D. 2013 LAND SUBSIDENCE COMMITTEE ANNUAL REPORT

Recommend that the Advisory Committee recommend to the Watermaster Board to adopt the 2013 Annual Report of the Land Subsidence Committee, along with filing a copy with the Court.

The draft 2013 Annual Report of the Land Subsidence Committee can be found at the following link:

[http://www.cbwm.org/FTP/Land%20Subsidence%20Committee%20\(LSC\)/2013%20Draft%20LSC%20Annual%20Report/Final%20Draft%202013%20Annual%20Report%20of%20the%20Land%20Subsidence%20Committee-posted%20to%20FTP%20for%20review%20on%2020140711/2013 Annual%20Report draftv3 lsc FINAL.pdf](http://www.cbwm.org/FTP/Land%20Subsidence%20Committee%20(LSC)/2013%20Draft%20LSC%20Annual%20Report/Final%20Draft%202013%20Annual%20Report%20of%20the%20Land%20Subsidence%20Committee-posted%20to%20FTP%20for%20review%20on%2020140711/2013%20Annual%20Report%20draftv3%20FINAL.pdf)

(0:00:24) Chair Geye announced that there was a request to pull item I.C.4. for separate discussion.

(0:00:38)

Motion by Mr. Marty Zvirbulis, second by Mr. Jeff Pierson, and by unanimous vote

Moved to approve Consent Calendar with the exception of I.C.4. as presented

(0:00:57) Ms. Layton made a comment regarding Business Item I.C.4. and inquired about signatures on page 87 and whether the permanent transfer paperwork was being recorded correctly. Mr. Herrema replied that the process was handled correctly. A brief discussion ensued.

(0:03:04)

*Motion by Mr. Jeff Pierson, second by Mr. Ken Jeske, and by unanimous vote
Moved to approve Consent Calendar Item I.C.4. as presented*

II. BUSINESS ITEMS

A. SAFE YIELD RECALCULATION – PRESENTATION OF MODELING RESULTS (DISCUSSION ONLY)

(0:03:30) Mr. Kavounas reported that the same Safe Yield presentation that was given at the Pool meetings last week is available and can be given should the Committee wish to see it. The Committee declined.

B. MASTER AGREEMENT FOR COLLABORATIVE RECHARGE PROJECTS

Recommend that the Advisory Committee approve Watermaster's entrance into the Master Agreement between Watermaster and Inland Empire Utilities Agency regarding the Management of Collaborative Recharge Projects, subject to non-substantive changes to be made by staff.

(0:04:11) Mr. Kavounas gave a report. A brief discussion ensued.

(0:06:17)

*Motion by Mr. Van Jew, second by Mr. Marty Zvirbulis, and by unanimous vote
Moved to approve Business Item II.B. as presented*

III. REPORTS/UPDATES

A. LEGAL COUNSEL REPORT

1. Motion for Approval of Watermaster Board Compensation Policy
2. July 11, 2014 Hearing

(0:06:35) Mr. Herrema gave a report.

B. CFO REPORT

None

STAFF REPORT

DATE: August 21, 2014
TO: Advisory Committee Members
SUBJECT: VISA Check Detail Report - Financial Report B2 (June 30, 2014)

SUMMARY

Issue: Record of VISA credit card payment disbursed for the month of June 30, 2014.

Recommendation: Receive and file VISA Check Detail Report for June 30, 2014 as presented.

Financial Impact: Funds disbursed were included in the FY 2013/14 "Amended" Watermaster Budget.

Future Consideration

Advisory Committee: August 21, 2014; Receive and File

Watermaster Board: August 28, 2014; Receive and File (Normal Course of Business)

ACTIONS:

August 14, 2014 – Appropriative Pool – Unanimously approved

August 14, 2014 – Non-Agricultural Pool – Moved unanimously to receive and file, without approval

August 14, 2014 – Agricultural Pool – Unanimously approved

August 21, 2014 – Advisory Committee –

August 28, 2014 – Watermaster Board –

BACKGROUND

A monthly VISA Check Detail report is provided to keep all members apprised of Watermaster expenditures charged against the General Manager, Assistant General Manager and Chief Financial Officer's Bank of America VISA card.

DISCUSSION

Total cash disbursement during the month of June 2014 was \$2,725.71. This payment was processed by check number 17910 dated July 1, 2014. The monthly charges for June 2014 were for routine and customary expenditures and properly documented with receipts.

STAFF REPORT

DATE: August 21, 2014
TO: Advisory Committee Members
SUBJECT: Combining Schedule of Revenue, Expenses and Changes in Working Capital for the Period July 1, 2013 through June 30, 2014 - Financial Report B3 (June 30, 2014)

SUMMARY

Issue: Record of Revenue, Expenses and Changes in Working Capital for the Period July 1, 2013 through June 30, 2014.

Recommendation: Receive and file Combining Schedule of Revenue, Expenses and Changes in Working Capital for the Period July 1, 2013 through June 30, 2014 as presented.

Financial Impact: Funds disbursed were included in the FY 2013/14 "Amended" Watermaster Budget.

Future Consideration

Advisory Committee: August 21, 2014; Receive and File

Watermaster Board: August 28, 2014; Receive and File (Normal Course of Business)

ACTIONS:

August 14, 2014 – Appropriative Pool – Unanimously approved

August 14, 2014 – Non-Agricultural Pool – Moved unanimously to receive and file, without approval

August 14, 2014 – Agricultural Pool – Unanimously approved

August 21, 2014 – Advisory Committee –

August 28, 2014 – Watermaster Board –

BACKGROUND

A Combining Schedule of Revenue, Expenses and Changes in Working Capital for the period July 1, 2013 through June 30, 2014 is provided to keep all members apprised of the FY 2013/14 cumulative Watermaster revenues, expenditures and changes in working capital for the period listed.

DISCUSSION

The Combining Schedule of Revenue, Expenses and Changes in Working Capital has been created from various financial reports and statements created from QuickBooks Enterprise Solutions 13.0, the Watermaster accounting system. The Combining Schedule provided balances to the supporting documentation in the Watermaster accounting system as presented.

STAFF REPORT

DATE: August 21, 2014
TO: Advisory Committee Members
SUBJECT: Treasurer's Report of Financial Affairs for the Period June 1, 2014 through June 30, 2014 - Financial Report B4 (June 30, 2014)

SUMMARY

Issue: Record of increases or decreases in the cash position, assets and liabilities of Watermaster for the Period of June 1, 2014 through June 30, 2014.

Recommendation: Receive and file Treasurer's Report of Financial Affairs for the Period June 1, 2014 through June 30, 2014 as presented.

Financial Impact: Funds disbursed were included in the FY 2013/14 "Amended" Watermaster Budget.

Future Consideration

Advisory Committee: August 21, 2014; Receive and File

Watermaster Board: August 28, 2014; Receive and File (Normal Course of Business)

ACTIONS:

August 14, 2014 – Appropriative Pool – Unanimously approved

August 14, 2014 – Non-Agricultural Pool – Moved unanimously to receive and file, without approval

August 14, 2014 – Agricultural Pool – Unanimously approved

August 21, 2014 – Advisory Committee –

August 28, 2014 – Watermaster Board –

BACKGROUND

A Treasurer's Report of Financial Affairs for the Period June 1, 2014 through June 30, 2014 is provided to keep all members apprised of the total cash in banks (Bank of America, LAIF, and CalTRUST) and on hand at the Watermaster office (petty cash) at the end of the period stated. The Treasurer's Report details the change (increase or decrease) in the overall cash position of Watermaster, as well as the changes (increase or decrease) to the assets and liabilities section of the balance sheet. The report also provides a detailed listing of all deposits and/or withdrawals in the California State Treasurer's Local Agency Investment Fund (LAIF) and/or CalTRUST, the most current effective yield as of the last quarter, and the ending balance in LAIF as of the reporting date.

DISCUSSION

The Treasurer's Report of Financial Affairs has been created from various financial reports and statements created from QuickBooks Enterprise Solutions 13.0, the Watermaster accounting system. The Treasurer's Report provided, balances to the supporting documentation in the Watermaster accounting system, as well as the supporting bank statements.

TO: Advisory Committee Members
SUBJECT: Budget vs. Actual Report for the Period July 1, 2013 through June 30, 2014 -
Financial Report B5 (June 30, 2014)

SUMMARY

Issue: Record of revenues and expenses of Watermaster for the Period of July 1, 2013 through June 30, 2014.

Recommendation: Receive and file Budget vs. Actual Report for the Period July 1, 2013 through June 30, 2014 as presented.

Financial Impact: Funds disbursed were included in the FY 2013/14 "Amended" Watermaster Budget.

Future Consideration

Advisory Committee: August 21, 2014; Receive and File

Watermaster Board: August 28, 2014; Receive and File (Normal Course of Business)

ACTIONS:

August 14, 2014 – Appropriative Pool – Unanimously approved

August 14, 2014 – Non-Agricultural Pool – Moved unanimously to receive and file, without approval

August 14, 2014 – Agricultural Pool – Unanimously approved

August 21, 2014 – Advisory Committee –

August 28, 2014 – Watermaster Board –

BACKGROUND

A Budget vs. Actual Report for the period July 1, 2013 through June 30, 2014 is provided to keep all members apprised of the total revenues and expenses for the current fiscal year. The expense section is categorized into four distinct sections. Those sections are: General and Administrative Expenses; Optimum Basin Management Program Expenses; Project Expenses; and Other Income/Expenses.

DISCUSSION

The Budget vs. Actual report has been created from QuickBooks Enterprise Solutions 13.0, the Watermaster accounting system. The Budget vs. Actual report provided, balances to the supporting documentation in the Watermaster accounting system, as well as the supporting bank statements.

The first Budget Amendment was approved during the October 2013 meetings as a result of increased costs related to the Wineville Proof of Concept Project. The Watermaster Board approved Budget Amendment Form (A-13-10-01) on October 24, 2013. Budget Amendment Form (A-13-10-01) in the amount of \$62,150 increased the Amended FY 2013/14 budget from \$7,531,466 to \$7,593,616. Budget Amendment Form (A-13-10-01) was recorded to the accounting records for the accounting period ending November 30, 2013, and is included in this financial report. The amount of \$62,150 was included in account (7209.2) Wineville Basin.

The second Budget Amendment was approved during the February 2014 meetings as a result of increased labor cost related to a Personnel Matter and unbudgeted Brownstein Hyatt Farber Schreck legal costs. The Watermaster Board approved Budget Amendment Form (A-13-12-01) on February 27, 2014. Budget Amendment Form (A-13-12-01) in the amount of \$210,000 increased the FY 2013/14 Amended budget from \$7,593,616 to \$7,803,616. Budget Amendment Form (A-13-12-01) was recorded to the accounting records for the accounting period ending February 28, 2014, and is included in this financial report. The amount of \$60,000 was included in the budget under account (6015) Miscellaneous Payments, \$75,000 was included in the budget under account (6073) BHFS Legal - Personnel Matters, and \$75,000 was included in the budget under account (6907.42) Safe Yield Recalculation.

A Budget Transfer Form was approved during the March 2014 meetings as a result of increased engineering labor cost and other expenses related to the Safe Yield recalculation efforts. The Watermaster Board approved Budget Transfer Form (T-14-03-01) on March 27, 2014. The Budget Transfer Form (T-14-03-01) was a zero based document and only adjusted the budget amounts between the OBMP Engineering Services accounts. The Budget Transfer Form (T-14-03-01) re-allocated the Engineering Services budget by \$95,000 but did not change the "Amended" Budget amount from \$7,803,616. Budget Transfer Form (T-14-03-01) was recorded to the accounting records for the accounting period ending February 28, 2014, and is included in this financial report.

During the August 2014 meetings, Budget Transfer Form (T-14-06-01) was submitted for approval. Because the year-end financials required several budget adjustments/budget transfers, Budget Transfer Form (T-14-06-01) was incorporated into the financial reports as of June 30, 2014. The Budget Transfer Form (T-14-06-01) is a zero-based document, which means the reductions and additions within the general ledger accounts equal. The general ledger accounts changed were related to the Watermaster Legal Services accounts; Watermaster Administrative Postage - account 6042; Business Insurance Package - account 6085; Training and Seminars - account 6192; and Appropriative Pool Consulting Services - account 8306. Overall, the Approved Amended Budget for FY 2013/14 of \$7,803,616 (which includes the additional "Carry Over" funding of \$1,016,730) was NOT increased.

As mentioned above, the final Budget Transfer requests will be presented as part of the June 30, 2014 financial reports.

Year-To-Date (YTD) for the twelve months ending June 30, 2014, all but two categories were at or below the projected budget. Overall, the (YTD) Actual Expenses were \$1,821,838 or 23.3% below the (YTD)

Budgeted Expenses of \$7,803,616. The two categories above budget were the Watermaster Administrative Salary/Benefits Costs (6010's) over budget by the amount of \$180,793; and Depreciation Expense (9400's) over budget by \$8,090. Please note that the Watermaster Administrative Salary/Benefits Costs (6010's) are not the grand total of all Watermaster salary costs. The category (6010's) captures the portion of the total Watermaster Salary/Benefits Costs allocated to specific Administrative tasks. The consolidated Watermaster Salaries expenses are discussed in greater detail within their specific sections.

The Depreciation Expense (9400's) is booked at year-end as part of the financial reporting closing entries. Historically, Watermaster has not budgeted for the depreciation expense at year-end because this expense is not a "cash" transaction (an expense paid to a vendor or entity), but an accounting adjustment to the balance sheet and the income statement.

SALARIES EXPENSE

Watermaster utilizes an in-house database time and attendance system to allocate staff's actual hours worked and also allocates the hours to a specific project or activity. Watermaster staff time could be charged to Administrative, OBMP, or Implementation Project categories. Recently, some Watermaster staff spent more time on administrative related tasks and less time on specific OBMP or project related areas. The additional administrative tasks are reflected in account 6011 (WM Staff Salaries), which is over budget by \$117,797 or 20.1%. When the FY 2013/14 budget was developed, basic assumptions were used in allocating how staff's time would be spent and on which projects or activities. The staffing dollars were then allocated into those specific areas and budgeted on a 1/12 monthly budget. When actual staffing activities vary from the budgeted assumptions, a positive or negative variance can be created. This is what is currently occurring within the Administrative Salary/Benefit costs category.

As of June 30, 2014, the total (YTD) Watermaster salary expenses (excluding the vacation, sick, holiday and admin leave accruals) are \$26,645 or 2.0% below the (YTD) budgeted amount of \$1,304,705. The budget was developed with a staffing level of nine Full-Time Equivalents (FTE's). As of June 30, 2014, the actual staffing level was nine Full-Time Equivalents (FTE's). For the months of July 2013 through November 2013, the vacant Executive Assistant position was being filled by a temporary employee from an Employment Agency. Those temporary employee costs are included as part of the Salaries expenses listed below in account (6017.1) Temp Services-Executive Assistant. With regards to the Executive Assistant position, the position was filled by Anna Truong who started officially as a Watermaster employee on Wednesday, December 4, 2013. Bianca Ruiz was on a 12-week maternity/FMLA leave effective February 10, 2014 and her position had been temporarily filled using an employment agency. The temporary employee costs are included as part of the Salaries expenses listed below in account (6017.2) Temp Services-Office Specialist Services. Bianca returned to work from FMLA leave on Monday, May 5, 2014.

At fiscal year-end, the vacation, sick, and admin leave accrued balances by employee are adjusted as an increase to the accrual balances and the correct ending balances have been recorded on the Balance Sheet as a Current Liability. This is a standard accounting journal entry that is completed each fiscal year. At June 30, 2014 the total vacation, sick, holiday and admin leave balances were \$49,236 or 33.5% above the budgeted amount of \$146,936. These year-end journal entries increased the Watermaster Salary category and are reflected in the accounts 60185.2, 60185.3 and 60186.1 as of June 30, 2014.

The table summarizes the Year-To-Date (YTD) Actual Watermaster salary costs compared to the Year-To-Date (YTD) Budget as of June 30, 2014. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The following details are provided:

	Jul '13 - Jun '14 Actual	Jul '13 - Jun '14 Budget	\$ Over Budget	% of Budget	FY 2013/14 Annual Budget

BROWNSTEIN HYATT FARBER SCHRECK EXPENSES

The Watermaster Legal Services budget was developed jointly by the Watermaster staff and Brownstein Hyatt Farber Schreck staff with specific assumptions regarding the tasks and legal activities that would occur during FY 2013/14. The "original" budget amount was approved at \$757,490. The total budget was developed by multiplying the number of hours that would be required to complete the specific tasks by the hourly rate. Unfortunately, three specific activities were never included as part of the budget when initially developed and approved, and while another activity was anticipated and budgeted for, it was not budgeted at the level of legal support required. These activities were Personnel Matters (6073), CCG Motion (6078.12), Safe Yield Recalculation (6907.42), and RMPU-City of Fontana Motion (6907.43). Budget Amendment Form A-13-12-01 in the amount of \$150,000 was approved by the Watermaster Board on February 27, 2014. This Budget Amendment allocated \$75,000 to account (6073) Personnel Matters and \$75,000 to account (6907.42) Safe Yield Recalculation.

As mentioned earlier, Budget Transfer Form T-14-06-01 was included as part of the June 30, 2014 financial reports. An additional net budget amount of \$126,500 was transferred from other Watermaster accounts (and also from some legal services accounts) to the Watermaster legal services accounts. The increase of \$126,500 brought the "amended" budget from \$907,490 to \$1,033,990 as of June 30, 2014.

CCG Motion, Safe Yield Recalculation and RMPU-City of Fontana Motion: As new legal activities are established, an account code is developed and assigned to capture the costs. To date, there have been three new accounts created. As of June 30, 2014 the CCG Motion (6078.12) has cumulative year-to-date costs of \$75,505; Safe Yield Recalculation (6907.42) has cumulative year-to-date costs of \$206,810; and RMPU-City of Fontana Motion (6907.43) has cumulative year-to-date costs of \$164,907. Please note these costs were not anticipated or expected when the FY 2013/14 legal services budget was developed and approved. The amount of \$75,000 from Budget Amendment Form (A-13-12-01) was allocated to account (6907.42) Safe Yield Recalculation as of February 28, 2014. The amount of \$134,000 from Budget Transfer Form (T-14-06-01) was allocated to account (6907.43) RMPU - City of Fontana Motion.

Personnel Matters: As reported during the current monthly meetings, Watermaster's legal counsel filed an appeal with CalPERS regarding CalPERS original determination (from February 2013) which rejected the base salary of the former CEO, Desi Alvarez, with regards to his retirement pension benefit. There have been several filings of appeal and we are awaiting CalPERS determination. On December 9, 2013 CalPERS notified the attorneys of record that the CalPERS Legal Office received the case on November 22, 2013 and we would be notified when the case has been assigned to an attorney who will represent CalPERS regarding the appeal. On February 27, 2014 the case was assigned to Wesley E. Kennedy, Senior Staff Attorney for CalPERS. Aside from the Alvarez appeal and a separate issue, a former employee's attorney had recently informed Watermaster of a potential wrongful termination suit against Watermaster. As of June 30, 2014 both activities totaled \$88,061 and these activities were not part of the original fiscal year budget amount of \$757,490. As reported during the Watermaster Board meeting of December 19, 2013 after the closed session, the wrongful termination matter has been settled through mediation in December, 2013. These two separate legal activity expenses are recorded under Personnel Matters (6073). The amount of \$75,000 from Budget Amendment Form (A-13-12-01) was allocated to account (6073) BHFS Legal-Personnel Matters as of February 28, 2014.

The anticipated activity for this category was the General Manager's annual evaluation, along with the development of the General Manager's employment contract. All of the ongoing employment related costs for the General Manager was budgeted at \$7,000. The cost to date for the employment contract was \$13,689 and the cost for the General Manager's annual evaluation was \$7,799. The total activity for this category was \$21,488.

