RULES AND REGULATIONS

ARTICLE 1

GENERAL PROVISIONS

1.01 Title/Code. This document shall be known and may be referred to as the "Overlying (Agricultural) Pool Committee Rules and Regulations" adopted pursuant to Judgment entered in Chino Basin Municipal Water District v. City of Chino, et al., S.B. Sup. Ct. No. 164327, on January 27, 1978. To provide convenience in operating under the Judgment certain procedural matters contained therein have been set forth in these rules and regulations, however, should a conflict arise between the Judgment and these rules and regulations the language of the Judgment shall in all cases prevail. Designations hereinafter to "See Judgment" shall refer to verbatim quotations from the Judgment; whereas "Based on Judgment" shall refer to a paraphrase of the Judgment language.

1.02 Definitions. Unless otherwise expressly indicated or compelled by their context, words, phrases, and references appearing herein shall have the same meanings as set forth in the Judgment, including the additional definitions as follows:

(a) Committee(s) -- Any of the Pool Committees or the Watermaster Advisory Committee as the context may compel.

(b) Judgment -- The judgment entered in Chino Basin Municipal Water District v. City of Chino, et al., San Bernardino Superior Court No. 164327.

(c) Overlying (Agricultural) Pool -- The pool consisting of the State of California and all overlying producers who produce water for other than industrial or commercial purposes.

(d) Overlying (Non-agricultural) Pool -- The pool consisting of overlying producers who produce water for industrial or commercial purposes or who, at the request of Watermaster and with the consent of the Watermaster Advisory Committee, take substitute water in lieu of producing such ground water.

(e) Appropriative Pool -- The pool consisting of owners of appropriative rights, as defined under the Judgment, and any person who produces water for other than overlying use.

1.03 Membership in Pool. The pool shall include all producers of water for overlying uses other than industrial or commercial purposes. The State of California and all producers listed in Exhibit "C" to the Judgment shall be the initial members of the pool. [Based on Judgment, page 62, Section 1.1.]

1.04 Representation. The number of representatives on the Pool Committee shall be determined by a majority of the voting power of members of the Pool in attendance, in person or by proxy, at the annual Pool meeting. However, the Pool

Any proxy duly executed continues in full force and effect until revoked by the person executing it, prior to the vote pursuant thereto, by a writing delivered to the Watermaster stating that the proxy is revoked or by a subsequent proxy executed by, or by attendance at the meeting and voting in person by, the member executing the proxy; provided, however, that no proxy shall be valid after the expiration of eleven (11) months from the date of its execution unless otherwise provided in the proxy. [Based on Judgment, page 62, Section 2.]

1.06 Powers and Duties. The Pool Committee shall have the power and responsibility for developing policy recommendations for administration of its Pool and to adopt an annual budget. All actions and recommendations which require Watermaster implementation shall first be noticed to the other two Pools. 2.17 Replenishment. It shall be the responsibility of the Pool to provide the funds necessary for purchase of replenishment water to replace any production within the Basin

During the first five (5) years of operations of the Physical Solution of the Judgment, the Pool shall make a reasonable effort to equalize annual assessments through the establishment of tentative yearly allocations.

2.18 Assessment. All assessments in the Pool whether for replenishment water costs, or the allocated share of Watermaster administration, shall be an amount uniformly applicable to all production in the pool during the preceding year on calendar quarter. The Pool Committee shall, during the first four (4) years of operation, adopt by majority vote of the voting power of members of the Pool Committee in attendance at the annual Pool Committee meeting, a tentatively yearly allocation upon which assessments for replenishment water costs and administrative expenses shall be based. Within fourteen (14) days of adoption of the tentative yearly allocation, the secretary of the Pool Committee shall notice the other Pools.

2.19 Modification of Replenishment Assessment Formula. The Pool Committee may recommend to the court modification of the method of assessing the Pool members inter se if necessary to obtain legitimate basin management objectives, including water conservation and avoidance of undesirable socio-economic consequences. Any such modification shall be initiated and ratified by one of the following methods:

(a) Excess Production. In the event total pool production exceeds 100,000 acre feet in any one year, the Pool Committee shall call and hold a meeting, after fourteen (14) days' notice to all Pool members, to consider remedial modification.

(b) Producer Petition. At any time after the fifth full year of operation under the Physical Solution, a petition of ten (10%) percent of the voting power or membership of the Pool shall compel the holding of a noticed meeting to consider modification.

In either event, a majority action of the voting power in attendance at such pool members' meeting shall be binding on the Pool Committee.

2.20 Amendment. The Pool Committee may amend these rules and regulations from time to time, but not inconsistent with its pooling plan, by majority vote of the voting power of the Committee in attendance at any meeting. [Based on Judgment, page 64, Section 8.]
