a rebuttable presumption that most of the transactions do not result in Material Physical Injury to a party to the Judgment or the Basin (Storage and Recovery Programs do not have this presumption).

The following application for water transaction is attached with the notice of application.

Notice of Sale or Transfer –

- Notice of Sale or Transfer – The purchase of 15.000 acre-feet of water from the City of Upland by Golden State Water Company. This purchase is made from the City of Upland's storage account.

Notice of the water transaction identified above was mailed on July 3, 2014 along with the materials submitted by the requestors.

DISCUSSION

Water transactions occur each year and are included as production by the respective entity (if produced) in any relevant analyses conducted by Wildermuth Environmental pursuant to the Peace Agreement and the Rules & Regulations. There is no indication additional analysis regarding this transaction is necessary at this time. As part of the OBMP Implementation Plan, continued measurement of water levels and the installation of extensometers are planned. Based on no real change in the available data, we cannot conclude that the proposed water transaction will cause material physical injury to a party or to the Basin.

STAFF REPORT

DATE: July 10, 2014
TO: Pool Committee Members
SUBJECT: Land Subsidence 2013 Annual Report

SUMMARY

Issue: Watermaster is required annually to file a Land Subsidence report with the Court. The 2013 report has been drafted.

Recommendation: Recommend that the Advisory Committee recommend to the Watermaster Board to adopt the 2013 Annual Report of the Land Subsidence Committee, along with filing a copy with the Court.

The report can be viewed in its entirety at:

[http://www.cbwm.org/FTP/Land%20Subsidence%20Committee%20\(LSC\)/2013%20Draft%20LSC%20Annual%20Report/Draft%202013%20Annual%20Report%20of%20the%20Land%20Subsidence%20Committee/Final%20Draft%202013%20LSC%20Annual%20Report%20-%20Clean.pdf](http://www.cbwm.org/FTP/Land%20Subsidence%20Committee%20(LSC)/2013%20Draft%20LSC%20Annual%20Report/Draft%202013%20Annual%20Report%20of%20the%20Land%20Subsidence%20Committee/Final%20Draft%202013%20LSC%20Annual%20Report%20-%20Clean.pdf)

Financial Impact: Most of the 2013 Annual Report recommendations for land subsidence monitoring are included in the approved FY 2014/15 budget. The recommendation to develop the scope of a subsidence management plan for the Pomona area and the effort to update the MZ1 Plan were not budgeted in FY 2014/15. Watermaster will track Engineering expenses during the fiscal year and if necessary will propose a budget amendment for the amount.

Date – Advisory Committee –
Date – Watermaster Board –

BACKGROUND

In 1999, the OBMP Phase I Report identified pumping-induced drawdown and resultant aquifer-system compaction as the most likely cause of land subsidence and ground fissuring that had been observed in Management Zone 1 (MZ-1). Program Element 4 of the OBMP, "Develop and Implement a Comprehensive Groundwater Management Plan for Management Zone 1," called for the development and implementation of an interim management plan (IMP) for MZ-1.

From 2001 to 2005, Watermaster developed, coordinated, and conducted the IMP under the guidance of the MZ-1 Technical Committee (now called the Land Subsidence Committee or LSC.) The IMP provided enough information for Watermaster to develop Guidance Criteria for the MZ-1 producers in the investigation area that, if followed, would minimize the potential for subsidence and fissuring during the completion of the MZ-1 Subsidence Management Plan. The Guidance Criteria formed the basis for the MZ-1 Plan, which was developed by the MZ-1 Technical Committee and approved by Watermaster in October 2007. By a November 15, 2007 Order, the Watermaster Court approved the MZ-1 Plan and ordered its implementation.

The MZ-1 Subsidence Management Plan states that Watermaster will produce an annual report at the end of each fiscal year, which includes the results of ongoing monitoring efforts, interpretations of the data, and recommended adjustment to the MZ-1 Plan, if any. The Court's Order directs Watermaster to file the annual reports with the Court. The first such report was the 2012 Annual Land Subsidence report which was approved by Watermaster and filed with the Court in December 2013.

DISCUSSION

The Final Draft 2013 Annual Report of the LSC includes results and interpretations for data that were collected during calendar year 2013, and includes recommendations for Watermaster's Land Subsidence Monitoring Program for FY 2014/15. A specific recommendation, developing the scope of a subsidence management plan in the Pomona area, was generated after the budget approval process and consequently it has not been budgeted. Similarly the effort to update the MZ1 Plan is not budgeted. WEI will develop an estimate for these recommendations and Watermaster will propose a budget amendment during the fiscal year if necessary.

The LSC met on March 20, 2014 to discuss monitoring results and the scope and cost estimates for FY 2014/15, and an overview of the monitoring results was presented at the Committees and the Board during the June 2014 meetings. The LSC reviewed the first draft of the 2013 Annual Report on June 17, 2014. The Final Draft of the 2013 report has been modified to respond to comments made by the LSC since its last meeting on June 17, 2014.

The LSC has reviewed the draft report and has commented on its content, conclusions and recommendations. The Final Draft of the 2013 Annual Report will be reviewed by the LSC on July 10, 2014, the day of the July meetings of the three Pool Committees. If the Final Draft is approved by the LSC it will be considered by the Pool Committees, otherwise it will be delayed until the August 2014 meetings.

STAFF REPORT

DATE: July 10, 2014
TO: Pool Committee Members
SUBJECT: Voluntary Agreement Form 9

SUMMARY

Issue: The Agricultural Pool has proposed revisions to the current form used to document Voluntary Agreements (Form 9) and has requested the review and approval of the proposed changes by the Pool and Advisory committees.

Recommendation: Consider proposed modifications to Form 9 and provide direction to Watermaster.

Financial Impact: There is minimal impact to Watermaster as a result of the proposed modifications.