Overall, the Watermaster Administrative Legal Services expense (6070's), as of June 30, 2014, was \$370 or 0.1% below the budgeted amount of \$314,600.

As approved during the June 2013 meetings, the Pools, Advisory Committee and the Board meeting for the month of July 2013 were not held. However, there were several other special and confidential meetings held during the month of July for the Appropriative Pool, Agricultural Pool and Board. As a result, the related meeting expenses from (BHFS) within the accounts (6275, 6375, 8375, 8475 and 8575) were lower than budgeted. Overall, this category of legal expenses as of June 30, 2014 was \$1,814 or 0.9% below the budgeted amount of \$205,640.

The OBMP legal expenses were below the budget for the month. As mentioned above, there were two new accounts added to the OBMP section. The accounts were the Safe Yield Recalculation (6907.42) and the RMPU-City of Fontana Motion (6907.43). The Safe Yield Recalculation has budget dollars allocated in the amount of \$75,000 as a result of Budget Amendment Form (A-13-12-01). The RMPU-City of Fontana Motion (6907.43) has budget dollars allocated in the amount of \$134,000 from Budget Transfer Form (T-14-06-01).

The Recharge Master Plan legal expenses were \$58,326 or 146.9% above the budget of \$39,700. As of June 30, 2014 the category of OBMP legal expenses was \$781 or 0.2% below the budgeted amount of \$513,750.

The table listed below summarizes the Brownstein Hyatt Farber Schreck (BHFS) expenses as of June 30, 2014 compared to the Year-To-Date (YTD) budget. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month

Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The following details are provided:

Note 1: The types of legal activities that have been charged against the "Miscellaneous" legal category account 6078 are as follows: (1) Correspondence and discussions with Watermaster staff regarding current issues/topics; (2) Correspondence with Watermaster staff regarding special projects (assessment package, annual report, audit report, business plan, etc.); (3) Brownstein's status review of ongoing Watermaster projects and issues; (4) Brownstein's update of the outstanding issues list; (5) Coordination of ongoing Watermaster projects; (6) Review of draft documents; (7) CCG/CSI/ACM Lawsuit; (8) Court approval of substitution rate for Exhibit "G"; and (9) Miscellaneous legal research on current and pending issues.

Note 2: As discussed at the Non-Ag Pool meeting of March 13, 2014, costs of \$12,563 related to the CCG/CSI/ACM Lawsuit and Court approval of substitution rate for Exhibit "G" were reclassified from account 8575 (BHFS Legal-Non-Ag Pool) to 6078 (BHFS Legal-Miscellaneous). The unbudgeted activities for the Non-Ag Pool were the TAMCO intervention and the City of Chino intervention. There were also legal activities related to Rules and Regulations, and quorum. These unbudgeted activities explain why the Non-Ag category is over budget.

OBMP ENGINEERING SERVICES AND LEGAL COSTS

For June 30, 2014, the accounts 6901-6903 (Optimum Basin Mgmt Program) section was below the Year-To-Date (YTD) budget by \$69,393 or 31.1%. Watermaster utilizes an in-house database time and

attendance system to allocate staff's actual hours worked and also allocates the hours to a specific project or activity. Watermaster staff time could be charged to Administrative, OBMP, or Implementation Project categories. Recently, Watermaster staff spent less time on specific OBMP related areas and more time on administrative related tasks. As a result, Watermaster staff allocated less actual time to the OBMP project as budgeted, which resulted in an under budget variance of \$70,853 or 33.4%. The remaining expense was the Santa Ana Watershed Project Authority (SAWPA) FY 2013/14 Basin Monitoring Program Task Force Contribution which was budgeted at \$11,000 but actual expenses were \$12,460, an over budget by \$1,460 or 13.3%.

For June 30, 2014, the accounts 6906 (Optimum Basin Mgmt Program Engineering Services) section was below the Year-To-Date (YTD) budget by \$31,439 or 5.6%. The Engineering Services were \$18,561 or 3.6% above the budgeted expenses of \$514,748. The Budget Transfer Form (T-14-03-01) re-allocated the Engineering Services budget by \$95,000 and increased the account 6906.1 (OBMP-Watermaster Model Update) from \$101,000 to \$196,000. Please be advised that the Budget Transfer Form only re-allocated a portion of the existing engineering budget, it did not change the "Amended" Budget amount. Also within the 6906 category is the amount of \$50,000 budgeted for the updating of the Sunding Reports, which has not been authorized by the Appropriative Pool. While the amount of \$50,000 was included as part of the FY 2013/14 budget, the \$50,000 was never part of the Assessment invoicing issued in November, 2013. If the update of the Sunding Report was to be authorized by the Appropriative Pool, the amount of \$50,000 would need to be funded by a special assessment invoice issued to the Appropriators.

Within the category 6907 (Optimum Basin Mgmt Program Legal Fees) are the remaining Brownstein Hyatt Farber Schreck (BHFS) Watermaster's legal expenses. Within the legal expense category, some individual line item activities were above the budget by \$221,043 while some other line item activities were below the budget by \$221,824. Above the budget line items were the Recharge Master Plan of \$58,326; the Safe Yield Recalculation of \$131,810; and the RMPU-City of Fontana Motion of \$30,907. The individual legal projects/activities that were below budget for the Year-To-Date (YTD) period were the Archibald South Plume of \$28,475; the Chino Airport Plume of \$49,922; the Desalter/Hydraulic Control of \$25,320; the Santa Ana River Water Rights of \$25,177; the Santa Ana River Habitat of \$21,815; the Regional Water Quality Control Board of \$12,787; Storage Agreements of \$14,503; the Prado Basin Habitat Sustainability of \$18,700; and the WM Unanticipated of \$25,125. The amount of \$75,000 from Budget Amendment Form (A-13-12-01) was allocated to account (6907.42) Safe Yield Recalculation as of February 28, 2014. The amount of \$134,000 from Budget Transfer Form (T-14-06-01) was allocated to account (6907.43) RMPU-City of Fontana Motion. For the twelve months ended June 30, 2014, the overall cumulative (YTD) budget was \$513,750 and the actual (BHFS) legal expenses totaled \$512,969 which resulted in an under budget variance of \$781 or 0.2%.

The OBMP Other Expenses (6909's) were below the budget for the month. These expenses are typically conference calls, meeting expenses, supplies, annual inspection fees, and other miscellaneous type expenses. As of June 30, 2014 this category of expenses was \$8,213 or 68.6% below the budgeted amount of \$11,977.

Overall, the Optimum Basin Management Program (OBMP) category was \$1,203,539 compared to a (YTD) budget of \$1,313,365 for an under budget of \$109,826 or 8.4% as of June 30, 2014.

The table listed below summarizes the Optimum Basin Management Program (OBMP) expenses as of June 30, 2014 compared to the Year-To-Date (YTD) budget. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The following details are provided:

OBMP IMPLEMENTATION PROJECTS COSTS

As of June 30, 2014, the total (YTD) Engineering Services expenses are \$460,795 or 23.8% below the (YTD) budget amount of \$1,932,768. The OBMP Implementation Projects (accounts 7100's – 7700's) were all (Under) budget as of June 30, 2014. A Budget Transfer Form was approved during the March 2014 meetings as a result of increased engineering labor cost and other expenses related to the Safe Yield recalculation efforts. The Watermaster Board approved Budget Transfer Form (T-14-03-01) on March 27, 2014. The Budget Transfer Form (T-14-03-01) was a zero based document and only adjusted the budget amounts between the OBMP Engineering Services accounts of 6906.1, 7104.3, 7303, 7502 and 7602. The Budget Transfer Form (T-14-03-01) re-allocated the Engineering Services budget by \$95,000 but did not change the "Amended" Budget amount.

The approved original Engineering Services budget of \$1,825,362 was increased by \$107,406 to the final amended amount of \$1,932,768 for FY 2013/14 as provided in the Task Order. The amount of \$107,406 is comprised of \$19,508 from account (7107.2) and \$87,898 from account (7108.7), both amounts from FY 2012/13 which have been "Carried Over" into the current FY 2013/14 budget. The breakdown of the total Task Order amount of \$1,932,768 includes direct labor costs for Wildermuth Environmental, Inc.

(69%) along with other direct charges such as equipment rental, laboratory fees, travel costs, reproduction costs, and outside professional services (31%).

A Task Order Amendment was received and Budget Transfer Form (T-14-03-01) has been recorded as of March 31, 2014. While the year-to-date actual expenses as of June 30, 2014 are currently under budget, there are no plans to rearrange or adjust the overall Engineering Services budget. The final Wildermuth Environmental, Inc. report for the Engineering Services budget shows an overall savings for the fiscal year of \$460,795, with \$288,119 being "Carried Over" into FY 2014/15.

The table listed below summarized the Year-To-Date (YTD) Actual Wildermuth Environmental, Inc., (WEI) and other Engineering costs compared to the Year-To-Date (YTD) Budget as of June 30, 2014. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The following details are provided:

	Jul '13 - Jun '14 Actual	Jul '13 - Jun '14 Budget	\$ Over Budget	% of Budget	FY 2013/14 Annual Budget

* Wildermuth and Subcontractor Engineering Budget of \$1,825,362 plus Carryover Funds from FY 2012/13 of \$107,406 = \$1,932,768
Carryover Funds FY 2012/13 = \$19,508 (7107.2) and \$87,898 (7108.7) = \$107,406

PRADO BASIN HABITAT SUSTAINABILITY PROGRAM

The Prado Basin Habitat Sustainability Program came about as a result of the Peace II Agreement SEIR mitigation measure 4.4-3 and was adopted by IEUA's Board in October, 2010. The purpose of the mitigation measure is to ensure that the Prado Basin riparian habitat will not be impacted by Hydraulic Control. The basic program tasks are to convene a committee that will develop this adaptive management plan, to install necessary monitoring wells, to complete vegetation and aerial surveys, and

to implement photo station monitoring. In terms of the financial aspects of this program, there is a cost sharing agreement, which was approved by the Watermaster Board in September, 2012 for a total budget of \$440,000. The cost sharing agreement between IEUA and Watermaster was increased from \$220,000 to \$300,000 effective August 22, 2013 with the approval of the Board. This is a 50/50 cost sharing agreement between Watermaster and IEUA with a not to exceed amount of \$300,000 for each party. Included in that cost is hiring a consultant to develop the adaptive management plan, WEI performing the project management tasks related to the monitoring well installation, hiring a contractor to construct and install up to seventeen monitoring wells at nine separate sites, and United States Bureau of Reclamation performing vegetation monitoring every three years. Grants have been applied for to offset the cost of this program; however, the Grants were not approved.

The process of invoicing IEUA for their 50% portion of the (WEI) invoices will be completed by Watermaster staff at the end of every quarter. The information listed below is provided for the period of May 1, 2012 through June 30, 2014:

	Wildermuth Environmental, Inc.	50% Billing "TO" IEUA	50% Billing "FROM" IEUA	Costs For Watermaster	Watermaster Staff "Hours"	Watermaster Staff "Costs"
May 2012 - Jun. 2012	\$ 11,143.75	\$ (5,571.88)	\$ -	\$ 5,571.88	4.00	\$ 411.38
Jul. 2012 - Jun. 2013	\$ 120,945.28	\$ (60,472.64)	\$ 6,275.92	\$ 66,748.56	73.00	\$ 7,837.27
Jul. 2013 - Jun 2014	\$ 21,722.09	\$ (10,861.05)	\$ 474.09	\$ 11,335.14	56.00	\$ 5,719.30
Totals	\$ 153,811.12	\$ (76,905.56)	\$ 6,750.01	\$ 83,655.57	133.00	\$ 13,967.95
	7108.7	7108.71, 7108.72	7108.75			7108.11

OTHER INCOME AND EXPENSE

There were no other significant items to report within the category of Other Income and Expenses for the month ending June 30, 2014.

"CARRY OVER" FUNDING

The Watermaster Board approved the Operating Cash Reserve Policy 4.17 on March 22, 2012. Section 4.17.6 of the policy (Carry-over Expenses) provides Watermaster staff the authority to carryover unfinished capital projects or related expenses from one fiscal year to the next. These expenses would be included as an amendment to the current year's budget. However, because these unfinished capital projects or related expenses had been previously funded from the Assessment process, they would be excluded from the upcoming Assessment process. If these expenses were not excluded, they would be funded for multiple times over. The current policy does not address a minimum or maximum dollar amount or how long the "Carry Over" expenses can be maintained.

Once the FY 2012/13 period as of June 30, 2013 was closed, the amount of unfinished capital projects and related engineering costs were calculated and the "Carry Over" funding amount was added to the current FY 2013/14 budget. The Total "Carry Over" funding amount of \$806,730 was posted to the accounts as of July 31, 2013. The total amount of \$806,730 consisted of \$529,924 "Carried Over" from the FY 2012/13 expense funding and \$276,806 "Carried Over" from FY 2011/12 expense funding. The remaining amount of \$104,977 from FY 2011/12 for the Chino Hills ASR Project has been combined with the remaining funding amount of \$122,518 from FY 2012/13 for the Chino Hills ASR Project for a total amount of \$227,495 in account 7107.62 (\$104,977 + \$122,518 = \$227,495).

Unspent funds from the Engineering Services budget from FY 2012/13 in account 7107.2 and 7108.7 (\$19,508 and \$87,898 respectively) were "Carried Over" into the current FY 2013/14 budget. These funds were from the Ground Level Monitoring (7107.2) and the Prado Basin Hydraulic Control (7108.7).

The Recharge Proof of Concept amount of \$300,000 from FY 2012/13 (account 7209) was "Carried Over" into the budget for FY 2013/14. An amount of \$150,000 has been coded to account (7209.1) for the Jurupa Pumping Station and the remaining amount of \$150,000 has been coded to account (7209.2) for the Wineville Basin Proof of Concept.

Watermaster carried over \$171,829 ($\$61,236 + \$30,900 + \$58,193 + \$21,500 = \$171,829$) from FY 2011/12 into the Recharge Improvements Project categories. The amount of \$272,829 was the original total amount from FY 2011/12 less the amount of \$101,000 spent in FY 2012/13 leaving the balance of \$171,829 to carry over into the FY 2013/14 ($\$272,829 - \$101,000 = \$171,829$). The amount of \$61,236 has been appropriated for use for the ongoing Turner Basin Improvements (7690.2); \$30,900 has been appropriated for the Hickory Basin improvement project (7690.3); \$58,193 has been appropriated for the CB20 Turnout improvement project (7690.5); and the remaining amount of \$21,500 has been appropriated for Other Recharge Improvement Projects (7690.9).

As invoices are received from the vendors and booked against these items listed above, the "Carried Over" balance will be reduced throughout the current fiscal year. At June 30, 2014, any remaining balances of the FY 2011/12 and FY 2012/13 expenses (if any), along with any new FY 2013/14 expenses, will then be "Carried Over" into the FY 2014/15 budget.

As of June 30, 2014, the total (YTD) amount remaining of the "Carried Over" funding is \$609,856 ($\$806,730 - \$196,874 = \$609,856$). The following details are provided:

AUDIT FIELD WORK

FY 2012/13:

Auditors from the audit firm of Charles Z. Fedak & Company were previously onsite at the Watermaster offices during the months of May 2013 and August 2013 to conduct scheduled field work for the FY 2012/13 financial audit. Final field work was completed and the audit firm developed the Annual Financial and Audit Reports in early November 2013. The presentation of the "Draft" Annual Financial and Audit

Reports to the Board by the Senior Manager of Charles Z. Fedak & Company was presented on November 21, 2013. The "Final" Annual Financial and Audit Reports for FY 2012/13 were posted to the Watermaster website on December 10, 2013.

FY 2013/14:

Auditors from the audit firm of Charles Z. Fedak & Company were onsite at the Watermaster offices on May 12, 2014 to conduct scheduled field work for the FY 2013/14 financial audit. Final field work is scheduled for August 6 and August 7, 2014. As in past years, the presentation of the "Draft" Annual Financial and Audit Reports to the Board by the Senior Manager of Charles Z. Fedak & Company is planned for the Board meeting on November 20, 2014. The "Final" Annual Financial and Audit Reports for FY 2013/14 are planned to be posted to the Watermaster website in December 2014.

ASSESSMENT INVOICING

The Watermaster Board approved the FY 2013/14 Assessment Package at the November 21, 2013 meeting. Watermaster staff also created and emailed the Assessment invoices on Thursday, November 21, 2013. The Assessment invoices were due 30 days from invoice date, so payment should have been received by Watermaster on or before Monday, December 23, 2013, prior to the Holiday office closure. At the time of this report being written, all payments totaling \$10,913,282.83 have been received and posted.

This year's Assessment invoicing included the standard Assessment amounts per the Assessment Package, along with any Special Assessments and the "Excess Cash Reserve" refund credits. The Appropriative Pool had a Special Assessment of \$75,000 as approved during the budgeting process. The \$75,000 was allocated to the Appropriative Pool members based upon prorated actual production numbers from 2012/13. The Non-Agricultural Pool had a Special Assessment of \$60,000 as approved during a Confidential Session on September 12, 2013. The \$60,000 was allocated to the Non-Agricultural Pool members based upon prorated actual production numbers from 2012/13. The Excess Cash Reserves refunds were \$9,493 to the Appropriative Pool members and \$2,491 to the Non-Agricultural Pool members. The refunds were applied as credits on the Assessment invoices and allocated based upon last year's percentage of assessments paid.

This year's Assessment invoicing included the billing for the Pomona Credit for the current year, as well as the prior year's activity which was not billed for. If you recall, last year's payment to the City of Pomona in the amount of \$53,030.93 was paid in the month of August 2113 as approved by the Board on March 31, 2013. The City of Pomona received a credit on their Assessment invoice in the amount of \$53,030.93 for this year.

Also included on the Assessment invoices was the 5th and final "True-Up" billing of the Appropriative Pool members for the Non-Agricultural Pool Stored Water Purchase. Per the terms of the Paragraph 31 Settlement Agreement dated April 18, 2012, the 5th and final annual payment totaling \$3,873,238.87 was due to the Non-Agricultural Pool members for the Stored Water Purchase on or before January 15, 2014. The actual check date of the 5th and final payments was January 6, 2014.

FY 2013/14 EXHIBIT "G" NON-AGRICULTURAL POOL SALE OF WATER

Pursuant to Exhibit "G" of the Restated Judgment, members of the Overlying (Non-Agricultural) Pool may annually transfer water to members of the Appropriative Pool through a Watermaster clearinghouse process. Watermaster purchases water from the Overlying (Non-Agricultural) Pool members, which Watermaster then transfers to the members of the Appropriative Pool based on the prescribed process. Members of the Appropriative Pool purchasing water through the process must complete their payments to Watermaster by June 30 of the fiscal year. Watermaster has determined that California Speedway and Aqua Capital Management are in compliance with Restated Judgment, Exhibit "G" ¶9(g), authorizing 2013-2014 Exhibit "G" Physical Solution Transfers.

The invoices to the seven Appropriators who purchased Exhibit "G" water from the Non-Agricultural Pool were issued on April 2, 2014 totaling \$2,483,329.82. As of June 30, 2014, all seven payments were received totaling \$2,483,329.82. Watermaster issued payments to California Speedway in the amount of \$486,260.00 (1,000.000 AF x \$486.26 = \$486,260.00) and Aqua Capital Management in the amount of \$1,997,069.82 (4,107.000 AF x \$486.26 = \$1,997,069.82) prior to June 30, 2014. No further action is required by Watermaster.

NOTICE

OF

APPLICATION(S)

RECEIVED FOR

WATER TRANSACTIONS – ACTIVITIES

Date of Notice:

July 3, 2014

This notice is to advise interested persons that the attached application(s) will come before the Watermaster Board on or after 30 days from the date of this notice.

NOTICE OF APPLICATION(S) RECEIVED

Date of Application: **June 4, 2014**

Date of this notice: **July 3, 2014**

Please take notice that the following Application has been received by Watermaster:

- Notice of Sale or Transfer – The purchase of 5,500.000 acre-feet of water from the City of Ontario by Fontana Water Company. This purchase is made from the City of Ontario’s storage account.

