CALL TO ORDER

Chair Geyé called the Advisory Committee meeting to order at 9:02 a.m.

ROLL CALL

(0:00:11) Ms. Moore conducted the roll call and announced that a quorum was present.

AGENDA – ADDITIONS/REORDER

None

I. CONSENT CALENDAR

All matters listed under the Consent Calendar are considered to be routine and non-controversial and will be acted upon by one motion in the form listed below. There will be no separate discussion on these items prior to voting unless any members, staff, or the public requests specific items be discussed and/or removed from the Consent Calendar for separate action.

A. MINUTES

Approve as presented:

1. Minutes of the Advisory Committee Meeting held April 20, 2023

B. FINANCIAL REPORTS

Receive and file as presented:

1. Cash Disbursements for the month of March 2023
2. Watermaster VISA Check Detail for the month of March 2023
3. Combining Schedule for the Period July 1, 2022 through March 31, 2023
4. Treasurer's Report of Financial Affairs for the Period March 1, 2023 through March 31, 2023
5. Budget vs. Actual Report for the Period July 1, 2022 through March 31, 2023
6. Cash Disbursements for April 2023 (Information Only)

(0:02:54)

Motion by Vice-Chair Jeff Pierson, seconded by Mr. Chris Berch, Chair Geye called for dissent, and, none being noted, the motion was deemed passed unanimously among those present.

Moved to approve the Consent Calendar as presented.

II. BUSINESS ITEMS

A. WATERMASTER FISCAL YEAR 2023/24 PROPOSED BUDGET APPROVAL

Approval of the Watermaster Fiscal Year 2023/24 Proposed Budget including consideration of potential changes as may be identified at Pool Committees.

(0:04:05) Mr. Joswiak gave a presentation. A discussion ensued.

(0:07:09)

Motion by Mr. Chris Berch, seconded by Mr. Chris Diggs; a volume vote was taken, and the item passed by majority 80.093 votes as attached to these minutes.

Moved to approve Business Item II.A. as presented.

B. ARUNA REDDY OVERLYING (AGRICULTURAL) POOL INTERVENTION REQUEST

The staff report will be distributed separately.

(0:15:29) Mr. Kavounas stated that there is nothing to report at this time and the item will be brought back when more information has been received by the well owner.

III. REPORTS/UPDATES

A. WATERMASTER LEGAL COUNSEL

1. May 12, 2023 Hearing (Watermaster Motion for Receipt and Filing of Semi-Annual OBMP Status Report; City of Ontario Motion re 2022-23 Assessment Package)
2. Court of Appeal Case No. E079052 (City of Chino, MVIC, MVWD, City of Ontario appeal re OAP Expenses and Attorney Fees)
3. Court of Appeal Case No. E080457 (City of Ontario appeal re 2021-22 Assessment Package)
4. Court of Appeal Case No. E080533 (Cities of Chino, Ontario appeal re 2022-23 Watermaster budget expenses to support CEQA analysis)
5. Kaiser Permanente Lawsuit

(0:15:46) Mr. Herrema stated that his report remained unchanged from those given at the Pool Committee meetings on Tuesday and that staff distributed the Court's ruling from Friday. He also mentioned that the same Zoom link will be used for Judge Ochoa's courtroom for each hearing and that all attorneys wishing to participate will need to establish a court call. A discussion ensued.

B. ENGINEER

1. 2023 Storage Framework Investigation
2. Data Collection and Evaluation Report for FY 2021/2022
3. Board-Requested Recharge Project Analysis

(0:18:42) Mr. Malone stated that Mr. Rapp's report remained unchanged from those given at the Pool Committee meetings on Tuesday.

C. CHIEF FINANCIAL OFFICER

None

D. GENERAL MANAGER

1. 2022/23 DYY Operation
2. Available Grant Opportunities
3. Other

(0:19:14) Mr. Kavounas stated that his report remained unchanged from those given at the Pool Committee meetings on Tuesday. He reminded the Pool Committee members of the Chino Basin Stakeholder BBQ on May 25, 2023.

E. INLAND EMPIRE UTILITIES AGENCY

1. MWD Update (Written)
2. Water Supply Conditions (Written)
3. State and Federal Legislative Reports (Written)

(0:19:53) Mr. Michael Hurley, Director of Planning and Resources gave an update on the Metropolitan Water District's pipelines and indicated that the recharge under the DYY program has begun. IEUA staff will keep parties apprised on progress in the coming months.

F. METROPOLITAN MEMBER AGENCY REPORTS

None

IV. COMMITTEE MEMBER COMMENTS

None

V. OTHER BUSINESS

None

VI. CONFIDENTIAL SESSION – POSSIBLE ACTION

A Confidential Session may be held during the Advisory Committee meeting for the purpose of discussion and possible action

None

ADJOURNMENT

Chair Geye adjourned the Advisory Committee meeting at 9:24 a.m.

General Manager

STAFF REPORT

DATE: June 15, 2023
TO: Advisory Committee Members
SUBJECT: Cash Disbursement Report - Financial Report B1 (April 30, 2023)
(Consent Calendar Item I.B.1.)

SUMMARY

Issue: Record of Cash Disbursements for the month of April 2023. [Normal Course of Business]

Recommendation: Receive and file Cash Disbursements for April 2023 as presented.

Financial Impact: Funds disbursed were included in the FY 2022/23 "Amended" Watermaster Budget.

Future Consideration

Advisory Committee – June 15, 2023: Receive and File

Watermaster Board – June 22, 2023: Receive and File

ACTIONS:

Appropriative Pool – June 8, 2023: Received and filed

Non-Agricultural Pool – June 8, 2023: Moved unanimously to receive and file, without approval

Agricultural Pool – June 8, 2023: Received and filed

Advisory Committee – June 15, 2023:

Watermaster Board – June 22, 2023:

*Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court,
and to develop and implement an Optimum Basin Management Program*

BACKGROUND

A monthly cash disbursement report is provided to keep all members apprised of Watermaster expenditures.

DISCUSSION

Total cash disbursements during the month of April 2023 were \$483,632.36.

The most significant expenditure during the month was to West Yost Associates in the amount of \$192,580.82 (check number 24087 dated April 26, 2023). There were no other checks greater than \$50,000 issued during the month of April 2023.

STAFF REPORT

DATE: June 15, 2023
TO: Advisory Committee Members
SUBJECT: VISA Check Detail Report - Financial Report B2 (April 30, 2023)
(Consent Calendar Item I.B.2.)

SUMMARY

Issue: Record of VISA credit card payment disbursed for the month of April 2023. [Normal Course of Business]

Recommendation: Receive and file VISA Check Detail Report for April 2023 as presented.

Financial Impact: Funds disbursed were included in the FY 2022/23 "Amended" Watermaster Budget.

Future Consideration

Advisory Committee – June 15, 2023: Receive and File

Watermaster Board – June 22, 2023: Receive and File

ACTIONS:

Appropriative Pool – June 8, 2023: Received and filed

Non-Agricultural Pool – June 8, 2023: Moved unanimously to receive and file, without approval

Agricultural Pool – June 8, 2023: Received and filed

Advisory Committee – June 15, 2023:

Watermaster Board – June 22, 2023:

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

BACKGROUND

A monthly VISA Check Detail report is provided to keep all members apprised of Watermaster expenditures charged against the California Bank & Trust VISA cards issued to the General Manager, Chief Financial Officer, Water Resources Management and Planning Director, and Director of Administration.

DISCUSSION

The total cash disbursement during the month of April 2023 was \$2,613.43. The payment of \$2,613.43 was processed by check number 24057 dated April 7, 2023. The monthly charges for April 2023 of \$2,613.43 were for routine and customary expenditures and properly documented with receipts.

DATE: June 15, 2023

TO: Advisory Committee Members

SUBJECT: Treasurer's Report of Financial Affairs for the Period April 1, 2023 through April 30, 2023 - Financial Report B4 (April 30, 2023) (Consent Calendar Item I.B.4.)

SUMMARY

Issue: Record of increases or decreases in the cash position, assets and liabilities of Watermaster for the Period of April 1, 2023 through April 30, 2023. [Normal Course of Business]

Recommendation: Receive and file Treasurer's Report of Financial Affairs for the Period April 1, 2023 through April 30, 2023 as presented.

Financial Impact: Funds disbursed were included in the FY 2022/23 "Amended" Watermaster Budget.

Future Consideration

Advisory Committee – June 15, 2023: Receive and File

Watermaster Board – June 22, 2023: Receive and File

ACTIONS:

Appropriative Pool – June 8, 2023: Received and filed

Non-Agricultural Pool – June 8, 2023: Moved unanimously to receive and file, without approval

Agricultural Pool – June 8, 2023: Received and filed

Advisory Committee – June 15, 2023:

Watermaster Board – June 22, 2023:

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

BACKGROUND

A Treasurer's Report of Financial Affairs for the Period April 1, 2023 through April 30, 2023 is provided to keep all members apprised of the total cash in banks (Bank of America, LAIF, and California CLASS); along with cash on hand at the Watermaster office (petty cash) at the end of the period stated. The Treasurer's Report details the change (increase or decrease) in the overall cash position of Watermaster, as well as the changes (increase or decrease) to the assets and liabilities section of the balance sheet. The report also provides a detailed listing of all deposits and/or withdrawals in the California State Treasurer's Local Agency Investment Fund (LAIF) and/or California CLASS, the most current effective yield as of the last month or last quarter (whichever is applicable), and the ending balances in LAIF and/or California CLASS as of the reporting date.

DISCUSSION

The Treasurer's Report of Financial Affairs has been created from various financial reports and statements created from Intuit QuickBooks Enterprise Solutions 23.0, the Watermaster accounting system. The Treasurer's Report provided, balances to the supporting documentation in the Watermaster accounting system, as well as the supporting bank statements.

Agricultural Pool – June 8, 2023: Received and filed

Advisory Committee – June 15, 2023:

Watermaster Board – June 22, 2023:

*Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court,
and to develop and implement an Optimum Basin Management Program*

BACKGROUND

A Budget vs. Actual Report for the period July 1, 2022 through April 30, 2023 is provided to keep all members apprised of the total revenues and expenses for the current fiscal year. The expense section is categorized into three distinct sections. Those sections are: Judgment Administration Expenses; Optimum Basin Management Program and Program Element 1-9 Expenses; and Other Income/Expenses. The Budget vs. Actual report has been created from Intuit QuickBooks Enterprise Solutions 23.0, the Watermaster accounting system. The Budget vs. Actual report provided, balances to the supporting documentation in the Watermaster accounting system, as well as the supporting bank statements.

DISCUSSION

CURRENT MONTH – APRIL 2023

Year-To-Date (YTD) for the ten months ending April 30, 2023, all but three expense lines were at or below the projected budget.

The expense lines over budget are as follows: (1) the Administration Salary/Benefits expenses (6010s) were over budget by \$603,929 or 109.7% as a result of increased staff time and activities in the administrative functions. Please note that the overage is only within this specific expense line item within the overall Judgment Administration section, not with the entire consolidated Watermaster staffing budget. (2) The Watermaster Legal Services (6070s) were over budget by \$263,105 or 70.0% as a result of increased activities in the areas of Court Coordination, Personnel Matters, unbudgeted expenses for the Ely 3 Basin Investigation, and miscellaneous legal expenses during the past ten months. Please note that the overage is only within this specific expense line item within the Judgment Administration section, not the entire consolidated BHFS budget. (3) Groundwater Level Monitoring expenses (7104s) were over budget by \$76,690 or 33.6% as a result of increased Watermaster field staff time for monitoring and production data collection efforts, as compared to the estimated budget. Please note that the overage is only within this specific expense line item within the OBMP and Program Element 1-9 section, not with the entire consolidated Watermaster staffing budget.

Watermaster does not plan to present any Budget Transfers or Budget Amendments as of the April 30, 2023 accounting period.

For more information on the FY 2022/23 Watermaster Salaries budget, please see the chart on page 4.

For more information on the FY 2022/23 BHFS Legal Services budget, please see the chart on page 6.

Overall, the Watermaster (YTD) Actual Expenses were \$4,149,356 or 39.1% below the (YTD) Budgeted Expenses of \$10,602,455.

PREVIOUSLY REPORTED ACTIONS (Descending Order)

February 2023:

On February 16, 2023 the Advisory Committee unanimously approved and on February 23, 2023 the Watermaster Board unanimously adopted Budget Amendment (A-23-02-01). Budget Amendment (A-23-02-01) in the amount of \$90,048 was developed to proceed with conducting the System Losses Study beginning in FY 2022/23 to ensure that the Chino Valley Model (CVM) can be updated in light of recent results. These recent results come from the peer review processes where two consultants suggest that any recharge to the Chino Basin from leaking municipal water distribution systems (water main leaks) should be explicitly included in the CVM, in advance of the upcoming Safe Yield Reset evaluation which is to be completed by June 30, 2025.

Budget Amendment (A-23-02-01) increased the existing approved budget for account number (7614) from \$475,641 to \$565,689. The approval and adoption of this Budget Amendment increased the overall "Amended" FY 2022/23 budget from \$10,241,976 to \$10,332,024 (excluding any Carry-Over funding).

November 2022:

During November 2022, there were two Budget Amendments adopted by the Watermaster Board. The first Budget Amendment (A-22-11-01) in the amount of \$60,000 was required to complete a high-level analysis of potential Recharge Projects as instructed by the Watermaster Board at the October 27, 2022 Board meeting. The Budget Amendment (A-22-11-01) increased the existing approved budget for account number (7202.2) from \$153,572 to \$213,572. The second Budget Amendment (A-22-11-02) in the amount of \$150,000 was required to amend the contract between Watermaster and Tom Dodson & Associates to prepare the Environmental Review documentation to support the 2020 OBMP Update. The Budget Amendment (A-22-11-02) increased the budget for account number (6908.1) by \$150,000. The approval and adoption of these two Budget Amendments increased the overall "Amended" FY 2022/23 budget from \$10,031,976 to \$10,241,976 (excluding any Carry-Over funding).

July 2022:

During the month of July 2022, the "Carry Over" funding was calculated. The Total "Carry Over" funding amount of \$1,541,640.96 has been posted to the general ledger accounts. The total amount of \$1,596,853.31 consisted of \$478,326.10 from Engineering Services, \$458,709.78 from Capital Improvement Projects, \$373,394.56 from OBMP Activities, \$145,428.66 from Pool Funding Accounts, and \$85,781.86 from Administration Services. More detailed information is provided regarding this issue under the "Carry Over" Funding section.

The "Amended" Budget for FY 2022/23 is \$11,073,616.96 which includes \$1,541,640.96 for the prior years "Carry Over" funding.

SALARIES EXPENSE

CURRENT MONTH – APRIL 2023

As of April 30, 2023, the total (YTD) Watermaster salary expenses were \$15,142 or 0.7% below the (YTD) budgeted amount of \$2,150,945. The overall staffing budget was developed with a staffing level of eleven Full-Time Equivalents (FTEs), and staffing is currently at eleven Full-Time Equivalents (FTEs) with one of the eleven positions being filled with a Temporary Agency employee. It is the intent of Watermaster to permanently hire for the position of Administrative Assistant.

Watermaster utilizes an in-house database time and attendance system to track and record staff's actual hours worked and records those hours to a specific project or activity. This time and attendance database of captured staff hours and activities is the basis for the bi-weekly payrolls which are processed using an external payroll processing service (ADP). During the FY 2022/23 budget development, Watermaster staff modified the internal timekeeping database system to better track the actual activities performed by the staff. Watermaster reduced the number of cost accounting activities from 160+ labor codes down to 53 labor codes. Watermaster staff can now record time to the following six activity categories: (1) Judgment Administration activities; (2) General Administrative activities; (3) Paid Leaves of vacation, sick or holiday; (4) Pools, Advisory or Board Meeting attendance; (5) OBMP activities; and (6) Program Elements 1 through 9 activities.

When the FY 2022/23 budget was developed, basic assumptions were used in allocating how staff's time would be spent and on which of the projects or activities. The staffing dollars were then allocated into those specific areas and budgeted on a 1/12 monthly budget. When actual staffing activities vary from the budgeted assumptions, a positive or negative variance can be created.

Currently the following actual allocations are tracking above the projected allocations due to Watermaster staff spending more time in these activities as follows: Judgment Administration-Document Review-WM Staff expenses (account 5901.1) above budget by \$13,740 or 15.2%; Judgment Administration-Water Accounting/Database-WM Staff expenses (account 5981) above budget by \$37,241 or 177.3%; WM Staff Salaries-Overtime expenses (account 6011.1) above budget by \$23,406 or 234.1%; 457(f) NQDC Plan expenses (account 6011.4) above budget by \$10,602 or 32.3%; Administrative-Accounting-WM Staff expenses (account 6011.10) above budget by \$106,581 or 66.2%; Administrative-Document Review-WM Staff expenses (account 6011.25) above budget by \$28,002 or 154.4%; Administrative-General-WM Staff expenses (account 6011.50) above budget by \$425,662 or 617.7%; Administrative-HR-WM Staff expenses (account 6011.60) above budget by \$10,829 or 38.0%; Administrative-IT-WM Staff expenses (account 6011.70) above budget by \$54,383 or 296.2%; Administrative-Meetings-WM Staff expenses (account 6011.80) above budget by \$37,802 or 82.8%; Administrative-Training(Giving/Receiving) expenses (account 6011.95) above budget by \$9,888 or 52.8%; Temporary Services expenses (account 6017) above budget by \$2,978 or 14.3%; OBMP-General-WM Staff expenses (account 6901.5) above budget by \$30,729 or 54.0%; PE1-Monitoring Program-WM Staff expenses (account 7104.1) above budget by \$104,679 or 662.0%; and PE2-Comprehensive Recharge-WM Staff expenses (account 7201) above budget by \$33,323 or 150.7%.

Watermaster does not plan to present any Budget Transfers or Budget Amendments as of the April 30, 2023 accounting period.

The table summarizes the Year-To-Date (YTD) Actual Watermaster salary costs compared to the Year-To-Date (YTD) Budget as of April 30, 2023. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The following details are provided:

PREVIOUSLY REPORTED ACTIONS (Descending Order)

December 2022:

The staffing levels were reduced from twelve to eleven on November 30, 2022 with the retirement of the Senior Accountant, Janine Wilson. Ruby Favela Quintero, Administrative Assistant, was promoted to

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

Administrative Analyst effective December 1, 2022 and replace Janine Wilson in the accounting department.

LEGAL SERVICES
BROWNSTEIN HYATT FARBER SCHRECK EXPENSES

CURRENT MONTH – APRIL 2023

As of April 30, 2023, the total (YTD) Watermaster Legal Services expenses (consolidating the three categories of Watermaster Administrative Legal Services, Pool/Advisory/Board Meeting legal expenses, and OBMP legal expenses) were \$123,184 or 12.7% below the (YTD) budgeted amount of \$973,738.

