### Chino Basin Watermaster

## Monthly Variance Report & Supplemental Schedules For the period July 1, 2023 to December 31, 2023

## **Budget to Actual**

The Budget to Actual report summarizes the operating and non-operating revenues and expenses of Chino Basin Watermaster for the fiscal year-to-date (YTD). Columns are included for current monthly and YTD activity shown comparatively to the FY 24 adopted budget. The final two columns indicate the amount over or under budget, and the YTD percentage of total budget used. As of December 31<sup>st</sup>, the target budget percentage is generally 50%.

#### Revenues

**Lines 1-5 Administration Revenue** – Includes local agency subsidies and administrative assessment for the appropriative, agricultural and non-agricultural pools. Below is a summary of notable account variances at month end:

- Line 2 Local Agency Subsidies is at 100% of budget due to annual administrative assessment received from Metropolitan Water District.
- Lines 3-4 Administrative Assessments for the Agricultural and Non-Agricultural pools include annual assessment invoices issued in November of each year, as well as special assessments issued at the direction of the respective pools. The Appropriative pool line is over budget due to changes in actual versus projected production, and special assessments issued.

Lines 6-11 Other Revenue – Includes pool replenishment assessments, interest income and other miscellaneous income.

### Expenses

**Lines 13-34 Judgment Administration Expense** – Includes Watermaster general administrative expenses, contract services, insurance, office and other administrative expenses. Below is a summary of notable account variances at month end:

- Line 15 Admin Salary/Benefit Costs includes wages and benefits for Watermaster administrative staff. YTD is at 62% of budget due to vacation, sick time, and severance payouts.
- Line 17 Office Supplies and Equipment includes office supplies, minor office furniture, and other miscellaneous office items including bank fees. YTD is at 60% due to timing of office furniture purchases and timing of shredding services.
- Line 20 Contract Services includes outside services for the annual audit report, HR consulting, court filings, and accounting consulting. YTD is over budget due to increased consulting services not anticipated in the budget. These increased consulting service costs should be offset by a savings in administrative salaries and benefits.
- Line 22 Insurance includes general liability insurance, directors' and officers' liability, municipalities coverage, environmental pollution liability and other various insurance policies. YTD is at 92% of budget due to timing of annual renewals for the directors' and officers' policy and municipalities coverage.
- Line 23 Dues and Subscriptions is at 71% of budget due to timing of annual dues for ACWA and CA Groundwater Coalition.
- Line 24 Watermaster Administrative Expenses including meeting expenses and supplies for admin, committee and other meetings. YTD is at 56% due to increased meeting activity in the first half of the fiscal year.

**Lines 35-46 Optimum Basin Management Plan (OBMP) Expense** – Includes legal, engineering, groundwater level monitoring, allocated administrative expenses, and other expenses.

## Monthly Variance Report & Supplemental Schedules For the period July 1, 2023 to December 31, 2023

**Lines 47-53 Pool Administration Expenses** – Includes expense activity relating to pool specific fund balances. These include legal services for each pool, Ag pool meeting compensation, and Ag pool special projects.

**Lines 55-58 Other Expense** – Includes groundwater replenishment, and various refunds as appropriate. YTD activity includes refunds for prior year recharge basin O&M expenses and excess reserves.

## **Pool Services Fund Accounting**

Each Pool has a fund account created to pay their own legal service invoices. The legal services invoices are funded and paid using the fund accounts (8467 for the Overlying Agricultural Pool (OAP), 8567 for the Overlying Non-Agricultural Pool (ONAP), and 8367 for the Appropriate Pool (AP)). Along with the legal services fund account for the OAP (8467), the OAP also has two other fund accounts for Ag Pool Meeting Attendance expenses (8470), and Special Projects expenses (8471). The ONAP also have a meeting compensation fund account (8511) Additionally, the OAP has a reserve fund that is held by Watermaster and spent at the direction of the OAP. The AP also has an account 8368 relating to the Tom Harder contract. These fund accounts are replenished at the direction of each Pool, and the legal service invoices are approved by the Pool leadership and when paid by Watermaster, are deducted from the existing fund account balances. If the fund account for any pool reaches zero, no further payments can be paid from the fund and a replenishment action must be initiated by the pool.

TO: AP/ONAP/OAP Committee Members

SUBJECT: Peace Agreement Timeline (Business Item II.A.)

SUMMARY:

<u>Issue</u>: Watermaster has identified critical dates regarding the negotiation, extension, and expiration of the Peace Agreement and we are providing this information proactively to allow parties adequate time to consider. [Information Only]

Recommendation: Information Only

Financial Impact: None

#### **Future Consideration**

#### ACTIONS:

Appropriative Pool – February 8, 2024: Non-Agricultural Pool – February 8, 2024: Agricultural Pool – February 8, 2024: Advisory Committee – February 15, 2024: Watermaster Board – February 22, 2024:

#### **BACKGROUND**

The Peace Agreement is an agreement signed by the Chino Basin Parties in 2000, ordered by the Court for Watermaster to implement, that establishes the framework for the implementation of the Optimum Basin Management Program, and outlines the assurances needed from parties for the continued implementation of the OBMP, among other provisions.

The Peace Agreement Section VIII outlines the commencement and expiration of the agreement as well as the conditions for extension of the agreement.

Peace Agreement Section 8.2 provide that "Unless extended pursuant to paragraph 8.3, this Agreement shall expire and thereupon terminate on December 31, of the thirtieth (30th) calendar year, starting on January 1, of the first calendar year, following the Effective Date."

This means that the term of the Peace Agreement is 30 years, plus the period of time elapsed between the Effective Date and January 1 in Year 1. As the Effective Date is the year in which all conditions precedent were satisfied, the remainder of that calendar year, plus all of the next year is Year 1. On these facts, it includes all periods within 2000 and combined with 2001 is the first year of the Peace Agreement. As such, January 1, 2001 is the expiration of the first year of the Peace Agreement. The renewal right under Section 8.4 expires on December 31, 2025, the 25<sup>th</sup> Year of the Peace Agreement.

Pursuant to Section 8.3, the Parties agree to meet and confer on any new terms in the 25<sup>th</sup> year of the Peace Agreement. No outcome is required. This would be considered an exhaustion requirement.

Either the Appropriative or Agricultural Pool may unilaterally extend the Peace Agreement for an additional 30 years by issuing written notice as required by Section 8.4 before December 31, 2025.

#### DISCUSSION

Watermaster wishes to bring these dates to the attention of the parties, and it is ready to assist in the development of any necessary studies, including but not limited to socio-economic studies, as well as retaining the services of a facilitator at the parties' request.