This *Application* will first be considered by each of the respective pool committees on the following dates:

Appropriative Pool:	July 10, 2014
Non-Agricultural Pool:	July 10, 2014
Agricultural Pool:	July 10, 2014

This *Application* will be scheduled for consideration by the Advisory Committee *no earlier than thirty days from the date of this notice and a minimum of twenty-one calendar days* after the last pool committee reviews it.

After consideration by the Advisory Committee, the *Application* will be considered by the Board.

Unless the *Application is* amended, parties to the Judgment may file *Contests* to the *Application* with Watermaster *within seven calendar days* of when the last pool committee considers it. Any *Contest* must be in writing and state the basis of the *Contest*.

CHINO BASIN WATERMASTER

NOTICE OF TRANSFER OF WATER

Notification Dated: July 3, 2014

A party to the Judgment has submitted a proposed transfer of water for Watermaster approval. Unless contrary evidence is presented to Watermaster that overcomes the rebuttable presumption provided in Section 5.3(b)(iii) of the Peace Agreement, Watermaster must find that there is "no material physical injury" and approve the transfer. Watermaster staff is not aware of any evidence to suggest that this transfer would cause material physical injury and hereby provides this notice to advise interested persons that this transfer will come before the Watermaster Board on or after 30 days from the date of this notice. The attached staff report will be included in the meeting package at the time the transfer begins the Watermaster process (comes before Watermaster).

PETER KAVOUNAS, P.E.
General Manager

DATE: July 3, 2014
TO: Watermaster Interested Parties
SUBJECT: Summary and Analysis of Application for Water Transaction

Summary –

There does not appear to be a potential material physical injury to a party or to the Basin from the proposed transaction as presented.

Issue –

- Notice of Sale or Transfer – The purchase of 5,500,000 acre-feet of water from the City of Ontario by Fontana Water Company. This purchase is made from the City of Ontario's storage account.

Recommendation –

1. Continue monitoring as planned in the Optimum Basin Management Program.
2. Use all new or revised information when analyzing the hydrologic balance and report to Watermaster if a potential for material physical injury is discovered, and
3. Approve the transaction as presented.

Fiscal Impact –

- None
 May reduce assessments under the 85/15 rule
 Reduce desalter replenishment costs

Background

The Court approved the Peace Agreement, the Implementation Plan and the goals and objectives identified in the OBMP Phase I Report on July 13, 2000, and ordered Watermaster to proceed in a manner consistent with the Peace Agreement. Under the Peace Agreement, Watermaster approval is required for applications to store, recapture, recharge or transfer water, as well as for applications for credits or reimbursements and storage and recovery programs.

Where there is no material physical injury, Watermaster must approve the transaction. Where the request for Watermaster approval is submitted by a party to the Judgment, there is a rebuttable presumption that most of the transactions do not result in Material Physical Injury to a party to the Judgment or the Basin (Storage and Recovery Programs do not have this presumption).

The following application for water transaction is attached with the notice of application.

Notice of Sale or Transfer –

- Notice of Sale or Transfer – The purchase of 5,500,000 acre-feet of water from the City of Ontario by Fontana Water Company. This purchase is made from the City of Ontario's storage account.

Notice of the water transaction identified above was mailed on July 3, 2014 along with the materials submitted by the requestors.

DISCUSSION

Water transactions occur each year and are included as production by the respective entity (if produced) in any relevant analyses conducted by Wildermuth Environmental pursuant to the Peace Agreement and the Rules & Regulations. There is no indication additional analysis regarding this transaction is necessary at this time. As part of the OBMP Implementation Plan, continued measurement of water levels and the installation of extensometers are planned. Based on no real change in the available data, we cannot conclude that the proposed water transaction will cause material physical injury to a party or to the Basin.

LOCATION OF RECAPTURE FACILITIES (IF DIFFERENT FROM REGULAR PRODUCTION FACILITIES):	
<u>N/A</u>	

WATER QUALITY AND WATER LEVELS

Are the Parties aware of any water quality issues that exist in the area? Yes No

If yes, please explain:

Of the wells routinely pumped, perchlorate levels range from non detected to 10.0 ppb (treated), and nitrate levels range from 16.0 ppm to 38.0 ppm as of April 2014

What are the existing water levels in the areas that are likely to be affected?

Static water levels ranging from 316 feet bgs to 651 feet bgs as of April 2014

MATERIAL PHYSICAL INJURY

Are any of the recapture wells located within Management Zone 1? Yes No

Is the Applicant aware of any potential Material Physical Injury to a party to the Judgment or the Basin that may be caused by the action covered by the application? Yes No

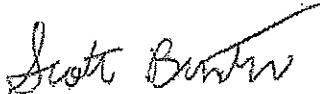

If yes, what are the proposed mitigation measures, if any, that might reasonably be imposed to ensure that the action does not result in Material Physical Injury to a party to the Judgment or the Basin?

SAID TRANSFER SHALL BE CONDITIONED UPON:

- (1) Transferee shall exercise said right on behalf of Transferor under the terms of the Judgment, the Peace Agreement, the Peace II Agreement, and the Management Zone 1 Subsidence Management Plan for the period described above. The first water produced in any year shall be that produced pursuant to carry-over rights defined in the Judgment. After production of its carry-over rights, if any, the next (or first if no carry-over rights) water produced by Transferee from the Chino Basin shall be that produced hereunder.
- (2) Transferee shall put all waters utilized pursuant to said Transfer to reasonable beneficial use.
- (3) Transferee shall pay all Watermaster assessments on account of the water production hereby Transferred.
- (4) Any Transferee not already a party must Intervene and become a party to the Judgment.

The 85/15 Rule does not apply to these transfer requests as these transfers are to provide a shareholder allocation. The form has been changed to reflect this modification regarding the applicability of the 85/15 Rule.

Should you have any questions regarding this notification, please feel free to contact me at (909) 291-2931.

Sincerely,

**Rosemary Hoerning, PE

Have any other transfers been approved by Watermaster between these parties covering the same fiscal year? Yes No

PURPOSE OF TRANSFER:

- Pump when other sources of supply are curtailed
- Pump to meet current or future demand over and above production right
- Pump as necessary to stabilize future assessment amounts
- Other, explain _____

WATER IS TO BE TRANSFERRED FROM:

- Annual Production Right (Appropriative Pool) or Operating Safe Yield (Non-Agricultural Pool)
- Storage
- Annual Production Right / Operating Safe Yield first, then any additional from Storage
- Other, explain _____

WATER IS TO BE TRANSFERRED TO:

- Annual Production Right / Operating Safe Yield (common)
- Storage (rare)
- Other, explain _____

IS THE 85/15 RULE EXPECTED TO APPLY? (If yes, all answers below must be "yes.") Yes No
 Is the Buyer an 85/15 Party? Yes No
 Is the purpose of the transfer to meet a current demand over and above production right? Yes No
 Is the water being placed into the Buyer's Annual Account? Yes No

IF WATER IS TO BE TRANSFERRED FROM STORAGE:

Projected Rate of Recapture _____ Projected Duration of Recapture _____

METHOD OF RECAPTURE (e.g. pumping, exchange, etc.):
Pumping OA 7/2/14

PLACE OF USE OF WATER TO BE RECAPTURED:
Margarita Well OA 7/2/14

LOCATION OF RECAPTURE FACILITIES (IF DIFFERENT FROM REGULAR PRODUCTION FACILITIES):

WATER QUALITY AND WATER LEVELS

Are the Parties aware of any water quality issues that exist in the area? Yes No
 If yes, please explain:

What are the existing water levels in the areas that are likely to be affected?
None to our knowledge

MATERIAL PHYSICAL INJURY

Are any of the recapture wells located within Management Zone 1? Yes No

Is the Applicant aware of any potential Material Physical Injury to a party to the Judgment or the Basin that may be caused by the action covered by the application? Yes No

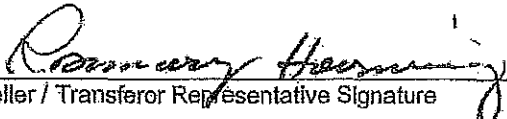

If yes, what are the proposed mitigation measures, if any, that might reasonably be imposed to ensure that the action does not result in Material Physical Injury to a party to the Judgment or the Basin?

SAID TRANSFER SHALL BE CONDITIONED UPON:

- (1) Transferee shall exercise said right on behalf of Transferor under the terms of the Judgment, the Peace Agreement, the Peace II Agreement, and the Management Zone 1 Subsidence Management Plan for the period described above. The first water produced in any year shall be that produced pursuant to carry-over rights defined in the Judgment. After production of its carry-over rights, if any, the next (or first if no carry-over rights) water produced by Transferee from the Chino Basin shall be that produced hereunder.
- (2) Transferee shall put all waters utilized pursuant to said Transfer to reasonable beneficial use.
- (3) Transferee shall pay all Watermaster assessments on account of the water production hereby Transferred.
- (4) Any Transferee not already a party must Intervene and become a party to the Judgment.

CHINO BASIN WATERMASTER

NOTICE

OF

APPLICATION(S)

RECEIVED FOR

WATER TRANSACTIONS – ACTIVITIES

Date of Notice:

July 3, 2014

This notice is to advise interested persons that the attached application(s) will come before the Watermaster Board on or after 30 days from the date of this notice.

NOTICE OF APPLICATION(S) RECEIVED

Date of Application: **June 11, 2014**

Date of this notice: **July 3, 2014**

Please take notice that the following Application has been received by Watermaster:

- Notice of Sale or Transfer -- The purchase of 15.000 acre-feet of water from the City of Upland by Golden State Water Company. This purchase is made from the City of Upland's storage account.

This *Application* will first be considered by each of the respective pool committees on the following dates:

Appropriative Pool:	July 10, 2014
Non-Agricultural Pool:	July 10, 2014
Agricultural Pool:	July 10, 2014

This *Application* will be scheduled for consideration by the Advisory Committee *no earlier than thirty days from the date of this notice and a minimum of twenty-one calendar days* after the last pool committee reviews it.

After consideration by the Advisory Committee, the *Application* will be considered by the Board.

Unless the *Application is* amended, parties to the Judgment may file *Contests* to the *Application* with Watermaster *within seven calendar days* of when the last pool committee considers it. Any *Contest* must be in writing and state the basis of the *Contest*.

Watermaster address:

Fax: (909) 484-3890

CHINO BASIN WATERMASTER

NOTICE OF TRANSFER OF WATER

Notification Dated: July 3, 2014

A party to the Judgment has submitted a proposed transfer of water for Watermaster approval. Unless contrary evidence is presented to Watermaster that overcomes the rebuttable presumption provided in Section 5.3(b)(iii) of the Peace Agreement, Watermaster must find that there is "no material physical injury" and approve the transfer. Watermaster staff is not aware of any evidence to suggest that this transfer would cause material physical injury and hereby provides this notice to advise interested persons that this transfer will come before the Watermaster Board on or after 30 days from the date of this notice. The attached staff report will be included in the meeting package at the time the transfer begins the Watermaster process (comes before Watermaster).

PETER KAVOUNAS, P.E.
General Manager

DATE: July 3, 2014
TO: Watermaster Interested Parties
SUBJECT: Summary and Analysis of Application for Water Transaction

Summary –

There does not appear to be a potential material physical injury to a party or to the Basin from the proposed transaction as presented.

Issue –

- Notice of Sale or Transfer – The purchase of 15,000 acre-feet of water from the City of Upland by Golden State Water Company. This purchase is made from the City of Upland's storage account.

Recommendation –

1. Continue monitoring as planned in the Optimum Basin Management Program.
2. Use all new or revised information when analyzing the hydrologic balance and report to Watermaster if a potential for material physical injury is discovered, and
3. Approve the transaction as presented.

Fiscal Impact –

- None
- May reduce assessments under the 85/15 rule
- Reduce desalter replenishment costs

Background

The Court approved the Peace Agreement, the Implementation Plan and the goals and objectives identified in the OBMP Phase I Report on July 13, 2000, and ordered Watermaster to proceed in a manner consistent with the Peace Agreement. Under the Peace Agreement, Watermaster approval is required for applications to store, recapture, recharge or transfer water, as well as for applications for credits or reimbursements and storage and recovery programs.

Where there is no material physical injury, Watermaster must approve the transaction. Where the request for Watermaster approval is submitted by a party to the Judgment, there is a rebuttable presumption that most of the transactions do not result in Material Physical Injury to a party to the Judgment or the Basin (Storage and Recovery Programs do not have this presumption).

The following application for water transaction is attached with the notice of application.

Notice of Sale or Transfer –

- Notice of Sale or Transfer – The purchase of 15,000 acre-feet of water from the City of Upland by Golden State Water Company. This purchase is made from the City of Upland's storage account.

Notice of the water transaction identified above was mailed on July 3, 2014 along with the materials submitted by the requestors.

DISCUSSION

Water transactions occur each year and are included as production by the respective entity (if produced) in any relevant analyses conducted by Wildermuth Environmental pursuant to the Peace Agreement and the Rules & Regulations. There is no indication additional analysis regarding this transaction is necessary at this time. As part of the OBMP Implementation Plan, continued measurement of water levels and the installation of extensometers are planned. Based on no real change in the available data, we cannot conclude that the proposed water transaction will cause material physical injury to a party or to the Basin.

CHINO BASIN WATERMASTER

II. BUSINESS ITEMS

A. BUDGET TRANSFER FORM T-14-06-01

CHINO BASIN WATERMASTER

9641 San Bernardino Road, Rancho Cucamonga, Ca 91730
Tel: 909.484.3888 Fax: 909.484.3890 www.cbwm.org

PETER KAVOUNAS, P.E.
General Manager

STAFF REPORT

DATE: August 21, 2014
TO: Advisory Committee Members
SUBJECT: Budget Transfer Form T-14-06-01

SUMMARY

Issue: Approve Budget Transfer Form T-14-06-01 for FY 2013/14.

Recommendation: Approval of Budget Transfer Form T-14-06-01 for FY 2013/14 as presented.

Financial Impact: No financial impact. The Budget Transfer Form T-14-06-01 is a reallocation of approved budgeted funds and does not have any financial impact on the total FY 2013/14 budget of \$7,803,616.

Future Consideration

Advisory Committee: August 21, 2014; Approval

Watermaster Board: August 28, 2014; Adoption (Advisory Committee approval required)

ACTIONS:

August 14, 2014 – Appropriative Pool – Unanimously approved

August 14, 2014 – Non-Agricultural Pool - Recommend Advisory Committee Approval and direct Non-Ag Pool representatives to vote at the Advisory Committee and Board meetings subject to changes which they deem appropriate

August 14, 2014 – Agricultural Pool – Unanimously approved

August 21, 2014 – Advisory Committee -

August 28, 2014 – Watermaster Board -

BACKGROUND

Utilizing the Watermaster's accounting software (QuickBooks Enterprise Solutions 13.0), on a continuing basis the Watermaster staff reviews the budget vs. actual reports and ensures that adequate budget and funds are maintained. Watermaster also provides monthly financial reports to keep all members apprised of the actual and projected total expenses for the current fiscal year. Watermaster also provides a process for reallocating budget to other expense categories to provide continued funding, or amending the approved budget to ensure the categories are funded properly.

BUDGET TRANSFERS:

With regards to the process of budget transfers, the following information is provided:

The Chino Basin Watermaster budget has four main budget categories:

- General & Administrative Expenses
- Optimum Basin Management Program Expenses
- Project Expenditures
- Other Income/Expenses

The Watermaster General Manager has authority to transfer funds within the main budget categories up to \$25,000 without Board approval. However, to allow for full transparency in the process, the Pools, Advisory Committee, and the Board will be informed of all budget transfers less than \$25,000.

Budget transfers greater than \$25,000 *within the same categories* must be formally recommended for approval by the Pools, approved by the Advisory Committee, and approved by the Board. If there are insufficient funds within same category, the Watermaster General Manager may propose a transfer from one main category to another. All budget transfers from one main category to another, regardless of the amount, require recommended approval by the Pools, approval by the Advisory Committee, and approval by the Board.

All budget transfers are processed in and recorded in the accounting system.

DISCUSSION

Budget Transfer Form T-14-06-01

Legal Services:

The approved "Original" FY 2013/14 Legal Services budget of \$757,490 was increased to \$907,490 by Budget Amendment Form A-13-12-01, an increase of \$150,000. Budget Amendment A-13-12-01 was approved by the Watermaster Board on February 27, 2014.

Watermaster staff reported in the last few monthly Financial Reports (B-5), a Budget Transfer Form would be required at fiscal year-end June 30, 2014 to adjust the Legal Services budget because the Safe Yield Recalculation and the RMPU-City of Fontana Motion continue to record ongoing legal activities in excess of the overall budget. There were also several legal services budget accounts that had excess budget and could be transferred to other areas of the legal budget to assist in the shortfalls. As of June 30, 2014 an additional net budget amount of \$126,500 was required to provide the budget funding for the Legal Services (\$907,490 + \$126,500 = \$1,033,990).

The table below summarizes the Year-To-Date (YTD) Actual Legal Services (BHFS-Brownstein Hyatt Farber Schreck) costs compared to the Year-To-Date (YTD) Budget. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The data listed below includes the adjustments provided by the Budget Transfer Form T-14-06-01. The following details are provided:

Total Brownstein, Hyatt, Farber, Schreck Costs	1,031,024.53	1,033,990.00	-2,965.47	99.71%	1,033,990.00

Note 1: The types of legal activities that have been charged against the "Miscellaneous" legal category account 6078 are as follows: (1) Correspondence and discussions with Watermaster staff regarding current issues/topics; (2) Correspondence with Watermaster staff regarding special projects (assessment package, annual report, audit report, business plan, etc.); (3) Brownstein's status review of ongoing Watermaster projects and issues; (4) Brownstein's update of the outstanding issues list; (5) Coordination of ongoing Watermaster projects; (6) Review of draft documents; (7) CCG/CSI/ACM Lawsuit; (8) Court approval of substitution rate for Exhibit "G"; and (9) Miscellaneous legal research on current and pending issues.

Note 2: As discussed at the Non-Ag Pool meeting of March 13, 2014, costs of \$12,563 related to the CCG/CSI/ACM Lawsuit and Court approval of substitution rate for Exhibit "G" were reclassified from account 8575 (BHFS Legal-Non-Ag Pool) to 6078 (BHFS Legal-Miscellaneous). The unbudgeted activities for the Non-Ag Pool were the TAMCO intervention and the City of Chino intervention. There were also legal activities related to Rules and Regulations, and quorum. These unbudgeted activities explain why the Non-Ag category is over budget.

Other Administration Expenses:

There were three expense categories below budget at year-end June 30, 2014 and these funds could be transferred to other categories that were above budget. These under budget categories were the Postage & Printing Costs (6040's); Agricultural Pool Special Projects Funding (8471's); and the Agricultural Pool Technical Services (8467's).

There were four expense categories over budget at year-end June 30, 2014. The categories were the Business Insurance (6080's); Conferences & Seminars (6190's); Appropriative Pool Administration (8300's); and Agricultural Pool Administration (8400's).

The attached Budget Transfer Form T-14-06-01 is provided as documentation to clearly show which general ledger accounts are being reduced and which general ledger accounts are being increased. Budget Transfer Form T-14-06-01 is reallocating existing approved budget dollars between Watermaster accounts as needed. The Budget Transfer Form T-14-06-01 is a zero based document, which mean the reductions and additions within the general ledger accounts equal. There is no change to the overall budget as a result of Budget Transfer Form T-14-06-01 and no new funds or assessments are required. The effective date of the Budget Transfer Form T-14-06-01 will be June 30, 2014.