The Watermaster Legal Services budget was developed jointly by the Watermaster staff and Brownstein Hyatt Farber Schreck staff with specific assumptions regarding the tasks and legal activities that would occur during FY 2022/23. The total legal services budget was developed by multiplying the number of hours that would be required to complete the specific tasks by the hourly rate. The “Approved” budget was adopted for the original amount of \$1,166,098.

Watermaster does not plan to present any Budget Transfers or Budget Amendments as of the April 30, 2023 accounting period.

WATERMASTER ADMINISTRATIVE LEGAL SERVICES:

Overall, the Watermaster Administrative Legal Services expense (6070s) as of April 30, 2023 was \$263,105 or 70.0% above the budgeted amount of \$338,496. The specific items within the Administrative Legal Services expenses (6070s) which were over budget were Court Coordination expenses (6071) which were over budget by \$255,336 or 420.3%; Personnel Matters expenses (6073) which were over budget by \$31,783 or 308.6%; Miscellaneous (6078) which were over budget by \$68,863 or 37.2%; and the Ely 3 Basin Investigation (6078.25) which were over budget by \$13,552 or 100%. Please see Note 1 on the following page for a more detailed explanation of the miscellaneous types of expenses (6078).

The specific items within the Administrative Legal Services expenses (6070s) which were under budget were the expenses for Rules & Regulations (6072) under budget by \$65,562 or 88.9%; Interagency Issues (6074) under budget by \$34,632 or 99.9%; and Party Status Maintenance expenses (6077) under budget by \$6,235 or 57.2%.

WATERMASTER POOLS, ADVISORY AND BOARD LEGAL SERVICES:

The Pools, Advisory Committee and the Board meeting legal expenses from BHFS are captured by month within the accounts (6275, 6375, 6375.1, 8375, 8475 and 8575). The legal service costs associated with the Board Workshop(s) are also included as part of this group. Overall, this category of legal expenses as of April 30, 2023 was \$88,113 or 45.9% below the budgeted amount of \$192,008. Normal Brownstein Hyatt Farber Schreck meeting attendance during any given month includes attendance at all three pool meetings, one Advisory Committee meeting and one Board meeting.

The legal services budget was developed with the assumption of having eleven months of meetings, intentionally excluding the month of December 2022.

OBMP LEGAL SERVICES:

The OBMP legal expenses (accounts 6907.31 through 6907.90) were all below the budget for the month, with the exception of Recharge Master Plan expenses (6907.39) which was over budget by \$2,941 or 27.0%. As of April 30, 2023, the category of OBMP legal expenses were \$298,177 or 73.4% below the budgeted amount of \$406,017.

The table listed below summarizes the Brownstein Hyatt Farber Schreck (BHFS) expenses as of April 30, 2023 compared to the Year-To-Date (YTD) budget. Please be advised that the “\$ Over Budget” and the

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

Total Brownstein, Hyatt, Farber, Schreck Costs	850,553.74	973,738.00	-123,184.26	87.35%	1,166,098.00

Note 1: The types of legal activities that have been charged against the “Miscellaneous” legal category account 6078 are as follows: (1) Correspondence and discussions with Watermaster staff regarding current issues/topics; (2) Correspondence with Watermaster staff regarding special projects (assessment package, replenishment obligations, annual report, audit report, business plan, etc.); (3) Brownstein’s status review of ongoing Watermaster projects and issues; (4) Brownstein’s update of the outstanding issues list; (5) Coordination of ongoing Watermaster projects; (6) Review of draft documents and contracts; (7) Review transfer documents; (8) Ground-Level Monitoring Committee reports/meetings; (9) CEQA review and compliance; (10) Desalter Replenishment obligations, assessment methodologies, and ongoing issues; (11) Master Cost Sharing Agreement with IEUA; (12) Estimation and adoption of an evaporative loss policy for Recharge; (13) Right of Entry Agreements for various locations; (14) Payment of Ag Legal Fees; (15) Ag Invoices; and (16) Miscellaneous legal research on current and pending issues.

PREVIOUSLY REPORTED ACTIONS (Descending Order)

December 2022:

There were no scheduled Pool or Advisory Committee meetings during the month of December. However, during December there was a Watermaster Board Special Meeting - Workshop #4 held at the Frontier Project.

July 2022:

Watermaster’s function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

There were no scheduled Pool or Advisory Committee meetings during the month of July. However, during July there was a Robert's Rules of Order Workshop held, as well as a Special Board meeting. The legal services budget was developed with the assumption of having eleven months of meetings, intentionally excluding the month of December 2022.

OBMP EXPENSES

WATERMASTER AND WEST YOST STAFF, ENGINEERING SERVICES, LEGAL SERVICES, AND OTHER COSTS

CURRENT MONTH – APRIL 2023

Reviewing in total the OBMP Watermaster and West Yost Staff, Engineering Services, Legal Services, and Other Costs (consolidating the six categories of OBMP Watermaster and West Yost Staff, SAWPA, OBMP Engineering Services, OBMP Legal Costs, OBMP Update Costs, and OBMP Other Expenses) for the ten months ending April 30, 2023, the actual expenses of \$749,494 were below the budgeted amount of \$1,461,931 by \$712,437 or 48.7%. For a detailed discussion, the following is provided.

For April 30, 2023, the accounts 6901 (Optimum Basin Mgmt. Program) section was below the Year-To-Date (YTD) budget by \$28,623 or 9.1%. Watermaster utilizes an in-house database time and attendance system to record and document staff's actual hours worked and also allocates those hours to a specific project or activity. Watermaster staff time could be charged to Judgment Administration, General Administrative, or OBMP and Program Elements 1-9 categories. Recently, Watermaster staff spent less time on specific OBMP related areas as budgeted. As a result, Watermaster staff allocated less actual time to the OBMP project as budgeted, which resulted in an under-budget variance of \$74,705 or 31.6%. West Yost staff, however, spent more time on general meetings and reporting activities, and as a result, was over budget by \$46,081 or 59.3%. When consolidated, the accounts 6901 (as stated earlier) were below the budget by \$28,623 or 9.1%.

For March 31, 2023, account (6903) for the Santa Ana Watershed Project Authority (SAWPA) FY 2022/23 Basin Monitoring Program Task Force Contribution was budgeted at \$21,458 and actual expenses were \$21,458.

For April 30, 2023, the accounts 6906 (Optimum Basin Mgmt. Program Engineering Services) section was below the Year-To-Date (YTD) budget by \$252,780 or 46.2%. All of the expenses within this OBMP category were under budget (YTD).

Within the 6906 categories, one account had funding "Carried-Over" from the previous fiscal year. The Integrated Model Meetings-IEUA Costs expenses (6906.15) had \$25,774 brought forward from the previous year. The amount of \$25,774 has been included in the FY 2022/23 "Amended" budget.

Within the category 6907 (Optimum Basin Mgmt. Program Legal Fees) are the remaining Brownstein Hyatt Farber Schreck (BHFS) Watermaster's legal expenses. Within the legal expense category, there was one line item which was above the budget. That line item was the Recharge Master Plan expenses (6907.39) which was over budget by \$2,941 or 27.0%. The individual legal projects/activities that were below budget for the Year-To-Date (YTD) period were the Archibald South Plume of \$9,587; the Chino Airport Plume of \$9,587; the Desalter/Hydraulic Control of \$29,517; Santa Ana River Water Rights of \$15,059; the Santa Ana River Habitat of \$23,884; the Regional Water Quality Control Board of \$36,653; Storage Agreements of \$12,679; the Prado Basin Habitat Sustainability of \$9,692; SGMA Compliance of \$7,454; the OBMP Update of \$47,228; the 2020 Safe Yield Reset of \$27,465; the Ely Basin Investigation expenses of \$42,642; and the WM Unanticipated legal expenses of \$29,671. The below budget items totaled \$301,118. For the ten months ended April 30, 2023, the overall cumulative (YTD) budget was \$406,017 and the actual (BHFS) legal expenses totaled \$107,840 which resulted in an under-budget variance of \$298,177 or 73.4%.

The OBMP Update Costs (6908.1) were below the budget for the month. These expenses relate to the OBMP Update costs for the contract between Tom Dodson and Associates and CBWM to procure environmental review services for the 2020 OBMP Update. The contract had a remaining amount available of \$16,345 as of the year-ended June 30, 2022 and that amount was "Carried-Over" into the FY 2022/23 budget. During November 2022, a Budget Amendment (A-22-11-02) in the amount of \$150,000 was required to amend the contract between Watermaster and Tom Dodson & Associates to prepare the Environmental Review documentation to support the 2020 OBMP Update. The Budget Amendment (A-22-11-02) increased the budget for account number (6908.1) by \$150,000. Including the Carry-Over from the previous fiscal year of \$16,345 and the new additional funding of \$150,000 from the Budget Amendment (A-22-11-02), the Amended budget for this line item is \$166,344.56. As of April 30, 2023, the year-to-date actual expenses were \$38,654 compared to the year-to-date budget of \$166,345 for a budget variance of \$127,690 or 76.8% below budget. The consulting services project has a remaining budget balance as of April 30, 2023 of \$127,690.

The OBMP Other Expenses (6909's) were below the budget for the month. These expenses are typically conference calls, meeting expenses, supplies, annual inspection fees, and other miscellaneous type expenses. As of April 30, 2023, this category of expenses was \$5,167 or 67.2% below the budgeted amount of \$7,686.

Overall, the Optimum Basin Management Program (OBMP) category was \$749,494 actual (YTD) compared to a budget (YTD) of \$1,461,931 for an under budget of \$712,437 or 48.7% as of April 30, 2023.

Watermaster does not plan to present any Budget Transfers or Budget Amendments at this time.

The table listed below summarizes the Optimum Basin Management Program (OBMP) expenses as of April 30, 2023 compared to the Year-To-Date (YTD) budget. Please be advised that the "\$ Over Budget" and the "% of Budget" columns are a comparison of the (YTD) Actual to the (YTD) Budget, not the 12-month Annual Budget. The 12-month Annual Budget column is presented only to provide the data in a full and complete format. The following details are provided:

ENGINEERING SERVICES
 WEST YOST ASSOCIATES

*Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court,
 and to develop and implement an Optimum Basin Management Program*

CURRENT MONTH – APRIL 2023

As of April 30, 2023, the total (YTD) Engineering Services expenses were \$1,672,433 or 49.4% below the (YTD) budget amount of \$3,384,492. The Engineering Services were all under budget as of April 30, 2023, except for the OBMP-Meetings-WY Staff expenses (6901.8) which were over budget by \$41,392 or 122.5%; the OBMP-Reporting-WY Staff expenses (6901.95) which were over budget by \$4,689 or 10.7%; the Groundwater Level-Capital Equipment expenses (7104.9) which were over budget by \$1,322 or 14.6%; and the PE3&5-Engineering-Outside Professionals expenses (7306) which were over budget by \$8,313 or 45.9%.

West Yost Associates provides Watermaster a Progress and Estimated Cost at Completion (ECAC) report each quarter. The purpose of this (ECAC) report is to update Watermaster on whether or not the Engineering Services budget will be above or below budget at the end of the fiscal year. If the Engineering Services budget is expected to be above budget at fiscal year-end, a Budget Amendment or Budget Transfer Form would need to be approved to ensure funding.

The third ECAC report for the current fiscal year has been provided for the period ending March 31, 2023 and shows a projected under budget at fiscal year-end June 30, 2023 of \$469,944.

**Table 2
Summary of Engineering Budget for Fiscal Year 2022/23**

* West Yost and Subcontractor Engineering Budget of \$3,281,528 plus Carryover Funds from FY 2021/22 of \$478,326.10 plus Amendment (A-22-11-01) for \$60,000 plus Amendment (A-23-02-01) for \$90,048.

Carryover Funds from FY 2021/22 of \$478,326.10 = \$22,325 (5925); \$25,774 (7220); \$1,085 (7104.9); \$21,000 (7302); \$5,000 (7408); \$95,256 (7202.2); \$54,012.38 (7208); \$34,668.25 (7210); \$26,758 (7402); \$64,515 (7402.1); \$1,694 (7505); \$10,000 (7508); \$73,018.47 (7510); and \$43,220 (7610).

PREVIOUSLY REPORTED ACTIONS (Descending Order)

February 2023:

The "Original" Approved budget for FY 2022/23 for Engineering Services was \$3,281,528. The Engineering Services budget was Amended with the addition of "Carry-Over" funding totaling \$478,328.10 which brought the FY 2022/23 "Amended" Budget amount to \$3,759,854.10. During November 2022, Budget Amendment (A-22-11-01) in the amount of \$60,000 was adopted by the Watermaster Board. This Budget Amendment was required to complete a high-level analysis of potential Recharge Projects as instructed by the Watermaster Board at the October 27, 2022 Board meeting. The Budget Amendment (A-22-11-01) increased the existing approved budget for account number (7202.2) from \$153,572 to \$213,572. With the

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

inclusion of Budget Amendment (A-22-11-01) in the amount of \$60,000 to the FY 2022/23 Engineering Services budget, the overall "Amended" budget increased from \$3,759,854.10 to \$3,819,854.10.

During February 2023, Budget Amendment (A-23-02-01) in the amount of \$90,048 was adopted by the Watermaster Board. This Budget Amendment was developed to proceed with conducting the System Losses Study beginning in FY 2022/23 to ensure that the Chino Valley Model (CVM) can be updated in light of recent results. These recent results come from the peer review processes where two consultants suggest that any recharge to the Chino Basin from leaking municipal water distribution systems (water main leaks) should be explicitly included in the CVM, in advance of the upcoming Safe Yield Reset evaluation which is to be completed by June 30, 2025. The Budget Amendment (A-23-02-01) increased the existing approved budget for account number (7614) from \$475,641 to \$565,689. With the inclusion of Budget Amendment (A-23-02-01) in the amount of \$90,048 to the FY 2022/23 Engineering Services budget, the overall "Amended" budget increased from \$3,819,854.10 to \$3,909,902.10.

West Yost Associates provides Watermaster a Progress and Estimated Cost at Completion (ECAC) report each quarter. The purpose of this (ECAC) report is to update Watermaster on whether or not the Engineering Services budget will be above or below budget at the end of the fiscal year. If the Engineering Services budget is expected to be above budget at fiscal year-end, a Budget Amendment or Budget Transfer Form would need to be approved to ensure funding.

The second ECAC report for the current fiscal year has been provided for the period ending December 31, 2022 and shows a projected under budget at fiscal year-end June 30, 2023 of \$114,619.

The Fiscal Year 2022/23 Progress and Estimated Cost at Completion for the Period July 1, 2022 through September 30, 2022 report from West Yost Associates is provided. Please access this link:

<https://cbwm.syncedtool.com/shares/file/gL5YkjR1Ky8/?modal=1>

August 2022:

The first quarter (ECAC) report is scheduled for issuance and distribution in early May 2022 for the period July 1, 2022 through April 30, 2022.

Watermaster does not plan to present any Budget Transfers or Budget Amendments at this time.

July 2022:

The explanations regarding the Carry-Over amount of \$478,328.10 from FY 2021/22 to the FY 2022/23 budget is provided as follows:

1. IEUA - Integrated Model Meetings and Technical Review - 50% IEUA Cost Share (Account 6906.15): \$51,548 (Watermaster's portion is \$25,774)
The requested carryover is necessary because this effort was planned for completion in FY 2021/22 but is now scheduled to be completed in FY 2022/23.
2. Groundwater Quality Monitoring Program (Account 7505 - formerly account 7103.5): \$1,694
The carryover is necessary for the laboratory cost for the HCMP GW and SW monitoring program. The work was completed in FY 2021/22, but the invoice has not yet been received from the laboratory.
3. Groundwater Level Monitoring Program (Account 7104.9): \$1,085
The requested carryover is necessary for the purchase of replacement transducer for the MZ1 transducer monitoring program. The work was completed in FY 2021/22, but the invoice has not yet been received from the subcontractor.

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

4. Ground Level - Capital Equipment (Account 7408 - formerly account 7107.8): \$5,000
The requested carryover is necessary for the of purchase of a replacement door at the Ayala Park Extensometer facility and for materials and equipment for the Pomona Extensometer Facility. These orders were made in FY 2021/22 but the invoices have not yet been received.
5. Prado Basin Habitat Monitoring, Data Analysis and Reporting - 50% IEUA Cost Share (Account 7302 - formerly account 7108.31) \$42,000 (Watermaster's portion is \$21,000)
The requested carryover is necessary to implement a recommendation in Prado Basin Habitat Sustainability Committee Annual Report for Water Year 2021 (approved in June 2021) to update the digital elevation model for the Prado Basin. This data will improve the estimates of current depth- to-groundwater in the study area, and in critical areas where there are observed declines in groundwater levels that could potentially threaten the quality of the riparian habitat.
6. Agriculture Production and Estimation (Account 5925 – formerly account 7110.3): \$22,325
The requested carryover is necessary to complete the Agriculture Production and Estimation work that was planned for completion in FY 2021/22 but is now scheduled to be completed in FY 2022/23.
7. PE2: Engineering Services for Other Recharge Improvement Projects (Account 7202.2): \$95,256
The requested carryover is necessary to finalize this work in FY 2022/23. The work includes conducting a life-cycle analysis at the San Sevaine 1 and Etiwanda Debris conservation berms and preparing a technical memorandum describing the analysis and conclusions. The scope and schedule for this work was refined with input from IEUA and Watermaster Staff in FY 2020/21. The work is to be completed in FY 2022/23.
8. SB88 Specification to Ensure Compliance with Regulations (Account 7206.1) - \$108,024 (GRCC's portion is \$54,012 and IEUA's portion is \$54,012)
The requested carryover is necessary to provide as-needed support to IEUA and Watermaster in implementing the recommendations described in the technical memorandum evaluating the existing methodology to estimate stormwater diversions in the Chino Basin.
9. 2023 RMPU Recharge Master Plan Scoping (Account 7210): \$34,668. The requested Carry-Over is necessary to complete the scope, budget and report outline the 2023 RMPU.
10. Management Zone Strategies - Data Analyses and Reports (Account 7402): \$26,758
The requested carryover is necessary because the GLMC annual report is prepared over two fiscal years and is completed in November. Not as much progress was made in FY 2021/22 as was anticipated. The unspent budget in FY 2021/22 is needed to complete the annual report.
11. Management Zone Strategies - Northwest MZ-1 (Account 7402.10): \$64,515
The requested carryover is necessary because this is a multi-year project to develop a subsidence management plan for the Northwest MZ-1, and not all tasks planned/budgeted in FY 2021/22 were completed and must be completed in FY 2022/23. This included the request by the GLCM to perform a sensitivity study on the 1D compaction models and the use of the 1D compaction models to evaluate the effectiveness of potential subsidence management strategies. Carryover needed to complete the GLMC annual report. Tim Moore was on vacation and so we didn't make as much progress on this task as was anticipated in 2021/22.
12. Updated Plan - Mitigation Temp Loss of Hydraulic Control of Basin - 50% IEUA Cost Share (Account 7508): \$20,000 (Watermaster's portion is \$10,000)
The requested carryover is necessary to complete regulatory compliance support or add additional model simulations that may potentially be requested by the Regional Board based on its review of the submitted Plan.
13. IEUA - Update Recycled Water Permit - Salinity (Account 7510): \$81,214 (Watermaster's portion is

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

\$73,019)

The requested carryover is necessary to complete the technical and regulatory compliance support work to update the Chino Basin Maximum Benefit Salt and Nutrient Management Plan. This multiyear project began FY 2017/18 and will continue through FY 2022/23.