Future Consideration

Appropriative Pool: July 10, 2014 provide direction to Watermaster staff

Non-Agricultural Pool: July 10, 2014 provide direction to Watermaster staff

Agricultural Pool: July 10, 2014 Provide direction to Watermaster staff

Advisory Committee: July 17, 2014 To be determined based on direction by the Pools

Watermaster Board: July 24, 2014 To be determined based on Advisory Committee action [Advisory Committee Approval Required]

ACTIONS:

Date – Appropriative Pool –

Date – Non-Agricultural Pool –

Date – Agricultural Pool –

Date – Advisory Committee –

Date – Watermaster Board –

BACKGROUND

Section 5.3 (i) of the Peace Agreement provides for Voluntary Agreements between members of the Agricultural Pool and Appropriators for water service. In exchange for serving water to agricultural land that is within or contiguous to its service area, an Appropriator is entitled to pumping credit to offset production.

Watermaster requests that Appropriators submit a form (Form 9 and Addendum; Attachment 1) when a new Voluntary Agreement is reached, and to report the volume of water served on a quarterly or annual basis. Appropriators are also asked to verify the parcels that receive water deliveries.

Form 9 was originally adopted in July 2001 as part of changes to the Rules and Regulations stemming from the Peace Agreement. The Addendum to Form 9 was developed in response to the Peace II Agreement requirement that post-2007 Voluntary Agreements must be located on land that is eligible for land use conversion.

Watermaster records have been incomplete and not all Voluntary Agreements were documented with a corresponding Form 9. In the recent months Watermaster requested that Appropriators submit any missing Form 9s for consideration of pumping credit in FY 2013/14 and beyond.

DISCUSSION

The Agricultural Pool is interested in the proper documentation of Voluntary Agreements and volume of water served, and has proposed some changes to Form 9 as shown in Attachment 2. The proposed form can be used either to document a new Voluntary Agreement, or to report annual water served. The modified form would help identify the source of water served, and also would require signature from both parties to the Voluntary Agreement verifying the volume of water served during the year.

As a result of the recent record clean-up Watermaster staff has improved its tracking of Voluntary Agreements. Modification of Form 9 as proposed by the Agricultural Pool does not pose a hardship on Watermaster staff and would not increase the cost of operation.

Alternatives for the Pools include:

Option 1: Recommend the Advisory Committee adopt Form 9 as proposed to be modified by the Agricultural Pool;

Option 2: Suggest other changes to Form 9 and recommend Advisory Committee approval;

Option 3: Reject all changes, leaving Form 9 and the Addendum in their current form.

Watermaster staff is available to assist the Committees in their deliberation. Advisory Committee and Watermaster Board approval are required to effect changes to the form. Should changes to the form be approved Watermaster staff may do some minor reformatting while maintaining the content of the form.

ATTACHMENTS

1. Existing Form 9 and Addendum
2. Form 9 as modified by Agricultural Pool proposal

**NOTICE
OF
VOLUNTARY AGREEMENT REGARDING
PROVISION OF SERVICE TO AN AGRICULTURAL POOL PARTY
BY AN APPROPRIATIVE POOL PARTY**

PLEASE TAKE NOTICE that pursuant to the Peace Agreement dated June 29, 2000, _____ ("Appropriative Pool Party") is undertaking to provide water service to _____ ("Agricultural Pool Party"), commencing on _____ and continuing in effect until further notice, the quantity of water necessary to provide water service to said Agricultural Pool Party for use on its overlying lands in each fiscal year. Said water is only for use on Agricultural Pool Party's overlying lands. Watermaster is hereby requested to reduce (assign) the Production reported for the Appropriative Pool Party by a corresponding quantity of water each year, and to record such Production as Production in the Agricultural Pool.

To be valid, appropriate meters must be installed and this form must be signed by the Agricultural Pool Party and the Appropriative Pool Party.

PETER KAVOUNAS, P.E.
General Manager

STAFF REPORT

DATE: July 10, 2014
TO: Pool Committee Members
SUBJECT: Master Agreement between Watermaster and Inland Empire Utilities Agency regarding the Management of Collaborative Recharge Projects

SUMMARY

Issue: Watermaster and IEUA are partners in many recharge associated projects within the Basin. In the past, they have entered into separate agreements regarding the joint management and cost allocation for each such project. Watermaster and IEUA are proposing to enter into a Master Agreement that will establish consistent management and reimbursement practices for all such projects, which will be incorporated as Task Orders under the Master Agreement.

Recommendation: Recommend that the Advisory Committee approve Watermaster's entrance into the Master Agreement between Watermaster and Inland Empire Utilities Agency regarding the Management of Collaborative Recharge Projects, subject to non-substantive changes to be made by staff.

Financial Impact: No impact. The Master Agreement itself establishes practices for administration of projects, including invoicing and reimbursement. Individual projects will be covered by separate Task Orders under the Master Agreement and will be incorporated into Watermaster's budget.

Future Consideration

Appropriative Pool: July 10, 2014; Review and recommend
Non-Agricultural Pool: July 10, 2014; Review and recommend
Agricultural Pool: July 10, 2014; Review and recommend
Advisory Committee: July 17, 2014; Approval
Watermaster Board: July 24, 2014; Approval (Advisory Committee Approval required)

ACTIONS:

July 10, 2014 - Appropriative Pool -
July 10, 2014 - Non-Agricultural Pool -
July 10, 2014 - Agricultural Pool -
July 17, 2014 - Advisory Committee -
July 24, 2014 - Watermaster Board -

BACKGROUND

Watermaster and the Inland Empire Utilities Agency (IEUA) are partners in many recharge related projects throughout the Basin. For example, Watermaster and IEUA are each required to undertake certain monitoring and reporting requirements arising out of the Maximum Benefit amendments to the RWQCB's Basin Plan Amendment, monitoring and reporting requirements related to the Recycled Water Groundwater Recharge Program, as well as updating the Recharge Master Plan. Watermaster and IEUA regularly partner to jointly manage and fund projects in furtherance of these prior commitments and obligations, with shared costs for such projects including expenditures for design of improvements, preparation of CEQA documents, applications for construction and operation permits, awarding of construction contracts, administrative costs and construction management services. To date, these projects have been the subject of separate, but generally consistent, agreements.