ATTACHMENT

1. Budget Transfer Form T-14-06-01

CHINO BASIN WATERMASTER
BUDGET TRANSFERS

To: All Parties

T-14-06-01

From: Joseph S. Joswiak, CFO Date: June 30, 2014

Describe reason for the transfer between budget categories here: To reallocate the FY 2013/14 Agricultural Legal Services (Plumes/Frank B.) and remainder of Ag Pool Special Projects budget to cover the shortfall in the Brownstein Hyatt Farber Schreck categories of Watermaster Legal Services accounts (6070's), the OBMP Legal Services (6900's), and reallocate the BHFS budget. The remaining balances are used for the Administrative Insurance (6080's), Conferences & Seminars (6190's), and the Appropriative Pool Admin (8300's).

Budgetary account reduction

Line Item Description	Account Number		Amount
Legal - Frank B. & Associates	8467.1	Ag Pool	\$ (18,000)
Legal - Plumes/Other Issues	8467.2	Ag Pool	\$ (93,000)
BHFS Legal - Advisory Committee	6275	Legal	\$ (20,000)
BFHS Legal - Agricultural Pool	8475	Legal	\$ (9,000)
BFHS Legal - Appropriative Pool	8375	Legal	\$ (12,500)
Agricultural Pool "Special Project" Expense	8471	Ag Pool	\$ (34,500)
Agricultural Pool "Special Project" Expense	8471	Admin	\$ (8,500)
Postage - General	6042	Admin	\$ (4,300)
Printing - General	6045	Admin	\$ (4,000)
Total Amount of Budget To Transfer "OUT"			\$ (203,800)

Budgetary account addition

BHFS Legal - Miscellaneous - Other	6078	Legal	\$ 5,500
BHFS Legal - Board Meeting	6375	Legal	\$ 25,000
BHFS Legal - Non-Agricultural Pool	8575	Legal	\$ 3,500
RMPU - City of Fontana Motion	6907.43	Legal	\$ 134,000
Appropriative Pool-Consulting Services	8306	App. Pool	\$ 16,500
Agricultural Pool - Legal Services	8467	Ag. Pool	\$ 2,500
Agricultural Pool Meeting Attendance	8470	Admin	\$ 7,000
Business Insurance Package	6085	Admin	\$ 8,300
Training & Seminars	6192	Admin	\$ 1,500
Total Amount of Budget To Transfer "IN"			\$ 203,800
Net Transfer Amount			\$ -

Transfer Procedure

1. Staff brings the transfer request to the Pools, Advisory Committee, and Board for information purposes if the transfer is under \$25,000. Transfers over \$25,000 within the same budget category must be formally recommended for approval by the Pools, approved by the Advisory Committee, and approved by the Board. Transfers between budget categories, regardless of amount, require recommended approval by the Pools, approval by the Advisory Committee, and approval by the Board.
2. Once the form has been completed by the CFO, and approved by the board if required, the Chief Financial Officer will prepare and process the budget transfer in the accounting system.
3. A log will be maintained by the CFO detailing the transfer.
4. A fiscal year file will also be kept to hold all budget amendment forms for auditor review.

CHINO BASIN WATERMASTER

II. BUSINESS ITEMS

B. TASK ORDERS 1 – 8 FOR COLLABORATIVE RECHARGE PROJECTS

CHINO BASIN WATERMASTER

9641 San Bernardino Road, Rancho Cucamonga, Ca 91730
Tel: 909.484.3888 Fax: 909.484.3890 www.cbwm.org

PETER KAVOUNAS, P.E.
General Manager

STAFF REPORT

DATE: August 21, 2014
TO: Advisory Committee Members
SUBJECT: Task Orders 1 through 8 for Collaborative Recharge Projects

SUMMARY

Issue: Approval of Task Orders 1 through 8 under the Master Agreement between Watermaster and IEUA.

Recommendation: Recommend that the Advisory Committee approve the following Task Orders:

- 1) 2013 RMPU Amendment Yield Enhancement Projects – Planning, Permitting and Design
- 2) Lower Day Basin RMPU Improvement Project
- 3) Communication System Upgrades Project
- 4) GWR SCADA Upgrades Project
- 5) Jurupa Pump Station HVAC Improvements
- 6) Wineville Proof of Concept Project Upper
- 7) Upper Santa Ana River Watershed Habitat Conservation Plan
- 8) San Sevaine Basin RMPU Improvement Project

Financial Impact: Projects covered by Task Order 1, and Task Orders 3 through 8 have already been budgeted for in FY 2013/14 and/or FY 2014/15. Necessary expenditures in future fiscal years will be included in each year's budget. A Budget Amendment in the amount of \$224,000 must be approved for FY 2014/15: \$49,000 for Task Order 2 and an additional \$175,000 for Task Order 8.

Future Consideration

Advisory Committee: August 21, 2014; Approval

Watermaster Board: August 28, 2014; Approval (Advisory Committee Approval required)

ACTIONS:

August 14, 2014 - Appropriative Pool – Unanimously approved

August 14, 2014 - Non-Agricultural Pool - Recommend Advisory Committee Approval and direct Non-Ag Pool representatives to vote at the Advisory Committee and Board meetings subject to changes which they deem appropriate

August 14, 2014 - Agricultural Pool – Unanimously approved

August 21, 2014 - Advisory Committee -

August 28, 2014 - Watermaster Board -

BACKGROUND

Watermaster and the Inland Empire Utilities Agency (IEUA) are partners in many recharge related projects throughout the Basin. On July 24, 2014 Watermaster and IEUA entered into a Master Agreement regarding the Management of Collaborative Recharge Projects ("Master Agreement"). Pursuant to the Master Agreement, Watermaster and IEUA propose to enter into project specific agreements for services, which are incorporated into the Master Agreement, describing the scope, budget, and schedule of the services to be performed, the respective cost share of each Party and any special conditions of performance and other information deemed necessary by the Parties ("Task Orders").

DISCUSSION

Watermaster staff recommends that the Advisory Committee and Board approve the following Task Orders:

- 1) 2013 RMPU Amendment Yield Enhancement Projects – Planning, Permitting and Design
- 2) Lower Day Basin RMPU Improvement Project
- 3) Communication System Upgrades Project
- 4) GWR SCADA Upgrades Project
- 5) Jurupa Pump Station HVAC Improvements
- 6) Wineville Proof of Concept Project
- 7) Upper Santa Ana River Watershed Habitat Conservation Plan
- 8) San Sevaine Basin RMPU Improvement Project

Projects contemplated by these Task Orders have been reviewed at the monthly Joint Projects Committee meetings. Task Order 1, and Task Orders 3 through 8 represent projects that have, for all intents and purposes, been approved in other contexts, and for which funds have already been budgeted in FY 2013/14 and/or FY 2014/15.

Task Order 1 represents the "soft costs" of planning, permitting and design associated with the 2013 RMPU Amendment Yield Enhancement Projects – Planning, Permitting and Design. This project was approved when the Watermaster Board adopted Resolution 2013-06 on September 26, 2013.

Task Order 2 represents the Lower Day Basin RMPU Improvement Project which was separated from other RMPU projects and placed on an accelerated track to take advantage of a \$750,000 grant secured by the City of Ontario. The total project cost estimate is the same as that contemplated in the RMPU, however the grant requirements will accelerate implementation. Consequently, a Budget Amendment in the amount of \$49,000 for FY 2014/15 would be required.

As part of the overall FY 2014/15 budget process, there were specific Recharge Improvement Projects that were individually budgeted for and included. These projects were part of the total budget amount of \$7,316,381 which was approved by the Watermaster Board on May 22, 2014. The project covered by Task Order 3 (Communication System Upgrades) was budgeted under account 7690.62 in the amount of \$547,500 and the project covered by Task Order 4 (GWR SCADA Upgrades) was budgeted under account 7690.61 in the amount of \$337,500. These amounts will be funded as part of the overall Assessment process in November 2014.

Funds from the FY 2012/13 budget have been "Carried Over" to specifically fund the project covered by Task Order 5 (Jurupa Pump Station HVAC Improvements) in the amount of \$150,000. These funds were available in FY 2013/14. For FY 2014/15, no new funding is required as part of the Assessment process.

Funds from the FY 2013/14 budget have been "Carried Over" to specifically fund the project covered by Task Order 6 (Wineville Proof of Concept) in the amount of \$179,818. For FY 2014/15, no new funding is

required as part of the Assessment process.

Task Order 7 covers a project (Upper Santa Ana River Watershed Habitat Conservation Plan) that was developed and recommended by IEUA as a direct result of nine projects sites, which are listed as part of the 2013 Amendment to the 2010 Recharge Master Plan Update, and have potential to impact federally-listed species. The project will investigate these sites and other RMPU projects and develop a plan if required. This Task Order was budgeted in FY 2014/15 under account 7690.7 in the amount of \$75,000 and was included as part of the budget approved by the Watermaster Board on May 22, 2014. This amount will be funded as part of the overall Assessment process in November 2014.

Task Order 8 covers an RMPU project (San Sevaine Basin) that, as a result of IEUA's receipt of grant funding in the amount of \$750,000, has accelerated the schedule. An amount of \$300,000 has been "Carried Over" to the FY 2014/15 budget. However, as a result of the accelerated schedule, an additional budget amount of \$175,000 is required for FY 2014/15. This additional amount of \$175,000 must be funded as part of a Budget Amendment.

The Budget Amendment Form A-14-07-01 to cover Task Order 2 in the amount of \$49,000 and Task Order 8 in the amount of \$175,000 is submitted for approval under separate cover for a total of \$224,000.

MASTER AGREEMENT BETWEEN CHINO BASIN WATERMASTER AND INLAND EMPIRE UTILITIES AGENCY REGARDING THE MANAGEMENT OF COLLABORATIVE RECHARGE PROJECTS

TASK ORDER NO. 1

2013 RMPU AMENDMENT YIELD ENHANCEMENT PROJECTS – PLANNING, PERMITTING AND DESIGN

This Task Order is made and entered into as of the ____ day of August, 2014 by and between the Chino Basin Watermaster, hereinafter referred to as "Watermaster" and the Inland Empire Utilities Agency, hereinafter referred to as "IEUA" (each a "Party" and collectively, the "Parties").

In consideration of the mutual promises, covenants, and conditions as addressed in the Master Agreement dated July 24, 2014 and as specifically hereinafter set forth, the parties do hereby agree as follows:

1. PURPOSE

The purpose of this Task Order is to govern the planning, permitting and design of the Yield Enhancement Projects recommended in the 2013 Amendment to the 2010 Recharge Master Plan Update ("2013 RMPU Amendment"), and the cost allocations among Watermaster and IEUA for those Projects, pursuant to the Peace II Agreement. The management and cost allocation for construction of, and construction bidding for, the 2013 RMPU Amendment Yield Enhancement projects will be the subject of a separate Task Order.

2. SCOPE

The activities to be undertaken pursuant to this Task Order include preliminary design, proof-of-concept analyses, completion of the CEQA process, permitting, and final design for the following 2013 RMPU Amendment Yield Enhancement Projects, as those projects are further described in the 2013 RMPU Amendment:

Project ID	Project
MZ3 Projects	
18a	CSI Storm Water Basin
23a	2013 RMPU Proposed Wineville PS to Jurupa, Expanded Jurupa PS to RP3 Basin, and 2013 Proposed RP3 Improvements
25a	Sierra
27	Declez Basin
MZ2 Projects	
11	Victoria Basin
14	Turner Basin
15a	Ely Basin
17a	Lower San Sevaine Basin (2010 RMPU)
MZ1 Projects	
2	Montclair Basins

Under this task order the following is an estimated schedule and projected cost break down for each phases of the design:

Phase	Start	Finish	Projected Cost
Project Development	01/07/2014	02/18/2015	\$58,100
Preliminary Design	02/19/2015	06/30/2016	\$1,475,100
Environmental	02/19/2015	06/30/2016	\$577,100
Design	07/01/2016	12/29/2017	\$5,605,100
Permits	09/30/2016	12/29/2017	\$407,100
Total			\$8,122,500

3. IEUA RESPONSIBILITIES

IEUA agrees to provide project management and contract administration services that include, but are not limited to:

- Engagement of consulting services as needed for:
 - Project design;
 - California Environmental Quality Act (CEQA) compliance;
 - Permitting;
- Management of consultants for the above;
- Approval of progress payments for consultants;

- Recommendation as to change orders for consultants;
- Payment of consultant invoices

IEUA will supply all personnel and equipment required to perform the assigned services.

4. WATERMASTER RESPONSIBILITIES

Watermaster agrees that it and its employees and consultants will cooperate with IEUA and its contractors in the performance of services under this Task Order and will provide any necessary documentation and information in Watermaster’s possession.

5. BUDGET AND COST ALLOCATION

The budget for the activities to be undertaken pursuant to this Task Order is seven million eight hundred seventy-two thousand two hundred fifty dollars (\$7,872,250) unless the scope of work is changed and an increase is authorized by the Parties (“Budget”). The Parties agree that these costs are shared consistent with the methodology described in Peace II Agreement Section 8.1(b), and that IEUA’s share of the costs is based on a 50% allocation of the costs of those portions of the project for which there is a recycled water component. The Budget includes IEUA capital, administrative, and overhead expenses associated with IEUA’s provision of the services described in Section 3, above. The fiscal year budget allocation is as follows:

Design - RMPU YE Design	Fiscal Year 2014/15	Fiscal Year 2015/16	Fiscal Year 2016/17	Fiscal Year 2017/18	Total
Watermaster	-	\$1,800,000	\$3,500,000	\$2,572,250	\$7,872,250
IEUA	\$250,250	-	-	-	\$250,250
Total	\$250,250	\$1,800,000	\$3,500,000	\$2,572,250	\$8,122,500

6. TOTAL BUDGETED COST

The Parties agree to pay their respective portion of the total costs, and the parties shall not be required to pay more than \$8,122,500 (“Total Budgeted Cost”).

7. MAXIMUM COSTS TO WATERMASTER

The costs to be required of Watermaster under this Agreement shall not exceed its share of the Total Budgeted Cost, as shown in Section 5 above, or \$7,872,250.

8. MAXIMUM COSTS TO IEUA

The costs to be required of IEUA under this Agreement shall not exceed its share of the Total Budgeted Cost, as shown in Section 5 above, or \$250,250.

9. TERM

Work to be undertaken pursuant to this Task order shall be initiated upon the Effective Date, as described in Section 11, below. The terms of this Task Order shall remain effective until IEUA's receipt of Watermaster's share of costs expended pursuant to the Budget shown above, so that IEUA may close out the activities.

10. REIMBURSEMENT

Watermaster's reimbursement of IEUA for work performed under this Task Order shall be as provided in Article 3 of the July 24, 2014 Master Agreement.

11. EFFECTIVE DATE

This Task Order No. 1 will become effective upon execution by both Parties.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year and at the place first above written.

MASTER AGREEMENT BETWEEN CHINO BASIN WATERMASTER AND INLAND EMPIRE UTILITIES AGENCY REGARDING THE MANAGEMENT OF COLLABORATIVE RECHARGE PROJECTS

TASK ORDER NO. 2
LOWER DAY BASIN RMPU IMPROVEMENT PROJECT

This Task Order is made and entered into as of the ____ day of August , 2014 by and between the Chino Basin Watermaster, hereinafter referred to as "Watermaster" and the Inland Empire Utilities Agency, hereinafter referred to as "IEUA" (each a "Party" and collectively, the "Parties").

In consideration of the mutual promises, covenants, and conditions as addressed in the Master Agreement dated July 24, 2014 and as specifically hereinafter set forth, the parties do hereby agree as follows:

1. PURPOSE

The purpose of this Task Order is to govern the project management, planning, permitting, bid/award of construction, design and the construction of the Lower Day Basin RMPU Improvement Project.

This project will modify the existing intake structure and install pneumatic gates in the channel. The pneumatic gates will monitor and self-adjust to maintain a water level or rate of discharge over the gate structure in accordance with an established programmable logic controller. The basin's existing embankment will be evaluated and reconstructed to meet the requirements of a dam embankment with the Division of Safety of Dams. Improvement on the embankment may include excavation and keying to prevent piping and seepage.

The potential increase in Recharge with the inlet is 1,469 acre-feet per year as per 2010 RMPU.

2. SCOPE

The activities to be undertaken pursuant to this Task Order include project development to properly establish project's scope and schedule, preliminary design evaluation to define the extent of the upgrades of each site, design for the preparation of the construction plans and specifications for the upgrades, permitting and CEQA review for each site proposed for upgrades, bid/award of the construction contract to the lowest responsible/responsive bidder, and the construction of the basin upgrades. The following is projected cost breakdown and schedule for each of the project phases:

<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Projected Cost</u>
Project Development	07/01/14	12/17/14	\$25,000
Pre-Design	12/18/14	04/10/15	\$30,000
Design	04/13/15	11/05/15	\$145,275
Environmental Impact	05/29/15	10/10/17	\$76,200
Permits	07/28/15	06/01/16	\$66,000
Bid and Award	06/02/16	08/26/16	9,000
Construction	08/29/16	01/16/18	\$2,128,525
		Total	\$2,480,000

3. IEUA RESPONSIBILITIES

IEUA agrees to provide project management and contract administration services that include, but are not limited to:

- Engagement of consulting services as needed for:
 - Preliminary design and Design Engineering services;
 - California Environmental Quality Act (CEQA) compliance and Permitting;
 - Bid and award efforts; and
 - Engineering support during construction
- Management of consultants for the above;
- Approval of progress payments for consultants;
- Recommendation as to change orders for consultants; and
- Payment of consultant invoices

During construction IEUA agrees to provide construction management and contract administration services that include, but are not limited to:

- Engagement of Construction Contract services for:
 - Construction work to implement the upgrades
- Management of contractor for the above;
- Approval of progress payments for contractor;
- Recommendation as to change orders for contractor; and
- Payment of contractor invoices

IEUA will supply all personnel and equipment required to perform the assigned services.

4. WATERMASTER RESPONSIBILITIES

Watermaster agrees that it and its employees and consultants will cooperate with IEUA and its contractors in the performance of services under this Task Order and will provide any necessary documentation and information in Watermaster's possession.

5. BUDGET AND COST ALLOCATION

Unless the scope of work is changed and an increase is authorized by the Parties, the budget for the activities to be undertaken pursuant to this Task Order is two million four hundred eighty thousand dollars (\$2,480,000) ("Budget"), of which \$750,000 in grant funds are available for the Project. The Parties agree that Budget less the grant funds is allocated 100-percent to Watermaster, which is consistent with the methodology described in Section 8.1(b) of the Peace II Agreement, as there is no recycled water component to the project. The Budget includes IEUA capital, administrative, and overhead expenses associated with IEUA's provision of the services described in Section 3, above. The Budget shall be allocated among the Parties as shown in the table below. The Parties shall budget, pursuant to their own budget mechanism, such that each is able to expend the amounts shown in the Fiscal Years shown in the table below.

Lower Day Basin	Fiscal Year 2014/15	Fiscal Year 2015/16	Fiscal Year 2016/17	Fiscal Year 2017/18	Total
Watermaster	\$49,000	\$140,000	\$140,000	\$1,401,000	\$1,730,000
IEUA	-	-	-	-	\$0
Grant Funding	\$21,000	\$60,000	\$60,000	\$609,000	\$750,000
Total	\$70,000	\$200,000	\$200,000	\$2,010,000	\$2,480,000

6. TOTAL BUDGETED COST

The Parties agree to pay their respective portion of the Budget, less the \$750,000 of available grant funding. The parties shall not be required to pay more than \$1,730,000 ("Total Budgeted Cost").

7. MAXIMUM COSTS TO WATERMASTER

The costs to be required of Watermaster under this Agreement shall be the Total Budgeted Cost that is not paid with available \$750,000 grant money, or \$ 1,730,000.

8. MAXIMUM COSTS TO IEUA

There are no costs to be required of IEUA under this Agreement.