14. PE 8/9: Support Implementation of the 2020 Storage Management Plan (Account 7610): \$43,220

This budget is for as-requested technical support to Watermaster staff, updating the information required for a complete Storage and Recovery Program application, updating the Storage and Recovery Program application forms, and updating the process to evaluate an application. No implementation activities occurred in FY 2021/22. The entire budget is requested to be carried over to FY 2022/23.

PRADO BASIN HABITAT SUSTAINABILITY PROGRAM

Ongoing Costs

Program costs that are ongoing (Ongoing Costs) will be cost-shared between Watermaster and IEUA, split on a 50/50 basis, subject to the following limitation: in each fiscal year, neither Watermaster nor IEUA shall be obligated to reimburse the other for Ongoing Costs that exceed the amount that the reimbursing party has budgeted for Ongoing Costs in that fiscal year, except as agreed upon by both parties in writing or as amended during the fiscal year. The first year expenses (FY 2016/17) to be cost shared were approximately \$300,000, with projected future years (FY 2017/18 and forward) estimated at approximately \$150,000. For the purposes of the agreement, Ongoing Costs are defined as the costs associated with the following Program activities:

1. A Riparian Habitat Monitoring Program, including, but not limited to, the following sub-tasks:
 - a. Design and implement a site-specific vegetation monitoring program with the United States Bureau of Reclamation (USBR) and Orange County Water District, pursuant to which USBR will perform site-specific vegetation surveys.
 - b. Manage and perform custom flight to collect a high resolution air photo of the Prado Basin Region.
 - c. Collect, check, and upload historical air photos and vegetation survey data in the Prado Basin region.
 - d. Collect, check, and upload historical Landsat data in the Prado Basin region.
2. A Climate Monitoring Program, including, but not limited to, the following sub-task:
 - a. Collect, check, and upload climatic data on an annual basis
3. Preparation of the AMP Annual Report (Annual Report), including, but not limited to, the following sub-tasks:
 - a. Water level monitoring, vegetation survey, photo monitoring, landsat data, climate data and analysis of the components.
 - b. Analyze data and prepare an administrative draft of the Annual Report for Watermaster/IEUA.
 - c. Incorporate the Watermaster and IEUA comments and prepare a draft Annual Report for review by the PBHSC.
 - d. Meet with PBHSC to review draft Annual Report.
 - e. Incorporate PBHSC comments and finalize the Annual Report.
4. Annual license fees for monitoring wells.
5. Project management and administration activities associated with the Program undertaken by a Party's consultant, including, but not limited to, the following sub-tasks:
 - a. Ad-Hoc Meetings
 - b. Preparation of scope and budget for the Program
 - c. Project administration and financial reporting

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

6. Other costs required to fulfill the requirements of Peace II Subsequent EIR mitigation measure 4.4-3. Watermaster shall be responsible for the costs associated with the Groundwater Level Monitoring Program, Groundwater Quality Monitoring Program, and Surface Water Monitoring Program.

Watermaster and IEUA shall each have responsibility for its own administrative costs, excluding the tasks and expenses included under Set-Up Costs and Ongoing Costs. Watermaster and IEUA will meet to review the cost-sharing structure under this agreement and negotiate necessary adjustments in good faith on at least an annual basis.

The Peace II SEIR does not explicitly state a duration for the monitoring and mitigation program. It is logical to assume that the program will last until the drawdown impacts, if any, on the riparian habitat from Peace II activities are fully manifested and not predicated to worsen, and that mitigation measures, if any are required, are fully implemented. This is not a perpetual agreement. Upon termination of the monitoring and any necessary mitigation obligations, the parties may elect to terminate the cost share agreement.

OTHER INCOME AND EXPENSE

At the April 13, 2023 Appropriative Pool meeting, by volume vote of 62.398%, the Appropriative Pool instructed Watermaster to issue invoices to the Appropriative Pool in the amounts of \$100,000 for the FY 2022/23 Appropriative Pool Administrative expenses (account 8367); and \$100,000 for the FY 2022/23 Agricultural Pool Administrative expenses (8467). The payment terms were set at 30 days, per past practice. These invoices were issued under the category of Appropriative Pool-Special Assessments (4111.3) and Agricultural Pool Administration and Legal Services (4114).

As of June 1, 2023 the Appropriative Pool Administrative expenses have receipts of \$68,502.76 with an outstanding balance remaining of \$31,497.24. The outstanding balance due of \$31,497.24 is from the City of Chino, Monte Vista Water District, Monte Vista Irrigation Company, and the City of Ontario.

As of June 1, 2023 the Agricultural Pool administrative expenses have receipts of \$57,974.39 with an outstanding balance remaining of \$42,025.61. The outstanding balance due of \$42,025.61 is from the City of Chino, Monte Vista Water District, Monte Vista Irrigation Company, and the City of Ontario.

There were no other significant items to report within the category of Other Income and Expenses for the month ending April 30, 2023.

PREVIOUSLY REPORTED ACTIONS (Descending Order)

January 2023:

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

During the month of January, Watermaster purchased 300 AF of replenishment water at a cost of \$816 per AF from Three Valleys Municipal Water District. The total cost of the replenishment water was \$244,800 and coded to account 5011.

October 2022:

The Appropriative Pool instructed Watermaster to issue invoices to the Appropriative Pool in the amount of \$250,000 for the approved FY 2022/23 Appropriative Pool Legal Services budget. The payment terms to be set at 30 days. These invoices were issued on October 13, 2022 under the category of Appropriative Pool - Special Assessments (4111.3). According to the payment terms of 30 days, payments are due on or before November 14, 2022.

September 2022:

The Agricultural Pool instructed Watermaster to issue invoices to the Appropriative Pool in the amount of \$250,000 for the approved FY 2022/23 Agricultural Pool Legal Services budget. The payment terms to be set at 30 days. These invoices were issued on September 9, 2022 under the category of Agricultural Pool Admin & Legal Services (4114). According to the payment terms of 30 days, payments are due on or before October 9, 2022.

The FY 2022/23 annual debt service expense (account 7690.1) of \$482,303 was paid directly to IEUA on September 14, 2022.

July 2022:

Per section VI.D.3 of the Groundwater Storage Program Funding Agreement No. 49960 in the Chino Basin with The Metropolitan Water District of Southern California, the FY 2022/23 annual administrative fee invoice was issued on July 1, 2022 in the amount of \$181,865.78 under invoice number 2022-07-CUP. Payment in the amount of \$181,865.78 was received and deposited on August 2, 2022.

POOL LEGAL SERVICES FUND ACCOUNTING

Each Pool has a Fund Account created to pay their own legal service invoices. The legal services invoices are funded and paid using the Fund accounts (8467 for the OAP, 8567 for the ONAP, and 8367 for the AP). These Fund Accounts are replenished at the direction of each Pool, and the legal service invoices are approved by the Pool leadership and when paid by Watermaster, are deducted from the existing Fund Account balances. If the Fund Account for any Pool reaches zero, no further payments can be paid from the Fund and a replenishment action must be initiated by the Pool. Along with the legal services Fund account for the OAP (8467), the OAP also has two other Fund accounts for Ag Pool Meeting Attendance expenses (8470), and Special Projects expenses (8471).

At the April 13, 2023 Appropriative Pool meeting, the Appropriative Pool instructed Watermaster to issue invoices to the Appropriative Pool in the amounts of \$100,000 for the FY 2022/23 Appropriative Pool Administrative expenses (account 8367); and \$100,000 for the FY 2022/23 Agricultural Pool Administrative expenses (8467). The payment terms were set at 30 days, per past practice. These invoices were issued under the category of Appropriative Pool-Special Assessments (4111.3) and Agricultural Pool Administration and Legal Services (4114).

As of June 1, 2023 the Appropriative Pool Administrative expenses had receipts of \$68,502.76 with an outstanding balance remaining of \$31,497.24. The outstanding balance remaining of \$31,497.24 is from the City of Chino, Monte Vista Water District, Monte Vista Irrigation Company, and the City of Ontario.

As of June 1, 2023 the Agricultural Pool administrative expenses had receipts of \$57,974.39 with an outstanding balance remaining of \$42,025.61. The outstanding balance remaining of \$42,025.61 is from the City of Chino, Monte Vista Water District, Monte Vista Irrigation Company, and the City of Ontario.

The Agricultural Pool Legal Services invoice number 13920 dated May 2, 2023 for Egoscue Law Group, Inc. for the services performed for April 2023 totaling \$11,775.00 has been provided to the Appropriate Pool for their approval. The approval is pending action at the June 8, 2023 meeting.

As of April 30, 2023, the Agricultural Pool Special Fund totals \$599,320.08.

The following charts detail the Fund Accounts activity as of April 30, 2023:

PREVIOUSLY REPORTED ACTIONS (Descending Order)

March 2023:

At the April 13, 2023 Appropriative Pool meeting, the Appropriative Pool instructed Watermaster to issue invoices to the Appropriative Pool in the amounts of \$100,000 for the FY 2022/23 Appropriative Pool Administrative expenses (account 8367); and \$100,000 for the FY 2022/23 Agricultural Pool Administrative expenses (8467). The payment terms were set at 30 days, per past practice. These invoices were issued under the category of Appropriative Pool-Special Assessments (4111.3) and Agricultural Pool Administration and Legal Services (4114). According to the payment terms of 30 days, payments are due on or before May 17, 2023. As of May 3, 2023, the amount received to date are as follows:

As of May 3, 2023 the Appropriative Pool Administrative expenses have receipts of \$4,493.00 leaving an outstanding balance due of \$95,507.00; and the Agricultural Pool Administrative expenses have receipts of \$3,483.61 leaving an outstanding balance due of \$96,516.39.

The Agricultural Pool Legal Services invoice number 13838 dated March 6, 2023 for Egoscue Law Group, Inc. for the services performed for February 2023 totaling \$26,191.00; and invoice number 13882 dated April 3, 2023 for Egoscue Law Group, Inc. for the services performed for March 2023 totaling \$42,539.16, were provided to the Appropriative Pool for their approval. The approval is pending action at the May 16, 2023 meeting.

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

As of March 31, 2023, the Agricultural Pool Special Fund totals \$525,308.60.

February 2023:

The Agricultural Pool Legal Services invoices for Egoscue Law Group, Inc. for the months of December 2022 and January 2023 totaling \$42,712.50 have been provided to the Appropriative Pool for their approval. At the February 9, 2023 Appropriative Pool meeting, action was taken to approve these two invoices by volume vote of 62.467%. The funds totaling \$42,712.50 will be transferred to the Agricultural Pool Special Fund as a February accounting period transaction. As of February 28, 2023, the Agricultural Pool Special Fund totals \$516,158.20.

January 2023:

The Appropriative Pool instructed Watermaster to issue invoices to the Appropriative Pool in the amount of \$250,000 for the approved FY 2022/23 Appropriative Pool Legal Services budget (account 8367). The payment terms to be set at 30 days. These invoices were issued on October 13, 2022 under the category of Appropriative Pool-Special Assessments (4111.3). According to the payment terms of 30 days, payments are due on or before November 14, 2022. As of January 31, 2023, the amount received to date was \$166,743.85 leaving an outstanding balance due of \$83,256.15.

December 2022:

The Agricultural Pool Legal Services invoices for Egoscue Law Group, Inc. for the months of September, October, and November 2022 totaling \$43,450.50 have been provided to the Appropriative Pool for their approval. At the January 12, 2023 Appropriative Pool meeting, action was taken to approve these three invoices by volume vote of 62.894%. The funds totaling \$43,450.50 were transferred to the Agricultural Pool Special Fund as a December accounting period transaction. As of January 31, 2023, the Agricultural Pool Special Fund totals \$523,886.70.

November 2022:

The Agricultural Pool Legal Services invoices for Egoscue Law Group, Inc. for the months of May, June, July, and August 2022 totaling \$40,148.00 have been approved and funded by the Appropriative Pool and these funds have been recorded in the Agricultural Pool Special Fund. As of November 30, 2022, the Agricultural Pool Special Fund totals \$493,541.78.

October 2022:

The Appropriative Pool instructed Watermaster to issue invoices to the Appropriative Pool in the amount of \$250,000 for the approved FY 2022/23 Appropriative Pool Legal Services budget (account 8367). The payment terms to be set at 30 days. These invoices were issued on October 13, 2022 under the category of Appropriative Pool-Special Assessments (4111.3). According to the payment terms of 30 days, payments are due on or before November 14, 2022. As of November 30, 2022, the amount received to date was \$90,499.58 leaving an outstanding balance due of \$159,500.42.

September 2022:

The Agricultural Pool instructed Watermaster to issue invoices to the Appropriative Pool in the amount of \$250,000 for the approved FY 2022/23 Agricultural Pool Legal Services budget. The payment terms to be set at 30 days. These invoices were issued on September 9, 2022 under the category of Agricultural Pool Admin & Legal Services (4114). According to the payment terms of 30 days, payments are due on or before October 9, 2022.

August 2022:

On August 15, 2022, the Appropriative Pool leadership instructed Watermaster to transfer the remaining amount due of \$75,868.59 to the Agricultural Pool Special Fund. This transfer will be reported as part of the accounting reports during the month of August 2022. The total amount received to date by the Agricultural Pool from the Appropriative Pool is \$267,442.88.

“CARRY OVER” FUNDING

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

BACKGROUND OF "CARRY OVER" FUNDING

CURRENT MONTH – APRIL 2023

As of April 30, 2023, the total (YTD) amount remaining of the "Carried Over" funding is \$1,158,439.46 (\$1,541,640.96 – \$383,201.50 = \$1,158,439.46).

Updated Balance as of April 30, 2023	\$ 1,158,439.46				

ADMINISTRATION SERVICES:

Unspent funds related to ongoing projects and associated activities from the Administration Services budget from FY 2021/22 totaling \$85,781.86 were "Carried Over" into the current FY 2022/23 budget. These funds were from the Human Resources Services [A] in the amount of \$12,000 in account (6013); Other Office Equipment-Boardroom Upgrades [B] in the amount of \$59,781.86 in account (6038); and Board Workshop Expenses-Miscellaneous [C] in the amount of \$14,000 in account (6375.2). The total funds available are \$85,781.86.

OBMP ACTIVITIES:

The OBMP Update costs relate to the contract between Tom Dodson and Associates and CBWM to procure environmental review services for the 2020 OBMP Update. The original budget was \$225,500 and was approved during FY 2019/20. At the end of June 30, 2022 a remaining balance in the fund of \$16,344.56 was "Carried Over" into the current FY 2022/23 budget. The 2020 OBMP Update - Tom Dodson & Associates [D] in the amount of \$16,344.56 in account (6908.1).

Unspent funds related to ongoing projects and associated activities from the Agricultural area metering installation efforts budget from FY 2018/19 in several accounts totaling \$357,050 were "Carried Over" into the current FY 2022/23 budget. These funds were from the Meter Installation - New Meter Installation [E] in the amount of \$175,400 in account (7540); and Meter Installation - Calibration and Testing [E] in the amount of \$181,650 in account (7545). The total funds available are \$373,394.56.

ENGINEERING SERVICES:

Unspent funds related to ongoing projects and associated activities from the Engineering Services budget from FY 2021/22 in several accounts totaling \$478,326.10 were "Carried Over" into the current FY 2022/23 budget. These funds were from the Agriculture Production and Estimation [F] in the amount of \$22,325 in account (5925); Integration Model-Meetings-50% IEUU Costs [G] in the amount of \$25,774 in account (6906.15); Ground Water Level-Capital Equipment [H] in the amount of \$1,085 in account (7104.9); PBHSP-Monitoring, Data Analysis, and Reporting [I] in the amount of \$21,000 in account (7302); Ground Level Monitoring-Capital Equipment [J] in the amount of \$5,000 in account (7408); PE2-Comprehensive Recharge-Engineering Services [K] in the amount of \$95,256 in account (7202.2); SB88 Specs-Ensure Compliance [L] in the amount of \$54,012.38 in account (7206.1); OBMP-2023 RMPU [M] in the amount of \$34,668.25 in account (7210); OBMP-Engineering Services [N] in the amount of \$26,758 in account (7402); PE4-Northwest MZ1 Area Project [O] in the amount of \$64,515 in account (7402.1); Groundwater Quality Monitoring Program [P] in the amount of \$1,694 in account (7505); Hydraulic Control Mitigation Plan Update-50% IEUA Costs [Q] in the amount of \$10,000 in account (7508); IEUA-Update Recycle Water Permit-Salinity [R] in the amount of \$73,018.47 in account (7510); and PE8&9-Support Implementation of the 2020 Storage Management Plan [S] in the amount of \$43,220 in account (7610). The total funds available are \$478,326.10.

ONGOING RECHARGE IMPROVEMENT PROJECTS:

The Upper Santa Ana River HCP-Task Order #7 [T] has a remaining funded balance of \$20,062.88 in account (7690.7); and the Lower Day Basin RMPU-Task Order #2 [U] has a remaining funded budget balance of \$238,646.90 in account (7690.8). The total funds available are \$258,709.78.

FUNDS ON HOLD FOR PROJECTS/REFUND:

The "Funds on Hold for Projects/Refund" [V] has a remaining budget from FY 2017/18 of \$200,000 in account (7690.9). By unanimous action of the Watermaster Board on June 24, 2021 the amount of \$1,234,582.42 was refunded to the Appropriative Pool with the November 2021 Assessment Package. The remaining amount of \$200,000 will be kept on hold until the warranty period for the San Sevaine Project has expired, and no warranty issues are noted.

POOL RELATED FUNDING;

The remaining funding items are strictly Pool related and are added to the FY 2022/23 budget to ensure proper funding is recorded and tracked. The Appropriative Pool Legal Services [W] in the amount of \$3,803.11 in account (8367); the Agricultural Pool Meeting Attendance Compensation [X] in the amount of

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

\$18,950.98 in account (8470); the Agricultural Pool Special Project Funding [Y] in the amount of \$71,109.67 in account (8471); and the Non-Agricultural Pool Legal Services [Z] in the amount of \$51,564.90 in account (8567). The total funds available are \$145,428.66.