DISCUSSION

In order to provide consistency in the management and administration of such collaborative projects, Watermaster and IEUA would enter into the Master Agreement between Watermaster and Inland Empire Utilities Agency regarding the Management of Collaborative Recharge Projects ("Master Agreement"). Pursuant to the Master Agreement, Watermaster and IEUA would separately enter into contracts between themselves for services on a project specific basis, as described in written proposals including the scope, budget, and schedule of the services to be performed, the respective cost for each Party and any special conditions of performance and other information deemed necessary by the Parties (the "Task Orders").

The Master Agreement establishes the procedures through which Task Orders may be approved and changes may be made both to their scopes and budgets. Based on an acknowledgement that IEUA is better equipped to undertake certain project implementation activities, including oversight of the preparation of CEQA documents and leading project management efforts, the Master Agreement describes the manner in which IEUA may manage projects, provide reports to Watermaster, and invoice Watermaster for Watermaster's share of monies expended.

Upon the approval of the Master Agreement, Watermaster staff will request approval of Task Orders for present joint projects for which Watermaster and IEUA have no formal written agreements.

ATTACHMENTS

1. Master Agreement among Watermaster and Inland Empire Utilities Agency regarding the Management of Collaborative Recharge Projects

MASTER AGREEMENT BETWEEN CHINO BASIN WATERMASTER AND INLAND EMPIRE UTILITIES AGENCY REGARDING THE MANAGEMENT OF COLLABORATIVE RECHARGE PROJECTS

This Master Cost Sharing Agreement ("Agreement") is entered into as of July __, 2014, by and between the CHINO BASIN WATERMASTER ("Watermaster") and INLAND EMPIRE UTILITIES AGENCY ("IEUA") (each a "Party" and collectively, the "Parties") for the purposes of establishing a framework for the joint management and allocation of costs for certain collaborative projects within the Chino Basin.

RECITALS

A. Watermaster is an agent of the Court and serves as the Court's special master in order to administer and enforce the provisions of the Chino Basin Watermaster Judgment, San Bernardino County Superior Court Case No. RCV 51010 (formerly Case No. SCV 164327);

B. IEUA is a regional public agency whose mission is to supply imported and recycled water; collect, treat, and dispose of wastewater; and provide other utility-related services to the communities it serves. IEUA strives to provide these services in a regionally planned, managed, and cost-effective manner;

C. Both Parties are interested in the recharge of water to the Chino Basin and have entered into prior agreements as to the development of facilities for such recharge;

D. Both Parties share responsibility for meeting certain monitoring and reporting requirements detailed in the Basin Plan amendment approved by the Santa Ana Regional Water Quality Control Board (RWQCB) in 2004 (R8-2004-0001, R8-2012-0002);

E. Both Parties have made commitments to the RWQCB to obtain Maximum Benefit Groundwater Quality Objectives;

F. The Parties are co-permittees for the Recycled Water Groundwater Recharge Program and share responsibility for meeting certain monitoring and reporting requirements of the RWQCB, Santa Ana Region Order No. R8-2007-0039 ("Order") and the Monitoring and Reporting Program (M&RP) No. R8-2007-0039;

G. Pursuant to the Peace II Agreement, the Parties are to jointly approve updates to the Recharge Master Plan to address how the Basin will be contemporaneously managed to secure and maintain Hydraulic Control and subsequently operated at a new equilibrium at the conclusion of the period of Re-Operation. The Recharge Master Plan, as updated, is to reflect an appropriate schedule for planning, design, and physical improvements as may be required to

provide reasonable assurance that following the full beneficial use of groundwater withdrawn in accordance with the Basin Re-Operation and authorized controlled overdraft, that sufficient Replenishment capability exists to meet the reasonable projections of Desalter Replenishment obligations.

H. The Parties regularly partner to jointly manage and fund projects in furtherance of these prior commitments and obligations, with such shared costs for such projects including expenditures for design of improvements, preparation of CEQA documents, applications for construction and operation permits, awarding of construction contracts, administrative costs, and construction management services;

I. The Parties will separately enter into contracts for services on a project specific basis, as described in written proposals including the nature of the services to be performed, the fees and rates to be charged, the location, time schedule and any special conditions of performance and other information deemed necessary by the Parties ("Task Orders"); and

J. The Parties acknowledge that, due to their originations and structures, IEUA is better equipped to undertake certain project implementation activities, including oversight of the preparation of CEQA documents and leading project management efforts.

K. The Parties seek to develop a Master Agreement for joint management and cost sharing for projects in the Basin, and as individual Task Orders are approved by the Parties, such projects will be incorporated as part of the Master Agreement as individual tasks.

ARTICLE 1

PROJECT MANAGEMENT

1.1 **Approval of Task Orders.** Each Task Order shall be approved by IEUA and the Watermaster Board of Directors as an individual task in accordance with each Party's policies and procedures, with a specified "maximum allowable cost" amount for each individual Task. The costs to be borne by each Party shall not exceed the "maximum allowable cost" amount specified in each Task Order.

1.2 **Changes in Scope of Task Orders.** Should either party determine that a change in scope requiring a budget increase of any Task Order is necessary for a project, to be effective, such a change in Task Order scope must be approved by each of the Parties pursuant to the procedures described in Section 1.1. Watermaster shall provide timely review and respond to any request for a change in project scope or any change in Task Order, to prevent unnecessary delays in the project(s) conducted pursuant to such Task Order.

1.3 **Amendment to Task Order Budgets.** If any project undertaken pursuant to a Task Order subject to this Agreement will exceed the budget allocated for such Task Order,

Watermaster and IEUA shall amend the Task Order authorizing the project. Similarly, if grant funding is obtained for any project undertaken pursuant to a Task Order subject to this Agreement, Watermaster and IEUA shall amend the Task Order authorizing the project to reduce the Task Order budget accordingly. Watermaster shall reasonably and diligently process any necessary amendments of the Task Order authorizing the project to prevent unnecessary delays in projects.