9. TERM

Work to be undertaken pursuant to this Task order shall be initiated upon the Effective Date, as described in Section 11, below. The terms of this Task Order shall remain effective until IEUA's receipt of Watermaster's share of costs expended pursuant to the Budget shown above, so that IEUA may close out the activities.

10. REIMBURSEMENT

Watermaster's reimbursement of IEUA for work performed under this Task Order shall be as provided in Article 3 of the July 24, 2014 Master Agreement.

11. EFFECTIVE DATE

This Task Order No. 2 will become effective upon execution by both Parties.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year and at the place first above written.

MASTER AGREEMENT BETWEEN CHINO BASIN WATERMASTER AND INLAND EMPIRE UTILITIES AGENCY REGARDING THE MANAGEMENT OF COLLABORATIVE RECHARGE PROJECTS

TASK ORDER NO. 3
COMMUNICATION SYSTEM UPGRADES PROJECT

This Task Order is made and entered into as of the ____ day of August, 2014 by and between the Chino Basin Watermaster, hereinafter referred to as "Watermaster" and the Inland Empire Utilities Agency, hereinafter referred to as "IEUA" (each a "Party" and collectively, the "Parties").

In consideration of the mutual promises, covenants, and conditions as addressed in the Master Agreement dated July 24, 2014 and as specifically hereinafter set forth, the parties do hereby agree as follows:

1. PURPOSE

The purpose of this Task Order is to govern the project management, planning, permitting and design/build of the Communication System Upgrades.

This project will transition the existing communication equipment within the remote groundwater recharge (GWR) and recycled water (RW) sites (totaling over 20 sites) onto Inland Empire Utilities Agency's new, faster and more reliable communication network. The upgrade will replace the radio equipment for each site and add several new communication towers to send all communication onto the Agency's new 18GHz Motorola network back-haul.

2. SCOPE

The activities to be undertaken pursuant to this Task Order include project development to properly develop the scope and schedule of the project, preliminary design evaluation to determine the required number of new communication towers to communicate onto the new Motorola network, permitting and CEQA review for each site, and the design/build of the new communication equipment and towers. The following is projected cost breakdown and schedule for each of the project phases:

<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Projected Cost</u>
Project Development	11/11/11	01/17/14	\$5,771
Design	01/20/14	07/29/14	\$135,129
Permits	03/17/14	03/05/15	\$6,000
Construction	07/30/14	06/24/15	\$1,098,100
Total			\$1,245,000

3. IEUA RESPONSIBILITIES

IEUA agrees to provide project management and contract administration services that include, but are not limited to:

- Engagement of consulting services as needed for:
 - Preliminary design services/Radio Survey Study;
 - Project Design/Build Services
 - California Environmental Quality Act (CEQA) compliance;
 - Permitting;
- Management of consultants for the above;
- Approval of progress payments for consultants;
- Recommendation as to change orders for consultants;
- Payment of consultant invoices

IEUA will supply all personnel and equipment required to perform the assigned services.

4. WATERMASTER RESPONSIBILITIES

Watermaster agrees that it and its employees and consultants will cooperate with IEUA and its contractors in the performance of services under this Task Order and will provide any necessary documentation and information in Watermaster's possession.

5. BUDGET AND COST ALLOCATION

Unless the scope of work is changed and an increase is authorized by the Parties the total project cost for the activities to be undertaken pursuant to this Task Order is one million two hundred forty-five thousand dollars (\$1,245,000) ("Budget"), of which \$192,850 in grant funds are available for the Communication Upgrades Project. The Parties agree that Budget less the grant funds is shared 50-percent by both parties which is consistent with the methodology described in Section 8.1(b) of the Peace II Agreement. The Budget includes IEUA capital, administrative, and overhead expenses associated with IEUA's

provision of the services described in Section 3, above. The Budget shall be allocated among the Parties as shown in the table below. The Parties shall budget, pursuant to their own budget mechanism, such that each is able to expend the amounts shown in the Fiscal Years shown in the table below.

Communication Upgrades	Fiscal Year 2013/14	Fiscal Year 2014/15	Fiscal Year 2015/16	Total
Watermaster	-	\$496,750	\$29,325	\$526,075
IEUA	\$153,000	\$346,750	\$26,325	\$526,075
Grant Funding	\$27,000	\$152,440	\$13,410	\$192,850
Total	\$180,000	\$995,940	\$69,060	\$1,245,000

6. TOTAL BUDGETED COST

The Parties agree to pay their respective portion of the Budget, less the \$192,850 of available grant funding. The parties shall not be required to pay more than \$1,052,150 ("Total Budgeted Cost").

7. MAXIMUM COSTS TO WATERMASTER

The costs to be required of Watermaster under this Agreement shall be one half of the Total Budgeted Cost that is not paid with available \$192,850 grant money, or \$526,075.

8. MAXIMUM COSTS TO IEUA

The costs to be required of IEUA under this Agreement shall be one half of the Total Budgeted Cost that is not paid with available \$192,850 grant money, or \$526,075.

9. TERM

The project that is the subject of this Task Order has been underway since FY 13-14. The provisions of this Task Order shall apply to work undertaken on the project prior to its Effective Date, as described in Section 10, below. The terms of this Task Order shall remain effective until IEUA's receipt of Watermaster's share of costs expended pursuant to the Budget shown above, so that IEUA may close out the activities.

10. REIMBURSEMENT

Watermaster's reimbursement of IEUA for work performed under this Task Order shall be as provided in Article 3 of the July 24, 2014 Master Agreement.

11. EFFECTIVE DATE

This Task Order No. 3 will become effective upon execution by both Parties.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year and at the place first above written.

DRAFT

MASTER AGREEMENT BETWEEN CHINO BASIN WATERMASTER AND INLAND EMPIRE UTILITIES AGENCY REGARDING THE MANAGEMENT OF COLLABORATIVE RECHARGE PROJECTS

TASK ORDER NO. 4
GWR SCADA UPGRADES PROJECT

This Task Order is made and entered into as of the ____ day of August, 2014 by and between the Chino Basin Watermaster, hereinafter referred to as "Watermaster" and the Inland Empire Utilities Agency, hereinafter referred to as "IEUA" (each a "Party" and collectively, the "Parties").

In consideration of the mutual promises, covenants, and conditions as addressed in the Master Agreement dated July 24, 2014 and as specifically hereinafter set forth, the parties do hereby agree as follows:

1. PURPOSE

The purpose of this Task Order is to govern the project management, planning, permitting, bid/award of construction, design and the construction of the GWR SCADA Upgrades Project.

This project will upgrade the existing Supervisory Control & Data Acquisition (SCADA) equipment within the remote ground water recharge (GWR) and recycled water (RW) sites to meet the recommendations of Inland Empire Utilities Agency's master plan of the remote SCADA System. The purpose of these upgrades is to provide the continued foundation of a robust, reliable and seamless control system that will sustain and support the ongoing growth of both the RW and GWR programs.

2. SCOPE

The activities to be undertaken pursuant to this Task Order include project development to properly establish project's scope and schedule, preliminary design evaluation to define the extent of the upgrades of each site, design for the preparation of the construction plans and specifications for the upgrades, permitting and CEQA review for each site proposed for upgrades, bid/award of the construction contract to the lowest responsible/responsive bidder, and the construction of the SCADA upgrades. The following is projected cost breakdown and schedule for each of the project phases:

<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Projected Cost</u>
Project Development	11/11/11	02/24/14	\$927
Design	02/26/14	08/11/14	\$129,900
Permits	07/21/14	02/23/16	\$10,000
Bid and Award	10/07/14	12/11/14	\$428
Construction	12/12/14	04/08/16	\$750,745
Total			\$892,000

3. IEUA RESPONSIBILITIES

IEUA agrees to provide project management and contract administration services that include, but are not limited to:

- Engagement of consulting services as needed for:
 - Preliminary design and Design Engineering services;
 - California Environmental Quality Act (CEQA) compliance and Permitting;
 - Bid and award efforts; and
 - Engineering support during construction
- Management of consultants for the above;
- Approval of progress payments for consultants;
- Recommendation as to change orders for consultants; and
- Payment of consultant invoices .

During construction IEUA agrees to provide project management and contract administration services that include, but are not limited to:

- Engagement of Construction Contract services for:
 - Construction work to implement the upgrades
- Management of contractor for the above;
- Approval of progress payments for contractor;
- Recommendation as to change orders for contractor; and
- Payment of contractor invoices

IEUA will supply all personnel and equipment required to perform the assigned services.

4. WATERMASTER RESPONSIBILITIES

Watermaster agrees that it and its employees and consultants will cooperate with IEUA and its contractors in the performance of services under this Task Order and will provide any necessary documentation and information in Watermaster's possession.

5. BUDGET AND COST ALLOCATION

Unless the scope of work is changed and an increase is authorized by the Parties the budget for the activities to be undertaken pursuant to this Task Order is eight hundred ninety-two thousand dollars (\$892,000) ("Budget"), of which \$139,650 in grant funds are available for the SCADA Upgrades Project. The Parties agree that Budget less the grant funds is shared 50-percent by both parties which is consistent with the methodology described in Section 8.1(b) of the Peace II Agreement. The Budget includes IEUA capital, administrative, and overhead expenses associated with IEUA's provision of the services described in Section 3, above. The Budget shall be allocated among the Parties as shown in the table below. The Parties shall budget, pursuant to their own budget mechanism, such that each is able to expend the amounts shown in the Fiscal Years shown in the table below.

GWR SCADA Upgrades	Fiscal Year 2013/14	Fiscal Year 2014/15	Fiscal Year 2015/16	Total
Watermaster	-	\$300,750	\$75,425	\$376,175
IEUA	\$55,000	\$245,750	\$75,425	\$376,175
Grant Funding	\$9,700	\$99,885	\$30,065	\$139,650
Total	\$64,700	\$646,385	\$180,915	\$892,000

6. TOTAL BUDGETED COST

The Parties agree to pay their respective portion of the Budget, less the \$139,650 of available grant funding. The parties shall not be required to pay more than \$752,350 ("Total Budgeted Cost").

7. MAXIMUM COSTS TO WATERMASTER

The costs to be required of Watermaster under this Agreement shall be one half of the Total Budgeted Cost that is not paid with available \$139,650 grant money, or \$376,175.

8. MAXIMUM COSTS TO IEUA

The costs to be required of IEUA under this Agreement shall be one half of the Total Budgeted Cost that is not paid with available \$139,650 grant money, or \$376,175.

9. TERM

The project that is the subject of this Task Order has been underway since FY 11-12. The provisions of this Task Order shall apply to work undertaken on the project prior to its Effective Date, as described in Section 10, below. The terms of this Task Order shall remain effective until IEUA's receipt of Watermaster's share of costs expended pursuant to the Budget shown above, so that IEUA may close out the activities.

10. REIMBURSEMENT

Watermaster's reimbursement of IEUA for work performed under this Task Order shall be as provided in Article 3 of the July 24, 2014 Master Agreement.

11. EFFECTIVE DATE

This Task Order No. 4 will become effective upon execution by both Parties.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year and at the place first above written.

MASTER AGREEMENT BETWEEN CHINO BASIN WATERMASTER AND INLAND EMPIRE UTILITIES AGENCY REGARDING THE MANAGEMENT OF COLLABORATIVE RECHARGE PROJECTS

TASK ORDER NO. 5
JURUPA PUMP STATION HVAC IMPROVEMENTS

This Task Order is made and entered into as of the ____ day of August, 2014 by and between the Chino Basin Watermaster, hereinafter referred to as "Watermaster" and the Inland Empire Utilities Agency, hereinafter referred to as "IEUA" (each a "Party" and collectively, the "Parties").

In consideration of the mutual promises, covenants, and conditions as addressed in the Master Agreement dated July 24, 2014 and as specifically hereinafter set forth, the parties do hereby agree as follows:

1. PURPOSE

The purpose of this Task Order is to govern the project management, planning, permitting and design/build of the Jurupa Pump Station HVAC Improvements.

The Jurupa Pump Station (PS) is a key recharge facility that directly conveys storm water runoff, local runoff, imported and recycled water to Cell 1A at the RP-3 Basin. The PS is located on the north-east corner of Jurupa Basin which acts as a pass through basin for flows intercepted at the nearby San Sevaine Channel. The PS' electrical equipment, such as the motor control center, variable frequency drives (VFDs) and communication equipment, is critical to the operation of the pump station. With high temperatures experienced at the PS, vital controls and switches has been experiencing temperature related failures and shutdowns. The HVAC improvements will address these critical failures.

2. SCOPE

The activities to be undertaken pursuant to this Task Order include evaluating cost effective solutions, implementing the recommended improvements, and providing project management throughout all project phases. The following is the projected cost breakdown and schedule for each of the project phases:

<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Projected Cost</u>
Project Development	09/02/13	03/20/14	\$3,000
Pre-design	10/31/13	03/03/14	\$5,000
Proposal/Permitting/CEQA	03/04/14	05/14/14	\$12,000
Design/Build	05/14/14	11/30/14	\$280,000
Total			\$300,000

3. IEUA RESPONSIBILITIES

IEUA agrees to provide project management and contract administration services that include, but are not limited to:

- Engagement of consulting/contract services as needed for:
 - Design/Build Services;
 - California Environmental Quality Act (CEQA) compliance;
 - Permitting;
- Management of consultants for the above;
- Approval of progress payments for consultants;
- Recommendation as to change orders for consultants;
- Payment of consultant invoices

IEUA will supply all personnel and equipment required to perform the assigned services.

4. WATERMASTER RESPONSIBILITIES

Watermaster agrees that it and its employees and consultants will cooperate with IEUA and its contractors in the performance of services under this Task Order and will provide any necessary documentation and information in Watermaster's possession.

5. BUDGET AND COST ALLOCATION

The total projected cost for the activities to be undertaken pursuant to this Task Order is three hundred thousand dollars (\$300,000) unless the scope of work is changed and an increase is authorized by the Parties ("Budget"). The Parties agree that Budget is shared 50-percent by both parties which is consistent with the methodology described in Section 8.1(b) of the Peace II Agreement. The Budget includes IEUA capital, administrative, and overhead expenses associated with IEUA's provision of the services described in Section 3, above. The Budget shall be allocated among the Parties as shown in the table below. The Parties shall budget, pursuant to their own budget mechanism, such that each is able to expend the amounts shown in the Fiscal Years shown in the table below.

Jurupa PS	Fiscal Year 2013/14	Fiscal Year 2014/15	Total
Watermaster	\$30,000	\$120,000	\$150,000
IEUA	\$30,000	\$120,000	\$150,000
Total	\$60,000	\$240,000	\$300,000

6. TOTAL BUDGETED COST

The Parties agree to pay their respective portion of the total costs, and the parties shall not be required to pay more than \$300,000 ("Total Budgeted Cost").

7. MAXIMUM COSTS TO WATERMASTER

The costs to be required of Watermaster under this Agreement shall not exceed its share of 50-percent of the Total Budgeted Cost, as shown in Section 5 above, or \$150,000.

8. MAXIMUM COSTS TO IEUA

The costs to be required of IEUA under this Agreement shall not exceed its share of 50-percent of the Total Budgeted Cost, as shown in Section 5 above, or \$150,000.

9. TERM

The project that is the subject of this Task Order has been underway since FY 13-14. The provisions of this Task Order shall apply to work undertaken on the project prior to its Effective Date, as described in Section 10, below. The terms of this Task Order shall remain effective until IEUA's receipt of Watermaster's share of costs expended pursuant to the Budget shown above, so that IEUA may close out the activities.

10. REIMBURSEMENT

Watermaster's reimbursement of IEUA for work performed under this Task Order shall be as provided in Article 3 of the July 24, 2014 Master Agreement.

11. EFFECTIVE DATE

This Task Order No. 5 will become effective upon execution by both Parties.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year and at the place first above written.

**MASTER AGREEMENT BETWEEN CHINO BASIN WATERMASTER AND INLAND EMPIRE
UTILITIES AGENCY REGARDING THE MANAGEMENT OF COLLABORATIVE RECHARGE PROJECTS**

TASK ORDER NO. 6
WINEVILLE PROOF OF CONCEPT PROJECT

This Task Order is made and entered into as of the ____ day of August, 2014 by and between the Chino Basin Watermaster, hereinafter referred to as "Watermaster" and the Inland Empire Utilities Agency, hereinafter referred to as "IEUA" (each a "Party" and collectively, the "Parties").

In consideration of the mutual promises, covenants, and conditions as addressed in the Master Agreement dated July 24, 2014 and as specifically hereinafter set forth, the parties do hereby agree as follows:

1. PURPOSE

The purpose of this Task Order is to govern the planning, permitting, design, field testing, and investigative reporting of the Wineville Basin as part of the Wineville Basin Proof of Concept (POC) Project.

2. SCOPE

The activities to be undertaken pursuant to this Task Order include designing of six (6) test cells, weeding the area in preparation of the cells, permitting in preparation of the test cells, surveying in locating the cells, contract work for installing test cells, equipment rental and pumping to conduct the test of each cells, construction management support during the installation of the cells, and documentation of findings. The Wineville Basin Proof of Concept Project was developed to provide information and data to determine the likely benefit if the Basin were improved to facilitate artificial groundwater recharge. The primary objective of the POC is to measure Basin infiltration rates and use those rates to estimate the likely annual recharge capacity of the Basin in the event improvements are constructed. The following is projected cost breakdown and schedule for each of the project phases:

<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Projected Cost</u>
Design	01/11/13	04/30/14	\$22,000
Weeding	09/01/13	09/30/13	\$28,000
Permits	04/24/13	01/17/14	\$2,200
Environmental Assist.	03/01/13	11/30/13	\$22,600
Survey	09/01/13	11/30/13	\$21,000
Construction	06/19/13	04/30/14	\$208,000
Extra Equipment	10/01/13	11/30/13	\$7,500
Ontario Pump Costs	10/01/13	11/30/13	\$19,967
CM/Testing Support	09/01/13	04/30/14	\$50,000
Contingency			\$43,033
Total			\$424,300

3. IEUA RESPONSIBILITIES

IEUA agrees to provide project management and contract administration services that include, but are not limited to:

- Engagement of consulting services as needed for:
 - Project design;
 - California Environmental Quality Act (CEQA) compliance;
 - Permitting;
- Management of consultants for the above;
- Approval of progress payments for consultants;
- Recommendation as to change orders for consultants;
- Payment of consultant invoices

IEUA will supply all personnel and equipment required to perform the assigned services.

4. WATERMASTER RESPONSIBILITIES

Watermaster agrees that it and its employees and consultants will cooperate with IEUA and its contractors in the performance of services under this Task Order and will provide any necessary documentation and information in Watermaster's possession.

5. BUDGET AND COST ALLOCATION

The total projected cost for the activities to be undertaken pursuant to this Task Order is four hundred twenty-four thousand three hundred dollars (\$424,300) unless the scope of

work is changed and an increase is authorized by the Parties (“Budget”). The Parties agree that Budget is shared 50-percent by both parties which is consistent with the methodology described in Section 8.1(b) of the Peace II Agreement. The Budget includes IEUA capital, administrative, and overhead expenses associated with IEUA’s provision of the services described in Section 3, above. The Budget shall be allocated among the Parties as shown in the table below. The Parties shall budget, pursuant to their own budget mechanism, such that each is able to expend the amounts shown in the Fiscal Years shown in the table below.

Wineville POC	Fiscal Year 2014/15	Total
Watermaster	\$212,150	\$212,150
IEUA	\$212,150	\$212,150
Total	\$424,300	\$424,300

6. TOTAL BUDGETED COST

The Parties agree to pay their respective portion of the total costs, and the parties shall not be required to pay more than \$424,300 (“Total Budgeted Cost”).

7. MAXIMUM COSTS TO WATERMASTER

The costs to be required of Watermaster under this Agreement shall not exceed its share of 50-percent of the Total Budgeted Cost, as shown in Section 5 above, or \$212,150.