As invoices are received from the vendors and booked against these items listed above, the "Carried Over" balance will be reduced throughout the current fiscal year. At June 30, 2023, any remaining balances of the FY 2021/22 and prior years funding (if any), along with any new FY 2022/23 expenses, will then be "Carried Over" into the FY 2023/24 budget.

AUDIT FIELD WORK

CURRENT MONTH – APRIL 2023

There was no Audit Field Work activity to report for the month.

PREVIOUSLY REPORTED ACTIONS (Descending Order)

October 2022:

The Annual Financial and Audit Reports were presented to the Watermaster Board by Fedak & Brown LLP at the October 27, 2022 Board meeting. The Annual Financial and Audit Reports for FY 2021/22 were posted to the Watermaster website during the month of November 2022.

August 2022:

The auditors from the audit firm of Fedak & Brown LLP started the final field work for FY 2021/22 on September 19, 2022 through September 23, 2022. The plan was for the auditors not to be onsite at the Watermaster office for the final field audit. Instead, all of the audit schedules, accounts payable selections, accounts receivable selections, bank reconciliations, payroll and timesheet selections, and any other reports and information were provided to the auditors electronically via Dropbox software. This has been the same processed used for the past several years and has worked well for both Watermaster and the auditors. This was the completion of the final field work for the period of May 1, 2021 through June 30, 2022.

July 2022:

The auditors from the audit firm of Fedak & Brown LLP started the interim field work for FY 2021/22 on June 13, 2022 through June 17, 2022. The plan was for the auditors not to be onsite at the Watermaster office for the interim field audit. Instead, all of the audit schedules, accounts payable selections, accounts receivable selections, bank reconciliations, payroll and timesheet selections, and any other reports and information were provided to the auditors electronically via Dropbox software. This has been the same processed used for the past several years and has worked well for both Watermaster and the auditors. This was the start of the interim field work for the period of July 1, 2021 through April 30, 2022. The final field work for the period of May 1, 2022 through July 31, 2022 has been tentatively scheduled for the week of September 19, 2022 through September 23, 2022.

FY 2022/23 EXHIBIT "G" NON-AGRICULTURAL POOL SALE OF WATER

CURRENT MONTH – APRIL 2023

There was no Exhibit "G" activity to report for the month.

PREVIOUSLY REPORTED ACTIONS (Descending Order)

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

February 2023:

The Appropriators had until March 1, 2023 to notify Watermaster if they were interested in purchasing their allocation of the water by executing the Intent to Purchase form. As of March 1, 2023, no Appropriators provided notification to Watermaster of their interest to purchase water. As a result, there will be no Exhibit "G" Non-Agricultural Pool sale of water this fiscal year.

December 2022:

Pursuant to the Restated Judgment, Exhibit "G", Paragraph 9, Physical Solution Transfers, by December 31st of each year, the members of the Overlying (Non-Agricultural) Pool (ONAP) shall notify Watermaster of the amount of water each member shall make available in their individual discretion for purchase by the Appropriators.

On December 19, 2022, Hamner Park Associates, a California Limited Partnership, notified Watermaster of the availability of 800 acre-feet of water for purchase. The ONAP amended its Pooling Plan which was subsequently court-approved on March 15, 2019, allowing them to set the transfer rate. At their regular meeting on November 10, 2022, the ONAP set a price of \$727.00/acre-foot for the current fiscal year's transfers.

The Potential Allocation Table (listed below) allocates the amount of water available to each Appropriator, should each Appropriator wish to purchase its share of the water. Appropriators have until March 1, 2023 to notify Watermaster if they are each interested in purchasing their allocation of the water by executing the Intent to Purchase form. Executed forms may be returned to Frank Yoo via email (franky@cbwm.org) or by U.S. mail.

November 2022:

No Exhibit "G" activity to report for the month.

ASSESSMENTS AND OTHER INVOICING

CURRENT MONTH – APRIL 2023

FY 2022/23 Assessment Package

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

There remains one late fee payment which was due in February. A reminder notice has been sent since the late fee payment has not been received to date.

PREVIOUSLY REPORTED ACTIONS (Descending Order)

February 2023:

The five payments which were received late, were issued late fee invoices, per the Judgment. Of those five which received a late fee invoice, four have paid the late fees, and the remaining late fee payment due in February. A reminder notice has been sent since the late fee payment has not been received to date.

January 2023:

As of February 3, 2023, the last outstanding Judgment related payment was received.

The five payments which were received late, were issued late fee invoices, per the Judgment. Of those five which received a late fee invoice, four have paid the late fees, and the remaining late fee payment is due the end of this month.

December 2022:

On November 17, 2022 the FY 2022/23 Assessment Package was approved by the Advisory Committee to move forward by majority volume vote. On November 17, 2022, the FY 2022/23 Assessment Package was approved by the Watermaster Board by majority vote. The Assessment invoices were issued by Watermaster on Friday, November 18, 2022 with payment due 30-days after invoice date. Payments were due to Watermaster on Monday, December 19, 2022. As past practice, payments could be made to Watermaster by either a wire transfer or check. Per the judgment, late fees could be assessed for any Judgment related payment not received as of 4:00pm on Monday, December 19, 2022.

As of December 19, 2022 there were five Judgment related payments outstanding. Watermaster contacted these five entities to understand why payment had not been received to date.

As of today, all but one of the outstanding checks have been received. The four outstanding payments which were received late, were issued late fee invoices, per the Judgment. Of those four which received a late fee invoice, one has paid the late fee, and the other three late fee payments are due later in the month of February.

November 2022:

Watermaster held two Assessment Package Workshops: one on October 18, 2022, and the other on November 1, 2022. The purpose of the workshops was to provide the Parties with information pertaining to the Assessment Package and opportunities to raise questions, concerns, and feedback.

On November 10, 2022, the FY 2022/23 Assessment Package was presented to the Pool Committees for advice and assistance. On November 17, 2022 the FY 2022/23 Assessment Package was presented to the Advisory Committee and was approved to move forward by majority volume vote. On November 17, 2022, the FY 2022/23 Assessment Package was presented to the Watermaster Board and approved by majority vote.

The Assessment invoices were issued by Watermaster on Friday, November 18, 2022 with payment due 30-days after invoice date. Payments will be due to Watermaster on Monday, December 19, 2022. As past practice, payment can be made to Watermaster by either a wire transfer or check. Per the judgment, late fees could be assessed for any Judgment related payment not received as of 4:00pm on Monday, December 19, 2022.

Per the Judgment Section VI, 55 (b) Payment. Each assessment shall be payable on or before thirty (30) days after notice, and shall be the obligation of the party or successor owning the water production facility at the time written notice of assessment is given, unless prior arrangement for payment by others has been made in writing and filed with Watermaster.

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

Per the Judgment Section VI, 55 (c) Delinquency. Any delinquent assessment shall bear interest at 10% per annum (or such greater rate as shall equal the average current cost of borrowed funds to the Watermaster) from the due date thereof. Such delinquent assessment and interest may be collected in a show-cause proceeding herein instituted by the Watermaster, in which case the Court may allow Watermaster its reasonable costs of collection, including attorney's fees.

PETER KAVOUNAS, P.E.
General Manager

STAFF REPORT

DATE: June 15, 2023

TO: Advisory Committee Members

SUBJECT: Application: Recharge – Chino Basin Water Conservation District
(Consent Calendar Item I.C.)

SUMMARY:

Issue: On April 12, 2023 Chino Basin Water Conservation District submitted an application for recharge for up to 15,000 acre-feet from May 2023 until May 2028. [Within WM Duties and Powers]

Recommendation: Recommend to the Watermaster Board to approve the Chino Basin Water Conservation District's application for recharge and direct Watermaster staff to account for the same.

Financial Impact: None

Future Consideration

Advisory Committee – June 15, 2023: Advice and Assistance

Watermaster Board – June 22, 2023: Approval

ACTIONS:

Appropriative Pool – May 16, 2023: Unanimously recommended Advisory Committee to recommend Watermaster Board approval

Non-Agricultural Pool – May 16, 2023: Unanimously recommended its representatives to support at Advisory and Watermaster Board subject to changes they deem appropriate

Agricultural Pool – May 16, 2023: Unanimously recommended Advisory Committee to recommend Watermaster Board approval

Advisory Committee – June 15, 2023:

Watermaster Board – June 22, 2023:

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

BACKGROUND

The Court approved the Peace Agreement, the OBMP Implementation Plan and the goals and objectives identified in the OBMP Phase I Report on July 13, 2000 and ordered Watermaster to proceed in a manner consistent with the Peace Agreement. Under the Peace Agreement, Watermaster approval is required for applications to store, recapture, recharge or transfer water, as well as for applications for credits or reimbursements and storage and recovery programs.

Where there is no Material Physical Injury (MPI), Watermaster must approve the application. Where the request for Watermaster approval is submitted by a Party to the Judgment, there is a rebuttable presumption that most of the proposed activities do not result in Material Physical Injury to a Party to the Judgment or the Basin (Storage and Recovery Programs do not have this presumption).

DISCUSSION

On April 12, 2023, Chino Basin Water Conservation District (CBWCD) submitted an application for recharge for up to 15,000 acre-feet from May 2023 through May 2028. The application states that the method of recharge will be surface spreading into the College Heights and Montclair Basins located along the San Antonio Channel. The amount recharged will be subject to evaporative losses. CBWCD intends to recharge this water and transfer the balance to either Monte Vista Water District or Cucamonga Valley Water District's supplemental storage accounts. CBWCD is currently in talks with MVWD and CVWD to accomplish this. Any transfer or storage of this water will be subject to a separate application.

West Yost completed an MPI analysis on May 4, 2023, declaring no negative impacts to the Basin from this proposed recharge event (see Attachment 2).

Once approved, CBWCD must complete Form 2b *Request to Recharge Supplemental Water by a Person to Watermaster* for each recharge event during the application's proposed period. During the recharge event, Watermaster will collect data to ensure the water is properly accounted for. Upon completion of the recharge event, CBWCD will be required to submit Form 2c *Report of Supplemental Water Recharge by a Person to Watermaster* for final review and accounting.

The item was presented to the three Pool Committees for advice and assistance on the May 16, 2023. The Appropriative and Overlying (Agricultural) Pools both unanimously recommended Advisory Committee to recommend to the Watermaster Board to adopt and file with the Court. The Overlying (Non-Agricultural) Pool unanimously recommended its representatives to support at the Advisory Committee and Watermaster Board meetings subject to changes they deem appropriate.

Form 2a - Application for Supplemental Water Recharge

Material Physical Injury

Is the applicant aware of any potential material physical injury to a Party to the Judgment or the Basin that may be caused by the action covered by the Application? YES NO

If yes what are the proposed mitigation measures, if any, that might reasonably be imposed to ensure that the action does not result in Material Physical Injury to a Party or the Basin (provide list of mitigation measures and rational either below or attach one to this application)

SENT VIA: EMAIL

Chino Basin Watermaster
Attention: Mr. Peter Kavounas, General Manager
9641 San Bernardino Road
Rancho Cucamonga, CA 91730

SUBJECT: Analysis of Material Physical Injury for a Recharge Application submitted by Chino Basin Water Conservation District to the Chino Basin Watermaster on April 12, 2023

Mr. Kavounas:

Pursuant to your direction, West Yost Associates, Inc. (West Yost) conducted a material physical injury (MPI) analysis on a Recharge Application submitted by the Chino Basin Water Conservation District (CBWCD) to the Chino Basin Watermaster on April 12, 2023 (hereafter, April 12, 2023 recharge application). This MPI analysis was completed pursuant to the Watermaster Rules and Regulations and the Peace Agreement.

Pursuant to the Peace Agreement (page 8), MPI is defined as:

“[...] material injury that is attributable to Recharge, Transfer, storage and recovery, management, movement or Production of water or implementation of the OBMP, including, but not limited to, degradation of water quality, liquefaction, land subsidence, increases in pump lift and adverse impacts associated with rising groundwater.”

Article 10 of the Watermaster Rules and Regulations (paragraph 10.10) requires that:

“[...] Watermaster prepare a written summary and analysis (which will include an analysis of the potential for material physical injury) of the Application and provide the Parties with a copy of the written summary and advanced notice of the date of Watermaster’s scheduled consideration and possible action on any pending Applications.”

The MPI analysis presented herein is based on our professional experience and judgment in the Chino Basin, including the past analyses of monitoring data, past evaluations of Chino Basin storage programs, past groundwater modeling of various groundwater management alternatives in the Chino Basin, and prior MPI analyses.

CBWCD APRIL 12, 2023 RECHARGE APPLICATION

The CBWCD proposes to recharge up to 15,000 acre-feet (af) over the five-year period from May 2023 to May 2028. The CBWCD proposes to recharge untreated imported water from the State Water Project (SWP) at the College Heights and Montclair Basins. The CBWCD will need to coordinate their proposed diversions for recharge with the Inland Empire Utilities Agency (IEUA) and Watermaster to ensure that their water is diverted as proposed, measured and accounted for, and its recharge activities do not interfere with other recharge operations and stormwater management.

West Yost evaluated for the following to determine the potential for MPI from the proposed recharge:

- Impacts to groundwater levels that could result in liquefaction, land subsidence, and/or increases in pump lifts at wells.
- Impacts to the balance of recharge and discharge in every area and subarea of the Chino Basin.
- Impacts to groundwater quality.

Potential Impacts to Groundwater Level

The proposed project will produce a localized increase in groundwater levels in the vicinity of the recharge basins where the recharge occurs. The temporary increase in groundwater levels will be followed by a return to the groundwater levels that would occur had the water not been recharged. The impacts of these localized changes in groundwater levels are described below:

- *Liquefaction.* As of March 2023, the depth to groundwater at Well MWU-1 downstream of College Heights is about 76 feet below ground surface (ft-bgs). As of November 2022, depth to groundwater at wells near the Montclair Basins was over 400 ft-bgs. Provided that CBWCD conducts recharge such that groundwater levels remain below 50 ft-bgs,¹ there will be no threat of liquefaction due to the localized increases in groundwater levels.
- *Land subsidence.* Land subsidence due to changes in groundwater levels typically occurs with declining groundwater levels. Thus, there will be no threat of aquifer-system compaction and land subsidence due to the localized increases in groundwater levels caused by the recharge.
- *Pumping lifts.* Because of the temporary increases in groundwater levels, pumping lifts and pumping costs may be slightly reduced for wells in the vicinity of the recharge.

Balance of Recharge and Discharge in Every Area and Subarea

The CBWCD did not provide information on how it plans to recover the recharged water, so the location of future recovery remains unknown; thus, the balance of recharge and discharge has not been analyzed.

¹ Per the County of Riverside's 2003 Riverside County Integrated Project (RCIP) Environmental Impact Report (EIR), areas with depth to groundwater of greater than 50 feet are considered low risk for liquefaction.

Water Quality Impacts

The water source of the imported water in the CBWCD April 12, 2023 application is the SWP. West Yost obtained water quality data of the SWP water from its database for the period of 2018 to 2022. These data indicate no exceedances of primary California Title 22 maximum contaminant levels (MCLs).

Impacts to Receiving Water

The proposed recharge water is of equal or better quality than current groundwater in the area of recharge; hence, recharge of this water will likely improve the general water quality in the vicinity of the College Heights and Montclair Basins.

Watermaster recently conducted a groundwater modeling study to evaluate a 100,000 af storage and recovery program in the Chino Basin. The study concluded that the "displacements [of contaminant plumes due to the storage and recovery program] are negligible and are not potential MPI."² Based on these results and the location and magnitude of the proposed recharge, our professional opinion is that the proposed recharge will not change the direction and/or speed of movement of known contaminant plumes in the Chino Basin.

Basin Plan Compliance

The proposed recharge will occur in the Chino North Groundwater Management Zone (GMZ). The 2004 Regional Water Quality Control Plan for the Santa Ana Basin (Basin Plan) has maximum benefit-based TDS and nitrate (expressed as nitrogen) concentration objectives in the Chino-North GMZ of 420 milligrams per liter (mg/l) and 5 mg/l, respectively. Pursuant to the Basin Plan, Watermaster and the IEUA are required to manage artificial recharge in Chino North GMZ such that the five-year, volume-weighted average TDS and nitrate concentrations of the recycled water, imported water, and new stormwater recharged across all recharge facilities does not exceed the maximum benefit-based Basin Plan objectives.

Water quality data from 2018 to 2022 indicate that the TDS concentrations averaged 245 mg/l (ranging from 126 to 313 mg/l)³ and the nitrate concentration averaged 0.3 mg/l (ranging from 0.07 to 0.7 mg/l). The current ambient TDS and nitrate concentrations in the Chino-North GMZ⁴ (covering the 20-year period from 1999 to 2018) are 350 mg/l and 10.3 mg/l, respectively. Thus, the proposed recharge will not encroach on the current assimilative capacity or interfere with Watermaster and the IEUA's regulatory obligations.

CONCLUSION

Based on the information available at this time, our professional opinion is that there will be no MPI due to the CBWCD's proposed recharge as described in its April 12, 2023 recharge application.

² West Yost (2021). *Evaluation of the Local Storage Limitation Solution*. February 2021.

³ On June 19, 2019, the TDS concentration was reported as 720 mg/l. However, this TDS concentration appears to be an outlier and thus has been excluded from this analysis.

⁴ WSC. (2020). *Recomputation of Ambient Water Quality in the Santa Ana River Watershed for the Period 1999 to 2018*. Prepared for Santa Ana Watershed Project Authority – Basin Monitoring Program Task Force. July 8, 2020.

CHINO BASIN WATERMASTER

NOTICE

OF

APPLICATION(S)

RECEIVED FOR

RECHARGE

Date of Notice:

May 5, 2023

This notice is to advise interested persons that the attached application(s) will come before the Watermaster Board on or after 30 days from the date of this notice.

APPLICATION FOR RECHARGE

The attached staff report will be included in the meeting package at the time the transfer begins the Watermaster process.

NOTICE OF APPLICATION(S) RECEIVED

Date of Application: **April 12, 2023**

Date of this notice: **May 05, 2023**

Please take notice that the following Application has been received by Watermaster:

- Notice of Application for Recharge – On April 12, 2023 Chino Basin Water Conservation District submitted an application for recharge for up to 15,000 acre-feet from May 2023 until May 2028.

This **Application** will first be considered by each of the respective pool committees on the following dates:

Appropriative Pool: May 16, 2023

Non-Agricultural Pool: May 16, 2023

Agricultural Pool: May 16, 2023

This **Application** will be scheduled for consideration by the Advisory Committee **no earlier than thirty days from the date of this notice and a minimum of twenty-one calendar days** after the last pool committee reviews it.

After consideration by the Advisory Committee, the **Application** will be considered by the Board.

Unless the **Application** is amended, as **Contests** must be submitted a minimum of fourteen (14) days prior to the Advisory Committee’s consideration of an **Application**, parties to the Judgment may file **Contests** to the **Application** with Watermaster **within seven calendar days** of when the last pool committee considers it. Any **Contest** must be in writing and state the basis of the **Contest**.