1.4 **Contractor Selection.** IEUA shall retain a qualified contractor for any and all Task Orders. IEUA may, within its sole discretion, select contractors for each Task Order without the involvement and approval of the Watermaster Board.

1.5 **Monthly Progress Reports.** IEUA, pursuant to its policies and procedures, shall provide monthly progress reports to Watermaster's General Manager by the eighth calendar day of each month for each Task Order that is subject to this Master Agreement. Each monthly progress report shall include a summary of the current status of the Task Order, including reports on cost schedules and any potential for cost overruns, schedule status, and any changes or potential need for changes in the scope of the Task Order.

ARTICLE 2

COST SHARING

2.1 **Watermaster Approval.** Under no circumstances shall Watermaster be obliged to enter into any Task Order reimbursement or repayment obligation, absent approval of the Task Order by Watermaster's Board of Directors.

2.2 **Cost Sharing Allocation.** The Parties have previously agreed as to the cost sharing allocations among themselves for certain projects, including, but not limited to:

- a. Section 8.1(b) of the Peace II Agreement specifies that mutually approved capital improvements for recharge basins that do or can receive recycled water constructed pursuant to the Court-approved Recharge Master Plan, if any, will be financed through the use of third party grants and contributions if available, with any unfunded balance being apportioned fifty (50) percent each to IEUA and Watermaster.
- b. The December 17, 2008 Memorandum of Understanding: Cooperating Efforts for Monitoring Programs between the Inland Empire Utilities Agency and the Chino Basin Watermaster, referred to as the "Bright Line Agreement," defines the cost sharing arrangement for certain monitoring programs between IEUA and Watermaster.

The Parties acknowledge that there are projects which will be funded one hundred (100) percent by Watermaster and managed by IEUA for Watermaster's benefit; and, Watermaster will reimburse IEUA for its project management efforts of these projects. From and after the Effective Date of this Master Agreement, the Parties agree that they shall apportion the costs of each Task Order for projects to be completed under each Task Order, in accordance with the applicable funding allocation, as described in each Task Order. Reimbursable costs may include at a minimum, capital, administrative and overhead expenses for the projects. Each Task Order will provide detailed assumptions of costs and cost allocations for each party.

2.3 Fiscal-Year Basis Funding. While each Task Order may include a projected budget for the project included therein over the anticipated lifespan of the project, funding for Task Orders and change orders or amendments under this Master Agreement will be made available on a fiscal-year basis. However, funding may be carried forward to complete projects that span fiscal years in order that payment may be made in a timely manner.

2.4 No Partnership or Joint Venture. Neither this Master Agreement, nor any Task Order or project hereunder, nor any other conduct engaged in by either Party pursuant to this Master Agreement or any Task Order hereunder shall create any partnership or joint venture between the Parties, or between each Party and any of the other Party's contractors.

2.5 Project Litigation. In the event that litigation arises in regard to any project that is the subject of a Task Order to this Agreement, IEUA shall make Watermaster aware of such litigation as soon as is reasonably possible. Thereafter, the Parties shall meet to discuss the management and allocation of the costs of such litigation. Unless and until another agreement is reached as to the management and cost allocation, the costs of litigation will be borne in the same proportions as project costs are shared under the applicable Task Order.

ARTICLE 3

REIMBURSEMENT OF COSTS

3.1 Reimbursement Schedule. Reimbursement shall be made as follows: At the last day of each month, IEUA shall transmit to Watermaster's General Manager a single invoice, with supporting documentation, itemizing Watermaster's share of costs paid by IEUA in the preceding monthly billing period that are applicable to each Task Order. Invoices shall be due and payable in full no later than 30 days from the date of receipt. Watermaster will exercise its best efforts to complete payment within 30 days, recognizing that Watermaster may be subject to requirement of reimbursement to IEUA for additional expenses, such as loss of interest earnings, incurred as a result of a delay in reimbursement. The loss of interest earnings will be calculated by IEUA based on the investment earning rate.

3.2 Transmittal of Reimbursement Payments. Remittance for all payments shall identify the applicable IEUA invoice number, and shall be made to the following:

IEUA
Accounts Receivable
P.O. Box 9020
Chino Hills, CA 91709

3.3 **Disputed Invoices.** If Watermaster disputes any portion of an invoice, Watermaster shall furnish prompt notice of the basis for the dispute and shall pay the undisputed portion. The due date for payment of the disputed portion shall be extended 30 days to allow the Parties to resolve the disputed issue.

3.4 **Reimbursement Limitations.** Neither Party shall be obligated to reimburse the other for any administrative time or overhead expenses incurred by the other Party that is unrelated to the Task Orders issued under this Master Agreement. All legal and technical consultants, contractors, or other personnel retained by either Party for work eligible for reimbursement under this Agreement shall be under contract to or employed by that individual retaining Party alone and shall look solely to that retaining Party for payment. Each individual Party assumes absolutely no liability or obligation to the other Party's consultants, contractors, or personnel retained outside this agreement and its respective task orders.

ARTICLE 4

TERM

4.1 **Effective Date.** The effective date of this Master Agreement is July ____, 2014 ("Effective Date").

4.2 **Termination.** This Master Agreement shall be mutually terminable at any time by majority vote of either Party's Board of Directors, within each Party's sole discretion. Termination shall not relieve the terminating party from its obligations accruing prior to termination, including the payment of monies due for work performed prior to the date of termination and project settlements costs thereof, shall be paid after receipt of an invoice as provided in Article 3, above.

ARTICLE 5

INDEMNITY

5.1 **IEUA.** IEUA shall indemnify Watermaster against and hold Watermaster harmless from any and all claims, suits, losses, damages, and liability for damages of every name, kind and description, including attorneys' fees and other costs of defense incurred, brought for, or on account of, injuries to or death of any person, including, but not limited to, workers, the public, or damage to property, or any economic or consequential losses, which are

claimed to or in any way arise out of or are connected with IEUA's activities pursuant to this Agreement, any Task Order thereunder, regardless of the existence or degree of fault or negligence on the part of the Parties, a third-party contractor, the subcontractor(s) and employee(s) of any of these, except for the active negligence or willful misconduct of employees or agents of the Parties, or as expressly prohibited by statute. The provisions of this Section 5.1 will survive termination of this Agreement.