8. MAXIMUM COSTS TO IEUA

The costs to be required of IEUA under this Agreement shall not exceed its share of 50-percent of the Total Budgeted Cost, as shown in Section 5 above, or \$212,150.

9. TERM

The project that is the subject of this Task Order has been underway since FY 12-13. The provisions of this Task Order shall apply to work undertaken on the project prior to its Effective Date, as described in Section 10, below. The terms of this Task Order shall remain effective until IEUA’s receipt of Watermaster’s share of costs expended pursuant to the Budget shown above, so that IEUA may close out the activities.

10. REIMBURSEMENT

Watermaster's reimbursement of IEUA for work performed under this Task Order shall be as provided in Article 3 of the July 24, 2014 Master Agreement.

11. EFFECTIVE DATE

This Task Order No. 6 will become effective upon execution by both Parties.

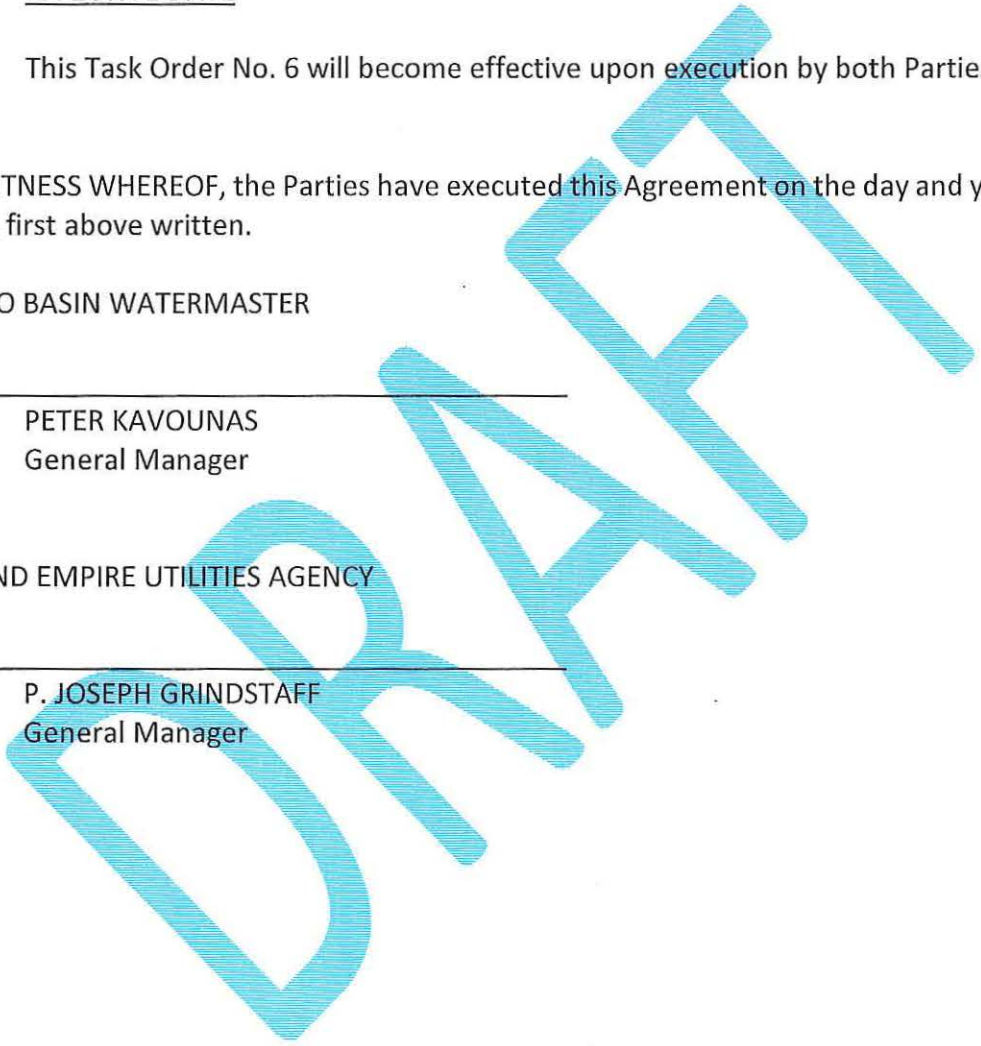

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year and at the place first above written.

MASTER AGREEMENT BETWEEN CHINO BASIN WATERMASTER AND INLAND EMPIRE UTILITIES AGENCY REGARDING THE MANAGEMENT OF COLLABORATIVE RECHARGE PROJECTS

TASK ORDER NO. 7
UPPER SANTA ANA RIVER WATERSHED HABITAT CONSERVATION PLAN

This Task Order is made and entered into as of the ____ day of August, 2014 by and between the Chino Basin Watermaster, hereinafter referred to as "Watermaster" and the Inland Empire Utilities Agency, hereinafter referred to as "IEUA" (each a "Party" and collectively, the "Parties").

In consideration of the mutual promises, covenants, and conditions as addressed in the Master Agreement dated July 24, 2014 and as specifically hereinafter set forth, the parties do hereby agree as follows:

1. PURPOSE

The purpose of this Task Order is to govern the development of a Habitat Conservation Plan to offset biological impact of future water and recharge improvement projects in the Chino Basin area that have the potential to impact federally-listed endangered, threatened or special status species. This task will be a part of the regional plan with other proposed projects within the Upper Santa Ana River Region. The goal of the project is to identify in advance sites that may require biological offset/mitigation and avoid permitting delays if identified projects require a specified plan.

2. SCOPE

The task order will evaluate five locations and potential impacts based on planned recharge improvements, as defined in the RMPU, Recycled Water Capital Project list in IEUA's FY14/15 Ten-Year Capital Improvement Plan, and the July 2014 draft Recycled Water Program Strategy. As impact areas are evaluated, plans and cost proposals will be submitted and filed for these locations. Any future work will be the subject of a separate Task Order. The five locations are listed below:

<u>RMPU Projects</u>	<u>Location</u>	<u>Potential Species</u>
PID - 19a	Wineville Basin	DSF
PID - 12	Lower Day Basin	SBKR,CAGN,BUOW
PID - 7	San Sevaine Basins (1-5)	SBKR
PID - 11	Victoria Basin	SBKR
PID - 2	Montclair Basins (1-3)	CAGN

DSF=Delhi Sands Flower-Loving Fly; SBKR=Merriam's San Bernardino Kangaroo Rat; CAGN=California Gnatcatcher; BUOW=Burrowing Owl

The following is a projected schedule and budget for the project:

<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Projected Cost</u>
Investigation/Planning of Sensitive Habitat	07/01/14	06/30/17	\$160,000
		Total	\$160,000

3. IEUA RESPONSIBILITIES

IEUA agrees to provide project management and contract administration services that include, but are not limited to:

- Engagement of consulting services as needed for:
 - Investigation/planning of sensitive habitat
- Management of consultants for the above;
- Approval of progress payments for consultants;
- Recommendation as to change orders for consultants;
- Payment of consultant invoices

IEUA will supply all personnel and equipment required to perform the assigned services.

4. WATERMASTER RESPONSIBILITIES

Watermaster agrees that it and its employees and consultants will cooperate with IEUA and its contractors in the performance of services under this Task Order and will provide any necessary documentation and information in Watermaster's possession.

5. BUDGET AND COST ALLOCATION

The total projected cost for the activities to be undertaken pursuant to this Task Order is one hundred sixty thousand dollars (\$160,000) unless the scope of work is changed and an increase is authorized by the Parties ("Budget"). The Parties agree that Budget is shared

50-percent by both parties. The Budget includes IEUA capital, administrative, and overhead expenses associated with IEUA's provision of the services described in Section 3, above. The Budget shall be allocated among the Parties as shown in the table below. The Parties shall budget, pursuant to their own budget mechanism, such that each is able to expend the amounts shown in the Fiscal Years shown in the table below.

HCP	Fiscal Year 2014/15	Fiscal Year 2015/16	Total
Watermaster	\$75,000	\$5,000	\$80,000
IEUA	\$75,000	\$5,000	\$80,000
Total	\$150,000	\$10,000	\$160,000

6. TOTAL BUDGETED COST

The Parties agree to pay their respective portion of the total costs, and the parties shall not be required to pay more than \$160,000 ("Total Budgeted Cost").

7. MAXIMUM COSTS TO WATERMASTER

The costs to be required of Watermaster under this Agreement shall not exceed its share of 50-percent of the Total Budgeted Cost, as shown in Section 5 above, or \$80,000.

8. MAXIMUM COSTS TO IEUA

The costs to be required of IEUA under this Agreement shall not exceed its share of 50-percent of the Total Budgeted Cost, as shown in Section 5 above, or \$80,000.

9. TERM

Work to be undertaken pursuant to this Task order shall be initiated upon the Effective Date, as described in Section 11, below. The terms of this Task Order shall remain effective until IEUA's receipt of Watermaster's share of costs expended pursuant to the Budget shown above, so that IEUA may close out the activities.

10. REIMBURSEMENT

Watermaster's reimbursement of IEUA for work performed under this Task Order shall be as provided in Article 3 of the July 24, 2014 Master Agreement.

11. EFFECTIVE DATE

This Task Order No. 7 will become effective upon execution by both Parties.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year and at the place first above written.

DRAFT

**MASTER AGREEMENT BETWEEN CHINO BASIN WATERMASTER AND INLAND EMPIRE
UTILITIES AGENCY REGARDING THE MANAGEMENT OF COLLABORATIVE RECHARGE PROJECTS**

TASK ORDER NO. 8
SAN SEVAINE BASIN RMPU IMPROVEMENT PROJECT

This Task Order is made and entered into as of the ____ day of August, 2014 by and between the Chino Basin Watermaster, hereinafter referred to as "Watermaster" and the Inland Empire Utilities Agency, hereinafter referred to as "IEUA" (each a "Party" and collectively, the "Parties").

In consideration of the mutual promises, covenants, and conditions as addressed in the Master Agreement dated July 24, 2014 and as specifically hereinafter set forth, the parties do hereby agree as follows:

1. PURPOSE

The purpose of this Task Order is to govern the project management, planning, permitting, bid/award of construction, design and the construction of the San Sevaire Basin RMPU Improvement Project (RMPU Project Identification - 7).

The purpose of the project is to evaluate and propose construction improvements, and to implement construction improvements needed to maximize infiltration and recharge at the San Sevaire Basins. Depending upon the evaluation, one or more of the following measures will be implemented: (1) construct a new stormwater/recycled water pump station and pipeline, (2) extend the existing RW pipeline, (3) re-grade and deepen basin, and (4) construct internal berms.

The basins consist of five, soft-bottomed basins along the San Sevaire Channel. The basins encompass approximately 93 acres with the potential to recharge up to 8,500 acre-feet per year (AFY) of recycled water (RW), storm water (SW) and imported water. The basins currently operate by delivering most flow to Basin No. 5, which has the lowest infiltration rate as compared to the other basins. This has limited current recharge to approximately 500 AFY.

2. SCOPE

The activities to be undertaken pursuant to this Task Order include project development to properly establish project's scope and schedule, preliminary design evaluation to define the extent of the upgrades of each site, design for the preparation of the construction plans and specifications for the upgrades, permitting and CEQA review for each site

proposed for upgrades, bid/award of the construction contract to the lowest responsible/responsive bidder, and the construction of the improvements. The following is projected cost breakdown and schedule for each of the project phases:

<u>Phase</u>	<u>Start</u>	<u>Finish</u>	<u>Projected Cost</u>
Pre-design	10/1/2012	7/24/2014	\$252,300
Environmental Impact	6/26/2013	9/26/2014	\$32,200
Design	9/10/2014	6/18/2015	\$216,200
Permits	5/15/2013	12/22/2015	\$107,300
Bid and Award	7/6/2015	9/18/2015	\$11,600
Construction	12/23/2015	4/3/2017	\$2,930,400
		Total	\$3,550,000

3. IEUA RESPONSIBILITIES

IEUA agrees to provide project management and contract administration services that include, but are not limited to:

- Engagement of consulting services as needed for:
 - Preliminary design and Design Engineering services;
 - California Environmental Quality Act (CEQA) compliance and Permitting;
 - Bid and award efforts; and
 - Engineering support during construction
- Management of consultants for the above;
- Approval of progress payments for consultants;
- Recommendation as to change orders for consultants; and
- Payment of consultant invoices

During construction IEUA agrees to provide construction management and contract administration services that include, but are not limited to:

- Engagement of Construction Contract services for:
 - Construction work to implement the upgrades
- Management of contractor for the above;
- Approval of progress payments for contractor;
- Recommendation as to change orders for contractor; and
- Payment of contractor invoices

IEUA will supply all personnel and equipment required to perform the assigned services.

4. WATERMASTER RESPONSIBILITIES

Watermaster agrees that it and its employees and consultants will cooperate with IEUA and its contractors in the performance of services under this Task Order and will provide any necessary documentation and information in Watermaster's possession.

5. BUDGET AND COST ALLOCATION

Unless the scope of work is changed and an increase is authorized by the Parties the budget for the activities to be undertaken pursuant to this Task Order is three million five hundred thousand dollars (\$3,550,000) ("Budget"), of which \$750,000 in grant funds are available for the Project. The Parties agree that Budget less the grant funds is shared 50-percent by both parties which is consistent with the methodology described in Section 8.1(b) of the Peace II Agreement. The Budget includes IEUA capital, administrative, and overhead expenses associated with IEUA's provision of the services described in Section 3, above. The Budget shall be allocated among the Parties as shown in the table below. The Parties shall budget, pursuant to their own budget mechanism, such that each is able to expend the amounts shown in the Fiscal Years shown in the table below.

San Sevaine Basin	Fiscal Year 2013/14	Fiscal Year 2014/15	Fiscal Year 2015/16	Fiscal Year 2016/17	Total
Watermaster	-	\$475,000	\$462,500	\$462,500	\$1,400,000
IEUA	\$63,000	\$412,000	\$462,500	\$462,500	\$1,400,000
Grant Funding	\$27,000	\$220,000	\$251,500	\$251,500	\$750,000
Total	\$90,000	\$1,107,000	\$1,176,500	\$1,176,500	\$3,550,000

6. TOTAL BUDGETED COST

The Parties agree to pay their respective portion of the Budget, less the \$750,000 of available grant funding. The parties shall not be required to pay more than \$2,800,000 ("Total Budgeted Cost").

7. MAXIMUM COSTS TO WATERMASTER

The costs to be required of Watermaster under this Agreement shall be the Total Budgeted Cost that is not paid with available \$750,000 grant money, or \$1,400,000.

8. MAXIMUM COSTS TO IEUA

The costs to be required of IEUA under this Agreement shall be the Total Budgeted Cost that is not paid with available \$750,000 grant money, or \$1,400,000.

9. TERM

Work to be undertaken pursuant to this Task order shall be initiated upon the Effective Date, as described in Section 11, below. The terms of this Task Order shall remain effective until IEUA's receipt of Watermaster's share of costs expended pursuant to the Budget shown above, so that IEUA may close out the activities.

10. REIMBURSEMENT

Watermaster's reimbursement of IEUA for work performed under this Task Order shall be as provided in Article 3 of the July 24, 2014 Master Agreement.

11. EFFECTIVE DATE

This Task Order No. 8 will become effective upon execution by both Parties.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year and at the place first above written.

PETER KAVOUNAS, P.E.
General Manager

STAFF REPORT

DATE: August 21, 2014
TO: Advisory Committee Members
SUBJECT: Budget Amendment Form (A-14-07-01)

SUMMARY

Issue: Task Order No. 2 (Lower Day Basin RMPU Improvement Project) and Task Order No. 8 (San Sevaine Basin RMPU Improvement Project) require funding; Watermaster needs authorization to increase the FY 2014/15 approved budget by an additional \$224,000.

Recommendation: Recommend Advisory Committee approve Budget Amendment Form (A-14-07-01) for FY 2014/15 in the amount of \$224,000 for the increased costs associated with Task Order No. 2 and Task Order No. 8, as presented.

Financial Impact: This action will increase the overall FY 2014/15 budget by \$224,000 and increase the assessment calculation by the same amount. The Budget Amendment Form (A-14-07-01) will increase the FY 2014/15 Budget from \$7,316,381 to \$7,540,381.

Future Consideration

Advisory Committee: August 21, 2014; Approval

Watermaster Board: August 28, 2014; Adoption (Advisory Committee approval required)

ACTIONS:

August 14, 2014 – Appropriative Pool – Unanimously approved

August 14, 2014 – Non-Agricultural Pool – Recommend Advisory Committee Approval and direct Non-Ag Pool representatives to vote at the Advisory Committee and Board meetings subject to changes which they deem appropriate

August 14, 2014 – Agricultural Pool – Unanimously approved

August 21, 2014 – Advisory Committee –

August 28, 2014 – Watermaster Board –

BACKGROUND

Utilizing the Watermaster's accounting software (QuickBooks Enterprise Solutions 13.0), on a continuing basis the Watermaster staff reviews the budget vs. actual reports and ensures that adequate budget and funds are maintained. Watermaster also provides monthly financial reports to keep all members apprised of the actual and projected total expenses for the current fiscal year. Watermaster also provides a process for reallocating budget to other expense categories to provide continued funding, or amending the approved budget to ensure the categories are funded properly.

Budget Amendment Policy: If there are no budgeted funds available to transfer to the line item, the GM will submit a Budget Amendment request to the Pools, Advisory Committee, and then to the Board for formal approval. The Budget Amendment should indicate the anticipated source of funding for the approved increase.

All Budget Amendments are processed in and recorded in the accounting system.

DISCUSSION

The FY 2014/15 funding for the Task Orders was presented in a staff report for an earlier Business Item on the Pool agenda, and is as follows:

Task Order No. 2
Lower Day Basin RMPU Improvement Project
\$49,000

Task Order No. 8
San Sevaine Basin RMPU Improvement Project
\$175,000

FY 2014/15 Approved Budget

The Chino Basin Watermaster FY 2014/15 budget of \$7,316,381 was approved by the Board on May 22, 2014. The amount of \$7,316,381 does not include any additional "CarryOver" funding from FY 2013/14. It is anticipated that approximately \$714,000 of "CarryOver" project funding from previous fiscal years will be transferred to the FY 2014/15 budget. All of the "CarryOver" funding of \$714,000 will be assigned to specific projects, and as a result, not available for the funding of Task Order No. 2 or Task Order No. 8.

CHINO BASIN WATERMASTER BUDGET AMENDMENT

To: **All Parties**

Fiscal Year 2014-2015

From : Joseph S. Joswiak, CFO Date:

August 14, 2014

Describe reason for the budget amendment here: Task Order No. 2 (Lower Day Basin RMPU Improvement Project) requires funding for FY 2014/15 of \$49,000 since this project was not included in the FY 2014/15 budget approved by the Board on May 22, 2014. Task Order No. 8 (San Sevaine Basin RMPU Improvement Project) requires additional funding of \$175,000 due to the acceleration of the project with the receipt of grant funding by IEAU. Watermaster does not have the authority to pay expenses unless there is a budget provided. A Budget Amendment Form is required to increase the total Watermaster budget for FY 2014/15 from \$7,316,381 to \$7,540,381.

Expenditure Amendment				
<i>Line Item Description</i>	<i>Account Number</i>	<i>Original Budget</i>	<i>Amended Budget</i>	<i>Amendment Amount</i>
Lower Day Basin RMPU Improvements	7690.8	\$0	\$49,000	\$49,000
San Sevaine Basin RMPU Improvements	7690.4	\$300,000	\$475,000	\$175,000
TOTAL:				\$ 224,000

Revenue Source				
<i>Line Item Description</i>	<i>Account Number</i>	<i>Original Budget</i>	<i>Amended Budget</i>	<i>Amendment Amount</i>
Recharge Improvement Assessment	4115	\$1,067,000	\$1,291,000	\$224,000
TOTAL:				\$ 224,000

Comprehensive Government Relations

MEMORANDUM

To: Joe Grindstaff, Martha Davis and Kathy Besser, IEUA

From: Letitia White and Heather Hennessey

Date: July 31, 2014

Re: July Monthly Legislative Update

Election year politics took an extreme toll on Capitol Hill during July, preventing even crisis legislation from moving forward. At the time of this writing, none of the must-do items for the month have been accomplished. State transportation departments are going to start receiving reduced distributions from the Highway Trust Fund beginning on August 1st, but the House and Senate have not finalized a funding patch. The ongoing border crisis continues to capture headlines and stress the resources of the agencies responsible for housing and transporting the migrant children, but Congress has not taken the first vote on funding or policy changes to address the problem. Against this backdrop, the arrival of the August recess on Friday the 1st will come as a tremendous relief.