STAFF REPORT

DATE: June 15, 2023

TO: Advisory Committee Members

SUBJECT: Application: Local Storage Agreement - ONAP (Consent Calendar Item I.D.)

SUMMARY:

Issue: Consideration of an application for a Local Storage Agreement – Storage of Excess Carryover water by members of the Overlying (Non-Agricultural) Pool in amounts to be determined as of the close of Fiscal Year 2022/23 (June 30, 2023). [Within WM Duties and Powers]

Recommendation: Recommend to the Watermaster Board to approve the proposed agreements.

Financial Impact: None

Future Consideration

Advisory Committee – June 15, 2023: Advice and assistance.

Watermaster Board – June 22, 2023: Approval.

ACTIONS:

Appropriate Pool – May 16, 2023: Unanimously recommended Advisory Committee to recommend Watermaster Board approval.

Non-Agricultural Pool – May 16, 2023: Unanimously recommended its representatives to support at Advisory Committee and Watermaster Board subject to changes they deem appropriate.

Agricultural Pool – May 16, 2023: Unanimously recommended Advisory Committee to recommend Watermaster Board approval.

Advisory Committee – June 15, 2023:

Watermaster Board – June 22, 2023:

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

BACKGROUND

On July 13, 2000 the Court approved the Peace Agreement, the Implementation Plan and the goals and objectives identified in the OBMP Phase I Report and ordered Watermaster to proceed in a manner consistent with the Peace Agreement. Under the Peace Agreement, Watermaster approval is required for applications to store, recapture, recharge, or transfer water, as well as for applications for credits or reimbursements and storage and recovery programs.

Where there is no material physical injury, Watermaster must approve the transaction. Where the request for Watermaster approval is submitted by a party to the Judgment, there is a rebuttable presumption that most of the transactions do not result in Material Physical Injury to a party to the Judgment or the Basin (Storage and Recovery Programs do not have this presumption).

Pursuant to the Peace Agreement §5.2; Restated Judgment, Exhibit G, Non-Agricultural Pool Pooling Plan ¶¶7; Restated Judgment Exhibit H, and Appropriative Pool Pooling Plan ¶¶12, parties are required to have approved Local Storage Agreements for the amounts in their stored water accounts.

The following application for Local Storage Agreements was electronically submitted to stakeholders on May 5, 2023:

- Consideration of Local Storage Agreements – Storage of Excess Carryover Water by the Non-Agricultural Pool in amounts to be determined, and as of the close of Fiscal Year 2022/23 (June 30, 2023).

DISCUSSION

At its April 13, 2023 meeting, the Overlying (Non-Agricultural) Pool directed its Chair and Counsel to submit a “universal” application (Form 1) for Overlying (Non-Agricultural) Pool Excess Carryover “for each member, a quantity equal to the surplus carryover of such member as of midnight on the evening of June 30, 2023” (Attachment 1).

The 500,000 acre-feet Safe Storage Capacity threshold analyzed in the OBMP Implementation Plan PEIR was re-examined and revised to 600,000 acre-feet, through June 30, 2021. On May 27, 2021, the Watermaster Board adopted Resolution 2021-03 (Implementation of the Local Storage Limitation Solution), finding that a proposed order should be filed with and adopted by the Court regarding the management and administration of volumes of stored water exceeding 500,000 acre-feet up to a maximum of 700,000 acre-feet. On June 25, 2021, the Court approved the Implementation of the Local Storage Limitation Solution, increasing the Safe Storage Capacity threshold to 700,000 acre-feet through June 30, 2030, and thereafter, 620,000 acre-feet through June 30, 2035.

Pursuant to the Peace Agreement, standard losses will be applied to all water placed into Local Supplemental Storage Accounts in a manner consistent with all other water held in storage.

The Application for Local Storage Agreements was presented to the Pool Committees on May 16, 2023. The Appropriative and Overlying (Agricultural) Pools both unanimously recommended the Advisory Committee to recommend to the Watermaster Board to approve the proposed agreements; the Overlying (Non-Agricultural) Pool unanimously recommended its representatives to support at Advisory Committee and Watermaster Board subject to changes they deem appropriate.

The quantities in Parties’ stored water accounts will be finalized at the time the 2023/24 Assessment Package is adopted (generally in November each year) and parties with increased balances as of the last approved Assessment Package will be required to execute a new storage agreement (Form 8).

TYPE OF WATER TO BE PLACED IN STORAGE

Excess Carry Over Local Supplemental or Imported Both

PURPOSE OF STORAGE - Check all that may apply

- Stabilize or reduce future water costs/assessments.
- Facilitate utilization of other available sources of supply.
- Facilitate replenishment under certain well sites.
- Preserve pumping right for a changed future potential use.
- Other, explain Any purpose authorized or otherwise permitted under the Judgment and/or other governing documents

METHOD AND LOCATION OF PLACEMENT IN STORAGE - Check and attach all that may apply

<input type="checkbox"/> Recharge (Form 2)	N/A: This application applies only to surplus carryover of members of the Non-Agricultural Pool. Surplus carryover consists of unproduced ground water.
<input type="checkbox"/> Transfer of Right to Water in Storage (Form 3)	
<input type="checkbox"/> Transfer from another party to the Judgment (Form 5)	

METHOD AND LOCATION OF RECAPTURE FROM STORAGE - Check and attach all that may apply

<input type="checkbox"/> Pump from my wells (Form 4)	Other: Any method permitted under the Judgment and/or other governing documents.
<input type="checkbox"/> Transfer to another party to the Judgment (Form 3)	

WATER QUALITY AND WATER LEVELS

What is the existing water quality and what are the existing water levels in the areas that are likely to be affected?

For information about the water quality and water levels of the Basin, please see _____

http://www.cbwm.org/rep_engineerin g.htm and http://cbwm.org/rep_eng_maps.htm

MATERIAL PHYSICAL INJURY

Is the Applicant aware of any potential Material Physical Injury to a party to the Judgment or the Basin that may be caused by the action covered by the application? Yes [] No [X]

If yes, what are the proposed mitigation measures, if any, that might reasonably be imposed to ensure that the action does not result in Material Physical Injury to a party to the Judgment or the Basin?

ADDITIONAL INFORMATION ATTACHED Yes [X] No []

Applicant,
Chair, Non-Agricultural Pool Committee, as authorized by affirmative action of the Committee at its regular meeting on April 13, 2023

TO BE COMPLETED BY WATERMASTER:

DATE OF APPROVAL FROM NON-AGRICULTURAL POOL: May 16, 2023

DATE OF APPROVAL FROM AGRICULTURAL POOL: May 16, 2023

DATE OF APPROVAL FROM APPROPRIATIVE POOL: May 16, 2023

HEARING DATE, IF ANY: N/A

DATE OF ADVISORY COMMITTEE APPROVAL: _____

DATE OF BOARD APPROVAL: _____ Agreement # _____

ATTACHMENT

This is an application for storage agreements authorized by the Non-Agricultural Pool Committee on behalf of the members of the Non-Agricultural Pool for surplus carryover of such members as of June 30, 2023.

In Section 8 of the Judgment, the Court determined that the members of the Non-Agricultural Pool were owners of an overlying water right. [Judgment, Section 8.] The allocation of Safe Yield to members of the Non-Agricultural Pool is not subject to adjustment for changes in Safe Yield. [Judgment, Section 44.]

If a member of the Non-Agricultural Pool produces less than its assigned share of Operating Safe Yield in any year, such unproduced water is considered “carryover,” and may be produced by such member in a subsequent year. [Judgment, Exhibit G, Section 7.] The first water produced by such member during any such subsequent year is deemed to be produced from any such carryover. [Judgment, Exhibit G, Section 7.] If the quantity of carryover of any member of the Non-Agricultural Pool in a year exceeds its production in such year, then such unproduced water is considered “surplus carryover.” [Judgment, Exhibit G, Section 7.] Section 7 of Exhibit G provides that members of the Non-Agricultural Pool shall execute storage agreements with Watermaster “as a condition of preserving such surplus carryover.”

The applicant understands that, at least in some instances, and for reasons unknown to the applicant, the term “surplus carryover” is referred to as “excess carryover.” For that reason, the applicant has checked the box marked “excess carryover” on this form.

The applicant understands that Watermaster reports the quantity of carryover and excess carryover of each member of the Non-Agricultural Pool in the annual assessment packages. The most recent annual assessment package is available on Watermaster’s website. http://www.cbwm.org/rep_finance.htm. Based on Section 7 of Exhibit G to the Judgment, as described in the preceding paragraph, the quantity added to the surplus carryover of each member of the Non-Agricultural Pool for the year ended June 30, 2023 is equal to or less than the carryover of such member for the year ended June 30, 2022.

Carryover becomes surplus carryover on June 30 of each year. In order to “preserve such surplus carryover,” the Non-Agricultural Pool Committee desires that members of the Non-Agricultural Pool have storage agreements in place on or prior to June 30 of each year, or, where doing so prior to June 30 is not feasible, as soon as practicable thereafter.

CHINO BASIN WATERMASTER

NOTICE

OF

APPLICATION(S)

RECEIVED FOR

LOCAL STORAGE AGREEMENT

Date of Notice:

May 5, 2023

This notice is to advise interested persons that the attached application(s) will come before the Watermaster Board on or after 30 days from the date of this notice.

**APPLICATION FOR LOCAL STORAGE
AGREEMENT**

The attached staff report will be included in the meeting package at the time the transfer begins the Watermaster process.

NOTICE OF APPLICATION(S) RECEIVED

Date of Application: **April 27, 2023**

Date of this notice: **May 5, 2023**

Please take notice that the following Application has been received by Watermaster:

- Notice of Application for a Local Storage Agreement – Storage of Excess Carryover Water by members of the Overlying (Non-Agricultural) Pool in amounts to be determined as of the close of Fiscal Year 2022/23 (June 30, 2023).

This **Application** will first be considered by each of the respective pool committees on the following dates:

Appropriative Pool: May 16, 2023

Non-Agricultural Pool: May 16, 2023

Agricultural Pool: May 16, 2023

This **Application** will be scheduled for consideration by the Advisory Committee **no earlier than thirty days from the date of this notice and a minimum of twenty-one calendar days** after the last pool committee reviews it.

After consideration by the Advisory Committee, the **Application** will be considered by the Board.

Unless the **Application** is amended, as **Contests** must be submitted a minimum of fourteen (14) days prior to the Advisory Committee's consideration of an **Application**, parties to the Judgment may file **Contests** to the **Application** with Watermaster **within seven calendar days** of when the last pool committee considers it. Any **Contest** must be in writing and state the basis of the **Contest**.

STAFF REPORT

DATE: June 15, 2023
TO: Advisory Committee Members
SUBJECT: 2022 Annual Report of the Prado Basin Habitat Sustainability Committee
(Consent Calendar Item I.E.)

SUMMARY:

Issue: Pursuant to the monitoring and mitigation requirements of the Peace II Subsequent Environmental Impact Report, the Prado Basin Habitat Sustainability Committee must prepare an Annual Report. The Committee presents its 7th Annual Report for Water Year 2022. [Within WM Duties and Powers]

Recommendation: Recommend to the Watermaster Board to receive and file.

Financial Impact: No impact.

Future Consideration

Advisory Committee – June 15, 2023: Advice and assistance.

Watermaster Board – June 22, 2023: Receive and file.

ACTIONS:

Appropriative Pool – June 8, 2023: Unanimously recommended Advisory Committee to recommend the Watermaster Board to receive and file.

Non-Agricultural Pool – June 8, 2023: Unanimously recommended its representatives to support at Advisory Committee and Watermaster Board subject to changes they deem appropriate.

Agricultural Pool – June 8, 2023: Unanimously recommended Advisory Committee to recommend the Watermaster Board to receive and file.

Advisory Committee – June 15, 2023:

Watermaster Board – June 22, 2023:

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

BACKGROUND

The Prado Flood Control Basin (Prado Basin) is located in the southernmost, downgradient portion of the Chino Groundwater Basin (Chino Basin). Surface-water flow within the middle Santa Ana River (SAR) and its tributaries discharge into and through the Prado Basin behind Prado Dam, the main flood-control facility on the middle SAR. The US Army Corps of Engineers, in coordination with the Orange County Water District (OCWD), regulates releases from Prado Dam for the purposes of flood control and groundwater recharge in Orange County. The major components of discharge within the SAR and its tributaries are: runoff from precipitation, discharge of tertiary-treated effluent from wastewater treatment plants, rising groundwater, discharge of untreated imported water for groundwater recharge, and other dry-weather runoff. The SAR and its tributaries are unlined across the Prado Basin, which allows for groundwater/surface-water interaction. Depth to groundwater is relatively shallow in the Prado Basin area, where groundwater losses can occur via evapotranspiration by riparian vegetation and rising-groundwater outflow to the SAR and its tributaries.

The surface-water impoundments behind Prado Dam and the shallow groundwater have created within Prado Basin the largest riparian forest in Southern California. The riparian forest provides critical habitat for various threatened and endangered species including the Least Bell's vireo, Southwestern willow flycatcher, and the Santa Ana sucker.

To further implement the goals and objectives of the Chino Basin Optimum Basin Management Program (OBMP), the Chino Basin Watermaster (Watermaster) executed the Peace II Agreement in 2007. The primary features of the Peace II Agreement are expansion of pumping at the Chino Basin Desalter wells and Basin Re-operation for the attainment of Hydraulic Control of the Chino Basin. Hydraulic Control is defined as the elimination of groundwater discharge from the Chino-North Groundwater Management Zone (GMZ) to the Prado Basin, or its reduction to *de minimis* quantities (i.e., less than 1,000 acre-feet per year [afy]). Hydraulic Control ensures that the water management activities in the Chino-North GMZ will not impair the beneficial uses designated for the SAR downstream of Prado Dam. Basin Re-operation means the increase in controlled overdraft of the Chino Basin, as defined in the Judgment, from 200,000 acre-ft (af) over the period of 1978 through 2017 to 600,000 af through 2030. Both Chino Basin Desalter expansion and Basin Re-operation are required to achieve Hydraulic Control. Hydraulic Control was achieved in 2016 and will be maintained through Chino Desalter well pumping of 40,000 afy, and the completion of Basin Re-operation.

At the time of its consideration, OCWD expressed concern that one of the potential impacts of the Peace II Agreement activities described above would be the lowering of groundwater levels (drawdown) in the Prado Basin area, which might impact the riparian habitat that is dependent upon groundwater. To address the potential drawdown and its impact on the riparian habitat, the monitoring and mitigation requirements in the Peace II Subsequent Environmental Impact Report (SEIR) calls for the development and implementation of an adaptive management program for the Prado Basin habitat:

Biological Resources/Land Use & Planning—Section 4.4-3 of the Peace II SEIR

The Chino Basin Stakeholders are committed to ensuring that the Peace II Agreement actions will not significantly adversely impact the Prado Basin riparian habitat. This includes the riparian portions of Chino and Mill Creek's between the terminus of hard lined channels and Prado Basin proper.

The available modeling data in the SEIR indicates that Peace II Agreement implementation will not cause significant adverse effects on the Prado Basin riparian habitat. However, the following contingency measure will be implemented to ensure that the Prado Basin riparian habitat will not incur unforeseeable significant adverse effects, due to implementation of Peace II. IEUA, Watermaster, OCWD and individual stakeholders, that choose to participate, will jointly fund and develop an adaptive management program that will include, but not be limited to:

- *monitoring riparian habitat quality and extent;*

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

- *investigating and identifying essential factors to long-term sustainability of Prado Basin riparian habitat;*
- *identification of specific parameters that can be monitored to measure potential effects of Peace II Agreement implementation effects on Prado Basin; and*
- *identification of water management options to minimize the Peace II Agreement effects on Prado Basin.*

This adaptive management program will be prepared as a contingency to define available management actions by Prado Basin stakeholders to address unforeseeable significant adverse impacts, as well as to contribute to the long-term sustainability of the Prado Basin riparian habitat.

The above effort will be implemented under the supervision of a newly formed Prado Basin Habitat Sustainability Committee. This Committee will include representatives from all interested parties and will be convened by the Watermaster and IEUA. Annual reports will be prepared and will include recommendations for ongoing monitoring and any adaptive management actions required to mitigate any measured loss or prospective loss of riparian habitat that may be attributable to the Peace II Agreement. As determined by Watermaster and IEUA, significant adverse impacts to riparian habitat that are attributable to the Peace II Agreement will be mitigated.

Pursuant to these monitoring and mitigation requirements of the Peace II SEIR, the Inland Empire Utilities Agency (IEUA) and the Watermaster convened the Prado Basin Habitat Sustainability Committee (PBHSC) to develop the Prado Basin Habitat Sustainability Program (PBHSP). The PBHSP is an adaptive management program to ensure that the riparian habitat in the Prado Basin will not incur unforeseeable significant adverse effects due to implementation of the Peace II Agreement. Annual reports are prepared to document monitoring and modeling activities, the analysis and interpretation of the monitoring and modeling results, and any recommendations for changes to the PBHSP.

DISCUSSION

The Annual Report for Water Year (WY) 2022 is the seventh annual report prepared by the Watermaster and IEUA for the PBHSC. It documents the collection, analysis, and interpretations of the data and information generated by the PSHSP through September 30, 2022, and is organized into the following sections:

Section 1 – Introduction. This section describes the background and objectives of the PBHSP and the Annual Report.

Section 2 – Monitoring, Data Collection, and Methods. This section describes the collection of recent monitoring data, and the groundwater-modeling activities performed during WY 2022 for the PBHSP.

Section 3 – Results and Interpretations. This section describes the results and interpretations that were derived from the information, data, and groundwater-modeling.

Section 4 – Conclusions and Recommendations. This section summarizes the main conclusions derived from the PBHSP through the prior water year and describes the recommended activities for the subsequent fiscal year as a proposed scope-of-work, schedule, and budget.

Section 5 – References. This section lists the publications cited in the report.

The draft Annual Report for WY 2022 was published and distributed on May 3, 2023. Watermaster and IEUA presented the draft report to members of the PBHSC at a meeting on May 10, 2023. A four-week comment period was provided, and no comments were received.