5.2 **Watermaster.** Watermaster shall indemnify IEUA against and hold IEUA harmless from any and all claims, suits, losses, damages, and liability for damages of every name, kind and description, including attorneys' fees and other costs of defense incurred, brought for, or on account of, injuries to or death of any person, including, but not limited to, workers, the public, or damage to property, or any economic or consequential losses, which are claimed to or in any way arise out of or are connected with Watermaster's activities pursuant to this Agreement, any Task Order thereunder, regardless of the existence or degree of fault or negligence on the part of the Parties, a third-party contractor, the subcontractor(s) and employee(s) of any of these, except for the active negligence or willful misconduct of employees or agents of the Parties, or as expressly prohibited by statute. The provisions of this Section 5.2 will survive termination of this Agreement.

ARTICLE 6

GENERAL PROVISIONS

6.1 **Notices.** Any notice under this Agreement shall be deemed sufficient if given by one Party to the other in writing and: delivered in person; transmitted by electronic mail or facsimile (with acknowledgement of receipt provided by the receiving Party); or, by mailing the same by United States mail (postage prepaid, registered or certified, return receipt requested) or by Federal Express or other similar overnight delivery service, to the Party to whom the notice is directed at the address of such Party as follows:

If to Watermaster:

Chino Basin Watermaster
Attn: General Manager
9641 San Bernardino Road
Rancho Cucamonga, CA 91730

If to IEUA:

Inland Empire Utilities Agency
Attn: Executive Manager of Engineering/Assistant General Manager
PO Box 9020
Chino Hills, CA 91709

Any communication given by mail shall be deemed delivered two (2) business days after such mailing date, and any written communication given by overnight delivery service shall be deemed delivered one (1) business day after the dispatch date. Either Party may change its address by giving the other Party notice of its new address.

6.2 **Assignability.** The Parties may not assign all or any part of this Master Agreement or any Task Order without advance written consent of each Party's Board of Directors.

6.3 **Waiver.** No waiver by any Party of any of the provisions shall be effective unless explicitly stated in writing and executed by the Party so waiving. Except as provided in the preceding sentence, no action taken pursuant to this Agreement, including, without limitation, any investigation by or on behalf of any Party, shall be deemed to constitute a waiver by the Party taking such action of compliance with any representations, warranties, covenants, or agreements contained in this Agreement, and in any documents delivered or to be delivered pursuant to this Agreement. The waiver by any Party of a breach of any provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach. No waiver of any of the provisions of this Agreement shall be deemed, or shall constitute, a waiver of any other provision, whether or not similar, nor shall any waiver constitute a continuing waiver.

6.4 **Headings.** The section headings contained in this Agreement are for convenience and reference only and shall not affect the meaning or interpretation of this Agreement.

6.5 **Severability.** If any term, provision, covenant or condition of this Agreement shall be or become illegal, null, void or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect, and shall not be affected, impaired or invalidated. The term, provision, covenant or condition that is so invalidated, voided or held to be unenforceable, shall be modified or changed by the Parties to the extent possible to carry out the intentions and directives set forth in this Agreement.

6.6 **Governing Law.** This Agreement shall be governed by, and interpreted in accordance with, the laws of the State of California. This Agreement shall be specifically enforceable in the Court maintaining jurisdiction over the case Chino Basin Municipal Water District v. City of Chino, San Bernardino Superior Court Case No. RCV 51010.

6.7 **Parties in Interest.** Nothing in this Agreement, whether expressed or implied, is intended to confer any rights or remedies under or by reason of this Agreement on any persons other than the Parties to it and their respective successors and assigns, nor is anything in this Agreement intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third persons any right of subrogation or action against any party to this Agreement.

6.8 **Attorney Fees.** In any dispute under this agreement between the Parties, each Party shall bear its own legal costs and expenses.

6.9 **Good Faith.** The Parties agree to exercise their best efforts and utmost good faith to effectuate all the terms and conditions of this Agreement and to execute such further instruments or documents as are necessary or appropriate to effectuate all of the terms and conditions of this Agreement.

6.10 **Construction.** The provisions of this Agreement should be liberally construed to effectuate its purposes. The language of all parts of this Agreement shall be construed simply according to its plain meaning and shall not be construed for or against either Party, as each Party has participated in the drafting of this document and had the opportunity to have their counsel review it. Whenever the context and construction so requires, all words used in the singular shall be deemed to be used in the plural, all masculine shall include the feminine and neuter, and vice versa.

6.11 **Entire Agreement.** This Agreement contains the entire understanding and agreement of the Parties, and supersedes all prior agreements and understandings, oral and written, between the Parties concerning the subject matter of this agreement. There have been no binding promises, representations, agreements, warranties or undertakings by any of the Parties, either oral or written, of any character or nature, except as stated in this Agreement. This Agreement may be altered, amended or modified only by an instrument in writing, executed by the Parties to this Agreement and by no other means. Each Party waives its future right to claim, contest or assert that this Agreement was modified, canceled, superseded or changed by any oral agreement, course of conduct, waiver or estoppels.

6.12 **Counterparts.** This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same instrument.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year and at the place first written above.

**TURNER BASIN IMPROVEMENTS
PROJECT NO. WR11017.00
STATUS UPDATE: MAY 28, 2014**

The project involves grading and hauling activities and the design and installation of new pipes, gates, and controls for two new recharge basins east of Turner Basin No. 4. This project also connects an existing flood control retention facility, Basin No. 5, to capture additional stormwater and recycled water for groundwater recharge by constructing a new stormwater piping from Deer Creek Channel into Basin No. 8 which feeds into Basin No.5. This will allow the Turner Basin site to receive and capture channel flow further upstream and increase recharge potential. The goal of the project is to bring in an additional 600 acre-feet of annual recharge through stormwater and recycled water.