Drought Legislation Fails to Advance during July

It was disappointing to see July come and go with no progress on the California drought legislation. As you recall from our previous reports, outside pressures from environmentalists as well as disputes within the California Congressional delegation were problematic during May and June. But we had still been hopeful that Senator Feinstein and House Republicans would be able to hash out an agreement before the beginning of August recess. As the month of July drew to a close, we heard rumors of increased behind-the-scenes activity that might be leading to a new drought proposal. If Senator Feinstein and House Republicans are able to come to an agreement of any kind, then perhaps they will use the August recess to brief stakeholders and other lawmakers about the plan. The best option now is that a conference can move forward with a conference agreement during September. But with Congress only in session very briefly during September, the timetable for action will be limited.

Federal Funding Outlook

Congress will need to enact a Continuing Resolution (CR) to fund the government past the end of the Fiscal Year on September 30th. As you recall, this year began on a high note, with a budget agreement already in place which removed the need for a contentious and protracted fight over funding levels. Both the House and Senate Appropriations Committees began work in the spring under aggressive schedules with the goal of passing all of the FY 2015 funding bills before October 1st. However, hot-button issues in this election year became problematic early and have remained troublesome for some bills. Also, Democrats have maintained that funding levels are too low, even though they conform to the budget agreement. "I've got a full plate and a

Innovative Federal Strategies LLC

wallet that's more like a Lean Cuisine," Senate Chairwoman Barbara Mikulski (D-MD) told reporters several weeks ago.

Consequently, none of the Senate bills have come to the floor for consideration, mostly due to amendments that would be offered by Republicans which would be problematic for vulnerable Senate Democrats who are up for reelection in November. Senate leadership had previously announced that two weeks of July would be devoted to spending bills on the Senate floor. And in the House, work has stalled now that the Interior and Environment bill was due for consideration. While it was passed by the full committee two weeks ago, it has not yet come to the House floor. In all, the House has passed seven of the twelve annual spending bills so far. We understand that the House will devote part of its floor schedule in September to appropriations, some of which will be consumed by debate on the CR.

Appropriators are also currently distracted from work on the FY 2015 regular bills because of the White House's request for emergency funding due to the ongoing child migrant crisis. Having said all of this, a CR will be the top legislative priority for September. Most likely, it will last for about two months to allow the November elections to come and go and give some weeks for negotiations to take place on the spending bills. The House will likely go first in passing the CR, as is customary.

EPA's Waters of the US Rulemaking Continues to Draw Fire from Congress

Congress has held at least half a dozen hearings this year regarding the EPA's ongoing efforts to expand its jurisdiction under the Clean Water Act. The House is working on a bill to stop the rulemaking and start again using a different process, and it has also included a funding prohibition for the rule in the EPA's appropriations bill. With public comments on the rulemaking due to the EPA by October 15th, this issue will remain on the front burner for the next few months. Even some Democrats are critical of EPA in this situation. Ranking Member of the House Transportation and Infrastructure Committee Peter DeFazio (R-OR) told reporters, "[EPA keeps] telling us what it doesn't do. If you write a rule and have to keep telling people what it doesn't do, then maybe your rule needs a lot of work." Agriculture groups have been especially critical of the rule, to the point that rural Democrats are beginning to worry about consequences on election day. The Obama Administration has already withdrawn this rulemaking once because of political fears from stakeholders.

Outlook for August

Congress will be in recess from August 1st until September 8th.

July 25, 2014

To: Inland Empire Utilities Agency

From: Michael Boccadoro
President

RE: July Legislative Report

Overview:

In July, the Legislature was on summer recess, so no official work took place on any legislation. Members return August 4 for the final four weeks of the two-year session. The Legislature will need to move very quickly in order to put a new water bond on the ballot and/or remove the current bond from the ballot.

Three proposals continue to be discussed concerning groundwater management legislation. Two policy bills, SB 1168 by Senator Fran Pavley and AB 1739 by Assemblyman Roger Dickinson, are still in “working form” as the authors have been working together and with stakeholders to ultimately combine into one vehicle. The third proposal is from the Governor’s office. Over the summer recess, the administration has conducted several stakeholder meetings to try to come to a consensus among all parties and the authors, with the hopes of moving one bill when the legislature returns in August.

The State Water Resources Control Board outlined a plan that will result in the release of a “Stormwater Strategic Initiative” that will lay out a statewide policy for addressing numerous problems plaguing existing stormwater permits. The goal of the collaborative process, which is expected to take about six months, is to make stormwater permits much more streamlined with statewide policies and procedures to guide regional board efforts.

The State Water Resources Control Board also recently released a draft desalination policy which addresses some of the potentially adverse impacts of desal seawater intakes and brine discharges on aquatic life. The policy includes implementation procedures for conducting evaluations of the best site, design, technology and mitigation measures feasible to minimize the intake and mortality of all forms of marine life at new or expanded desal facilities.

The California Public Utilities Commission has initiated a proceeding to create the next version of Net-Energy Metering (NEM). The proceeding will craft a tariff that will be in effect for renewable energy projects interconnecting to the grid after January 1, 2017.

Climate change continues to be a hot topic in Sacramento. A group of environmental stakeholders are asking that the Brown Administration release an emission reduction target for 2030. The 2030 target would be an interim goal for the 2050 goal of reducing greenhouse gasses by 80 percent from 1990 levels. The Administration has stated that they are working on a 2030 plan. Another set of stakeholders have introduced a bill that would delay fuels from coming under the Cap and Trade Program cap until 2017. Fuels are currently set to be regulated in 2015.

They argue that fuel costs will rise to levels that will affect disadvantaged communities at a disproportionate level.

Southern California Edison (SCE) recently filed their Phase Two General Rate Case Proposal to establish marginal costs, allocate revenues, design rates and implement additional dynamic pricing rates starting in 2015. The proposed increase for the entire system is 0.2%, however, the increase for Ag and Water Pumping customers is proposed at 6.2%. Specifically TOU-PA 2 (small pumpers) has a 3.6% proposed increase and TOU-PA 3 (large pumpers) has an 11.2% increase (by far the largest increase of any class). This could adversely affect many water agencies by significantly driving up water pumping, recycling, and treatment costs.

Inland Empire Utilities Agency

Status Report – July 2014

Water Bond

With the Legislature on summer recess for the month of July, only conversation and speculation has occurred on the water bond. Two bills still in the legislature, SB 848 (Wolk) and AB 2686 (Perea), are poised to move should the votes matriculate. The Governor also has a \$6 billion proposal that has yet to be put into bill form. With the date for anything to be added or removed from the November ballot rapidly approaching, it is believed that the Legislature must act by the middle to the end of the second week of August to ensure that the current \$11.14 billion bond is removed from the ballot. If a new bond is to be placed on the ballot, either by supplemental ballot or on the regular ballot, it is believed that action needs to happen by beginning of the third week in August, at the very latest.

There is concern that the current bond will remain on the ballot and the Governor has already stated that he does not support the \$11.14 billion bond. Lack of support from the Governor greatly increases the threat of defeat should there be funded opposition and all indications suggest there will be.

Groundwater

The concept of groundwater management continues to be a hot topic in Sacramento. Two pieces of legislation aim to monitor and regulate groundwater, SB 1168 by Senator Fran Pavley and AB 1739 by Assemblyman Roger Dickinson are still moving in the Legislature. In addition, the Governor has released a framework for groundwater management legislation. The authors, along with the Governor's office, have convened a broad stakeholder group that is working to try to craft one piece of legislation that all parties can support. The broad stakeholder meetings that have taken place while the legislature is on summer recess have not yielded any sort of consensus among the parties. A smaller group that has been pulled together by the Governor's office has been making headway on the issue, and recently released a set of amendments that will go into print at the beginning of August.

Concern over how to treat adjudicated basins is a very hot topic in the discussions. Some environmentalists insist that not all adjudications are sufficient and that the Department of Water Resources should review all adjudications to ensure that they are compliant with whatever legislation is passed. Others state that the adjudication, by design, is sufficient and that no further review is necessary. The latest draft of the legislation includes a list of adjudicated basins, including the Chino and Cucamonga basins, that are exempt from having to submit an alternate plan. These basins will have to submit their adjudication for review.

When the Legislature returns to Sacramento on August 4, they will have one month to get a bill through the process in both houses before the end of session.

Stormwater

The State Water Resources Control Board outlined a plan that will result in the release of a “Stormwater Strategic Initiative” designed to lay out a statewide policy for addressing numerous problems plaguing existing stormwater permits. Concerns over how numeric pollutant limits are implemented in permits, the varying processes for how municipal stormwater permits are issued, and the effects the drought is having are several of the catalysts for the new initiative.

A collaborative stakeholder process will take place to identify issues and approaches to address those issues that will result in a list of potential prioritized water board actions. The intent is to bring stormwater regulatory issues for consideration at a fall 2014 board meeting. Potential actions are policy, permit or guidance documents as vehicles to resolving identified issues.

Once the initial report is complete, another phase will begin to create workplans to identify specific resources that will be needed to reach the identified goals.

State Board Desalination Policy Challenged

The State Water Resources Control Board recently released a draft desal policy (to be implemented through a NPDES permit) which addresses some of the potentially adverse impacts of desal seawater intakes and brine discharges on aquatic life. The policy includes implementation procedures for conducting evaluations of the best site, design, technology and mitigation measures feasible to minimize the intake and mortality of all forms of marine life at new or expanded desal facilities. The draft policy also includes a receiving water limit for salinity to ensure that brine discharges to the ocean do not cause adverse impacts on aquatic life and includes procedures for alternative methods for discharge. The policy requires marine life monitoring program requirements as well.

Environmentalists are concerned and have argued that the components of the draft policy are weak and do not meet the Clean Water Act or state Water Code standards, but are happy with the discharge provisions, noting that the preference for dilution with wastewater or high pressure diffusers is an acceptable policy. As of this report, the environmental community is still reviewing the draft.

There will be a public workshop on the draft on August 9 with written comments due by August 19.

Net-Energy Metering

The California Public Utilities Commission opened a new proceeding recently to craft the successor to the current Net-Energy Metering (NEM) program for smaller renewable energy projects. The case will focus on a successor tariff to the current “full-retail” rate that NEM customers currently get (and will continue to receive for 20 years from the point of project interconnection). The commission must adopt a successor net-energy metering program by the end of 2015 and will implement the new tariffs in 2017.

Climate Change Updates

There are several issues that are gaining more attention in Sacramento recently concerning climate change and future greenhouse gas regulations. Environmentalists are pushing the Governor to cut greenhouse gas emissions by 50 to 60 percent by 2030 as an interim goal to meeting the goal of 80 percent reductions from 1990 levels by 2050.

The Brown administration states that administration officials are already working on setting a GHG reduction target for 2030 which will be the subject of a public process over the coming year.

On the other side of the issue, industry stakeholders are working to delay the next phase of cap and trade and to create a concrete process for the next set of reduction goals.

An effort in the Legislature that would have required the state to draft an energy plan for 2030 and 2050 failed in the Senate earlier this year. However, supporters of that legislation are strongly advocating that the Legislature create a comprehensive statewide energy plan that goes beyond just GHG emissions or climate change.

AB 69 (Perea, D-Fresno), recently gutted and amended in the Senate, aims to delay the second phase of Cap and Trade. The Cap and Trade plan calls for motor fuels and natural gas to come under the cap in 2015. The backers of the legislation have also started an intense letter-writing campaign by lawmakers and industry stakeholders that highlights the impacts bringing fuels under the cap would have on gas prices. The letter, signed by sixteen lawmakers, urges CARB Chair Mary Nichols to reconsider the design of the Cap and Trade program to limit the costs on fuel. Many of the lawmakers noted that they represent areas still struggling with double digit unemployment where the increased fuel costs would be devastating.

AB 69, calls for delaying the inclusion of fuels under the cap until January 1, 2018. The author states that fuel costs could rise as much as 15 cents per gallon, and likely higher. The bill will face a tough road as a gut and amend bill in the final four weeks of the legislative session.

Southern California Edison Seeks Large Agricultural and Water Pumping Rate Increase

Southern California Edison (SCE) recently filed their Phase Two General Rate Case Proposal to establish marginal costs, allocate revenues, design rates and implement additional dynamic pricing rates starting in 2015. As you will see in the chart below, the proposed increase for the entire system is 0.2%, however, the increase for Ag and Water Pumping customers is proposed at 6.2%. Specifically TOU-PA 2 (small pumpers) has a 3.6% proposed increase and TOU-PA 3 (large pumpers) has an 11.2% increase (by far the largest increase of any class).

SCE's Phase One overall rate request asks for a base revenue requirement of \$6.462 billion (3.3% increase), a \$206 million increase in 2015, another \$318 million in 2016 and an additional \$317 million in 2017. They have cited electric line undergrounding, reinforcing the system for load growth, infrastructure replacement, and distribution pole replacement as the primary basis for the requested increase.

Proposed Bundled Service Average Rates			
	Apr-2014	Proposed Rate	Proposed Change
Total Domestic	16.3	16.7	2.4%
GS-1	18.1	17.3	-4.8%
TC-1	18.4	20.3	10.7%
GS-2	17.7	17.3	-1.7%
TOU-GS-3	15.6	15.3	-1.5%
Total LSMP	17.2	16.8	-2.3%
TOU-8-SEC	14.3	13.8	-3.2%
TOU-8-PRI	12.9	12.7	-1.2%
TOU-8-SUB	8.8	9.0	2.1%
Total Large Power	12.3	12.1	-1.5%
PA-1	?	(SAPC)	0.0%
PA-2	?	(SAPC)	0.0%
TOU-PA-2	14.9	15.4	3.6%
TOU-PA-3	11.5	12.8	11.2%
Total Ag.&Pumping	13.5	14.4	6.2%
Total Street Lighting	18.0	18.8	4.6%
Standby-SEC	13.2	12.9	-1.9%
Standby-PRI	13.2	13.0	-1.6%
Standby-SUB	9.1	9.4	3.1%
Total Standby	10.4	10.5	1.3%
Total System	15.6	15.6	0.2%

The increase in TOU-PA-3 could negatively affect water pumping, treatment and recycling programs through significantly higher water pumping costs.

Legislative Update

The Legislature has been on summer recess for the month of July so no action has taken place on legislation this month. When they return, Appropriations committees will work to get bills to the floor by the August 15 deadline, and the last day of the two-year session is August 31.

Below are bills that IEUA has taken positions on.

**IEUA
2014 Legislation Tracking Matrix**

Bill	Author	Subject	Status	Description	IEUA Position	Notes
AB 1499	Skinner D	Electricity: self-generation incentive program.	5/23/2014-In committee: Set, second hearing. Held under submission.	The Public Utilities Commission, in consultation with the State Energy Resources Conservation and Development Commission, may authorize electrical corporations to annually collect not more than the amount authorized for the self-generation incentive program in the 2008 calendar year through December 31, 2014. This bill would extend the authority of the PUC to authorize electrical corporations to continue making the annual collections through December 31, 2017. The bill would extend the Public Utilities Commission's administration of the program to January 1, 2019.	Support 4/14	Bill held in Appropriations Committee. AB 1624 will be the vehicle for SGIP reauthorization. -REAUTHORIZED IN THE BUDGET
AB 1624	Gordon D	Self-generation incentive program.	Pass Assembly, Senate Energy Utilities and Commerce Committee 6/17	Would require the Public Utilities Commission to require electrical corporations to administer the self-generation incentive program for distributed energy resources originally established pursuant to specified-described law through and including December 31, 2021. The bill would require the Public Utilities Commission to allocate \$83 million from the specified-described greenhouse gas allowance revenues for the self-generation incentive program. This bill contains other related provisions and other existing laws.	Support 4/14	The Budget Conference Committee authorized a 6 year extension of SGIP adding all the language from AB 1624 into a budget trailer bill. Until the Governor signs the budget and the trailer bill, this bill will continue to move through policy committees. REAUTHORIZED IN THE BUDGET
AB 2067	Weber D	Urban water management plans.	Senate Floor (consent calendar)	Would require an urban retail water supplier and an urban wholesale water supplier to provide narratives describing the supplier's water demand management measures, as provided. The bill would require, for urban retail water suppliers, the narrative to address the nature and extent of each water demand management measure implemented over the past 5 years and describe the water demand management measures that the supplier plans to implement to achieve its water use targets.	Support 5/21	
AB 1699	Bloom D	Waste management: microplastics.	Senate Appropriations Committee	Would prohibit, after January 1, 2018, a person in the course of doing business, as defined, from selling or offering for promotional purposes in this state any personal care product containing microplastic, as specified. The bill would provide an exception to the above provision for the sale or promotional offer of a product containing less than 1 part per million (ppm) by weight of microplastic, as provided. This bill contains other related provisions.	Watch 4/14	5/12 amendments changed the prohibition from 2016 to 2018. (amendment to keep in line with other states to appease opponents)
AB 1874	Gonzalez D	Integrated regional water management plans: funding.	Did not pass out of Appropriations Committee	Would require the Department of Water Resources to develop a streamlined application process for certain regional water management groups. The bill would require, in order to receive integrated regional water management grant funds through this streamlined application process, the specified regional water	Watch 4/14	Sponsored by San Diego County Water Authority

				management group to file with the department a streamlined application form that includes information relating to projects to be funded by integrated regional water management grant funds.		
AB 2417	Nazarian D	California Environmental Quality Act: exemption: recycled water pipelines.	Did not pass out of policy committee-DEAD	Would exempt from CEQA a project for the construction and installation of a new pipeline or the maintenance, repair, restoration, reconditioning, relocation, replacement, removal, or demolition of an existing pipeline, not exceeding 8 miles in length, for the distribution of recycled water within a public street, highway, or right-of-way and would require the lead agency to undertake specified activities, including the filing of a notice of exemption for the project with the Office of Planning and Research and the office of the county clerk of each county in which the project is located.	Support 4/14	5/7 amendments exempt project from eligibility for which an excavation activity that is more than one-half mile in length at any one time will be undertaken. Amendments remove support of ACWA, CMUA, WaterReuse and author will likely not move the bill.
AB 2712	Daly D	Hazardous materials: Orange County Water District: groundwater remediation.	Senate Appropriations Committee	Would require the Orange County Water District, in order to obtain, by legal action or proceeding, the recovery of the costs of cleaning up or containing contamination, abating the effects of the contamination or pollution, or taking other emergency, removal, or remedial action described above, to provide notice of the action to a regional water quality control board and the Department of Toxic Substances Control, to meet and confer with agencies and any responsible party, and to comply with the requirements for consistency with the National Contingency Plan, as prescribed.	Watch 4/14	Amendments taken 4/23 should remove concerns from stakeholders.
AB 2636	Gatto D	CalConserve Water Use Efficiency Revolving Fund.	Senate Floor	Would establish the CalConserve Water Use Efficiency Revolving Fund and provide that the moneys in the fund are available to the Department of Water Resources, upon appropriation by the Legislature, for the purpose of water use efficiency projects. This bill would require moneys in the fund to be used for purposes that include, but are not limited to, at-or-below market interest rate loans and would permit the department to enter into agreements with local agencies, as defined, that provide water or recycled water service to provide loans. This bill contains other related provisions and other existing laws.	Support 5/21	
SB 985	Pavley D	Stormwater resource planning.	Assembly Appropriations Committee	Would require a stormwater resource plan to identify and prioritize stormwater and dry weather runoff capture projects for implementation in a prescribed quantitative manner and to prioritize the use of lands or easements in public ownership for stormwater and dry weather runoff projects. This bill would eliminate the requirement that a stormwater resource plan be	Support 5/21	

P148

				consistent with any applicable integrated regional water management plan. This bill would define dry weather runoff and stormwater for the purposes of the act and conform the definition of stormwater in the Rainwater Capture Act of 2012.		
SB 1014	Jackson D	Pharmaceutical waste: home generated.	Assembly Floor	The Department of Resources Recycling and Recovery was required, pursuant to provisions repealed on January 1, 2013, to develop, in consultation with appropriate state, local, and federal agencies, model programs for the collection and proper disposal of drug waste. This bill would require the department, along with the Pharmacy Board to adopt regulations to authorize a participant to establish a program to collect and properly dispose of home-generated pharmaceutical waste, based upon the model guidelines developed by the department pursuant to those repealed provisions and to include specified requirements and provisions in those regulations.	Support 4/14	
SB 1036	Pavley D	Urban water management plans.	Assembly Appropriations Committee	Would authorize an urban water supplier to include within an urban water management plan certain energy-related information, including, but not limited to, an estimate of the amount of energy used to extract or divert water supplies. This bill would require the Department of Water Resources to develop a methodology for the voluntary reporting of energy intensity of urban water systems and include this methodology in the guidance for the preparation of urban water management plans.	Support 4/14	
SB 1390	Correa D	Santa Ana River Conservancy Program.	Assembly Appropriations Committee	Would establish the Santa Ana River Conservancy to acquire specified lands within 1/2 mile on either side of the riverbed of the Santa Ana River and would prescribe the management, powers, and duties of the conservancy. The bill would also create the Santa Ana River Conservancy Fund, but would prohibit the conservancy from implementing the funding authorization until the Legislature appropriates the necessary funds.	Watch	Amendment requested by SAWPA Workgroup 4/25 Sec. 33842 (f) The conservancy may not impact the ownership, acquisition, or use of any water, water rights, or interests in water and may not impact the use, operation, maintenance, repair, construction, installation, expansion, or replacement of any water resource facility within or adjacent to the Territory or the Santa Ana River.
SB 1420	Wolk D	Water management: urban water management	Assembly Appropriations Committee	Would require an urban water management plan to quantify and report on distribution system water loss. The bill would authorize water use projections to display and account for the water savings estimated to result from adopted codes, standards, ordinances, or	Support 5/21	

		plans.		transportation and land use plans, when that information is available and applicable to an urban water supplier. The bill would require the plan, or amendments to the plan, to be submitted electronically to the Department of Water Resources and include any standardized forms, tables, or displays specified by the department.