The Report's Main Findings and Recommendations:

The main interpretations and findings of the PBHSC Annual Report for WY 2022 are:

- Based on the analysis of NDVI time series, NDVI spatial change maps, and air photos, the quality (greenness) of the riparian habitat vegetation remained stable or increased across most of the Prado Basin from 2021 to 2022. Most of the observed increases were relatively minor and within the range of one-year changes observed historically. These increases occurred during a time of slightly wetter but below average precipitation, warmer temperatures, and lower stream discharge conditions for WY 2022. Areas of notable decreases in the riparian vegetation observed in variable large and small patches along the SAR and below the OCWD Wetlands are due to Arundo removal and continued Arundo regrowth management, or land use changes unrelated to groundwater levels.
- There is no trend in the degradation of the riparian habitat that is contemporaneous with declining groundwater levels during Peace II Agreement.
- Groundwater levels at two of the PBHSP monitoring wells near the fringes of the riparian habitat (PB-2 and PB-3) have declined to levels below those predicted by the Chino Basin groundwater-flow model. At well PB-2 just to the north of Mill Creek, the model predicted a decline in groundwater levels of about three feet from 2018-2030; however, groundwater levels declined at PB-2 by about nine feet from 2018 to 2022. At PB-3 along the northern reach of the SAR, the model predicted a decline in groundwater levels of about one foot from 2018 to 2030; however, groundwater levels declined at PB-3 by about three feet from 2018 to 2022.
- These declines in groundwater levels are likely due to increased pumping at the Chino Desalter wells to the north. Groundwater production has increased in the study area by almost 10,000 afy since 2019, mainly due to increases in Chino Desalter pumping. In the northernmost reach of Mill Creek where groundwater levels have declined the most (south of PB-2) there is no observed decline in the greenness of the riparian vegetation. However, the depth to groundwater in the northernmost reach of Mill Creek where the groundwater levels are supporting the riparian vegetation is estimated at 15 to 22 feet below ground surface. If groundwater levels continue to decline in this area, it could result in adverse impacts to the riparian habitat.
- The analysis of the data collected from 2018 to 2022 for the pilot monitoring program along Chino Creek to better understand groundwater/surface-water interactions indicates that the high-frequency monitoring of specific conductance (EC) and temperature at PBHSP monitoring wells can reveal the source waters that recharge shallow groundwater. Additionally, the high-frequency monitoring of groundwater-level elevations, surface water stage, and thalweg elevations can also reveal the source waters that recharge shallow groundwater.
- The PBHSP monitoring and reporting should continue to monitor the extent and quality of the riparian habitat and the factors that can influence it as it has been conducted through WY 2022.
- The pilot monitoring program performed from 2018 to 2022 to monitor groundwater/surface water interactions near the riparian habit in Chino Creek can be discontinued and, in its place, use the high-frequency monitoring of groundwater elevation, EC, and temperature for each pair of PBHSP monitoring wells. These data will provide useful comparisons against the surface-water data for interpretation of groundwater/surface-water interactions and therefore its importance to the long-term sustainability of the riparian habitat.

The item was presented at all three Pool Committee meetings on June 8, 2023 and was unanimously recommended to the Advisory Committee to recommend to the Board to receive and file.

Watermaster Board: June 22, 2023:

Watermaster's function is to administer and enforce provisions of the Judgment and subsequent orders of the Court, and to develop and implement an Optimum Basin Management Program

BACKGROUND

Pursuant to the Federal Clean Water Act (CWA) Section 303(d) and 303(b), the Santa Ana Regional Water Quality Control Board (Regional Board) is required to periodically assess the water quality of the water bodies in the Santa Ana Watershed and publish a list of surface waters that do not meet the water quality standards for beneficial uses and objectives defined in the Santa Ana River Basin Plan (Basin Plan). The Regional Board worked with the State Water Resources Control Board (State Board) to publish the Draft 2024 California Integrated Report (2024 Integrated Report) on February 16, 2023, pursuant to the CWA. There are two major components of the Integrated Report, including the 305(b) condition report and the 303(d) list of impaired waters. Any surface waters or reaches with water quality that exceeds a protective water quality standard are placed on the 303(d) list of impaired waters, which initiates the development of a Total Maximum Daily Load (TMDL) for the pollutants causing the impairment. Not all listings result in the requirement for a TMDL; there are paths to enable the water quality impairment to be managed through other regulatory water quality management programs if it can be demonstrated that the program achieves the same outcome that is intended with a TMDL program. Once a water body is listed as a 303(d) impaired reach, it remains on the 303(d) list until a TMDL (or other program) is adopted and demonstrated that the water quality standards have been attained or are otherwise sufficiently managed in a manner comparable to a TMDL.

Chino Creek Reach 1B is newly listed as a 303(d) impaired water body in the 2024 Integrated Report. Specifically, Chino Creek Reach 1B is listed as impaired for total dissolved solids (TDS) sulfate, chloride, hardness, total inorganic nitrogen (TIN), and sodium based on the 7-day average concentration for each analyte. Chino Creek Reach 1B is within the Chino Basin and receives discharges from IEUA's RP-5 and CCWRF plants. The listing could impact the IEUA NPDES discharge permits as well as Chino Basin Maximum Benefit SNMP compliance.

The Regional Board staff believe that Chino Creek Reach 1B could be de-listed or managed through means other than a complex TMDL program. Developing and making such a demonstration will require collecting and analyzing multiple years of monitoring data. In February 2023, the Regional Board staff informed Watermaster and the IEUA that agency support would be greatly beneficial to ensure timely development and implementation of a plan to delist Chino Creek Reach 1B. Watermaster and the IEUA have proposed to develop and implement a multi-year surface water monitoring program for Chino Creek to collect the requisite surface water quality samples and flow measurements to support a 303(d)-delisting process. The objective of this project is to develop and implement the Chino Creek surface water monitoring program, in collaboration with the Regional Board staff, over the period of fiscal year (FY) 2023/24 through FY 2026/27.

DISCUSSION

West Yost (Watermaster's Engineer) will serve as the consultant to develop and implement a monitoring plan for the Chino Creek Reach 1B with oversight and input from IEUA and Watermaster. This effort will include developing plans to gather water quality data for different constituents, analyze and interpret the data, and collaborate with regulators towards delisting the reach. All work is expected to be completed in a timely manner and will meet the proposed schedule subject to any unforeseen circumstances.

Task Order No. 7 (Attachment 1) represents the agreement between Watermaster and IEUA to cooperate and share the cost of the effort on a 50-50 basis. West Yost has proposed the scope of work which is estimated to cost \$380,000 (Attachment 2), of which Watermaster's portion is \$190,000 and will be spread over four years as detailed in Attachment 1.

The item was presented to the three Pool Committees on June 8, 2023 where it was unanimously recommended for Advisory Committee approval.

ATTACHMENTS

1. Task Order No. 7 Under Master Agreement for Collaborative Projects: Chino Creek Reach 1B Monitoring Plan
2. [Exhibit A] West Yost Scope of Work for the Development and Implementation of a Surface Water Monitoring and Reporting Program for Chino Creek.

**MASTER AGREEMENT BETWEEN
CHINO BASIN WATERMASTER AND INLAND EMPIRE UTILITIES AGENCY
REGARDING THE MANAGEMENT OF COLLABORATIVE PROJECTS**

TASK ORDER NO. 7
CHINO CREEK REACH 1B MONITORING PLAN

This Task Order is made and entered into as of the ___ day of June, 2023 by and between the Chino Basin Watermaster, hereinafter referred to as "Watermaster" and the Inland Empire Utilities Agency, hereinafter referred to as "IEUA" (each a "Party" and collectively, the "Parties").

In consideration of the mutual promises, covenants, and conditions as addressed in the Master Agreement between Chino Basin Watermaster and Inland Empire Utilities Agency Regarding Management of Collaborative Projects dated September 28, 2017 ("Master Agreement") and as specifically hereinafter set forth, the Parties do hereby agree as follows:

1. **PURPOSE**

The purpose of this Task Order is to govern the development and implementation of the Chino Creek reach 1B monitoring program. IEUA and Watermaster were informed that the Chino Creek reach 1B will be considered for listing as an impaired body of water under the Clean Water Act section 303 (d) for a series of constituents, including TDS.

The purpose of the monitoring program is to gather data and collaborate with regulators towards delisting the reach.

In communication between IEUA and Watermaster, it was recommended that the services of Watermaster's engineer, West Yost Associates ("West Yost"), be retained to develop and implement the program. For the benefit of IEUA and Watermaster, Watermaster will contract the services of West Yost to provide the services described in Section 2, below.

2. **SCOPE**

West Yost will serve as the consultant to develop and implement a monitoring plan for the Chino Creek 1B with oversight and input from IEUA and Watermaster. This effort will include developing plans to gather water quality data for different constituents, analyze and interpret the data, and collaborate with regulators towards delisting the reach. All work will be completed in a timely manner and will meet the proposed schedule within reasonable circumstances. The request for proposal and planned scope of work encompassed by this Task Order is attached hereto as **Exhibit A**.

3. **IEUA RESPONSIBILITIES**

IEUA agrees it and its employees and consultants will cooperate with Watermaster and its contractors in the performance of services under this Task Order and will provide any necessary documentation and information in IEUA’s possession. IEUA will also reimburse Watermaster for services described in Section 4.

4. WATERMASTER RESPONSIBILITIES

Watermaster agrees to provide project management and contract administration services that include, but are not limited to:

- Engagement and management of consulting services as needed;
- Coordination and communication with the project team;
- Provide access to associated available information; and,
- Payment of consultant invoices.

5. TOTAL BUDGET AND COST ALLOCATION

Unless the scope of work is changed, and an increase is authorized by the Parties, the total projected cost for the activities to be undertaken pursuant to this Task Order is three hundred eighty thousand dollars (\$380,000) (“Budget”), which includes the estimated expenses of three hundred thirty thousand dollars (\$330,000) plus approximately 15% contingency. The Parties agree that the Budget is shared equally, as shown in the table below. The Parties shall budget, pursuant to their own budget mechanism, such that each is able to expend the amounts shown in the Fiscal Years shown in the table below, or as amended to this Task Order. The Parties agree to manage their respective budgets in a manner that allows the project to be completed in a timely manner and in coordination with the Regional Board.

Entity	Fiscal Year [2023/24]	Fiscal Year [2024/25]	Fiscal Year [2025/26]	Fiscal Year [2026/27]	Total
Watermaster	\$80,000	\$25,000	\$25,000	\$60,000	\$190,000
IEUA	\$80,000	\$25,000	\$25,000	\$60,000	\$190,000
Total	\$160,000	\$50,000	\$50,000	\$120,000	\$380,000

6. TOTAL BUDGETED COST

The Parties agree to pay their respective portion of the total costs. The Parties shall not be required to pay more than \$380,000 (“Total Budgeted Cost”), or as amended to this Task Order.

7. MAXIMUM COSTS TO WATERMASTER

The costs to be required of Watermaster under this Agreement shall not exceed its share of the Total Budgeted Cost, as shown in Section 5 above, or \$190,000.

8. MAXIMUM COSTS TO IEUA

The costs to be required of IEUA under this Agreement shall not exceed its share of the Total Budgeted Cost, as shown in Section 5 above, or \$190,000.

9. TERM

Work to be undertaken pursuant to this Task Order shall be initiated upon the Effective Date, as described in Section 11, below. The terms of this Task Order shall remain effective until Watermaster's receipt of IEUA's share of costs expended, so that IEUA may close out the activities.

10. REIMBURSEMENT

IEUA's reimbursement of Watermaster for work performed under this Task Order shall be as provided in Article 3 of the September 2017 Master Agreement.

11. EFFECTIVE DATE

This Task Order No. 7 will become effective upon execution by both Parties.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year and at the place first above written.

DRAFT

West Yost Scope of Work for the Development and Implementation of a Surface Water Monitoring and Reporting Program for Chino Creek

Fiscal Year 2023/24 through 2026/27

Introduction

Pursuant to the Federal Clean Water Act (CWA) Section 303(d) and 303(b), the Santa Ana Regional Water Quality Control Board (Santa Ana Board) is required to periodically assess the water quality of the water bodies in the Santa Ana Watershed and publish a list of surface waters that do not meet the water quality standards for beneficial uses and objectives defined in the Santa Ana River Basin Plan (Basin Plan). The Santa Ana Board worked with the State Water Resources Control Board (State Board) to publish the Draft 2024 California Integrated Report (2024 Integrated Report) on February 16, 2023, pursuant to the CWA. There are two major components of the Integrated Report, including the 305(b) condition report and the 303(d) list of impaired waters. Any surface waters or reaches with water quality that exceeds a protective water quality standard are placed on the 303(d) List of impaired waters, which initiates the development of a Total Maximum Daily Load (TMDL) for the pollutants causing the impairment. Not all listings result in the requirement for a TMDL, there are paths to enable the water quality impairment to be managed through other regulatory water quality management programs if it can be demonstrated that the program achieves the same outcome that is intended with a TMDL program. Once a water body is listed as a 303(d) impaired reach, it remains on the 303(d) list until a TMDL (or other program) is adopted and it is demonstrated that the water quality standards have been attained or are otherwise sufficiently managed in a manner comparable to a TMDL.

Chino Creek Reach 1B is newly listed as a 303(d) impaired water body in the 2024 Integrated Report. Specifically, Chino Creek Reach 1B is listed as impaired for total dissolved solids (TDS) sulfate, chloride, hardness, total inorganic nitrogen (TIN), and sodium based on the 7-day average concentration for each analyte. Chino Creek Reach 1B is within the Chino Basin and receives discharges from IEUA's RP-5 and CCWRF plants. The listing could impact the IEUA NPDES discharge permits as well as Chino Basin Maximum Benefit SNMP compliance.

Santa Ana Water Board staff believe that Chino Creek 1B could be de-listed or managed through means other than a complex TMDL program. Developing and making such a demonstration will require collecting and analyzing multiple years of monitoring data. In February 2023, the Santa Ana Water Board staff informed Watermaster and the IEUA that agency support would be greatly beneficial to ensure timely development and implementation of a plan to delist Chino Creek 1B. Watermaster and the IEUA have proposed to develop and implement a multi-year surface water monitoring program for Chino Creek to collect the requisite surface water quality samples and flow measurements to support a 3303(d)-delisting process. The objective of this project is to develop and implement the Chino Creek surface water monitoring program, in collaboration with the Santa Ana Water Board staff, over the period of fiscal year (FY) 2023/24 through FY 2026/27.

Scope of Work

West Yost will develop and implement the surface water monitoring program for Chino Creek. The scope of work for each year of the project is summarized below.

- Year 1 – FY 23/24
 - Perform necessary research (i.e., delisting requirements, Quality Assurance Project Plan [QAPP], existing monitoring on Chino Creek, etc.) to develop an effective surface water monitoring work plan.
 - Perform field reconnaissance to assess sampling locations on Chino Creek
 - Recommend monitoring and data collection efforts to the Santa Ana Water Board
 - Prepare the Surface Water Monitoring and Reporting Work Plan, including the requisite QAPP
 - Present work to the SAWPA Basin Monitoring Program Task Force (BMPTF)
 - As-needed regulatory compliance support, which will be provided by a legal/policy subconsultant
 - Project management
- Year 2 – FY 24/25
 - Implement the Surface Water Monitoring and Reporting Program (Implementation Year 1)
 - Provide as-requested updates to the Santa Ana Water Board or BMPTF
 - Project management
- Year 3 – FY 25/26
 - Implement the Surface Water Monitoring and Reporting Program (Implementation Year 2)
 - Provide as-requested updates to the Santa Ana Water Board or BMPTF
 - Project management
- Year 4 – FY 26/27
 - Implement the Surface Water Monitoring and Reporting Program (Implementation Year 3)
 - Perform detailed analysis of monitoring data
 - Provide as-requested updates to the Santa Ana Water Board or BMPTF
 - Project management

Project Deliverables

The following summarizes the deliverables for each year of the project:

- Year 1 – FY 2023/24
 - PPT presentations presented to the Regional Board,
 - PPT presentation to the BMPTF
 - Draft and final Surface Water Monitoring Work Plan, including the requisite QAPP

- Years 2 through 3 – FY 2024/25 to FY 2025/26
 - Three annual technical memorandums which summarize the monitoring program in Chino Creek and transmit the monitoring data collected during the reporting period
 - One draft and final technical memorandum documenting analysis of monitoring results from the monitoring program.

Project Budget

The total estimated cost for the development and implementation of the Surface Water Monitoring and Reporting Program from FY 2023/24 through FY 2026/27 is \$330,000. Table 1 below summarizes the estimated annual costs for the project.

	FY 23/24	FY 24/25	FY 25/26	FY 26/27	Grand Total
Total	\$139,642	\$41,000	\$42,000	\$107,358	\$330,000

Project Schedule

West Yost will initiate work on the project in July 2023. The project is estimated to be completed in FY 2026/27, pending review and input from the Santa Ana Water Board staff.

See www.MWDh2o.com for the latest information from MWD and tune into livestream broadcasts of meetings.

MWD Board Participates in Foundational Workshop

- On May 23, 2023, the MWD Board participated in a workshop focused on the Climate Adaptation Master Plan.
- The goal of the workshop was to build agreement on definitions for the terms "reliability", "resilience", "affordability", and "financial sustainability" and to receive input on guiding principles for the upcoming document.

Water Standby Charge for Fiscal Year 2023/24 Approved

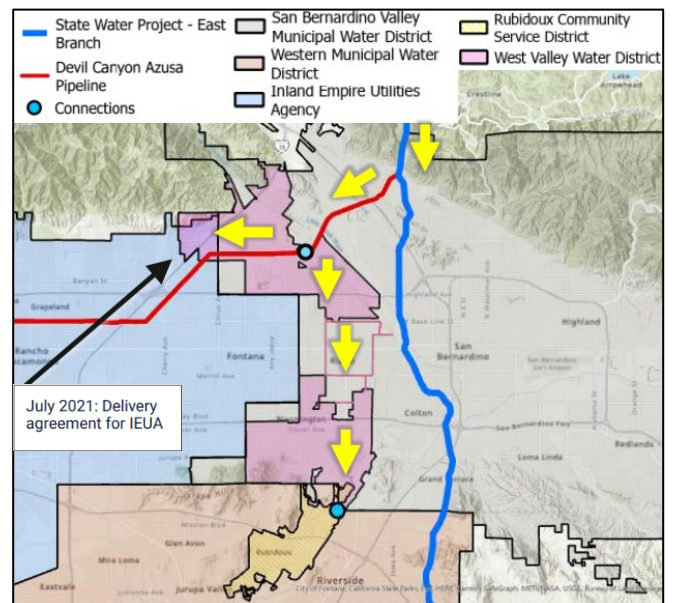

On May 9, 2023, MWD's Board of Directors adopted a resolution to continue the Water Standby Charge for FY 2023/24. The charge will total approximately \$43.9 million in revenue that will be applied towards 22 participating member agencies' Readiness-to Serve Charge obligations. The charge is per acre or parcel, and if less than one-acre, ranges from \$1.65 to \$14.20.

MWD Available Supplies in 2023 Exceed Capacity to Store

On May 9, 2023, the Finance, Audit, Insurance, and Real Property Committee heard a presentation that outlined water availability in 2023 exceeds MWD's capability to store. Pursuant to the Cyclic Cost-Offset Program approved by the Board on April 9, 2019, nine existing agreements and three new agreements will allow for approximately 22,000 AF of pre-deliveries with member agencies with additional deliveries expected. The water will be purchased at the full-service water rate at the time of purchase but is not subject to MWD's capacity charge resulting in cost offsets up to \$264 per acre-foot.