Schedule:

<u>Project Budget</u>	<u>Actual Cost to Date</u>
\$1,275,000	\$1,200,239

<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Status</u>	<u>Projected Cost</u>	<u>Actual Cost</u>
Project Development	11/01/11A	02/22/12A	Completed	\$32,622	\$35,380
Master Plan	02/22/12A	04/30/14	In Progress	\$326	\$551
Pre-design	02/22/12A	04/30/14	In Progress	\$13,093	\$74,997
Environmental Impact	03/01/11A	12/20/12A	Completed	\$72,892	\$74,197
Design	04/02/12A	02/22/13A	Completed	\$120,772	\$122,203
Permits	03/30/12A	12/20/12A	Completed	\$9,927	\$9,927
Bid and Award	12/21/12A	02/20/13A	Completed	\$2,736	\$2,747
Construction	02/20/13A	09/30/14	In Progress	\$1,022,632	\$880,327
				\$1,275,000	\$1,200,239

This project is partially funded by the Bureau of Reclamation with a grant of \$406,712.

Project Update:

On Monday May 19, 2014 IEUA Construction Inspector discovered the Turner Basin construction site was again vandalized due to copper wiring theft. Fortunately due to past efforts in securing all cable access no wires were stolen, however the attempt left a few electrical panels damaged. The General Contractor is in the process of replacing the new panels and staff is proposing to install a fully enclosed security fence. This event has slightly extended the remaining construction task of programming and integration to late June.

The dirt hauling and grading for the new south basin at Turner No.4 was completed by Dispatch Co. However, the north new basin remains incomplete with approximately 45,000 cubic yard of soil remaining to be hauled. Currently IEUA is coordinating with a new excavator, GRB Engineering, to expedite the removal and complete all grading activities at no cost. The extended earthwork activity has pushed the final completion date to September 30, 2014.

Completed new south basin

**WINEVILLE PROOF OF CONCEPT
PROJECT NO. EN13031.00
STATUS UPDATE: MAY 28, 2014**

The Wineville Basin Proof of Concept (POC) was an investigative project that consists of six cells designed to test and evaluate infiltration rates at strategic locations throughout the Basin. Each of the test cells were 0.5 acres in size. The test cells were excavated at different depths to allow the project to gather percolation data for soils above and below the previously identified clay layer. The Wineville Basin Proof of Concept Project was developed to provide information and data to determine the likely benefit if the Basin were improved to facilitate artificial groundwater recharge. The primary objective of the POC was to measure Basin infiltration rates and use those rates to estimate the likely annual recharge capacity of the Basin in the event improvements are constructed.

Schedule:

<u>Project Budget</u>	<u>Actual Cost to Date</u>
\$424,300	\$361,303

<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Status</u>	<u>Projected Cost</u>	<u>Actual Cost</u>
Design	01/11/13	04/30/14	Completed	\$22,000	\$22,000
Weeding	09/01/13	09/30/13	Completed	\$28,000	\$28,000
Permits	04/24/13	01/17/14	Completed	\$2,200	\$2,200
Environmental Assist.	03/01/13	11/30/13	Completed	\$22,600	\$18,800
Survey	09/01/13	11/30/13	Completed	\$21,000	\$11,767

Ontario Pump Costs	10/01/13	11/30/13	Completed	\$19,967	\$19,967
CM/Testing Support	09/01/13	04/30/14	In Progress	\$50,000	\$43,069
Contingency				\$43,033	
				\$424,300	\$361,303

Project Update:

The study was completed in April 2014. It concluded and recommended that the Basin presents an opportunity to use an existing facility for the dual purpose of flood control and groundwater recharge. Because it is a flood control basin, the conveyance of stormwater to the Basin lends itself to stormwater capture and infiltration. Future Basin improvements should include reconfiguring the Basin to capture stormwater and accept supplemental water.

Final Project Data:

Table 1 - Projected Basin Performance Summary in Acre-Feet per Year (AFY)

Scenario	Infiltration Rate	Stormwater Recharge	Supplemental Water Recharge	Total Annual Recharge
No. 1	0.13 ft./day	820 AFY	940 AFY	1,760 AFY
No. 2	0.24 ft./day	2,080 AFY	1,750 AFY	3,830 AFY

Figure 1- Infiltration Rate Summary by Test Cells

**JURUPA PUMP STATION HVAC IMPROVEMENTS
PROJECT NO. EN14040
STATUS UPDATE: MAY 28, 2014**

The Jurupa Pump Station (PS) is a key recharge facility that directly conveys storm water runoff, local runoff, imported and recycled water to Cell 1A at the RP-3 Basin. The PS is located on the north-east corner of Jurupa Basin which acts as a pass through basin for flows intercepted at the nearby San Sevaine Channel. The PS' electrical equipment, such as the motor control center, variable frequency drives (VFDs) and communication equipment, is critical to the operation of the pump station. With high temperatures experienced at the PS, vital controls and switches has been experiencing temperature related failures and shutdowns. The HVAC improvements will address these critical failures by installing a permanent air conditioning system, roof thermal insulation, controls, etc. for the electrical equipment at the Jurupa PS.

Schedule:

<u>Project Budget</u>	<u>Actual Cost to Date</u>
\$300,000	\$8,261

<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Status</u>	<u>Projected Cost</u>	<u>Actual Cost</u>
Project Development	09/02/13A	03/20/14A	Completed	\$3,000	\$3,031
Pre-design	10/31/13A	03/03/14A	Completed	\$5,000	\$2,731
Proposal	03/04/14A	05/14/14	In Progress	\$12,000	\$2,499
Design/Build	05/14/14	11/30/14	Not Started	\$186,000	\$0
				\$206,000	\$8,261

The total project cost was originally \$300,000. Through the Pre-design Phase, the Agency has been able to evaluate the details of the project and simplify the scope. The projected cost is expected to be completed below the total project budget.