Legislative Report

TO: Joe Grindstaff
General Manager, Inland Empire Utility Agency

FR: David M. Weiman
Agricultural Resources
LEGISLATIVE REPRESENTATIVE, IEUA

SU: Legislative Report, July 2014

Snapshot – What occurred in July as Congress readied for the traditional August break.

July finally came to a close and a six-week congressional recess is about to begin, but not without a flurry of activity, much of it unanticipated, some of it surprising and elements of it downright startling. This report, given the level of activity, will begin with a discussion of issues typically not of direct concern to IEUA to provide you with a greater context and broader context for what's occurring today.

- Congress begins a six-week traditional August recess (on August 1, a day late).
- When Congress reconvenes after Labor Day, there will be only a handful of days left in the Session before they adjourn for the 2014 mid-term election (the target adjournment date is in early October – but remains unannounced).
- In September, the major legislative activity will be the passage, conference and enactment of a Continuing Resolution to fund the Federal Government — all Departments and agencies – at the beginning of the October 1 2015 fiscal year. The length of the CR (how many weeks/months)? Unknown at this time.
- Two issues were addressed as July came to a close. First, a VA reform bill was enacted.

This was the product of a b-partisan, House-Senate effort designed to address the reports and problems throughout the VA system. Second, a short-term (only for several months) highway funding “fix” was adopted and has been submitted to the President (it will be approved). Little else was accomplished and few other bills of consequence were enacted. Gridlock overwhelms the House and Senate on almost every other issue.

- Majority Leader Cantor stepped down on July 31 as Leader and then immediately announced that he would resign from Congress on August 18. After being defeated in his primary (a political shock), he indicated he would remain in Congress through the end of the term. He skipped the last votes and is functionally gone.
- In the Senate, early this year, when Baucus stepped down to become Ambassador to China, four Senate Committees changed leadership – the ripple effect. With Cantor’s primary defeat, resignation as Leader and now, decision to immediately step down from the House, the House Rs have had a major change in leadership with Rep. Kevin McCarthy (R-CA) becoming Majority Leader and Rep. Steve Scalise (R-LA) becoming Majority Whip – the ripple effect. McCarthy is from Bakersfield.
- On the last day before going out on recess, a GOP proposed border bill went through a complete melt-down within the House R conference. Their own bill was taken down shortly before bringing it to the House Floor, delaying the recess, and then forcing the leadership to redraft the border bill to accommodate (and energize) the Tea Party caucus. Debate was emotional, intense and sometimes angry.
- With the situations in Gaza, Ukraine, Syria and others, plus the circumstances involving children at the Mexican border, foreign affairs (of one kind and another) are now *front and center* competing with domestic issues for time, attention and money.
- A wildcard amidst all this – the financial default in Argentina. No one yet knows what the repercussions might be, but potentially, they could be far reaching. A scramble is underway to steady global financial markets and keep this situation from upsetting or destabilizing international markets even more.
- According to a new study, published in July, on the Best Places to Work in the Federal Government, Interior and its subagencies received very low marks. Out of 19 large Departments, Interior was #18, one from the bottom. It’s departmental agencies – in a ranking of 300 small federal agencies – also received poor grades. The highest Interior agency score went to USGS (#150), BOEM (#160) and the USFWS (#167). However, eight other agencies were all in the 200s with the BuRec (#220), NPS at (#269) and bringing up the rear, the Interior Department’s Office of the Solicitor was ranked #297 out of 300 agencies.
- Earlier this year, Senator Feinstein, in her capacity as Chair, Senate Intelligence Committee went public and accused the CIA of spying on the Senate by hacking secure

Senate Intelligence Committee computers. The CIA unleashed a torrent of vigorous denials and publicly attacked her. On the last day of the session before the August recess, the CIA admitted that Feinstein was right. CIA did spy on the Senate. As you might imagine, this is raising a host of issues. Senator Mark Udall (D-CO) and others are already calling for resignations.

- In spite of everything, the economy continues to improve – albeit slowly. Unemployment is down, jobs are up, the stock market is near its all-time high. The economy added more than 200,000 jobs each month for the past six months.

Snapshot on Water and Related issues.

- **Blunt Message to CA from AZ at NWRA Conference – Mead Levels Dropping To All-Time Lows – Implications for Power-Water.** National Water Resources Association (NWRA) met during the last week of July in Arizona. David Modeer, GM, CAP, delivered a blunt message to California. Hoover (Mead) is down and dropping to levels not seen since 1937 (FDR was President). If it drops to 1000, power production for Southern California could be down 25-30%. With LA DWP not getting Navaho Power and Santa Onofre offline, losing hydro power from Hoover would cut power deliveries. He went on to say that if Hoover dropped that to 1000 or lower, water deliveries would be curtailed as well with shortage criteria being activated. According to reports from MWD and ACWA, when discussing California, he didn't mention the Imperial Irrigation District, but he talked about significant reductions to MWD's system. He called for negotiations now – and before a crisis overwhelms the various states and parties. Reportedly, this message was presented in a constructive manner – and, as reported, received in that spirit.
- **Drought Conditions, End of July.** The Drought Monitor at the end of July reveals that 85% of California is in Extreme Drought and almost 60% is in Exceptional Drought – the highest or worst category. This drought is now being called the worst on record.
- **Feinstein-Valadao Drought Bill.** An emergency drought bill has been under consideration in the House and Senate since early this year – six months or so. It was rumored that a “conferenced” bill would emerge prior to the August recess. It didn't happen. Rep. David Valadao issued a statement on July 31 saying that discussions and negotiations would continue throughout August (during the recess). Conflicts remain.
- **Water Efficiency Bill Introduced by Senators Feinstein and Boxer, Reps. Napolitano and DeFazio.** On July 31, Senators Feinstein and Boxer, and Rep. Pete DeFazio (ranking D on House Resources) and Rep. Grace Napolitano (Ranking D, Subcommittee on Water and Power, House Resources Committee) introduced a comprehensive water efficiency and drought response bill. According to a joint statement issued when the bill was introduced, “*W21: Water in the 21st Century, legislation that would help communities nationwide better prepare for the future by providing new incentives and*

investments to help residents, businesses and local water agencies to conserve, recycle and manage limited water supplies. The legislation would expand rebates and grants for water conservation and efficiency; support local investments in water recycling and improved groundwater management and storage; invest in research into water-saving technologies and desalination; and establish an open water data system. The measure would also help local communities take steps to become better prepared for drought.” The bill authorizes \$400 million in grants and loan guarantees for recycling and related programs. It will not be considered in this Congress, but was introduced to “position” the bill next year (unless a drought bill moves – and this gets amended into it).

- **Status of El Nino.** Reports early this year indicated that an El Nino is forming in the Pacific. These reports predicted (preliminarily) that significant precipitation would be forthcoming. As the year progressed, these predictions have changed. The US Climate Prediction Center (NOAA) issued an update this past month. An El Nino – a warming of the surface waters in the Pacific – likely will occur, but is now expected to be “*weak to moderate*” – in terms of producing precipitation for California. The implications for the 2014-15 water year in California are dire.

- **Energy and Water Development Appropriations – Title XVI Amendment Advanced in House – Rejected.** The House brought the Fiscal Year 2015 Energy and Water Development Appropriations bill to the floor and allowed unlimited amendments. Rep. Jared Huffman (D-Marin County) offered an amendment to add \$52 million to the Title XVI account, but no one was told the amendment was being offered – not his colleagues, not his Committee Chairs, not MWD or ACWA and not even his local water agencies. It was considered and rejected on a voice vote. He did not ask for a recorded vote.

- **NASA – University of California Study on Colorado River Basin – Groundwater In Basin Disappearing.** According to a summary published in National Geographic, “*when Stephanie Castle of the University of California-Irvine and her colleagues analyzed GRACE data for the whole Colorado River Basin over the period December 2004 – November 2013, what they found stunned them: the Colorado Basin had lost nearly 53 million acre-feet of water (65 billion cubic meters) – equivalent to two full Lake Meads.*” This report has been an “eye-opener” throughout the Colorado Basin, in California – and in the media.

- **Hardest Working River in the West – New Report on Colorado River – Proposes More than 4 MAF of Water Savings.** According to a newly released report by two conservation groups there are “*...five feasible, affordable, common-sense solutions that can be implemented now to protect the flow of the river, ensure greater economic vitality, and secure water resources for millions of Americans.*”
 - * Municipal conservation, saving 1 million acre-feet
 - * Municipal reuse, saving 1.2 million acre-feet
 - * Agricultural efficiency and water banking, saving 1 million acrefeet
 - * Clean, water-efficient energy supplies, saving 160 thousand acrefeet

* Innovative water opportunities, generating up to 1 million acrefeet
By mid-century, this study predicts that the Colorado River will have an annual deficit of almost 4 MAF and then offers a blueprint to produce replacement water. Unlike most reports, the focus is not on facilities or projects, at least not directly, but on how much “wet water” can be produced in various sectors and by different means. Like Rep. Napolitano, here’s a group that believes water recycling can produce another 1 MAF to existing water supplies. More and more, the 1 MAF target is being discussed, considered and advanced.

- **BuRec, Four Municipal Water Utilities Sign Pact to Initiate Water Conservation Projects on the Colorado River Basin – BuRec Advances \$11 Million for First Projects to Address “Worst Drought in 1,200 Years.** On July 31, the Denver Water Board, Las Vegas Water Authority, Metropolitan Water District of Southern California and Central Arizona Project, along with BuRec, reached what was described as a “landmark collaborative agreement” for what they called was “greater water security.” BuRec is providing \$11 million for this program, *“In support of the Colorado River basin states drought contingency planning to address a long-term imbalance on the Colorado River caused by years of drought conditions, municipal water providers in Arizona, California, Nevada and Colorado and the federal government signed a landmark water conservation agreement this week called the Colorado River System Conservation program.”* These partnership projects are intended to *“...demonstrate the viability of cooperative, voluntary compensated measures for reducing water demand in a variety of areas, including agricultural, municipal and industrial uses.”* The BuRec statement went on to declare that, *“for more than a decade, a severe drought — one of the worst in the last 1,200 years — has gripped the Colorado River, causing the world's most extensive storage reservoir system to come closer and closer to critically low water levels.”*

News and Notes. Presidential nominee, **Ken Kopocis**, nominated to serve as Assistant Administrator, Water, EPA continues to have his nomination blocked – now more than a 1,000 days. This past month, the current Acting Administrator for Water, Nancy Stoner, announced that she is departing (for technical reasons, she had to – there’s a limit one can serve in an “acting” capacity. The office will be left, once again, without a leader. **David Wegner**, staff to the water Subcommittee on Water and Power (Resources) and to the Subcommittee on Water (Transportation and Infrastructure) and a key advisor to Rep. Grace Napolitano, stepped down and returned to the West. **Camille Calimlim Touton**, professional staff, Subcommittee on Water and Power (Resources) departed to join the staff of Ann Castle, Assistant Secretary of the Interior for Water and Science. **Nancy Sutley**, former Chair, Council on Environmental Quality (CEQ) joined the staff of LA Department of Water and Power (LA). Former Senators and Majority Leaders, **Sen. Tom Daschle (D-SD)** and **Sen. Trent Lott (R-MS)** issued a report addressing the gridlock in the Senate. According to press accounts, *“The situation is so alarming that former Senate leaders, including Thomas Daschle (D-S.D.) and Trent Lott (R-Miss.), are mounting a public intervention to try to steer the chamber back toward effectiveness and maybe even some of its grand traditions. “The Senate has degenerated into a polarized mess,” the [former majority leaders recently wrote](#) in a [report that criticized both sides.](#)”*

CALIFORNIA STRATEGIES, LLC

Date: July 25, 2014
To: Inland Empire Utilities Agency
From: John Withers, Jim Brulte
Re: July Activity Report

Listed below is the California Strategies, LLC monthly activity report. Please feel free to call us if you have any questions or would like to receive any more information on any of the items mentioned below.

- Attended monthly meeting with IEUA Executive staff to review priority issues (7/7).
- Participated in follow up discussions with County of San Bernardino and IEUA to discuss coordination of County and District legislative agendas.
- We continue to monitor Lafco staff on the status and key issues related to the MSR process currently underway for water conservation districts Countywide
- Support and advise on IEUA/SBVWD transfer transaction on an as needed basis.
- Provided an update on the recent filing of a Sphere of Influence amendment filing by the CVWRD.
- Facilitated Grindstaff contact and follow up with IRWD regarding facility master planning and fiscal modeling
- Continue to monitor statewide water issues including the BDCP, water bond, and drought relief act activities.
- Outreach to Board Directors as needed on issues of interest
- Monitor Santa Ana Regional Board agenda and issues of interest to IEUA.

Date: August 20, 2014

To: The Honorable Board of Directors

Through: Public, Legislative Affairs, and Water Resources Committee (08/13/14)

From: P. Joseph Grindstaff
General Manager

Submitted by: Kathryn Besser
Manager of External Affairs

Subject: Public Outreach and Communication

RECOMMENDATION

This is an informational item for the Board of Directors to receive and file.

BACKGROUND

August 2014

- August 22, BIA San Bernardino County Water Conference, Cal State San Bernardino (5500 University Parkway, San Bernardino), 8:00 a.m.-12:00 p.m.

September 2014

- September 4, Upland Day at the LA County Fair, Fairplex (1101 W. McKinley Avenue, Pomona)
- September 10, Montclair and Ontario Day at the LA County Fair, Fairplex (1101 W. McKinley Avenue, Pomona)
- September 19, Chino Hills Day at the LA County Fair, Fairplex (1101 W. McKinley Avenue, Pomona)
- September 25, Chino Day at the LA County Fair, Fairplex (1101 W. McKinley Avenue, Pomona)
- September 26, Rancho Cucamonga Day at the LA County Fair, Fairplex (1101 W. McKinley Avenue, Pomona)
- September 26-28, Director Camacho's MWD Inspection Trip: Hoover Dam and Colorado River Aqueduct

October 2014

- October 18, Landscape and Water Conservation Fair, Chino Basin Water Conservation District (4594 San Bernardino Street, Montclair), 9:00 a.m.-2:00 p.m.

Public Outreach and Communication

August 20, 2014

Page 2

- October 28, Project WET (Water Education for Teachers) Workshop, Chino Basin Water Conservation District (4594 San Bernardino Street, Montclair), 8:00 a.m.-3:00 p.m.

December 2014

- December 17, Employee Holiday Luncheon, Los Serranos Country Club (15656 Yorba Avenue, Chino Hills 91709), 11:00 a.m.-2:00 p.m.

Outreach/Education- Civic Publications Newspaper Campaign

- Civic Publications is working with staff to develop simple water-saving ads to place in the Daily Bulletin as reminders of the State's water supply conditions and ways to easily save water. Quarter page ads will run twice a week for the month of July featuring water saving tips and drought information. Three ads will run that focus on showerheads and faucets; toilets and washers; and sprinklers.

Media and Outreach

- Ongoing monthly ¼-page ads in the Inland Valley Daily Bulletin, Champion Newspaper, Fontana Herald News and La Opinion.
- On August 9, 2014, IEUA ran a water saving ad in the Champion Newspaper's Back-to-School section. That section will be delivered to all schools within the Champion's service area.
- Content of the outreach ads has focused on water supply information and water saving tips. IEUA is incorporating ACWA's "Californians Don't Waste" logo and messaging into our content.
- MWD's drought outreach campaign is underway featuring radio ads and television commercials. The commercials were rolled out on July 7, 2014, and will run for six weeks.
- On August 4, 2014, External Affairs staff met with member agency public affairs and conservation representatives to discuss consistent drought messaging and future outreach goals.
- IEUA is working with Tripepi Smith & Associates for the redesign of the IEUA website. A new site map and home page wire frame have been developed thus far. IEUA staff is currently working on the content migration phase of the project. Managers are working on updates with the website committee and all content is on track to be delivered to the consultant by the end of August.

Water Use Efficiency Outreach and Activities

- The State Water Resources Control Board adopted Emergency Drought Regulations on July 15, 2014. Subsequently, IEUA staff scheduled an Emergency Drought Response Planning Meeting on July 24, 2014 with member agencies to provide more information on the rules and regulations and to offer regional support in complying with the requirements.
- On July 16, 2014, staff re-launched the Landscape Transformation Program and the Residential Landscape Retrofit Program after contract approval by the Board.

Education and Outreach Updates

- The Water Education water Awareness Committee (WEWAC) will be hosting/sponsoring the annual water-wise garden at the LA County Fair. The goal of the garden is to provide the community with a visual understanding of what climate appropriate plants look like and the benefits of using water-wise gardens versus “water hungry” plants.
- Staff is in the process of preparing outreach materials for the upcoming school year. Staff will be scheduling meetings with school superintendents as well as principals to inform them on IEUA’s educational opportunities for the community.
- Staff has been working with various educators to expand the Garden in Every School® Program. Currently, Cal Aero Preserve Academy in Chino is the only school signed on for the upcoming school year.

PRIOR BOARD ACTION

None.

IMPACT ON BUDGET

The above-mentioned activities are budgeted in the FY 2014/15 Administrative Service Fund, Public Information Services budget.