Providing Water Deliveries to Rubidoux Community Services District (RCSD)

On May 9, 2023, MWD's Board of Directors approved authorizing the General Manager to enter into an agreement with Western Municipal Water District (Western), RCSD, West Valley Water District, and San Bernardino Valley Municipal Water District to deliver water to Western's service area through facilities not owned by MWD or Western. RCSD is to construct the interconnection at no cost to MWD and would have maximum deliveries of 2,000 AFY, through November 4, 2035.

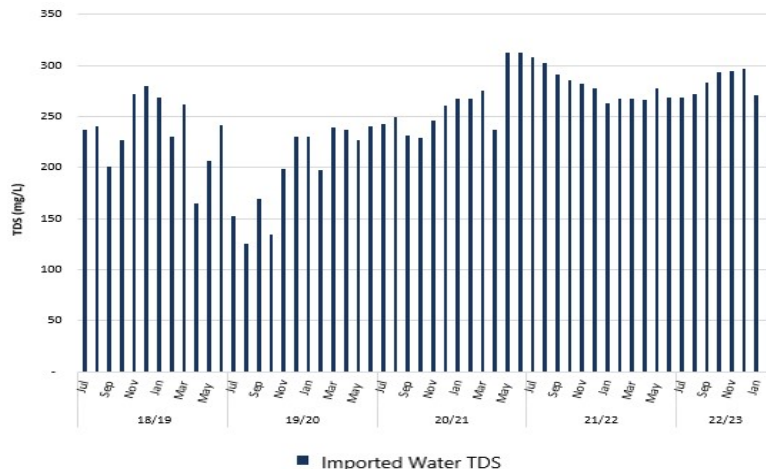

Imported Water

Full Service Imported Water Deliveries Summary
(FY 2018/19 to 2022/23)

Imported Water TDS Summary
(FY 2018/19 to 2022/23)

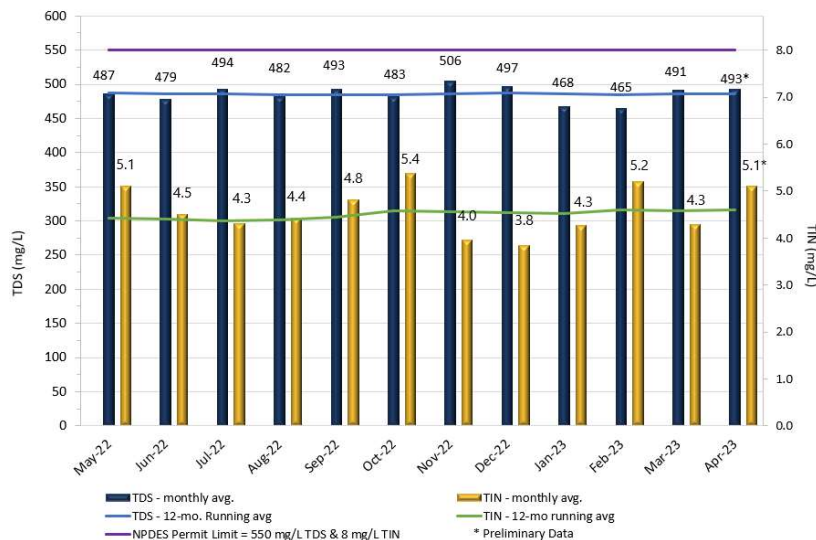

Recycled Water

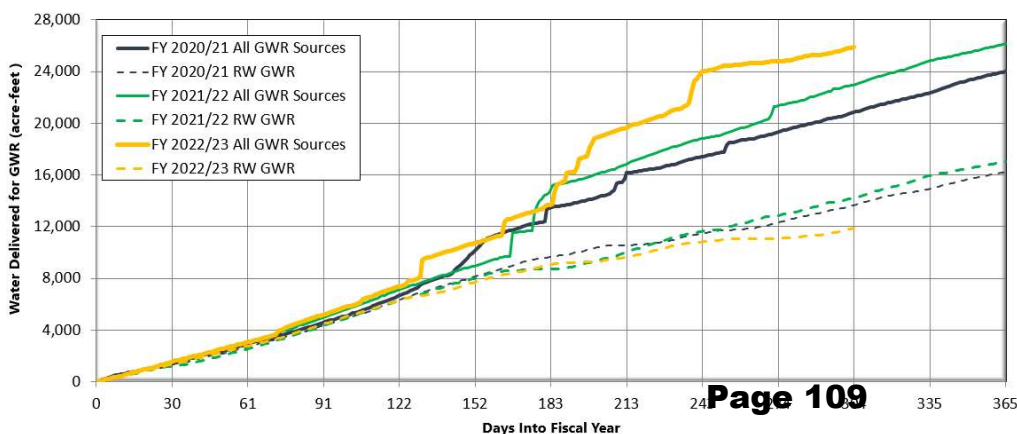

Recycled Water Use

Agency-Wide Effluent TDS & TIN

Groundwater Recharge

APRIL 2023 NOTES:

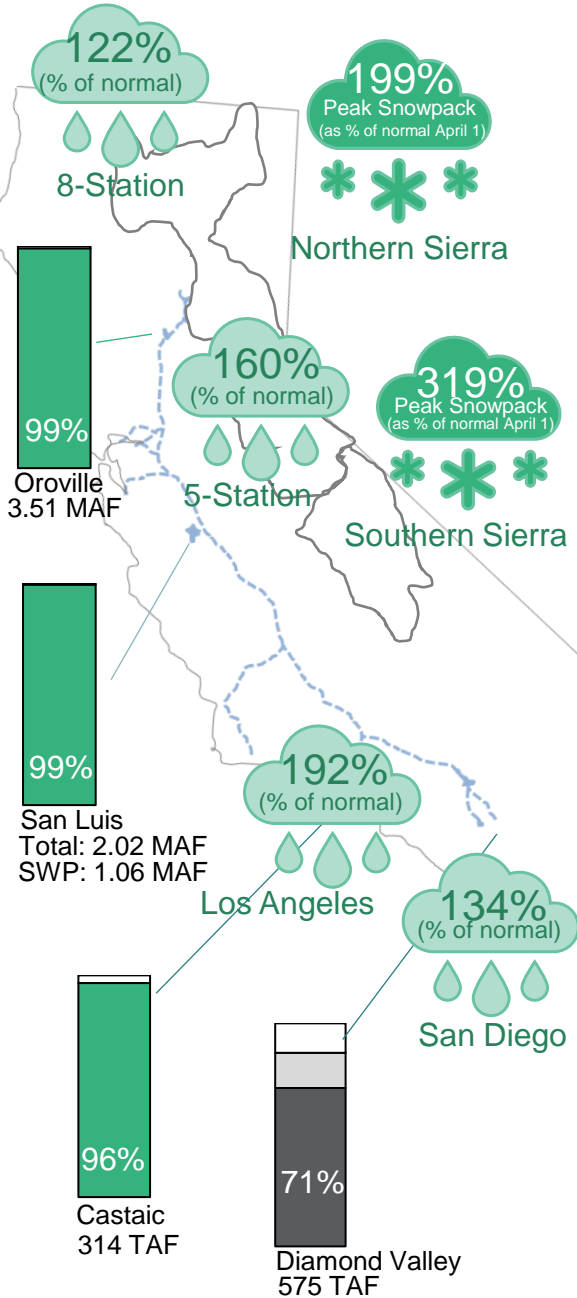

- Total stormwater and dry weather flow recharged is preliminarily estimated at 203 acre-feet.
- Recycled water delivered for recharge totaled 800 acre-feet.
- Imported water recharge from SAWco and CVWD was 91 acre-feet.
- Chino Basin Watermaster will remove 4.2% for evaporation losses from delivered supplemental water sources (imported water and recycled water).
- Considering evaporation losses, total recharge is preliminarily estimated at 1,057 acre-feet.

RE: May Report

Overview:

As May rolls into June, the “big melt” in the Sierras has started, bringing torrents of water through CA river systems. With the Sierra snowpack at 311 percent of average for this time of year, reservoir spillways are open up and down the state as managers try to ensure there is enough room for anticipated rapid snow melt, while the Central Valley still braces for flooding.

As is customary, the Governor released his May Revise of the 2023-24 proposed budget. With higher-than-expected deficits, he is proposing to shift over one billion dollars of climate funding (including \$270M for recycled water) into a proposed climate bond. He also introduced a package of Budget Trailer Bills aimed at reducing regulatory hurdles to infrastructure projects, including expedited judicial review for water projects, including recycled water and Delta Conveyance.

The CA Department of Toxic Substances Control (DTSC) seems to be taking proactive steps on microplastics. After years of the Legislature setting limits for microplastics, microparticles and PFAS, DTSC is finally taking proactive action and is proposing to list products containing microplastics to its candidate chemicals priority list for review under the state’s Safer Consumer Products (SCP) green chemistry program. This would attempt to regulate microplastics at the source, before they get into stormwater and wastewater.

Several environmental groups are suing the EPA to force the South Coast Air Quality Management District to implement measures to meet goals to bring the district out of “non-attainment” status for ozone. The District says that they don’t have the tools from the Feds to meet the goals. If successful, this could force the District to implement more extreme emissions control measures.

Both the Senate and Assembly resource bonds have gotten a little more attention with the Governor’s renewed support. Both are now \$15 billion bonds and include funding for recycled water, integrated regional water management, brackish desal, and Water Storage Investment Program (only in the Senate proposal). Major unresolved issues now include the uncertainty of size and timing of the bond. The Governor has not indicated the total amount he is interested in supporting, but the talk around Sacramento is that between the three bonds that are likely to be supported by the legislature and Governor, resources, housing/homelessness and education, the Governor is interested in a total of \$25 billion. How that is divided between the three is not yet known. It is also unclear if the resources bond will be considered on the March or November 2024 ballot.

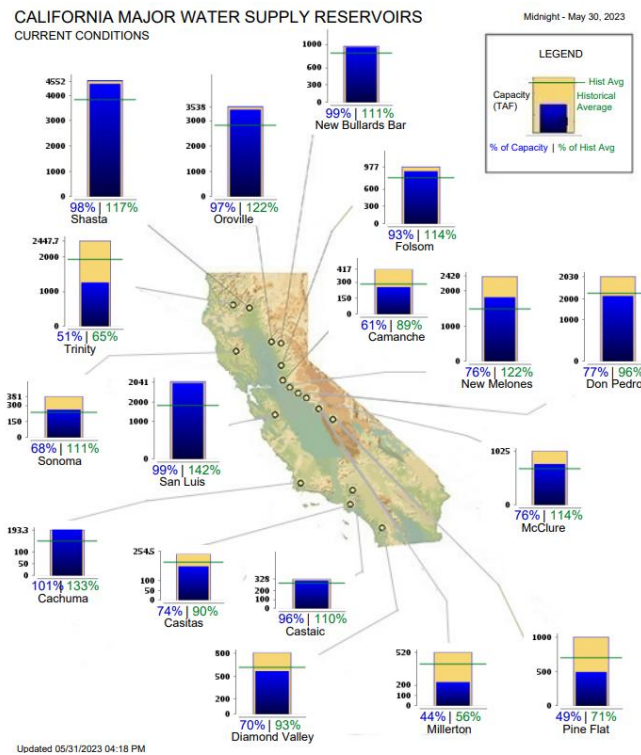

The House of Origin deadline was June 2, with all bills not having moved to the opposite house, shelved for the year. The group of PFAS control bills all passed off of the Assembly floor while adding in enforcement and penalties language. The water community effort to include water supply targets in the California Water Plan (SB 366) took some amendments, but was ultimately approved unanimously in the Senate. Senator Eggman’s bill to slow down Delta Conveyance (SB 687) was held in the Senate Appropriations Committee.

Inland Empire Utilities Agency Status Report – May 2023

Water Supply Conditions

The “big melt” has officially started with significant, but not yet catastrophic, runoff occurring throughout the state. Reservoirs are now being managed for flood control, with many spillways throughout the state releasing water to ensure there is room for all the snowmelt. The statewide snowpack is 92 percent of April 1 average and 311 percent of normal for this date. There is still a lot of water left to come through the system.

Lake Oroville is sitting at 122 percent of historical average and 97 percent capacity. San Luis Reservoir, the main south-of-Delta storage facility for the State Water Project, is at 142 percent of average for this time of the year and 99 percent capacity. As widely reported, State Water Project water is currently flowing into Diamond Valley Lake, which is at 70 percent capacity.

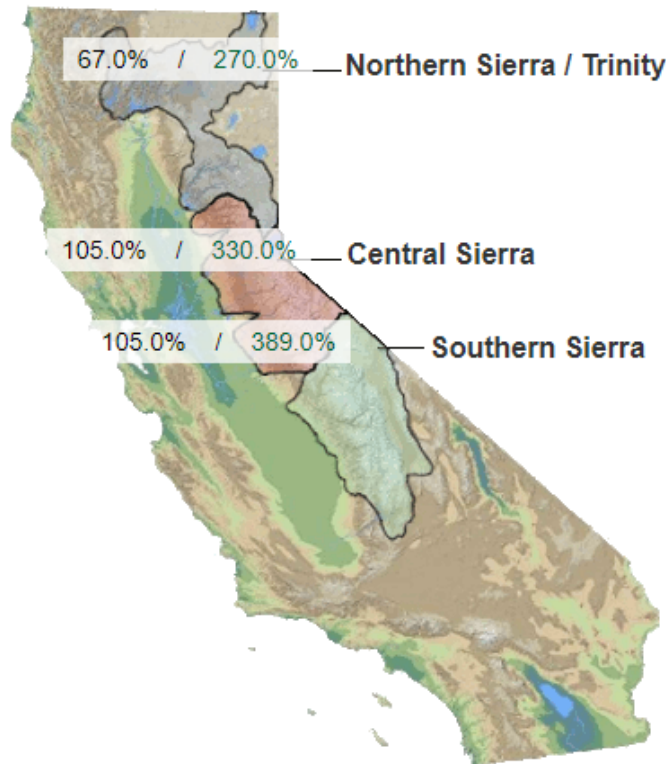

Snow Water Equivalents (inches)

Provided by the California Cooperative Snow Surveys

Data For: **31-May-2023**

% Apr 1 Avg. / % Normal for this Date

May Revise and Infrastructure Package

The Governor released his May Revision of the 2023-24 budget. As expected, revenue shortfalls increased since the January budget proposal, reaching a \$35 billion deficit. It is possible that the number could increase as the year goes on. The Governor proposes to shift some promised funding, for example \$270 million for recycled water, into a “Climate Bond” for the voters to act on in 2024. The Governor hopes to push capital expenditures into a bond, while keeping operations and maintenance funding in the budget, as O&M cannot be funded with bond proceeds. Overall, the Governor is proposing to push over \$1B in “climate” items into a potential bond.

The Assembly Budget Committee met to discuss the Governor’s May Revise and was not inclined to support the Governor’s shift of critical climate funding and voted to restore most of the Governor’s cuts. The Senate did not take similar actions and the issue will be discussed in the coming weeks and, most likely, months. The budget must be passed June 15, though in recent years we have seen the Legislature pass a simple budget to meet their Constitutional responsibilities, but then pass revisions (Budget Bill Jrs.) and trailer bills well into the summer.

Along with the May Revise, Governor Newsom also released a package of 11 trailer bills aimed at removing regulatory roadblocks to getting critical infrastructure projects built- focusing on water and transportation.

- CEQA Judicial Streamlining: Proposed trailer bill would provide expedited judicial review of challenges to water projects, including recycled water and Delta Conveyance among others. Any litigation, including appeals, would need to be resolved, to the extent feasible, within 270 days.
- Fully Protected Species: the proposed trailer bill would repeal the four existing statutes designating species as “fully protected” under California law. The bill would reclassify 37 fully protected species so that 15 will be listed as threatened under the CA Endangered Species Act (CESA), 19 listed as endangered, and three will have no listing but retain protections under the Fish and Game Code.

As easily predicted, the environmental community has voiced some very serious concerns with a number of these proposals. The Governor indicated that he wanted these bills passed with the June 15 budget, but the Legislature has countered that they aren’t terribly interested in trying to push through these very controversial bills with the budget process, and will likely push them into policy committees. Both the Senate and Assembly will hold a series of informational hearings on the Trailer Bills starting the week of June 5.

State to List Products with Microplastics as Priorities Under Safer Consumer Products

The CA Department of Toxic Substances Control (DTSC) is proposing to list products containing microplastics to its candidate chemicals priority list for review under the state’s Safer Consumer Products (SCP) green chemistry program.

The paper released by DTSC highlights the levels of microplastics found in drinking water and concentrations that are detected in stormwater. “Wastewater treatment plants receive municipal sewage that contains high levels of [microplastics], and a fraction of [them] are not removed during the treatment process and are released back to the environment.”

While the report highlights microplastics in stormwater and wastewater, they focus on source control, not increased regulation/treatment at POTWs.

Lawsuit Seeks to Force EPA to Take Action on South Coast AQMD Ozone “Contingency” Steps

In the ongoing effort to reduce emissions in the South Coast, environmentalists are suing to force the federal EPA to act on state air quality planning “contingency measures” that are supposed to kick in if, as expected, the Los Angeles metro area fails to attain federal ozone limits.

Environmentalists say the South Coast Air Quality Management District (SCAQMD) has never met any of EPA’s national ambient air quality standards for ozone and the area is in “extreme” nonattainment. The groups are seeking a finding that EPA is violating the Clean Air Act by failing to act on CA’s SIP and ask the court for an injunction forcing the agency to act.

The SQAQMD claims that it alone cannot enact measures to meet the standards and tougher regulation by the federal government is required for sources beyond the districts control. The district needs an additional 68 tons per day to attain the ozone standard in a timely manner. The district says they don't have enough guidance to help them find measures that can qualify.

It remains to be seen if this will spur increased emissions regulation in the South Coast.

Water Rights Legislation-- Update

After some bad actors refused to abide by curtailment orders issued by the State Water Resources Control Board during the drought, several legislators introduced bills aimed at "revising" the water rights system in California.

AB 460 (Bauer-Kahan) The author has stated that she is only trying to target the "bad actors" who diverted water during the drought despite curtailment orders from the SWRCB. She claims the bill is only intended to give the SWRCB powers they need to go after the bad actors. Jennifer Pierre, General Manager of the State Water Contractors, testified in opposition to the bill stating that the bill goes far beyond the stated intent. Pierre noted that the bill would eliminate judicial review of water board actions and could significantly affect the Voluntary Agreements. The bill passed off the Assembly floor by a two-vote margin—showing there is some serious concern with the bill in the super majority chamber.