Project Update:

Last month, based on the consultant's proposal, experience, and qualification, the Agency found IDS to be the most qualified to provide the design/build services. The Design/Build Kick-off with IDS was on May 28, 2014. Staff is anticipating to complete the project before November 30, 2014.

Project Photos:

MCC Control Panel

Pumping System

**SAN SEVAINE IMPROVEMENTS PROJECT
PROJECT NO. EN13001
STATUS UPDATE: MAY 28, 2014**

San Sevaire basins consist of five, soft-bottomed basins along the San Sevaire Channel. The basins encompass approximately 93 acres with the potential to recharge up to 8,500 acre-feet per year (AFY) of recycled water (RW), storm water (SW) and imported water. The basins currently operate by delivering most flow to Basin No. 5, which has the lowest infiltration rate as compared to the other basins. This has limited current recharge to approximately 500 AFY.

The Project will evaluate and propose construction improvements needed to maximize infiltration and recharge at the San Sevaire Basins. Depending upon the evaluation, either one or more of the following measures will be implemented: (1) construct a new stormwater/recycled water pump station and pipeline, (2) extend the existing RW pipeline, (3) re-grade and deepen basin, (4) construct internal berms.

Schedule:

<u>Phase</u>	<u>Project Budget</u>		<u>Actual Cost to Date</u>		
	<u>Start</u>	<u>Finish</u>	<u>Status</u>	<u>Projected Cost</u>	<u>Actual Cost</u>
				\$2,500,000	\$80,375
Pre-design	10/01/12A	07/24/14	In Progress	\$177,677	\$62,746
Environmental Impact	06/26/13A	09/26/14	In Progress	\$22,677	\$8,942
Design	07/25/14	06/07/15	Not Started	\$152,247	\$0
Permits	05/15/13A	11/23/15	In Progress	\$75,570	\$8,687
Bid and Award	06/08/15	08/21/15	Not Started	\$8,140	\$0
Construction	08/22/15	03/07/17	Not Started	\$2,063,689	\$0
				<u>\$2,500,000</u>	<u>\$80,375</u>

The Agency received an official notification from DWR through SAWPA that the requested \$750,000 grant from the Prop 84 Round 2 funding has been approved.

Project Update:

A preliminary design report is expected by late June 30, 2014.

Recent Activities:

	<u>Date</u>	<u>Status</u>
▪ Obtain CEQA and Impacts from TDA	12/30/13	Completed
▪ Complete Project Development Report	05/30/14	In Progress
▪ Perform Soil Investigation	09/15/14	Delayed (1)

Notes:

(1) Soil investigation activities required an approved permit with ACOE. Since the receipt of the permit was received in late February which was a few weeks before the start of the bird nesting season the investigation was pushed out after September 15, 2014.

Project Photo:

San Sevaine Basin 5 - Berm

**GWR SCADA UPGRADES
PROJECT NO. EN14047
STATUS UPDATE: MAY 28, 2014**

The Inland Empire Utilities Agency’s existing Supervisory Control & Data Acquisition (SCADA) system is comprised of a wide range of equipment that is located at various remote sites and facilities throughout the IEUA’s RW and GWR facilities. During the master planning process, a thorough and comprehensive review and evaluation of the recycled water and groundwater recharge SCADA system was conducted. The Master Plan recommended SCADA upgrades to the RW and GWR SCADA systems. The purpose of these upgrades will provide the foundation of a robust, reliable and seamless control system that will sustain and support the continued growth of the RW and GWR programs.

Schedule:

	<u>Project Budget</u>	<u>Actual Cost to Date</u>			
	\$892,000	\$10,042			
<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Status</u>	<u>Projected Cost</u>	<u>Actual Cost</u>
Project Development	11/11/11A	02/24/14A	Completed	\$927	\$422
Design	02/26/14A	08/11/14	In Progress	\$129,900	\$9,620
Permits	04/18/14A	08/12/14	Not Started	\$10,000	\$0
Bid and Award	08/12/14	10/15/14	Not Started	\$428	\$0
Construction	10/16/14	02/12/16	Not Started	\$750,745	\$0
				\$892,000	\$10,042

This project has qualified for a \$139,650 grant and a 1% interest 30-year loan at \$740,145 through the Clean Water State Revolving Fund loan program, a Proposition 50 grant program, and a Department of Water Resources Proposition 84 grant program through Santa Ana Project Water Authority.

Project Update:

The final Preliminary Design Report is due June 23, 2014. This will contain the following 5 technical memorandums which address the recommend design approach in upgrading the SCADA system:

- Evaluation of the existing SCADA System, Hardware, and HMI
- Alternative Equipment Analysis
- Recommended Equipment Upgrades
- Detailed Project Cost Estimate
- Project Design & Construction Schedule

Project Photo:

San Sevaine Turnout Control Panel

**COMMUNICATION UPGRADES
PROJECT NO. EN12019
STATUS UPDATE: MAY 28, 2014**

This project will transition the communication equipment within the remote GWR and RW sites (totaling over 20 sites) onto the new, faster and more reliable communication network. The upgrade will replace the radio equipment for each site and add several new communication towers to send all communication onto the Agency's new 18GHz Motorola network back-haul. The Communication System Upgrades anticipates all remote sites to be upgraded for integration with the new communication network, and seven monopoles necessary to improve the line-of-sight communication. After the completion of a predesign study which will determine the required location and number of towers, the project will move forward with a design/build approach in implementing the communication upgrades.

Schedule:

	<u>Project Budget</u>	<u>Actual Cost to Date</u>			
	\$1,245,000	\$75,898			
<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Status</u>	<u>Projected Cost</u>	<u>Actual Cost</u>
Project Development	11/11/11	01/27/14	Completed	\$5,771	\$47,270
Design	01/20/14	07/29/14	In Progress	\$135,129	\$28,628
Permits	03/17/14	07/30/14	In Progress	\$6,000	\$0
Construction	07/30/14	06/24/15	Not Started	\$1,098,100	\$0
				<u>\$1,245,000</u>	<u>\$75,898</u>

This project has qualified for a \$192,850 grant and a 1% interest 30-year loan at \$1,022,105 through the Clean Water State Revolving Fund loan program, the Proposition 50 grant program, and a Department of Water Resources Proposition 84 grant program through Santa Ana Project Water Authority.