SB 389 (Allen) would give the SWRCB broad authority to investigate the diversion and use of water from a stream system to determine whether the diversion and use are based on appropriation, riparian right, or other basis of right, and authorizes the SWRCB to require the water right claimant, diverter, or user to provide information related to the diversion and use of water. Opposition to the bill revolves around the broad authority given to the SWRCB with little recourse from any entity under investigation. While the bill narrowly advanced out of committee members raised concerns with the bill. In particular, committee members questioned the need to hand the SWRCB sweeping authority to investigate law-abiding water right holders.

Similar to AB 460, SB 389 narrowly passed off the Senate floor, with two more votes than needed.

Resources Bonds

While presenting his May Revise, the Governor and his administration indicated support for a resources bond. Though they have offered no details on how large of a bond they are interested in or which ballot, March or November 2024 the continue to support the concept of a resources bond in 2024.

This has turned attention to the two resources bonds moving through the legislature.

AB 1567 (Garcia) is a \$15B bond that includes the following categories that might be of interest to IEUA:

- \$300M for recycled water

- \$100M for brackish desal, seawater desal, contaminant and salt removal, salinity management projects.
- \$200M for projects adopted in an integrated regional water management plan that respond to climate change and contribute to regional water security.

SB 867 (Allen) is also a \$15B bond and contains the following categories of interest to IEUA:

- \$300M for recycled water
- \$300M for direct expenditures related to integrated regional water management
- \$100M for projects related to contaminant and salt removal projects
- \$300M for WSIP
- \$250M for regional conveyance projects that improve regional or interregional water supply or water supply reliability.

Both measures are moving through the process. If the decision is to put a bond on the March 2024 ballot, it would need to be passed by the time the Legislature leaves in September. If November 2024, it won't need to pass until summer of 2024.

Legislation

June 2 was the final day for bills to pass out of their House of Origin. Those that do not can be considered in January 2024.

PFAS

The three PFAS bills moving through the Legislature this year have all passed the Environmental Safety and Toxic materials Committee. AB 727 (Weber) is sponsored by CASA and would prohibit PFAS in cleaning products. AB 1423 (Schiavo) would prohibit PFAS in artificial turf. AB 246 (Schiavo) would ban PFAS in menstrual products. They all took amendments in ESTM that would add specific enforcement and penalty provisions- aimed to bolster the effectiveness of the measures, and all passed off the Assembly floor.

AB 727 is facing opposition from the Housing & Commercial Products Association. They are mostly concerned about how the bill would impact polish or floor maintenance products, noting that these products are critical to mitigate wear and tear and extend the life of flooring. The measure will face tougher challenge in the Senate.

SB 754 (Cortese) would require the Building Standards Commission and the Department of Housing and Community Development to develop voluntary and mandatory standards for onsite reuse- aka dual plumbing of new residential and commercial properties. Recent amendments also require the BSC and DHC to include standards for the residential onsite treatment of blackwater. The bill was only heard in the Senate Housing Committee and was not considered by any water quality experts. The bill moved out of the Senate and has not yet been assigned to an Assembly committee.

SB 687 (Eggman) would require the SWRCB to adopt a final update for the Delta Water Quality Control Plan before the state can consider a change in diversion point for Delta Conveyance. The State Water Contractors have provided excellent testimony in opposition to this legislation. The bill had two hearings recently. Both the Natural Resources & Water Committee and Environmental Quality Committee passed the bill out, but it was held in the Senate Appropriations Committee.

SB 366 (Caballero) is California Municipal Utilities Association and Western Municipal Water District's bill to establish a target of producing ten million acre feet of new water by 2040, through the California Water Plan. The bill unanimously passed the Senate Natural Resources and Water Committee and passed 40-0 off the Senate floor.

IEUA BILLS— June 2, 2023

Bill Number	Author/Sponsor	Title and/or Summary	Summary	IEUA Position/ Bill Location	Positions Taken by Associations & Regional Agencies
AB 727	Weber/ CASA	Product safety: cleaning products: perfluoroalkyl and polyfluoroalkyl substances.	Would, beginning January 1, 2025, prohibit a person from manufacturing, selling, delivering, distributing, holding, or offering for sale in the state a cleaning product that contains regulated PFAS, as specified. The bill would make a violation of these provisions punishable by a civil penalty not to exceed \$5,000 for a first violation and not to exceed \$10,000 for each subsequent violation, upon an action brought by the Attorney General, a city attorney, a county counsel, or a district attorney.	SUPPORT Referred to Sen Committees on Judiciary and Environmental Quality	CASA Support
AB 1072	Wicks	Water conservation and efficiency: low-income residential customers.	Would declare the policy of the state that all residents have access to water conservation and efficiency programs. The bill would also set forth related findings including that reaching the state's environmental justice goals and commitments requires designing climate adaptation programs so that all households may participate.	WATCH Failed in Asm. Appr.	
AB 1216	Muratsuchi	Wastewater treatment plants: monitoring of air pollutants.	Would require, on or before January 1, 2025, the owner or operator of a wastewater treatment facility that is located within 1,500 feet of a residential area and has an original design capacity of 425,000,000 gallons or more per day to develop, install, operate, and maintain a wastewater treatment-related fence-line monitoring system in accordance with guidance developed by the appropriate air quality management district. The bill would require the wastewater treatment-related fence-line monitoring system to include equipment capable of measuring pollutants of concern, including hydrogen sulfide, nitrogen oxides, and volatile organic compounds emitted to the atmosphere from wastewater treatment or reclamation processes that the appropriate district deems appropriate for monitoring. The bill would also require the owner or operator of a wastewater treatment facility to collect real-time data from the wastewater treatment-related fence-line monitoring system, to maintain records of that data, and to transmit the data to the appropriate air quality management district in accordance with the district's guidance. In addition, the bill would require, to the extent feasible, the data generated by these systems to be provided to the public as quickly as possible in a publicly accessible format.	OPPOSE Senate Environmental Quality Committee	CASA OPPOSE
AB 1423	Schiavo	Product safety: perfluoroalkyl and polyfluoroalkyl substances: artificial turf or	Would, commencing January 1, 2024, require a manufacturer or installer of a covered surface, defined as artificial turf or a synthetic surface that resembles grass, proposing to design, sell, or install a field with a covered surface to any party to notify the party at the earliest possible date that the covered surface contains regulated PFAS, as defined. The bill would also prohibit, commencing January 1, 2024, a public entity, including a charter city, charter county, city, or county, any public or private school serving pupils in kindergarten or any of grades 1 to 12, inclusive, a public institution of higher education, other than the University of California, or a private institution of higher education from	SUPPORT Not yet assigned to Senate Committee	

		synthetic surfaces.	purchasing or installing a covered surface containing regulated PFAS, as provided.		
AB 1572	Friedman	Potable water: nonfunctional turf	This bill would make legislative findings and declarations concerning water use, including that the use of potable water to irrigate nonfunctional turf is wasteful and incompatible with state policy relating to climate change, water conservation, and reduced reliance on the Sacramento-San Joaquin Delta ecosystem. The bill would direct all appropriate state agencies to encourage and support the elimination of irrigation of nonfunctional turf with potable water. This bill contains other related provisions and other existing laws.	WATCH Not yet assigned to Senate Committee	ACWA- Oppose unless amended
AB 1573	Friedman	Water conservation: landscape design: model ordinance	The Water Conservation in Landscaping Act provides for a model water efficient landscape ordinance that is adopted and updated at least every 3 years by the Department of Water Resources, unless the department makes a specified finding. Existing law requires a local agency to adopt the model ordinance or to adopt a water efficient landscape ordinance that is at least as effective in conserving water as the updated model ordinance, except as specified. Existing law specifies the provisions of the updated model ordinance, as provided. Existing law includes a related statement of legislative findings and declarations. This bill would require the updated model ordinance to include provisions that require that plants included in a landscape design plan be selected based on their adaptability to climatic, geological, and topographical conditions of the project site, as specified. The bill would also exempt landscaping that is part of ecological restoration projects that do not require a permanent irrigation system, mined-land reclamation projects that do not require a permanent irrigation system, and existing plant collections, as part of botanical gardens and arboretums open to the public, from the model ordinance. The bill would require the updated model ordinance to include provisions that require that all new or renovated nonresidential areas install plants that meet specified criteria, and that prohibit the inclusion of nonfunctional turf in nonresidential landscape projects after January 1, 2026. The bill would also revise the legislative findings and declarations to state that the model ordinance furthers the state's goal to conserve biodiversity and provide for climate resilience consistent with state drought efforts to eliminate the use of irrigation of nonfunctional turf. This bill contains other related provisions and other existing laws.	WATCH Not yet assigned to Senate Committee	ACWA- Oppose unless amended
AB 1637	Irwin	Local government: internet websites and email addresses	The California Constitution authorizes cities and counties to make and enforce within their limits all local, police, sanitary, and other ordinances and regulations not in conflict with general laws and further authorizes cities organized under a charter to make and enforce all ordinances and regulations in respect to municipal affairs, which supersede inconsistent general laws. This bill, no later than January 1, 2027, would require a local agency, as defined, that maintains an internet website for use by the public to ensure that the internet website utilizes a ".gov" top-level domain or a ".ca.gov" second-level domain and would require a local agency that maintains an internet website that is noncompliant with that requirement to redirect that internet website to a domain name that does utilize a ".gov" or ".ca.gov" domain. This bill, no later than January 1, 2027, would also require a local agency that maintains public email addresses to ensure that each email address provided to its employees utilizes a ".gov" domain name or a ".ca.gov" domain name. By adding to the	WATCH- AMENDS TAKE OUT SPECIAL DISTRICTS	CSDA- reconsidering position with new amends

			duties of local officials, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.		
SB 366	Caballero CMUA	The California Water Plan: long-term supply targets	Current law requires the Department of Water Resources to update every 5 years the plan for the orderly and coordinated control, protection, conservation, development, and use of the water resources of the state, which is known as "The California Water Plan." Current law requires the department to include a discussion of various strategies in the plan update, including, but not limited to, strategies relating to the development of new water storage facilities, water conservation, water recycling, desalination, conjunctive use, water transfers, and alternative pricing policies that may be pursued in order to meet the future needs of the state. Current law requires the department to establish an advisory committee to assist the department in updating the plan. This bill would revise and recast certain provisions regarding The California Water Plan to, among other things, require the department to instead establish a stakeholder advisory committee and to expand the membership of the committee to include tribes, labor, and environmental justice interests. The bill would require the department, in coordination with the California Water Commission, the State Water Resources Control Board, other state and federal agencies as appropriate, and the stakeholder advisory committee to develop a comprehensive plan for addressing the state's water needs and meeting specified long-term water supply targets established by the bill for purposes of "The California Water Plan."	SUPPORT Not yet assigned to Assembly committee	ACWA in support
SB 687	Eggman	Water Quality Control Plan: Delta Conveyance Project.	Would require the State Water Resources Control Board to adopt a final update of the 1995 Water Quality Control Plan for the San Francisco Bay/Sacramento-San Joaquin Delta Estuary, as provided, before the board may consider a change in point diversion or any other water rights permit or order for the Delta Conveyance Project. The bill would also, if, after completing the update of the plan and in compliance with existing law, the board approves a change in point of diversion or any other water rights permit or order associated with the Delta Conveyance Project, prohibit the operation of the Delta Conveyance Project unless and until the updated plan is fully implemented. The bill would specify that these provisions do not constitute an authorization for or approval of funding for the Delta Conveyance Project or any other project that includes isolated Delta conveyance facilities, and do not reduce any statutory or other regulatory conditions or permit requirements for Delta conveyance projects.	BILL FAILED IN SENATE APPOPS	State Water Contractors- OPPOSE
SB 745	Cortese	Drought-Resistant Buildings Act	Would require the California Building Standards Commission to research, develop, adopt, approve, codify, and publish voluntary and mandatory building standards to reduce potable water use in new residential and nonresidential buildings, as specified. The bill would require the commission to perform a review of voluntary and mandatory water efficiency and water reuse standards in the California Buildings Standards Code every 3 years, commencing with the next triennial edition, and update as needed.	OPPOSE UNLESS AMENDED Referred to Assembly Housing and Env. Safety & Toxic Materials	Oppose unless amended by CASA, CSDA, CMUA, ACWA, WateReuse

Inland Empire Utilities Agency, a Municipal Water District Federal Update

June 2, 2023

Congress Passes Bill to Raise Debt Ceiling

Over the weekend, President Joe Biden and Speaker of the House Kevin McCarthy announced that they reached a deal to lift the debt limit for two years. The *Fiscal Responsibility Act* ([H.R. 3746](#)) would also:

- Cap federal government spending for Fiscal Year (FY) 2024 and 2025;
- Rescind unspent federal American Rescue Plan Act funding;
- Rescind some FY23 funding for the Internal Revenue Service (IRS);
- Institute new requirements and time limits for the Supplemental Nutrition Assistance Program (SNAP) and the Temporary Assistance to Needy Families (TANF); and
- Include language to streamline federal permitting.

On Wednesday, the House passed the bill by a vote of 314-117, and on Thursday the Senate passed the bill by a vote of 63-36. The bill now heads to President Biden for his signature.

FY24 Appropriations Update

During the month of May, Congress began to turn its attention to the FY24 appropriations bills. Towards the end of the month, several of the House Appropriations Subcommittees began work on their FY24 appropriations bills. The House Appropriations Committee was scheduled to begin to consider bills last week, but those markups were postponed due to the ongoing negotiations related to the debt ceiling. Looking ahead to June, it is anticipated that both the House and the Senate Appropriations Committee will on moving their bills through the Committees. If Congress passes the debt limit legislation, the top-line funding levels for the twelve FY24 appropriations bills will be set.

Colorado River Basin States Reach Water Agreement

Earlier this month, the Department of the Interior announced that Arizona, California, and Nevada had reached a deal to conserve at least an additional 3 million acre-feet of Colorado River Water by the end of 2026. To reach the desired savings by the end of 2026, the three states propose to conserve at least 1.5 million acre-feet by the end of 2024. Additionally, the federal government will commit to providing \$1.2 billion in federal funding. The letter from the three states to the Bureau of Reclamation Commissioner Camille Touton can be found [HERE](#). California Senators Dianne Feinstein and Alex Padilla issued a joint statement in support of the deal that can be found [HERE](#).

Supreme Court Issues WOTUS Decision

The Supreme Court issued its decision in the *Sackett v. EPA* case regarding the Biden Administration's Waters of the United States (WOTUS) rule. The 5-4 decision limits protections under the Clean Water Act (CWA) for wetlands, tributaries, and streams. The Biden Administration must now revise its rule based on the Supreme Court's decision. The Court's opinion can be found [HERE](#).

Bipartisan Bill to Restore Tax-Exempt Advanced Refunding Bonds Introduced in Senate

A bipartisan group of Senators, led by Sens. Roger Wicker (R-MS) and Debbie Stabenow (D-MI), introduced the *Lifting Our Communities through Advance Liquidity for Infrastructure (LOCAL Infrastructure) Act (S. 1453)*. The bill would restore the tax-exempt status of advanced refunding bonds for state and local governments and other bond issuers. The tax-exempt status was rescinded by the *Tax Cuts and Jobs Act* in 2017. The bill was referred to the Senate Finance Committee.

Representatives Relaunch PFAS Task Force

A bipartisan group of Representatives announced the relaunch of the Congressional PFAS Taskforce, led by Reps. Dan Kildee (D-MI) and Brian Fitzpatrick (R-PA). The group of 55 Representatives will focus on legislation that increases awareness and funding for contamination issues related to per- and polyfluoroalkyl (PFAS) substances.

Federal Funding Opportunities/Announcements

DOE Announces \$60 Million for Clean Hydrogen and Grid Improvement Technologies.

DOE announced \$42 million in funding for 22 projects in 14 states to improve production, storage, and distribution of clean hydrogen. DOE also announced \$17.8 million in funding for a university consortium at Stanford University to assist states and tribes in implementing grid resilience programs. The list of projects and more information can be found [HERE](#).

EPA Announces \$315 Million for Brownfield Cleanup and Technical Assistance. The Environmental Protection Agency (EPA) announced \$315 million in funding for cleanup and technical assistance at brownfield sites. EPA announced 267 grants for \$215 million through the competitive Multipurpose, Assessment, Revolving Loan Fund, and Cleanup (MARC) Grant program, \$45 million in non-competitive supplemental funding for 22 Revolving Loan Grant programs, and \$55 million for five Brownfields Technical Assistance Providers and three Brownfields Research Grants. The list of grant recipients and more information can be found [HERE](#).

EPA Releases RFIs for Clean Ports and Clean Heavy-Duty Vehicle Programs. EPA issued two Requests for Information (RFI) for the development of the \$3 billion Clean Ports Program and the \$1 billion Clean Heavy-Duty Vehicle Program. The Clean Ports Program will fund projects that reduce pollutant emissions and advance clean shipping technologies. The

Clean Heavy-Duty Truck Program will fund projects to reduce heavy-duty vehicle emissions in communities adjacent to ports, schools, and truck routes. Input for both programs is due by June 5th. More information on the Clean Ports Program can be found [HERE](#) and more information on the Clean Heavy-Duty Vehicle Program can be found [HERE](#).

Federal Agency Personnel/Regulatory Announcements

EPA Releases Annual Air Quality Report. EPA released its annual air quality report entitled “Our Nation’s Air: Trends Through 2022.” The report provides information on the health and environmental impacts of air pollution, trends in air quality and emissions data, and efforts to improve air quality. More information can be found [HERE](#).

EPA Releases Integrated Planning Toolkit for Permitting Authorities. EPA released its “Integrated Planning Toolkit for Permitting Authorities” to provide municipalities and permitting authorities with technical assistance related to stormwater and wastewater infrastructure. The Toolkit can be found [HERE](#).

EPA Announces June Water System Webinars. EPA announced it will host two water system webinars in June:

- **EPA’s Water System Partnerships Workshop: A Tool to Engage Water Systems and Communities in Partnerships Conversations, Part 1.** This webinar is scheduled for June 13th at 2:00 pm ET to discuss water system challenges to learn about technical, managerial, and financial capacity solutions through water system partnerships. Registration can be found [HERE](#).
- **How EPA’s Water Infrastructure Planning Tool Can Help Utilities Engage Community & Make Cost-Effective Multi-Benefit Investments.** This webinar is scheduled for June 20th at 1:00 pm ET to discuss EPA’s Augmented Alternatives Analysis tool to engage community stakeholders, explain technical analysis, and quantify and compare economic, social, and environmental benefits. Registration can be found [HERE](#).

EPA Proposes Changes to TSCA New Chemical Review Process. EPA released proposed amendments to the regulations for review of new chemicals under the Toxic Substances Control Act (TSCA). The proposed amendments aim to improve efficiency, as well as eliminate eligibility for exemptions from the full safety review process for PFAS and other persistent, bioaccumulative, and toxic (PBT) chemicals. Comments are due by July 25th and more information can be found [HERE](#).