Project Update:

This June, DTA will be meeting with IEUA staff to discuss the firm's initial finding from the radio survey. Following the meeting, DTA will finalize the detailed cost estimate on transferring the existing radio communication system over to the high-speed network. The Preliminary Design Report is scheduled for completion on June 19, 2014.

Basin Communication Tower

**CB20 NOISE MITIGATION
PROJECT NO. EN14038
STATUS UPDATE: MAY 28, 2014**

In 2010, a recharge basin turnout structure was constructed within the Metropolitan Water District's right-of-way in the residential area of the City of Upland. The turnout was to provide immediate access to available raw water for the purpose of groundwater storage. The Noise Mitigation Project is to reduce the impact of operating noise to the surrounding residences. Current sound studies reveal the facility generates noise levels above the allowable limits permitted by Upland's Ordinances. As a public service effort, IEUA and Chino Basin Watermaster initiated a capital project to design and build a sound enclosure by a qualified sound specialist. The objective is to maintain compliance with City Ordinance and reduce the impact of noise to nearby residents. The project budget is \$160,000.

Schedule:

	<u>Project Budget</u>		<u>Actual Cost to Date</u>		
	\$160,000		\$3,496		
<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Status</u>	<u>Projected Cost</u>	<u>Actual Cost</u>
Project Development	09/25/13	01/23/14	Completed	\$11,319	\$182
Design	01/24/14	06/25/14	In Progress	\$9,057	\$3,314
Construction	06/26/14	08/12/14	Not Started	\$137,237	\$0
				\$157,613	\$3,496

Project Update:

Currently IEUA is amending the design/build contract with C.E. Pickup to provide additional acoustical services to re-model the estimated sound reductions within the area because the field conditions changed to include the future development of two new residential lots which are adjacent to the turnout. The sound model will define the additional sound proofing material before the design is finalized. The additional study and re-design on the enclosure will extend the project to mid-August.

**HICKORY BASIN ARIZONA CROSSING
PROJECT NO. EN12025
STATUS UPDATE: MAY 28, 2014**

The Hickory Basin Arizona Crossing Project designed and constructed a new soil cement access road and culvert over the inlet channel at the Hickory Basin. The purpose of the access road was to provide immediate maintenance and operational access for IEUA and San Bernardino Flood Control District (SBCFCD) personnel to the north area of the Basin without interrupting recharge or storm water detention operations. The goal of the project is minimize maintenance costs and mitigate recharge interruptions due to basin dewatering when accessing critical pumping equipment for routine or emergency maintenance. Secondly, the access crossing was also a required condition with the Flood Control as part of a maintenance agreement to utilize the basin for continuous recharge. This project was a part of the Chino Basin Facilities Improvement Program, Phase II which was deferred due to Flood Control permitting approvals. In January 2012, the project re-commenced bidding after receiving full permitting documents from the District.

Schedule:

	<u>Project Budget</u>		<u>Actual Cost to Date</u>		
	\$332,971		\$220,417		
<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Status</u>	<u>Projected Cost</u>	<u>Actual Cost</u>
Design	10/01/11	12/31/11	Completed	\$7,200	\$7,200
Permits	10/01/11	01/12/12	Completed	\$2,000	\$1,518
Bid and Award	01/12/12	03/21/12	Completed	\$1,200	\$307
Construction	03/22/12	04/17/13	Completed	\$222,571	\$211,392
Added Contingencies				\$100,000	
				332,971	\$220,417

The added contingency was included into the project towards the later phase of construction to address potential change orders with the General Contractor.

Project Update:

The project completed constructed and the facility has been in operation since April 17, 2013. The project was fully completed and operational on April 2013 with a final total project cost of \$220,417. In November 2013, IEUA received from the General Contractor a "Notice of Potential Claim" and "Notice of Claim" which were both denied by IEUA. On April 8, 2014, IEUA Legal Counsel notified staff of a filed lawsuit from Kaveh Engineering and Construction. Currently IEUA Legal Counsel is addressing the notice.

**UPPER SANTA ANA RIVER WATERSHED HABITAT CONSERVATION PLAN
STATUS UPDATE: MAY 28, 2014**

The purpose of the Habitat Conservation Plan is to investigate and develop a plan to offset the biological impact of future water and recharge improvement projects in the Chino Basin area that have the potential to affect federally-listed endangered, threatened or special status species. This project will be a part of the regional plan with other proposed projects within the Upper Santa Ana River Region. The goal of the project is to identify in advance sites that may require biological offset/mitigation and avoid permitting delays on future RMPU projects or other identified recharge improvement projects.

Schedule:

	<u>Project Budget</u>		<u>Actual Cost to Date</u>		
	\$160,000		\$0		
<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Status</u>	<u>Projected Cost</u>	<u>Actual Cost</u>
Investigate/Plan	07/01/14	06/30/17	Completed	\$160,000	\$0
				\$160,000	\$0

The project is scheduled to begin in the first quarter of Fiscal Year 2014/2015.

Project Update:

Currently nine projects sites, which are listed below and a part of the 2013 Amendment to the 2010 Recharge Master Plan Update, have the potential to impact federally-listed species. The scope will investigate these sites and other RMPU projects and develop a plan if required.

<u>RMPU Projects</u>	<u>Location</u>	<u>Potential Species</u>

P164

NOTES:
 * The GWR SCADA Upgrades & Communication Upgrade projects were originally established as a single project. Since the project scope required two different schedules, it was split into two projects: control upgrades and tower/communication upgrades.
 *** IEUA will complete and pay for the project in fiscal year 2013/14. Therefore the fiscal year 2014/15 cost share amount has been removed for IEUA. CBWM will complete its final payment to IEUA in July 2014.
